

order or opportunity to move from off-base to on-base housing as additional grounds for lease termination would allow service members and their families the chance to move into the military housing community. Several States, including Florida, Georgia, and Virginia, have similar laws, and we should extend this opportunity to service members serving at any of our military bases.

While the men and women of our Armed Forces are protecting our Nation overseas, we should do everything possible to protect their families and homes. I urge my colleagues to join Senators BEGICH, WHITEHOUSE, DURBIN, TESTER and me, as well as the Military Officers Association of America and the Veterans of Foreign Wars, in supporting this bill, and taking these next steps to add protections for our military families.

Whereas the Internet, an incredible invention that emerged at the end of the 20th century, continues to revolutionize life and pave the way for new industries, businesses, and industrial leaders;

Whereas in the course of completing a project funded by the United States Government, a partnership of universities invented the Advanced Research Projects Agency Network (ARPANET), the precursor of the Internet, demonstrating the creative power of focused government action magnified by the effort of individuals in the United States;
