

years as the President and CEO of the Ventura County Community Foundation. It has been my honor to collaborate and work with Hugh and there is no doubt in my mind that his influence will extend to many generations of community engagement and philanthropy.

HONORING MR. NEAL HARRELL
FOR HIS WORK AS AN INTER-
NATIONAL FOUNDATION VOLUN-
TEER IN HONDURAS

HON. BLAINE LUETKEMEYER

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 26, 2014

Mr. LUETKEMEYER. Mr. Speaker, I rise today to recognize the achievements of Mr. Neal Harrell for his tremendous volunteer efforts with the National Rural Electric Cooperative Association's International Foundation. It is an honor to have such an upstanding citizen in my district.

Recently, Mr. Harrell, who is an employee of Cuivre River Electric Cooperative, traveled to Honduras as an International Foundation volunteer to help employees at the Roatan Electric Cooperative implement their newly-acquired smart grid system. This trip was part of the Smart Grid Alliance for the Americas project. Mr. Harrell's volunteer efforts supported the Alliance's goal to share experience and provide technical assistance in smart grid technology applications to cooperative, municipal and other small electric distribution utilities in Latin America.

Mr. Harrell's efforts will help the Smart Grid Alliance of the Americas project improve energy efficiency, integrate renewable generation, and most importantly improve access to electricity for underserved communities in Latin America. I ask that you join me in recognizing Neal Harrell for his excellence in volunteer work for electric cooperatives across the nation. It is an honor to represent him in the United States Congress.

IN COMMEMORATION OF YOSEMITE NATIONAL PARK'S 150TH ANNIVERSARY

HON. TOM MCCLINTOCK

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 26, 2014

Mr. MCCLINTOCK. Mr. Speaker, we rise today to honor one of our nation's greatest landmarks, Yosemite National Park. I am proud to be joined by: Rep. LAMALFA, Rep. HUFFMAN, Rep. GARAMENDI, Rep. THOMPSON, Rep. MATSUI, Rep. BERA, Rep. COOK, Rep. MCNERNEY, Rep. DENHAM, Rep. GEORGE MILLER, Rep. SPEIER, Rep. SWALWELL, Rep. COSTA, Rep. HONDA, Rep. ESHOO, Rep. LOFGREN, Rep. FARR, Rep. VALADAO, Rep. NUNES, Rep. MCCARTHY, Rep. CAPPS, Rep. BROWNLEY, Rep. CHU, Rep. SCHIFF, Rep. CÁRDENAS, Rep. SHERMAN, Rep. GARY MILLER, Rep. NAPOLITANO, Rep. WAXMAN, Rep. BECERRA, Rep. NEGRETE MCLEOD, Rep. RUIZ, Rep. BASS, Rep. LINDA SÁNCHEZ, Rep. ROYCE, Rep. ROYBAL-ALLARD, Rep. TAKANO, Rep. CALVERT, Rep. HAHN, Rep. CAMPBELL, Rep. LORETTA SANCHEZ, Rep. LOWENTHAL, Rep. ROHR-

ABACHER, Rep. ISSA, Rep. HUNTER, Rep. VARGAS, Rep. PETERS, and Rep. DAVIS.

This year marks the 150th anniversary of President Lincoln's Yosemite Grant Act, creating, on June 30, 1864, the earliest parts of what would grow into the beautiful national park that we have today.

In the midst of the Civil War, President Lincoln took the unprecedented step of setting aside this scenic tract of wilderness in central California for public use and recreation. The creation of this first public park, preserved for the enjoyment of the public, served as the catalyst for the creation of a vast system of lands that provide recreational opportunities across the country, including more than 400 national parks.

Yosemite's development into a national park made it one of the nation's first travel destinations. Countless millions of Americans have visited the park over the last 150 years to enjoy the scenic beauty of nature. More than just idle viewing, Yosemite's heritage includes a dedication to camping and hiking that allows park visitors to immerse themselves in one of the American people's greatest treasures. Providing these various recreational activities, that so greatly enhance the visitor experience, is the lifeblood of the surrounding foothill communities.

Today, Yosemite National Park receives over 4 million annual visitors. They come from around the world to see the beauty and majesty of our nation. This includes Yosemite's two Wild and Scenic Rivers, the Tuolumne and the Merced; over 800 miles of trails, including the renowned Pacific Crest Trail and the John Muir Trail; the awe-inspiring scenery created by the area's rich volcanic and glacial history; and the groves of Giant Sequoia trees.

The park includes parts of the Sierra Nevada Mountains and contains several of the highest peaks in North America. Some of the world's most spectacular and unique geologic formations exist in Yosemite National Park, including renowned formations such as Half Dome, Sentinel Dome, El Capitan, Glacier Point and the Royal Arches. Where the rivers wind through these impressive geological formations, there are some of the world's most majestic waterfalls: Yosemite Falls, Snow Creek Falls, Sentinel Falls, Bridalveil Fall, Nevada Fall, and Waterwheel Falls, to name a few.

Mr. Speaker, Yosemite National Park is truly one of our nation's greatest treasures and we ask all the Members of this body to join us in celebrating its past and committing to preserving its future.

