

of formal negotiations on the Israeli-Palestinian conflict's final status issues:

Now, therefore, be it

Resolved, That it is the sense of the Senate that—

(1) a two-state solution is the only outcome to the Israeli-Palestinian conflict which can—

(A) ensure the State of Israel's survival as a secure, democratic homeland for the Jewish people; and

(B) fulfill the legitimate aspirations of the Palestinian people for a state of their own;

(2) achievement of a two-state solution that would enhance stability and security in the Middle East is a fundamental United States security interest;

(3) while only Israel and Palestine can make the difficult choices necessary to end their conflict, the United States remains indispensable to any viable effort to achieve that goal;

(4) Secretary of State John Kerry is to be commended for his tireless efforts to urgently advance a negotiated two-state solution; and

(5) the Senate pledges its support for a sustained United States diplomatic initiative to help Israel and Palestine conclude an agreement to end their conflict.

SENATE RESOLUTION 204—DESIGNATING AUGUST 7, 2013, AS “NATIONAL LIGHTHOUSE AND LIGHTHOUSE PRESERVATION DAY”

Mr. KING (for himself and Ms. COLLINS) submitted the following resolution; which was considered and agreed to:

S. RES. 204

Whereas August 7, 2013, marks the 224th anniversary of the signing by President George Washington of the Act entitled “An Act for the establishment and support of lighthouses, beacons, buoys, and public piers”, approved August 7, 1789 (commonly known as the “Lighthouse Act of 1789”) (1 Stat. 53, chapter 9);

Whereas that Act, the ninth act of the 1st Congress, established a Federal role in the support, maintenance, and repair of all lighthouses, beacon buoys, and public piers necessary for safe navigation, commissioned the first Federal lighthouse, and represents the first public works act in the young United States;

Whereas the establishment of the United States system of navigational aids set the United States on a path to the forefront of international maritime prominence and established lighthouses that played an integral role in the rich maritime history of the United States, as that history spread from the Atlantic coast, through the Great Lakes and the Gulf coast, to the Pacific States;

Whereas those iconic structures, standing at land's end through 2 centuries, have symbolized safety, security, heroism, duty, and faithfulness;

Whereas architects, designers, engineers, builders, and keepers devoted, and in some cases jeopardized, their lives for the safety of others during centuries of light tending by the United States Lighthouse Service and the United States Coast Guard;

Whereas the automation of the light system exposed the historic lighthouse towers to the ravages of time and vandalism and yet, at the same time, opened an opportunity for citizen involvement in efforts to save and restore those beacons that mark the evolving maritime history of the United States and its coastal communities;

Whereas the national lighthouse preservation movement has gained momentum over the past half century and is making major contributions to the preservation of maritime history and heritage and, through the development and enhancement of cultural tourism, to the economies of coastal communities in the United States;

Whereas the National Historic Lighthouse Preservation Act of 2000 (Public Law 106-355; 114 Stat. 1385), enacted on October 24, 2000, and with the aid of the lighthouse preservation community, provides an effective process administered by the General Services Administration and the National Park Service for transferring lighthouses to the best possible stewardship groups;

Whereas, for the past several decades, regional and national groups have formed within the lighthouse preservation community to promote lighthouse heritage through research, education, tourism, and publications;

Whereas the earliest and largest regional preservation group, the Great Lakes Lighthouse Keepers Association, headquartered in Michigan, marks its 30th anniversary in 2013, and the largest and oldest national group, the United States Lighthouse Society, which relocated from San Francisco, California, to the State of Washington in 2008, marks its 30th anniversary in 2014;

Whereas other groups have also been formed to promote lighthouse preservation and history, many with regional chapters, including—

(1) a national leadership council and forum named the American Lighthouse Council (formerly the American Lighthouse Coordinating Committee), currently headquartered in Illinois;

(2) the American Lighthouse Foundation in Maine;

(3) the Michigan Lighthouse Alliance and Michigan Lighthouse Conservancy;

(4) the Maine Lights Program;

(5) the Outer Banks Lighthouse Society in North Carolina;

(6) the New Jersey Lighthouse Society;

