### SUBMITTED RESOLUTIONS

#### SENATE RESOLUTION 207—DESIGNATING AUGUST 16, 2013, AS “NATIONAL AIRBORNE DAY”

Mr. REED of Rhode Island (for himself, Ms. MURKOWSKI, Mr. BEGICH, Mrs. HAGAN, Mr. REID of Nevada, Mr. WHITEHOUSE, Mr. CHAMBLISS, Mr. COCHRAN, Mr. WICKER, Mr. BLUMENTHAL, Mr. TESTER, Mr. BAUCUS, Mr. MORAN, Mr. ISAKSON, Ms. COLLINS, Mr. BLUNT, Mr. BURR, Mr. CASEY, and Mrs. MURRAY) submitted the following resolution; which was considered and agreed to:

S. RES. 207

Whereas the members of the airborne forces of the Armed Forces of the United States have a long and honorable history as bold and fierce warriors who, for the national security of the United States and the defense of freedom and peace, project the ground combat power of the United States by air transport to the far reaches of the battle area and to the far corners of the world;

Whereas the experiment of the United States with airborne operations began on June 25, 1940, when the Army Parachute Test Platoon was first authorized by the Department of War, and 48 volunteers began training in July 1940;

Whereas August 16 marks the anniversary of the first official Army parachute jump, which took place on August 16, 1940, to test the innovative concept of inserting United

States ground combat forces behind a battle line by means of a parachute;

Whereas the success of the Army Parachute Test Platoon in the days immediately before the entry of the United States into World War II validated the airborne operational concept and led to the creation of a formidable force of airborne formations that included the 11th, 13th, 17th, 82nd, and 101st Airborne Divisions;

Whereas, included in those divisions, and among other separate formations, were many airborne combat, combat support, and combat service support units that served with distinction and achieved repeated success in armed hostilities during World War II, and provide the lineage and legacy of many airborne units throughout the Armed Forces;

Whereas the achievements of the airborne units during World War II provided the evolution of those units into a diversified force of parachute and air-assault units that, over the years, have fought in Korea, Vietnam, Grenada, Panama, the Persian Gulf region, and Somalia, and have engaged in peace-keeping operations in Lebanon, the Sinai Peninsula, the Dominican Republic, Haiti, Bosnia, and Kosovo;

Whereas, since the terrorist attacks of September 11, 2001, the members of the United States airborne forces, including members of the XVIII Airborne Corps, the 82nd Airborne Division, the 101st Airborne Division, the 173rd Airborne Brigade Combat Team, the 4th Brigade Combat Team (Airborne) of the 25th Infantry Division, the 75th Ranger Regiment, special operations forces of the Army, Marine Corps, Navy, and Air Force, and other units of the Armed Forces, have demonstrated bravery and honor in combat, stability, and training operations in Afghanistan and Iraq;

Whereas the modern-day airborne forces also include other elite forces composed of airborne trained and qualified special operations warriors, including Army Special Forces, Marine Corps Reconnaissance units, Navy SEALs, and Air Force combat control and pararescue teams;

Whereas, of the members and former members of the United States airborne forces, thousands have achieved the distinction of making combat jumps, dozens have earned the Medal of Honor, and hundreds have earned the Distinguished Service Cross, the Silver Star, or other decorations and awards for displays of heroism, gallantry, intrepidity, and valor;

Whereas the members and former members of the United States airborne forces are all members of a proud and honorable tradition that, together with the special skills and achievements of those members, distinguishes the members as intrepid combat parachutists, air assault forces, special operation forces, and, in the past, glider troops;

Whereas individuals from every State in the United States have served gallantly in the airborne forces, and each State is proud of the contributions of its paratrooper veterans during the many conflicts faced by the United States;

Whereas the history and achievements of the members and former members of the United States airborne forces warrant special expressions of the gratitude of the people of the United States; and

Whereas, since the airborne forces, past and present, celebrate August 16 as the anniversary of the first official jump by the Army Parachute Test Platoon, August 16 is an appropriate day to recognize as National Airborne Day: Now, therefore, be it

*Resolved*, That the Senate—

(1) designates August 16, 2013, as “National Airborne Day”; and

(2) calls on the people of the United States to observe National Airborne Day with appropriate programs, ceremonies, and activities.

SENATE RESOLUTION 208—DESIGNATING THE WEEK BEGINNING SEPTEMBER 8, 2013, AS “NATIONAL DIRECT SUPPORT PROFESSIONALS RECOGNITION WEEK”

Mr. CARDIN (for himself, Ms. COLLINS, Ms. WARREN, Mr. GRASSLEY, Mr. BROWN, Mr. ROCKEFELLER, and Mr. MURPHY) submitted the following resolution; which was considered and agreed to:

S. RES. 208

Whereas direct support professionals, direct care workers, personal assistants, personal attendants, in-home support workers, and paraprofessionals (referred to in this preamble as “direct support professionals”) are the primary providers of publicly funded long-term supports and services for millions of individuals;

Whereas a direct support professional must build a close, trusted relationship with an individual with disabilities;

Whereas a direct support professional assists an individual with disabilities with the most intimate needs on a daily basis;

Whereas direct support professionals provide a broad range of support, including—

- (1) preparing meals;
- (2) managing medications;
- (3) bathing;
- (4) dressing;
- (5) helping with mobility;
- (6) providing transportation to school, work, and religious, and recreational activities; and
- (7) helping with general daily affairs;

Whereas a direct support professional provides essential support to help keep an individual with disabilities connected to the family and community of the individual;

Whereas direct support professionals enable individuals with disabilities to live meaningful, productive lives;

Whereas a direct support professional is the key to allowing an individual with disabilities to live successfully in the community and avoid more costly institutional care;

Whereas the majority of direct support professionals are female, and many are the sole breadwinners of their families;

Whereas direct support professionals work and pay taxes, but many are impoverished and are eligible for the same Federal and State public assistance programs on which the individuals with disabilities served by the direct support professionals must depend;

Whereas Federal and State policies, as well as the Supreme Court in *Olmstead v. L.C.*, 527 U.S. 581 (1999), assert the right of an individual to live in the home and community of the individual;

Whereas, in 2013, the majority of direct support professionals are employed in home- and community-based settings, and this trend is projected to increase during this decade;

Whereas there is a documented critical and growing shortage of direct support professionals in every community throughout the United States; and

Whereas many direct support professionals are forced to leave jobs due to inadequate wages and benefits, creating high turnover and vacancy rates that research demonstrates adversely affects the quality of

support provided to individuals with disabilities: Now, therefore, be it

*Resolved*, That the Senate—

(1) designates the week beginning September 8, 2013, as “National Direct Support Professionals Recognition Week”;

(2) recognizes the dedication and vital role of direct support professionals in enhancing the lives of individuals of all ages with disabilities;

(3) appreciates the contribution of direct support professionals in supporting the needs that are beyond the capacities of millions of families in the United States;

(4) commends direct support professionals as integral in supporting the long-term support and services system of the United States; and

(5) finds that the successful implementation of the public policies of the United States depends on the dedication of direct support professionals.
