

Contingency Operations/Global War on Terrorism. On a bipartisan basis, the Budget Committee has expressed concern that the OCO/GWOT budget has been misused by both this Administration and the previous Administration. In addition, Congress has generally gone along with using these funds for purposes outside of OCO/GWOT requirements. The Committee highlighted this concern in the report accompanying the FY 2015 budget resolution.

While I support this interim funding measure and want to ensure our armed forces have the resources they need for these purposes, together with the Committee's ranking Democratic member Mr. VAN HOLLEN, I will work to ensure that the final full-year appropriation for these purposes funds only those requirements that are closely related to the incremental, non-enduring costs of our overseas engagement in Afghanistan and the broader Middle East.

INTRODUCTION OF THE ELECTRIC CHARGING ADVANCEMENT REFORM ACT

HON. JANICE HAHN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 17, 2014

Ms. HAHN. Mr. Speaker, my home of Los Angeles unfortunately is the nation's smoggiest region of the country. We are surrounded by mountains and have the highest per capita ownership of cars. The Los Angeles region has made great improvements in our air quality. In the last 15 years, the number of dirty air days has dropped by 38 percent. Still—we have the worst air quality in the nation. The American Lung Association ranks the Los Angeles region as number one in the nation for ozone pollution and in the top five for particulate matter pollution.

This results in many health issues including higher numbers of children with asthma and significant lung function problems in normal, healthy people.

We do love our cars in Los Angeles, and the pollution from these cars is a key cause of our air quality problems. Los Angeles could drastically improve its air quality if more of those cars were plug in vehicles. However there are simply not enough charging stations available for this to be feasible.

As an owner of an all-electric Nissan Leaf, I know all too well that there is a lack of charging stations. I have personally experienced range anxiety. There have been times when driving home I have had to turn off the lights, radio, and air conditioning to ensure that I can make it home because there were no charging stations nearby. Los Angeles is one of the largest consumers of electric vehicles in the country. But, I believe people would buy more electric vehicles if charging stations were readily available.

Today, I am introducing the Electric Charging Advancement Reform Act to encourage more electric vehicles on our roads, which will result in clean air improvements and energy independence. This is an act integral to revolutionizing the accessibility of plug-in electric vehicles (PEVs) to potential drivers. My bill would reauthorize the electric vehicle recharging property credit and make available to

both consumers and businesses a tax credit of up to \$100,000 for the installation of charging stations.

No one driving a gas-powered car has to worry about finding a gas station before they get to their destination. Let us make sure that electric charging stations are just as easily accessible and convenient as the gas stations that are at every major intersection in our cities and off our major freeways.

HONORING MARY BETTY MINERO

HON. MICHELLE LUJAN GRISHAM

OF NEW MEXICO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 17, 2014

Ms. MICHELLE LUJAN GRISHAM of New Mexico. Mr. Speaker, I rise today to honor the life of New Mexico resident Mary Betty Minero, who passed away on July 15, 2014.

Betty was a lifelong resident of Barelás and a regular at Barelás Coffee House, which is where I first met her during my campaign for Congress in 2012. Betty had an outsized personality and an exuberant joy for life. She and I made a connection the instant she approached me, clutching her Betty Boo lunch pail, for a hug. Betty made me feel special, the same way she treated dozens of New Mexicans she embraced with equal enthusiasm each day. Neighbors, business leaders and government workers were always greeted by Betty as she worked the crowd before settling in at table 9A with a spoon in hand and half-and-half ready for her coffee.

Betty loved to dance. When she wasn't dancing with customers in the tight entryway at the coffee house, Betty could be found each Tuesday at Ned's, where her daughter, Geri Lucero, would take her for a night of dancing and local music.

Betty loved her close-knit family that included her husband, Ambrosio Minero, and their three daughters: Geri Lucero, Gloria Gutierrez and Betty Jo Martin. She also treasured her encounters with everyone she met. Her daughter said Betty never considered anyone a stranger, and if you talked to her long enough, she concluded you were probably related. She liked to tell people she thought she was 21 years old—before looking into the mirror and realizing she was really a young 89.

She was a parishioner at Sacred Heart Catholic Church in Barelás and she was known to pray for the people she met, particularly those who were sick. Shortly before her death, Betty mourned the untimely death of her great-grandson, Jacob Gutierrez, a football star at Del Norte High School.

Betty's sincerity and genuine appreciation for others has had a profound effect on everyone who was fortunate enough to enjoy Betty's company and her spirit lives on in our community. My thoughts and prayers are with her family and friends. May the memory of Betty live on in our hearts.

RECOGNIZING THE ANNIVERSARIES OF THE SHIDOGAKUIN MARTIAL ARTS DOJO AND THE SHIDOGAKUIN WASHINGTON KENDO DOJO

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 17, 2014

Mr. CONNOLLY. Mr. Speaker, I rise to congratulate the Shidogakuin Martial Arts Dojo on the occasion of its 30th anniversary and the Shidogakuin Washington Kendo Dojo (Washinkan) on its 20th Anniversary.