(7) the Florida Lighthouse Association; and

(8) the Lighthouse Preservation Society in Massachusetts;

Whereas major lighthouse publications, including the United States Lighthouse Society's Keeper's Log and the Lighthouse Digest, contribute greatly to the promotion of lighthouse heritage and preservation;

Whereas single-lighthouse preservation efforts by individuals or organizations, including historical societies and governments, have even longer histories, including preservation efforts in—

(1) Grosse Point, Illinois, established in 1935;

(2) Buffalo, New York, established in 1962;

(3) Navesink Twin Lights, New Jersey, established in 1962;

(4) Point Fermin, California, established in 1970;

(5) Charlotte-Genesee near Rochester, New York, established in 1965;

(6) Key West, Florida, established in 1969;

(7) Split Rock Lighthouse, Minnesota, established in 1971;

(8) Ponce de Leon Inlet, Florida, established in 1972;

(9) St. Augustine, Florida, established in 1981; and

(10) Fire Island, New York, established in 1982;

Whereas, despite progress, many lighthouses in the United States remain threatened by erosion, neglect, vandalism, and deterioration by the elements;

Whereas Congress passed, and President Ronald Reagan signed, a Joint Resolution entitled “Joint Resolution designating the day of August 7, 1989, as ‘National Light-

house Day’”, approved November 5, 1988 (Public Law 100-622; 102 Stat. 3201), in honor of the bicentennial of the United States Lighthouse Service; and

Whereas the many completed, ongoing, or planned private and public efforts to preserve lighthouses demonstrate the public support for those historic structures: Now, therefore, be it

Resolved, That the Senate—

(1) designates August 7, 2013, as “National Lighthouse and Lighthouse Preservation Day”;

(2) encourages lighthouse grounds to be made open to the general public to the extent feasible; and

(3) encourages the people of the United States to observe National Lighthouse and Lighthouse Preservation Day with appropriate ceremonies and activities.

SENATE RESOLUTION 205—EXPRESSING SUPPORT FOR THE DESIGNATION OF SEPTEMBER 2013 AS NATIONAL OVARIAN CANCER AWARENESS MONTH

Ms. STABENOW (for herself, Ms. AYOTTE, Mr. BLUMENTHAL, Mr. BOOZMAN, Mrs. BOXER, Ms. COLLINS, Mr. DURBIN, Mrs. FEINSTEIN, Mrs. HAGAN, Ms. HIRONO, Mr. MENENDEZ, Mr. MORAN, Mr. RUBIO, Mrs. SHAHEEN, Mr. UDALL of Colorado, Mr. VITTER, Ms. WARREN, and Mr. WHITEHOUSE) submitted the following resolution; which was considered and agreed to:

S. RES. 205

Whereas ovarian cancer is the deadliest of all gynecologic cancers;

Whereas ovarian cancer is the fifth leading cause of cancer deaths among women in the United States;

Whereas, in 2013, approximately 22,000 new cases of ovarian cancer will be diagnosed, and 14,400 women will die of ovarian cancer in the United States;

Whereas the mortality rate for ovarian cancer has not significantly decreased since the “War on Cancer” was declared more than 40 years ago;

Whereas all women are at risk for ovarian cancer, and 90 percent of women diagnosed with ovarian cancer do not have a family history that puts them at a higher risk;

Whereas some women, such as those with a family history of breast or ovarian cancer, are at higher risk for developing the disease;

Whereas the Pap test is sensitive and specific to the early detection of cervical cancer, but not ovarian cancer;

Whereas there is currently no reliable early detection test for ovarian cancer;

Whereas many people are unaware that the symptoms of ovarian cancer often include bloating, pelvic or abdominal pain, difficulty eating or feeling full quickly, urinary symptoms, and several other symptoms that are easily confused with other diseases;

Whereas, in June 2007, the first national consensus statement on ovarian cancer symptoms was developed to provide consistency in describing symptoms to make it easier for women to learn and remember the symptoms;

Whereas there are known methods to reduce the risk of ovarian cancer, including prophylactic surgery, oral contraceptives, and breastfeeding;

