

corporate tax rate and a more competitive tax system is just the solution we need.

Independent economists agree: Tax reform results in stronger economic growth, more jobs, and higher wages. In fact, the independent, non-partisan Joint Committee on Taxation (JCT) estimates that this plan could increase the size of our economy by \$3.4 trillion—that's equivalent to 20 percent of today's economy. Based on that stronger economic growth, we could see nearly two million new jobs created. JCT also estimates that this proposal could generate up to \$700 billion in additional Federal revenues that could be used to lower tax rates even further or to reduce the debt. Indeed, based on calculations using data provided by JCT, the average middle-class family of four could, under this proposal, have an extra \$1,300 per year in its pocket from the combination of lower tax rates in the plan and higher wages due to a stronger economy. This is the kind of growth America needs, and these are the kinds of policies that can produce a stronger, more robust economy that benefits all Americans.

Before concluding, Mr. Speaker, I want to acknowledge the countless hours devoted to this effort by the Ways and Means Committee staff and the staffs of the Joint Committee on Taxation and the Office of Legislative Counsel. A project this large—on an issue of this magnitude—simply could not be undertaken by this institution without the dedication, the policy know-how, and the technical expertise of the professional staff. We owe all of them our sincere thanks. Indeed, their contributions to this proposal extend not just to the legislative language of the bill itself, but to a set of helpful explanatory materials as well. For those who are looking for a fuller description of the legislation I am introducing today as H.R. 1, a section-by-section summary of the proposal prepared by the Ways and Means Majority Tax Staff is available at: <http://tax.house.gov/>. Similarly, JCT's technical explanation of the proposal—along with JCT's revenue estimate, distributional analysis, and macro-economic analysis of the proposal—has been published as JCS-1-14, available at <https://www.jct.gov/publications.html?func=startdown&id=4674>.

With that, Mr. Speaker, I close by urging my colleagues who will be returning in January for the 114th Congress to keep pushing forward and to see this tax reform process through to a successful conclusion. It would undoubtedly be easier for Congress to hang its head and say that the problems with the current tax system are just too big, and that the work of tax reform is just too hard. But nothing worth doing is ever easy, and tax reform is even more necessary now than it was back in 1986. Indeed, today's generation of tax reformers should remember how the headline in the Washington Post captured the moment when the 1986 Act finally made it over the finish line—it called tax reform the "impossible that became the inevitable." I would like to see that headline again, and with today's formal introduction of the Tax Reform Act of 2014, we take another important step down that historic path.

I thank the Speaker for reserving the bill number H.R. 1 for this legislation, and I hope that the formal introduction of this proposal in the House today will help spur further action on this critical issue in the 114th Congress.

HONORING CHIEF MICHAEL HOLUB
FOR MORE THAN FOUR DECADES
OF SERVICE TO OUR NATION
AND COMMUNITIES

HON. DANIEL LIPINSKI

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 11, 2014

Mr. LIPINSKI. Mr. Speaker, I rise today to honor La Grange Police Chief Michael Holub for his more than four decades of service dedicated to protecting and serving our nation and our communities. At the end of this year, Holub will be retiring as Chief of Police.

Chief Holub is a native of Berwyn, Illinois, and attended Morton West High School, graduating in 1970. From there he joined the Army and served with the Official Ceremonial Unit and Escort to the U.S. President, which is known as the Old Guard because it is the oldest active duty regiment in the Army. After serving his country, Holub returned to serve his community and joined the Stickney, IL Police Department in 1974. He spent the next twenty years with the Stickney Police Department, rising through the ranks to become Chief of Police. He subsequently served as Chief of Police for the Village of Palos Park, IL, and as the Chief of Police for the Village of River Forest, IL, before coming to La Grange.

Chief Holub has highly valued education throughout his career. He earned his Bachelor's Degree from Lewis University in Romeoville, IL, as well as his Master of Arts Degree in Law Enforcement and Justice Administration. While Chief of Police, Holub continued to serve for 15 years as a member of the adjunct faculty of Triton College in River Grove, IL, teaching courses to undergraduate students in criminal justice. Chief Holub always challenged his officers to get their degrees so that they could move forward, as his mantra has always been "to always be prepared for the next level."

In addition to being Chief of Police, Michael Holub has always shown a deep commitment to his community in many other ways. He is a fixture at community events and is active with the American Legion, always helping with charity events and aiding the men and women in our armed forces as well as fellow veterans.

Today I express my admiration for Chief Michael Holub's lifelong dedication to our nation and our communities. I ask my colleague to join me in honoring his lifetime of service and wish him the best in his retirement.