Kendo, meaning "Way of the sword," is a Japanese martial art derived from 16th Century traditional swordsmanship, using bamboo swords and protective armor for training. This sport is widely practiced throughout Japan, the United States, and many other nations around the world. Kendo is a physically and mentally challenging activity that combines martial arts practices and values with strenuous physical activity. It is great exercise, but it also is much more than a sport. The purpose of practicing Kendo is to mold the mind and body, to cultivate a vigorous spirit, and, through correct and rigid training, to strive for improvement in both technique and personal development.

In 1984, Mr. Shozo Kato established the Shidogakuin Kendo training school in New York City where both students and teachers were taught to learn and grow. In 1993 James Yan and Hiroaki Suzuki, with guidance from Shozo Kato, expanded Shidogakuin to the Washington, DC region by establishing a Kendo dojo at the National Institutes of Health to teach adults and children. The Shidogakuin Washington Kendo Dojo (Washinkan) is now based in Herndon, Virginia, in the 11th Congressional District.

The goal of the Washinkan Dojo is to provide teachers with necessary technical skills and teaching strategies; to implement the protocols to create an environment of professional courtesy, honor, and mutual respect; to provide the facilities necessary to learn and practice; to create a safe, friendly, family-oriented atmosphere; to inform the community that there is an opportunity to learn and practice the sword martial arts; to prepare students for practice, competition and advancement testing; and to prepare students for leadership in the dojo and the larger community.

Mr. Speaker, I ask my colleagues to join me in congratulating the Shidogakuin Kendo Dojo and Shozo Kato on its 30th anniversary and the Washinkan Dojo and James Yan on its 20th anniversary and in thanking them for their service to the youth in our community.

RECOGNIZING THE CONTRIBUTIONS OF WILLIAM J. DIAZ HERMANDEZ

HON. ALAN GRAYSON

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 17, 2014

Mr. GRAYSON. Mr. Speaker, I rise today, in honor of Hispanic Heritage Month, to recognize William J. Diaz. A native of Cumana, Venezuela, William was raised in Caracas. From a young age, William naturally cultivated

friendships and supported humanitarian causes. As a young leader, he was active in student council throughout his schooling. William was the recipient of a scholarship which allowed him to attend the University of Texas at Austin, where he received his Master's Degree in Mass Communications in 1976.

William previously served as an Educational Attaché to the Venezuelan Embassy in Paris, France and the General Coordinator of the G.M.A. Foundation. William was also the founder and president of several community organizations in Venezuela.

In 1989, William moved to Orlando, Florida, where he lives with his wife and four children. Since then, he has been very active within the Latino community, advising and counseling nonprofit organizations. An active community leader and incisive journalist, William has a passion to help his fellow citizens through life's struggles.

William has been an on-air personality for decades and a columnist with several publications. He is always available to individuals or community organizations in need of media support, especially those who seek support for social justice issues.

William's activism to promote Latin-American political development has won him recognition within the Latino community. He currently has a daily radio show, "Cara a Cara con William Diaz," which reaches eighteen counties. He is also the founder of Casa de Venezuela and the Made in Venezuela Business Club.

I am honored to recognize William Diaz, during Hispanic Heritage Month, for his contributions to the Central Florida community.

HONORING LOCAL LAW ENFORCEMENT FOR THEIR SERVICE TO OUR COMMUNITY

HON. FRANK R. WOLF

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 17, 2014

Mr. WOLF. Mr. Speaker, I rise today to recognize the following law enforcement personnel who have recently been honored by the Horseshoe Curve Benevolent Association for their tireless service and continued willingness to put their lives on the line to protect our communities. This year's honorees are Sergeant Jonathan E. Smith, Clarke County Director of Emergency Communications Pam Hess, Deputy Bryan Smith, Corporal Bradley W. Davidson, Officer Terry W. Fritts, Sergeant Frank Myrtle, Officer Brock Justice, Officer Tommy Gardner, Lieutenant Wally Stotlemeyer, K-9 Officer Kota and his partner Corporal Brittney Kotynski-Neer.

Sergeant Jonathan E. Smith has played a pivotal role in the implementation of the Strategic Highway Research Program (SHRP-2), a joint federal, state and local jurisdiction effort to better train first responders as well as traffic incident and management support staff. As the lead instructor for Northwestern Virginia, Region 2, Sgt. Smith has conducted more than 30 sessions of the program, instructing more than 900 people, in addition to continuing his supervisory responsibilities as a Virginia State Police officer. His efforts have brought nationwide praise to the quality of Virginia law enforcement.

Director of Emergency Communications Pam Hess has been with the Clarke County Sheriff's office since 1986. Today, she plays a crucial role as supervisor of the county's 911 center and de facto project manager for monitoring and upgrading the county's sophisticated communications equipment. In addition to these responsibilities, Director Hess still works shifts as an emergency operator and is on-call every hour of every day.

