

Whereas, on September 2, 1991, the legislature of Nagorno Karabakh declared formation of the Nagorno Karabakh Republic, in accordance with then acting legislation; and

Whereas, on December 10, 1991, the people of the Nagorno Karabakh Republic voted in favor of the independence, and on January 6, 1992, the democratically elected legislature of the Republic formally declared independence; and

Whereas, since proclaiming independence, the Nagorno Karabakh Republic has registered significant progress in democracy building, which has been most recently demonstrated during the July 19, 2012, presidential elections that were assessed by international observers as free and transparent: Now, therefore, be it

*Resolved*, That the Senate of the Legislature of Louisiana hereby encourages and supports the Nagorno Karabakh Republic's continuing efforts to develop as a free and independent nation in order to guarantee its citizens those rights inherent in a free and independent society; and be it further

*Resolved*, That the president and Congress of the United States of America are hereby urged to support the self-determination and democratic independence of the Nagorno Karabakh Republic and its constructive involvement with the international community's efforts to reach a just and lasting solution to security issues in that strategically important region; and be it further

*Resolved*, That a copy of this Resolution be transmitted to the president of the United States, the secretary of the United States Senate, the clerk of the United States House of Representatives, and to each member of the Louisiana delegation to the United States Congress.

POM-37. A concurrent resolution adopted by the Senate of the State of Louisiana urging and requesting the Department of Health and Hospitals examine the benefits of routine nutritional screening and therapeutic nutrition treatment for those who are malnourished or at risk for malnutrition; to the Committee on Health, Education, Labor, and Pensions.

#### SENATE CONCURRENT RESOLUTION NO. 41

Whereas, the National Black Caucus of State Legislators (NBCSL) has established policy promoting the importance of quality nutrition for all Americans in order to maintain healthy, active, independent lifestyles; and

Whereas, the NBCSL adopted policy supporting increased access to quality nutrition and support for infants and children, as passed by the United States Congress in Resolution HHS-11-19; and

Whereas, leading health and nutrition experts agree that nutrition status is a direct measure of patient health and that good nutrition and good patient health can keep people healthy and out of institutionalized health care facilities, thus reducing healthcare costs; and

Whereas, inadequate or unbalanced nutrition, known as malnutrition, is not routinely viewed as a medical concern in this nation, and that malnutrition is particularly prevalent in vulnerable populations, such as older adults, hospitalized patients, or minority populations that statistically shoulder the highest incidences of the most severe chronic illnesses such as diabetes, kidney disease, and cardiovascular disease; and

Whereas, illness, injury, and malnutrition can result in the loss of lean body mass, leading to complications that impact good patient health outcomes, including recovery from surgery, illness, or disease; the elderly lose lean body mass more quickly and to a greater extent than younger adults and

weight assessment (body weight and body mass index) can overlook accurate indicators of lean body mass; and

Whereas, the American Nursing Association defines therapeutic nutrition as the administration of food and fluids to support the metabolic processes of a patient who is malnourished or at high risk of becoming malnourished; and

Whereas, access to therapeutic nutrition is critical in restoring lean body mass such that it resolves malnutrition challenges and, in turn, improves clinical outcomes, reduces health care costs, and can keep people and our communities healthy; and

Whereas, despite the recognized link between good nutrition and good health, nutritional screening and therapeutic nutrition treatment have not been incorporated as routine medical treatments across the spectrum of health care: Now, therefore, be it

*Resolved*, That the Legislature of Louisiana urges and requests that the Department of Health and Hospitals examine the benefits of routine nutritional screening and therapeutic nutrition treatment for those who are malnourished or at risk for malnutrition, as well as examine the benefits of nutrition screening and therapeutic nutrition treatment as part of the standard for evidenced-based hospital care; and be it further

*Resolved*, That the Legislature of Louisiana supports an increased emphasis on nutrition through the reauthorization of the Older Americans Act, as well as for Medicare beneficiaries, to improve their disease management and health outcomes; and be it further

*Resolved*, That the Legislature of Louisiana is encouraged that preventive and wellness services, such as counseling for obesity and chronic disease management, are part of the Essential Health Benefits package included in the Patient Protection and Affordable Care Act; and be it further

*Resolved*, That a copy of this resolution be transmitted to the president of the United States, the vice president of the United States, the secretary of the United States Senate and the clerk of the United States House of Representatives, to each member of the Louisiana delegation to the United States Congress, and to the secretary of the Department of Health and Hospitals.

POM-38. A concurrent resolution adopted by the Legislative Assembly of Puerto Rico relative to requesting the President and the Congress of the United States begin the process to admit Puerto Rico to the Union as a State; to the Committee on Energy and Natural Resources.

POM-39. A resolution adopted by the Council of the City of Santa Ana, California expressing support for comprehensive federal immigration reform and urging the 113th Congress to enact reforms that secure our borders, ensure economic strength, and promote stronger communities; to the Committee on the Judiciary.

#### EXECUTIVE REPORTS OF COMMITTEE

The following executive reports of nominations were submitted:

By Mr. LEVIN for the Committee on Armed Services.