IN COMMEMORATION OF THE DIS-
TINGUISHED SERVICE OF DR. MI-
CHAEL MCCALL TO THE COM-
MONWEALTH OF KENTUCKY

HON. HAROLD ROGERS

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 11, 2014

Mr. ROGERS of Kentucky. Mr. Speaker, I rise today to pay tribute to my friend, Dr. Michael B. McCall, the Founding President of the Kentucky Community and Technical College System (KCTCS). Dr. McCall has announced that this will be his last year as System president and will be retiring in January.

Under the leadership of Dr. McCall, KCTCS has served as the major gateway to post-secondary education across the Commonwealth. Since his appointment in December 1998, Dr. McCall has achieved many successes, such as merging the 28 community and technical colleges into 16 individually accredited comprehensive community colleges and leading KCTCS to its position as the largest provider of post-secondary education in the Commonwealth of Kentucky. Because of his leadership, KCTCS currently serves over 92,000 students and represents over 47% of all undergraduate college students. Perhaps most importantly, KCTCS has dramatically increased participation in postsecondary education. The number of students participating in KCTCS has risen dramatically since the system was created, with enrollment increasing by 62,000 in the first decade.

I am proud to have five community colleges within the KCTCS System that serve my district: Somerset Community College, Southeast Kentucky Community and Technical College, Hazard Community and Technical College, Big Sandy Community and Technical College, and Ashland Community and Technical College. Each college has seen incredible growth since KCTCS was founded in 1997.

Dr. McCall has also led the System to create major advancements in education and pioneered many new educational opportunities that are unique to Kentucky, including the North American Racing Academy (first college-affiliated horse racing academy in the United States), the Kentucky Coal Academy, Kentucky Fire Commission, and the Kentucky Board of Emergency Medical Services.

Dr. McCall has served for more than 40 years in community and technical colleges. He has been recognized as Kentucky Monthly Magazine's Kentuckian of the Year and was also the Board Chair of the American Association of Community Colleges (AACC). This marked the first time a System-level president was elected chair of the AACC board.

I am proud to have known Dr. McCall since he became KCTCS President and wish him great luck in retirement. I offer my full congratulations to Dr. McCall for his service to KCTCS and the Commonwealth of Kentucky. Thank you and may God bless you.

REMEMBERING THE LIFE OF
IRENE PORTER POWERS MATTHEW

HON. PAUL A. GOSAR

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 11, 2014

Mr. GOSAR. Mr. Speaker, I rise today to honor one of my constituents, Irene Porter Powers Mathew of Lake Havasu City, Arizona.

Irene Porter was born in Downs, Kansas, on November 20, 1917. She moved to Colorado where she attended high school at the age of 12, where she played basketball, sang in a trio, and the Glee Club. She graduated at the age of 16.

Following high school, she worked for the Colorado Agriculture Extension Service. In 1937, she went to work for the Farm Security Administration in Colorado. Around 1940, she moved to Amarillo, TX to assist in the establishment of the FSA regional headquarters.

On July 28, 1942, Irene married William (Bill) Powers, who was serving in the Army Air

Corps. They were married and raised four children: Rosemary, Gary, Suzanne, and Marilyn.

In the 1960s, Irene moved to Colorado Springs, Colorado to work as a private secretary with the Central Bank in Colorado. In 1974, she became the first female bank vice president in Colorado Springs, and likely in Colorado. This was a position she held until she retired in December 1979.

In the 1980s Irene and Bill retired and toured the country in a Holiday Rambler, including a trip to Guatemala. When they returned to the States, they returned to Colorado and spent the summer volunteering at Lutheran Valley Retreat, a Lutheran youth camp.

In 1986, as a second retirement, Irene and Bill retired to Lake Havasu, Arizona. Where they lived until Bill Powers died in 1991.

Irene married Kenneth A. Matthew, a retired lobster fisherman on February 3, 2007.

Irene is preceded in death by her parents, a brother, a sister, her first husband, Bill, two grandsons and one great-grandson. She is survived by her husband, Ken; children, Rosemary/Dave Tunnell, Gary/Sharon Powers, Suzanne/Rick Twinchek and Marilyn/Ryan Paradis; ten grandchildren, 18 great-grandchildren, two great-great-grandchildren and two sisters.

One last word from Irene, "I want Ken, all my children, all my grandchildren, and now all my great-grandchildren to know how much I love them. You are all an important and beautiful part of my life."

CELEBRATING THE 100TH ANNIVERSARY OF THE BELLEVUE AVENUE LIBRARY

HON. RODNEY P. FRELINGHUYSEN

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 11, 2014

Mr. FRELINGHUYSEN. Mr. Speaker, I rise today to honor the Bellevue Avenue Library, located in the Township of Montclair, New Jersey as it celebrates its 100th anniversary.

The Bellevue Avenue Library, part of the Montclair Public Library, officially opened its doors on December 7, 1914. Prior to its official opening, the library had been using a small rented space in the real estate office of John Mancini. In 1913, the Montclair Public Library received a grant from the Carnegie Corporation of \$40,000 to construct a new building for the Montclair Public Library system on Bellevue Ave. In 1914, the new building was created and opened as the Bellevue Avenue Library.