IN RECOGNITION OF THE HOME-
COMING OF THE CHARLES W.
MORGAN

HON. WILLIAM R. KEATING

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 26, 2014

Mr. KEATING. Mr. Speaker, I rise today in celebration of the return of the *Charles W. Morgan* whaling ship to New Bedford, Massachusetts.

The *Morgan* is the last American whaling ship in a fleet that had at one time numbered over 2,700 vessels. Built and launched in 1841, she is the oldest American commercial

ship that is still afloat. Known as a "lucky ship", the *Morgan* successfully navigated dangerous storms, Arctic ice, and the roundings of Cape Horn during her 80-year whaling career. The ship embarked on 37 voyages between 1841 and 1921, covering every corner of the globe.

The *Morgan* was designated a National Historic Landmark by order of the Secretary of the Interior in 1966, and she was also a recipient of the coveted World Ship Trust Award. Since her arrival at Mystic Seaport, more than 20 million visitors have walked her decks. Next week will be a homecoming for the *Morgan* as she returns to New Bedford, Massachusetts, the site of her initial launch on July 21, 1841 from the yard of Jethro and Zachariah.

Mr. Speaker, I am proud to celebrate the *Charles W. Morgan* on this joyous occasion of her homecoming to New Bedford. I ask that my colleagues join me in celebrating her long and storied career.

IN SUPPORT OF COMPREHENSIVE
IMMIGRATION REFORM

HON. ANNA G. ESHOO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 26, 2014

Ms. ESHOO. Mr. Speaker, efforts to reform our immigration system in the House have been blocked. It's been a year since our counterparts in the Senate passed bipartisan, comprehensive legislation, but the House Republican leadership has rejected the Senate bill without any attempt to shape a House response.

Meanwhile, 11 million undocumented immigrants who pay taxes and defend our country continue to be deported; potentially 135,000 immigrants a year may be wrongfully detained and exploited according to U.S. Immigration and Customs Enforcement contracts with detention centers; and countless others frequently endure harassment and abuse in the workplace because they are not legally recognized.

When did we veer so dangerously far off course? America has always been a nation of immigrants. From the first settlers, to the Great Wave, to the fight for legalization today, we're all either immigrants ourselves or direct descendants of them.

In fact, twenty-six percent of residents in my congressional district were born in a foreign country, compared to 13 percent nationwide.

As a first-generation American, I know the human side of this issue. My father traveled thousands of miles to this land, huddled by his mother's side, fleeing the religious persecution of Christians. He studied, learned, worked and excelled. He married, loved and raised his three children. He flew the American flag in front of his home every day, sang the praises of our country, and said prayers of thanksgiving daily for the blessings of America.

The opportunity my family was given in America is always with me, and I'm committed to seeing that everyone has a share in that same opportunity.

As a policymaker, I recognize that comprehensive immigration reform will also provide immense economic benefits to our country.

It's estimated that the Senate-passed comprehensive immigration reform bill could reduce the deficit by more than \$800 billion in the next 20 years, according to a nonpartisan Congressional Budget Office analysis.

It's also estimated that wages would ultimately rise and our GDP would increase by over three percent in the next decade. In my congressional district, we would stand to gain over 17,000 jobs by 2023, according to an American Action Network analysis.

We're already making progress. The Obama Administration's Deferred Action for Childhood Arrivals is allowing hundreds of thousands of young undocumented immigrants who were brought by their parents to the United States as small children, to gain temporary legal status, including work authorization and protection from deportation. This is the only country these young people know and to which they have pledged their allegiance. They deserve to be recognized.

The economic case is clear. Human lives are at stake. The founding principles of our country are on trial. Now is the time to act on comprehensive reform.

DEPARTMENT OF DEFENSE
APPROPRIATIONS ACT, 2015

SPEECH OF

HON. CHRIS VAN HOLLEN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 18, 2014

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 4870) making appropriations for the Department of Defense for the fiscal year ending September 30, 2015, and for other purposes:

Mr. VAN HOLLEN. Mr. Chair, I rise today in reluctant opposition to H.R. 4870, the FY2015 Department of Defense Appropriations Act.

I commend the House Appropriations Committee's continued support for our servicemembers and our national defense. However, I have serious concerns with a number of misguided funding provisions in this year's DoD Appropriations bill. We have to budget based on reality, instead of writing a blank check and holding onto as "much of the stuff and the training as possible" and hoping that "some miracle happens and we get money next year that we don't have now," as Chairman MCKEON put it last month. As a result of this line of thinking, this legislation avoids making many tough choices.

As was the case with last month's Defense Authorization bill, H.R. 4870 provides billions of dollars in funding that the Department of Defense neither requested nor needs. This includes funding for additional EA-18G aircraft, High Mobility Multipurpose Wheeled Vehicles, and unrequested upgrades to the M-1 Abrams tank. It also blocks the Administration's ability to retire aging and unnecessary military aircraft, including the C-130 AMP, when less expensive options are readily available.

