STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. WYDEN (for himself, Ms. MURKOWSKI, Mrs. FEINSTEIN, and Mr. ALEXANDER):

S. 1240. A bill to establish a new organization to manage nuclear waste, provide a consensual process for siting nuclear waste facilities, ensure adequate funding for managing nuclear waste, and for other purposes; to the Committee on Energy and Natural Resources.

Mrs. FEINSTEIN. Mr. President, I rise today to join my colleagues in introducing the Nuclear Waste Administration Act.

This bipartisan legislation, which has been years in the making, is also cosponsored by Senators RON WYDEN, LISA MURKOWSKI, and LAMAR ALEXANDER.

This legislation represents our best attempt to establish a workable, long term nuclear waste policy for the United States, something our Nation lacks today, by implementing the unanimous recommendations of the Blue Ribbon Commission on America's Nuclear Future.

First, the bill would create an independent entity, the Nuclear Waste Administration, with the sole purpose of managing nuclear waste.

Second, the bill would authorize the siting and construction of three types of waste facilities: a "pilot" waste storage facility for waste from shut down reactors, additional storage facilities for waste from other facilities, and permanent repositories to dispose of nuclear waste.

Third, the bill creates a consent-based siting process for both storage facilities and repositories, based on the successful efforts to build waste facilities in other countries.

The legislation requires that local, tribal, and State governments must consent to host waste facilities by signing incentive agreements, assuring that waste is only stored in the States and communities that want and welcome it.

Fourth, the bill would direct the fees currently collected from nuclear power ratepayers to fund nuclear waste management, currently about \$750 M annually, into a new Working Capital Fund available to the Nuclear Waste Administration to fund construction of waste facilities.

Finally, the legislation ensures that the new Nuclear Waste Administration will be held accountable for meeting Federal responsibilities and stewarding Federal dollars.

The Nuclear Waste Administrator will be appointed by the President and confirmed by the Senate. The Administration will be overseen by a five-member Nuclear Waste Oversight Board, modeled on the Defense Nuclear Facilities Board. The administration will have an Inspector General. The administration will not be able to access the corpus of the Nuclear Waste Trust Fund until it reaches agreement with a host community. Appropriators may limit the administration's spending, if necessary. Finally, if the agency fails to open a nuclear waste facility by 2025, additional funding will cease.
