

and more than 650,000 were subsequently hospitalized;

Whereas, in 2010, more than 21,000 older adults died from injuries related to unintentional falls;

Whereas the total annual medical cost of fall-related injuries for older adults is estimated at \$30,000,000,000;

Whereas the Centers for Disease Control and Prevention estimate that if the rate of increase in falls is not slowed, the total annual medical cost of fall-related injuries for older adults will reach \$59,600,000,000 by 2020; and

Whereas evidence-based programs show promise in reducing falls by utilizing cost-effective strategies, such as comprehensive clinical assessments, exercise programs to improve balance and health, medication management, vision correction, and reduction of home hazards: Now, therefore, be it

Resolved, That the Senate—

(1) designates September 22, 2013, as “National Falls Prevention Awareness Day”;

(2) recognizes that there are proven, cost-effective falls prevention programs and policies;

(3) commends the Falls Free Coalition and the falls prevention coalitions in 42 States and the District of Columbia for their efforts to work together to increase education and awareness about the prevention of falls among older adults;

(4) encourages businesses, individuals, Federal, State, and local governments, the public health community, and health care providers to work together to raise awareness of falls in an effort to reduce the incidence of falls among older adults in the United States;

(5) urges the Centers for Disease Control and Prevention to continue developing and evaluating interventions to prevent falls among older adults that will translate into effective community-based falls prevention programs;

(6) urges the Administration for Community Living, the Centers for Disease Control and Prevention, and associated partners to continue to promote evidence-based programs and services in communities in the United States to reduce the number of older adults at risk for falls;

(7) encourages State health departments, which provide significant leadership in reducing injuries and injury-related health care costs by collaborating with organizations and individuals, to reduce falls among older adults; and

(8) encourages experts in the field of falls prevention to share their best practices so that their success can be replicated by others.

TEXT OF AMENDMENTS

SA 1958. Mr. MCCONNELL submitted an amendment intended to be proposed by him to the bill S. 1392, to promote energy savings in residential buildings and industry, and for other purposes; which was ordered to lie on the table; as follows:

At the end of the bill, add the following:

DIVISION B—SAVING COAL JOBS

SEC. 1001. SHORT TITLE.

This division may be cited as the “Saving Coal Jobs Act of 2013”.

TITLE I—PROHIBITION ON ENERGY TAX **SEC. 1101. PROHIBITION ON ENERGY TAX.**

(a) FINDINGS; PURPOSES.—

(1) FINDINGS.—Congress finds that—

(A) on June 25, 2013, President Obama issued a Presidential memorandum directing the Administrator of the Environmental Protection Agency to issue regulations relating to power sector carbon pollution standards for existing coal fired power plants;

(B) the issuance of that memorandum circumvents Congress and the will of the people of the United States;

(C) any action to control emissions of greenhouse gases from existing coal fired power plants in the United States by mandating a national energy tax would devastate major sectors of the economy, cost thousands of jobs, and increase energy costs for low-income households, small businesses, and seniors on fixed income;

(D) joblessness increases the likelihood of hospital visits, illnesses, and premature deaths;

(E) according to testimony on June 15, 2011, before the Committee on Environment and Public Works of the Senate by Dr. Harvey Brenner of Johns Hopkins University, “The unemployment rate is well established as a risk factor for elevated illness and mortality rates in epidemiological studies performed since the early 1980s. In addition to influences on mental disorder, suicide and alcohol abuse and alcoholism, unemployment is also an important risk factor in cardiovascular disease and overall decreases in life expectancy.”;

(F) according to the National Center for Health Statistics, “children in poor families were four times as likely to be in fair or poor health as children that were not poor”;

(G) any major decision that would cost the economy of the United States millions of

dollars and lead to serious negative health effects for the people of the United States should be debated and explicitly authorized by Congress, not approved by a Presidential memorandum or regulations; and

(H) any policy adopted by Congress should make United States energy as clean as practicable, as quickly as practicable, without increasing the cost of energy for struggling families, seniors, low-income households, and small businesses.

(2) PURPOSES.—The purposes of this section are—

(A) to ensure that—

(i) a national energy tax is not imposed on the economy of the United States; and

(ii) struggling families, seniors, low-income households, and small businesses do not experience skyrocketing electricity bills and joblessness;

(B) to protect the people of the United States, particularly families, seniors, and children, from the serious negative health effects of joblessness;

(C) to allow sufficient time for Congress to develop and authorize an appropriate mechanism to address the energy needs of the United States and the potential challenges posed by severe weather; and

(D) to restore the legislative process and congressional authority over the energy policy of the United States.