Deputy Bryan Smith has been a real asset to the Frederick County Sheriff's Office. Earlier this year, Deputy Smith played a critical role in resuscitating a motorist who was thought to have died in order to transport him to the Winchester Medical Center. Although the crash victim was beyond medical help, Deputy Smith's efforts gave him the chance to live.

Corporal Bradley W. Davidson has served in the Winchester Sheriff's Office since 2006 and was recently promoted to Corporal in January. Bradley has trained many of his colleagues on responding to active shooter situations. He also manages the Sheriff's office's external functions. He is known around town as a family man as well as a man of integrity.

Officer Terry Fritts has filled many roles in the Berryville Police Department, including providing technology expertise to investigating a bank robbery earlier this year, organizing Berryville's National Night Out and voluntarily handling difficult situations with citizens experiencing emotional crises. Throughout all this, he has been a great resource to Berryville and his colleagues in the police department.

Sergeant Frank Myrtle of the Winchester Police Department has played a critical role in investigating and seeking successful indictments for two recent felony murder cases involving child victims. He has also taken the lead in the effort to address prostitution in Winchester by leading countless sting operations.

Office Brock Justice has been an indispensable part of the Mount Weather Police Department. Officer Justice was trained in active shooter response tactics at the Federal Law Enforcement Training Center and has extensively studied past incidents, such as the Navy Yard shooting last year. He has designed and implemented active shooter practice scenarios for Mount Weather police, fire and EMS services to hone their skills and identify areas for improvement.

Officer Tommy Gardner serves the Northwestern Regional Jail. On the night of April 24, Officer Gardner, while off-duty, stepped above and beyond his call to duty and successfully negotiated the de-escalation of a dangerous domestic dispute in his neighborhood involving a firearm. He did his community a great service by his heroic actions.

Lieutenant Wally Stotlemeyer serves with the Winchester Police Department and has been working with the Northwestern Virginia Regional Drug and Gang Task Force. He has exhibited tremendous leadership in overseeing the North End team as it manages the recent spike in regional Heroin overdoses—part of the drug epidemic that threatens communities across the United States.

Finally, K-9 Officer Kota was injured during the brave pursuit of two suspects in an attic. I join his partner, Winchester Police Department Corporal Brittney Kotynski-Neer in honoring Kota for his good work and welcome him back to duty at the Winchester Police Department.

I am proud to join with the Horseshoe Benevolent Association—which has been honoring local law enforcement since 2004—to recognize these officers for their bravery, dedication and strength. We owe them a sincere debt of gratitude for their service to the 10th District and the Commonwealth of Virginia.

I respectfully submit a speech given by Mr. Jim Wink at the Horseshoe Curve Benevolent Association's September 13th Law Enforcement Appreciation Dinner.

LAW ENFORCEMENT APPRECIATION, DINNER 13
SEPTEMBER 2014

Good evening: My name is Jim Wink. On behalf of the Horse Shoe Curve Benevolent Association—I want to welcome everybody and thank you for coming out to recognize those who put their lives on the line to protect us.

Before we begin to serve dinner, please stand for a short prayer by Rev. Canon Dwight L. Brown, Grace Episcopal Church, Berryville.

Please join me in the Pledge of Allegiance to our Flag.

The purpose of tonight's gathering is to enjoy the company, the food, the music, and—most important—to recognize local police and security officers who's dedication to serve their community—that's us—has been outstanding.

First: Let us recognize our guests. With us tonight are:

Each of the officers recognized tonight will get not only our respect and thanks, but also a plaque from the HSC Benevolent Association, a certificate of appreciation from the VA House of Delegates—compliments of Del. Randy Minchew, and U.S. Congressional Recognition—compliments of Congressman Frank Wolf. They will also get outstanding photos of tonight's activities compliments of Matt Baker.

VIRGINIA STATE POLICE

Sergeant Jonathan E. Smith

Sergeant Smith is devoted to the implementation of the SHRP-2—which is the strategic highway research program in the Commonwealth of Virginia. In conjunction with the VA Department Of Transportation, VA Department of Fire Programs, US Federal Highway Administration and multiple local partners involved in traffic operations, this curriculum was implemented in the Commonwealth of VA as a pilot "Train-the-Trainer" program for all First Responders.

The four hour course is nationally recognized traffic incident management responder training that is offered to all emergency responders and also those personnel who support traffic incident management operations. An important goal of the program is to reduce congestion through incident reduction, management, and response in order to improve travel times for both commuters and freight throughout VA.

SGT. Smith was tasked with being the lead instructor for the Northwestern portion of VA (Region 2). He has coordinated and jointly conducted 34 sessions of this training program to over 900 attendees in various locations across his assigned region. The work involved in the coordination of these classes include, but not limited to, arrangement of the training locations, advertisement of all classes, registration of each attendee, and following up with personalized certificates of completion.

SGT. Smith has forged relationships and gained the support and respect of many federal, state, and local agencies thought the development of this program, which has greatly enhanced the department's image by all cooperating agencies. Although he has dedicated numerous hours (both duty and