Whereas due to the lack of a reliable early detection test, 75 percent of cases of ovarian cancer are detected at an advanced stage, making the overall 5-year survival rate only 46 percent;

Whereas there are factors that are known to reduce the risk for ovarian cancer and

that play an important role in the prevention of the disease;

Whereas awareness of the symptoms of ovarian cancer by women and health care providers can lead to a quicker diagnosis;

Whereas, each year during the month of September, the Ovarian Cancer National Alliance and its partner members hold a number of events to increase public awareness of ovarian cancer; and

Whereas September 2013 should be designated as "National Ovarian Cancer Awareness Month" to increase public awareness of ovarian cancer; Now, therefore, be it

Resolved, That the Senate supports the goals and ideals of National Ovarian Cancer Awareness Month.

SENATE RESOLUTION 206—DESIGNATING SEPTEMBER 2013 AS "NATIONAL PROSTATE CANCER AWARENESS MONTH"

MR. SESSIONS (for himself, Mr. CARDIN, Mr. CRAPO, Mr. WICKER, Mr. CHAMBLISS, Mr. JOHNSON of South Dakota, Mr. SHELBY, Mrs. BOXER, Mrs. FEINSTEIN, Mr. MENENDEZ, Mrs. HAGAN, Mr. MORAN, Ms. AYOTTE, Mr. BLUNT, and Mr. KING) submitted the following resolution; which was considered and agreed to:

S. RES. 206

Whereas 2,500,000 families in the United States live with prostate cancer;

Whereas 1 in 6 males in the United States will be diagnosed with prostate cancer in their lifetimes;

Whereas prostate cancer is the most commonly diagnosed non-skin cancer and the second most common cause of cancer-related deaths among males in the United States;

Whereas the National Cancer Institute estimates that, in 2013, nearly 240,000 men will be diagnosed with, and more than 29,000 men will die of, prostate cancer;

Whereas 40 percent of newly diagnosed prostate cancer cases occur in males under the age of 65;

Whereas approximately every 14 seconds, a male in the United States turns 50 years old and increases his odds of developing cancer, including prostate cancer;

Whereas African-American males suffer from a prostate cancer incidence rate that is up to 65 percent higher than that for white males and have double the prostate cancer mortality rate than that of white males;

Whereas obesity is a significant predictor of the severity of prostate cancer;

Whereas the probability that obesity will lead to death and high cholesterol levels is strongly associated with advanced prostate cancer;

Whereas males in the United States with 1 family member diagnosed with prostate cancer have a 33 percent chance of being diagnosed with the disease, males with 2 close family members diagnosed have an 83 percent chance, and males with 3 family members diagnosed have a 97 percent chance;

Whereas only 33 percent of males survive more than 5 years if diagnosed with prostate cancer after the cancer has metastasized;

Whereas there are no noticeable symptoms of prostate cancer while in the early stages, making screening critical;

Whereas screening by a digital rectal examination and a prostate-specific antigen blood test can detect the disease in the early stages, increasing the chances of survival for more than 5 years to nearly 100 percent;

Whereas ongoing research promises further improvements in prostate cancer prevention, early detection, and treatment; and

Whereas educating people in the United States, including health care providers, about prostate cancer and early detection strategies is crucial to saving the lives of males and preserving and protecting families: Now, therefore, be it

Resolved, That the Senate—

(1) designates September 2013 as "National Prostate Cancer Awareness Month";

(2) declares that steps should be taken—

(A) to raise awareness about the importance of screening methods for, and treatment of, prostate cancer;

(B) to increase research funding to a level that is commensurate with the burden of prostate cancer, so that—

(i) screening and treatment for prostate cancer may be improved;

(ii) the causes of prostate cancer may be discovered; and

(iii) a cure for prostate cancer may be developed; and

(C) to continue to consider ways for improving access to, and the quality of, health care services for detecting and treating prostate cancer; and

(3) calls on the people of the United States, interest groups, and affected persons—

(A) to promote awareness of prostate cancer;

(B) to take an active role in the fight to end the devastating effects of prostate cancer on individuals, families, and the economy; and

(C) to observe National Prostate Cancer Awareness Month with appropriate ceremonies and activities.