(b) PRESIDENTIAL MEMORANDUM.—Notwithstanding any other provision of law, the head of a Federal agency shall not promulgate any regulation relating to power sector carbon pollution standards or any substantially similar regulation on or after June 25, 2013, unless that regulation is explicitly authorized by an Act of Congress.

TITLE II—PERMITS

SEC. 1201. NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM.

(a) APPLICABILITY OF GUIDANCE.—Section 402 of the Federal Water Pollution Control Act (33 U.S.C. 1342) is amended by adding at the end the following:

“(s) APPLICABILITY OF GUIDANCE.—

“(1) DEFINITIONS.—In this subsection:

“(A) GUIDANCE.—

“(i) IN GENERAL.—The term ‘guidance’ means draft, interim, or final guidance issued by the Administrator.

“(ii) INCLUSIONS.—The term ‘guidance’ includes—

“(I) the comprehensive guidance issued by the Administrator and dated April 1, 2010;

“(II) the proposed guidance entitled ‘Draft Guidance on Identifying Waters Protected by the Clean Water Act’ and dated April 28, 2011;

“(III) the final guidance proposed by the Administrator and dated July 21, 2011; and

“(IV) any other document or paper issued by the Administrator through any process other than the notice and comment rule-making process.

“(B) NEW PERMIT.—The term ‘new permit’ means a permit covering discharges from a structure—

“(i) that is issued under this section by a permitting authority; and

“(ii) for which an application is—

“(I) pending as of the date of enactment of this subsection; or

“(II) filed on or after the date of enactment of this subsection.

“(C) PERMITTING AUTHORITY.—The term ‘permitting authority’ means—

“(i) the Administrator; or

“(ii) a State, acting pursuant to a State program that is equivalent to the program under this section and approved by the Administrator.

“(2) PERMITS.—

“(A) IN GENERAL.—Notwithstanding any other provision of law, in making a determination whether to approve a new permit

or a renewed permit, the permitting authority—

“(i) shall base the determination only on compliance with regulations issued by the Administrator or the permitting authority; and

“(ii) shall not base the determination on the extent of adherence of the applicant for the new permit or renewed permit to guidance.

“(B) NEW PERMITS.—If the permitting authority does not approve or deny an application for a new permit by the date that is 270 days after the date of receipt of the application for the new permit, the applicant may operate as if the application were approved in accordance with Federal law for the period of time for which a permit from the same industry would be approved.

“(C) SUBSTANTIAL COMPLETENESS.—In determining whether an application for a new permit or a renewed permit received under this paragraph is substantially complete, the permitting authority shall use standards for determining substantial completeness of similar permits for similar facilities submitted in fiscal year 2007.”.

(b) STATE PERMIT PROGRAMS.—

(1) IN GENERAL.—Section 402 of the Federal Water Pollution Control Act (33 U.S.C. 1342) is amended by striking subsection (b) and inserting the following:

“(b) STATE PERMIT PROGRAMS.—

“(1) IN GENERAL.—At any time after the promulgation of the guidelines required by section 304(a)(2), the Governor of each State desiring to administer a permit program for discharges into navigable waters within the jurisdiction of the State may submit to the Administrator—

“(A) a full and complete description of the program the State proposes to establish and administer under State law or under an interstate compact; and

“(B) a statement from the attorney general (or the attorney for those State water pollution control agencies that have independent legal counsel), or from the chief legal officer in the case of an interstate agency, that the laws of the State, or the interstate compact, as applicable, provide adequate authority to carry out the described program.

“(2) APPROVAL.—The Administrator shall approve each program for which a description is submitted under paragraph (1) unless the Administrator determines that adequate authority does not exist—

“(A) to issue permits that—

“(i) apply, and ensure compliance with, any applicable requirements of sections 301, 302, 306, 307, and 403;

“(ii) are for fixed terms not exceeding 5 years;

“(iii) can be terminated or modified for cause, including—

“(I) a violation of any condition of the permit;

“(II) obtaining a permit by misrepresentation or failure to disclose fully all relevant facts; and

“(III) a change in any condition that requires either a temporary or permanent reduction or elimination of the permitted discharge; and

“(iv) control the disposal of pollutants into wells;

“(B)(i) to issue permits that apply, and ensure compliance with, all applicable requirements of section 308; or

“(ii) to inspect, monitor, enter, and require reports to at least the same extent as required in section 308;

“(C) to ensure that the public, and any other State the waters of which may be affected, receives notice of each application for a permit and an opportunity for a public hearing before a ruling on each application;