I also strongly object to sections 8107, 8108, 8139, and 9015 of the bill, which continue funding restrictions on the construction or modification of detention facilities in the United States to house Guantanamo detainees. I was also disappointed that two amendments were adopted on the House floor which

would bar the use of funds to transfer Guantanamo detainees to Yemen and other foreign countries. As the President made clear in his State of the Union Address earlier this year, we cannot wait any longer to lift the remaining restrictions on detainee transfers and close down this facility once-and-for-all.

This bill also provides \$79 billion for Overseas Contingency Operations even though we have not received a detailed OCO budget request. There is no justification for this amount. The bill holds back 85% of the funding from being obligated until the Pentagon submits a detailed spending plan. But this is no safeguard because the Pentagon still determines virtually all of the details of how the funding is spent. Congress has no opportunity to provide input through regular order into how much we should spend for war operations and on what. We should take notice that \$79 billion is larger than every other appropriations bill except for two—Defense and Labor, HHS, Education. We need to provide at least some minimum level of oversight and control over such a large sum of money.

Despite my overall opposition to this legislation, I was happy that a bipartisan amendment offered by Rep. LOFGREN was adopted that would limit funding for many backdoor programs within Section 702 of the FISA Amendments Act. This was a provision that was initially in the USA Freedom Act before being stripped in its final passage and would prevent the NSA from being able to search government databases for foreign communications content of American citizens without a warrant. The passage of this amendment will strengthen the privacy and civil liberties of all Americans. Today's bill also continues to address the problem of sexual assault in the military and fully funds the President's request for Sexual Assault Prevention and Response Programs.

I also want to make clear my views with respect to the amendments relating to the 2001 Authorization for Use of Military Force against the al Qaeda elements responsible for the attacks of 9/11/2001 and the 2002 Authorization for Use of Military Force in Iraq. The President has announced his intention to end combat operations in Afghanistan at the end of this year, and to keep a residual force in Afghanistan for an additional year subject to a Status of Forces Agreement. There is also the question of how the existing use of force authorization applies to military action outside of Afghanistan, such as in Yemen. Given the changing circumstances, it makes sense to end it or to revise the current authorization and adapt it to the current situation.

As for the Authorization for Use of Military Force in Iraq, it should be terminated. We have withdrawn our troops from Iraq, and we should no longer provide the Executive Branch with a blank check for future military action there. That does not mean that the President could not seek Congressional authorization for future military action in Iraq or, if the conditions apply, exercise his constitutional authorities as Commander in Chief. However, I supported the amendment to prohibit the use of funds in this bill for combat operations in Iraq because I don't think there is a sound case for putting American troops in combat and, in the absence of such a limitation, there is no check on the unlimited use of force in Iraq given the current 2002 authorization to use force there.

Finally, I want to say a word about the Gosar Amendment. This amendment was a

blatant effort to exploit fear and misunderstanding. There is no intention to provide Iran, Syria, Hamas, or ISIS with any military assistance. I would strongly oppose any such move. However, the United States, with the support of the State of Israel, has at times provided different forms of assistance to the Palestinian Authority to enhance security and fight terrorism. By including the Palestinian Authority in the list of entities that should be prohibited from receiving assistance, the amendment was an obvious example of what is known around here as a "gotya" amendment. It is time to stop playing those political games.

It is my hope that many of my objections to the Defense Appropriations bill will be resolved in Conference with the Senate and that I will be able to support its final passage.

AUTISM COLLABORATION, ACCOUNTABILITY, RESEARCH, EDUCATION, AND SUPPORT ACT OF 2014

SPEECH OF

HON. DANNY K. DAVIS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 24, 2014

Mr. DANNY K. DAVIS of Illinois. Mr. Speaker, I offer my strong support for the Autism CARES Act of 2014, a bill that continues the much-needed research and educational activities related to autism. I strongly support our nation's autistic community; this bill helps to promote and facilitate the good work being done related to autism by federal entities, including the Centers for Disease Control and Prevention, the National Institutes of Health, the Health Resources and Services Administration, and the Interagency Autism Coordinating Committee. Autism is a disorder that has a tremendous effect on the lives of the people with it and their families, including challenges with education, communication, and employment.

The Centers for Disease Control and Prevention identifies autism as one of our nation's leading public health crises. An autism-related diagnosis is more common today than the diagnosis of pediatric cancer, diabetes, and AIDS combined. More research on this complex neurobiological disorder is still needed because we do not fully understand the cause or course of this disorder.

The Autism CARES Act of 2014 will facilitate autism research by reauthorizing \$190 million annually through 2019. In addition, it focuses attention on the important issue of transitioning autistic youth from school to adulthood. I have heard from constituents with autism about the need to improve the transition of services to consider life after high school graduation to ensure that students are supported as they move to work or higher education. I am well aware of the benefits of services and research dedicated to autism. I am proud that Chicago is home to the Therapeutic School and Center for Autism Research run by the Easter Seals Metropolitan Chicago. The Center provides care and advances research on autism. It provides multiple services—research, training, early intervention, school-to-work transition training, and independent living training—all under one roof. It is an amazing resource for Chicago, Illinois, and