AMENDMENTS SUBMITTED AND PROPOSED

SA 1823. Mr. JOHNSON of Wisconsin submitted an amendment intended to be proposed by him to the bill S. 1243, making appropriations for the Departments of Transportation, and Housing and Urban Development, and related agencies for the fiscal year ending September 30, 2014, and for other purposes; which was ordered to lie on the table.

SA 1824. Mr. INHOFE submitted an amendment intended to be proposed by him to the bill S. 1243, supra; which was ordered to lie on the table.

SA 1825. Ms. AYOTTE (for herself and Mr. TOOMEY) submitted an amendment intended to be proposed by her to the bill S. 1243, supra; which was ordered to lie on the table.

SA 1826. Mr. BOOZMAN submitted an amendment intended to be proposed by him to the bill S. 959, to amend the Federal Food, Drug, and Cosmetic Act with respect to compounding drugs; which was ordered to lie on the table.

SA 1827. Mr. BOOZMAN submitted an amendment intended to be proposed by him to the bill S. 959, supra; which was ordered to lie on the table.

SA 1828. Mr. BOOZMAN submitted an amendment intended to be proposed by him to the bill S. 959, supra; which was ordered to lie on the table.

SA 1829. Mr. BOOZMAN submitted an amendment intended to be proposed by him to the bill S. 959, supra; which was ordered to lie on the table.

SA 1830. Mr. ENZI (for himself and Mr. BARRASSO) submitted an amendment intended to be proposed by him to the bill S. 1243, making appropriations for the Departments of Transportation, and Housing and Urban Development, and related agencies for the fiscal year ending September 30, 2014, and for other purposes; which was ordered to lie on the table.

SA 1831. Mr. ENZI (for himself and Mr. BARRASSO) submitted an amendment intended to be proposed by him to the bill S.

1243, supra; which was ordered to lie on the table.

TEXT OF AMENDMENTS

SA 1823. Mr. JOHNSON of Wisconsin submitted an amendment intended to be proposed by him to the bill S. 1243, making appropriations for the Departments of Transportation, and Housing and Urban Development, and related agencies for the fiscal year ending September 30, 2014, and for other purposes; which was ordered to lie on the table; as follows:

On page 15, line 16, strike the period and insert the following: "Provided further, That the Administrator of the Federal Aviation Administration shall expend amounts appropriated under this heading to pay for the costs of all air traffic and safety support services required when general aviation traffic increases and the need for such services is significant and anticipated."—

SA 1824. Mr. INHOFE submitted an amendment intended to be proposed by him to the bill S. 1243, making appropriations for the Departments of Transportation, and Housing and Urban Development, and related agencies for the fiscal year ending September 30, 2014, and for other purposes; which was ordered to lie on the table; as follows:

On page 25, line 14, after "2014", insert "of which \$100,000 shall be made available to the Secretary of Transportation to encourage States to prioritize vehicles defined in section 30D(d)(1) of the Internal Revenue Code of 1986 and vehicles that operate solely on compressed natural gas for purposes of section 166(b)(5)(B) of title 23, United States Code".

SA 1825. Ms. AYOTTE (for herself and Mr. TOOMEY) submitted an amendment intended to be proposed by her to the bill S. 1243, making appropriations for the Departments of Transportation, and Housing and Urban Development, and related agencies for the fiscal year ending September 30, 2014, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SEC. . HOURS OF SERVICE STUDY

In carrying out the requirements of Section 32301 of PL 112-141 (MAP-21), the Secretary shall evaluate impacts on small business operators, and consider a low-cost option to address any adverse impacts and report back to the Committee on Appropriations of the Senate and the Committee on Commerce, Science, and Transportation of the Senate no later than December 31, 2013.

SA 1826. Mr. BOOZMAN submitted an amendment intended to be proposed by him to the bill S. 959, to amend the Federal Food, Drug, and Cosmetic Act with respect to compounding drugs; which was ordered to lie on the table; as follows:

On page 37, strike lines 6 through 10.

SA 1827. Mr. BOOZMAN submitted an amendment intended to be proposed by him to the bill S. 959, to amend the Federal Food, Drug, and Cosmetic Act