The Bellevue Avenue Library was designed by architect F.A. Nelson, who also designed other prominent buildings in Montclair, such as the Post Office and the Upper Montclair Women's Club. The library is now on the National Register of Historic Places, with the register noting "its temple-like austerity and diminutive size," along with its classical embellishment. Although the library underwent a major renovation in the 1985, it still holds the same architectural design.

Since the building of the Bellevue Avenue Library, the library has had two floors consisting of an extensive literature collection, audio, and visual files. The lower floor focuses on children's services, including the well-known 'children's place' which holds weekly

story time readings and is staffed by community volunteers. The second floor is primarily focused on adult services and literature. Although in a separate location, the Bellevue Avenue Library offers the same range of services as the main library.

As the Bellevue Avenue Library and its staff celebrate their centennial anniversary, they look forward to growing with the community they serve. They look forward to new advancements, new literature, and whatever excitement the future holds.

Mr. Speaker, I ask you and my colleagues to join me in celebrating the 100th anniversary of the Bellevue Avenue Library and to salute the work of the trustees, staff and volunteers of the Montclair Public Library System.

TRIBUTE TO HOOD RIVER BOYS SOCCER CHAMPIONS

HON. GREG WALDEN

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 11, 2014

Mr. WALDEN. Mr. Speaker, I rise today in recognition of the Hood River Valley High School boys' soccer team, which brought home the title of "State Champions" this year in the 2014 Oregon 5A state championship. Hood River is my hometown, and both my son and I are proud graduates of Hood River Valley High School, so this victory is especially sweet.

Led by head coach Jaime Rivera and assistant coach Joe Dolan, the Eagles had a perfect 18-0 season and playoff run that was topped off by a 2-0 victory against Woodburn in the finals. After making it to the state finals last year, this season marks the culmination of willpower and sacrifice displayed by these dedicated young men.

The Eagles' undefeated record illustrates what happens when a team unites under one goal and exhibits the necessary work ethic, team work, and positive attitude to achieve success. I know that these skills have helped prepare these young men to be upstanding citizens of our great state and nation.

I am always proud to see how young men and women can inspire a community, and Hood River certainly rallied around the Eagles. Throughout the season, the community has rallied around and supported this team, game after game. After being engulfed on the field by supporters following their championship victory, the team was escorted by a caravan of police and fire trucks on their way back to Hood River.

I'd like to personally congratulate each member of this team: Travis Running, Marco Cuevas, Danny Romero, Manuel Mozqueda, Uriel Torrez, Joel Garcia, Marcos Trejo, Mario Sandoval, Andres Baeza, Gio Magana, Alex Gutierrez, Angel Sonato, Johnny Villafana, Luis Perez, Noah Noteboom, Antonio Bustos, Jaime Frias, Diego Rueda, Aldo Muro, Noe Magana, Coach Jaime Rivera, and Coach Joe Dolan. As a proud Hood River resident, I look forward to cheering on this year's team as they pursue their goals in the years to come. It is truly a privilege to represent the members of this team in the House of Representatives and my pleasure to congratulate them on their outstanding accomplishment of bringing home the teams' first state title. Go Eagles!

RECOGNIZING JOHN M. SAMUELS

HON. DAVE CAMP

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 11, 2014

Mr. CAMP. Mr. Speaker, I rise today to recognize the enormous contributions made by John M. Samuels to the development of sound U.S. tax policy over the last 40 years. John Samuels is retiring from the General Electric Company at the end of this year, where he has been the Vice President and Senior Counsel for Tax Policy and Planning since 1988. Before joining GE, John had a successful career in private practice and spent several years at the U.S. Department of Treasury, as Deputy Tax Legislative Counsel and Tax Legislative Counsel.

Most press articles about John highlight his distinguished career at GE. And while that is important, I want to acknowledge the work he has done behind the scenes to promote sound, effective, pro-growth tax policies for the benefit of the entire U.S. economy. The progress we have made in advancing the cause of comprehensive tax reform has benefited enormously from his efforts.

One example has been his support of academic research into international corporate tax issues through the founding of the International Tax Policy Forum (ITPF). John Samuels has served as the chairman of ITPF since it was founded in 1992. ITPF, which has been called the "world's leading tax think tank," plays a unique and important role in sponsoring nonpartisan academic research, often by young, up-and-coming scholars, and hosting conferences at which such papers are presented, discussed, and debated. This gives tax policymakers in Washington access to a much broader body of research and thought than we would otherwise have, thus informing and elevating the policy discussions taking place in Congress, in the Administration, and at other think tanks.

In 2009, John received the Tax Foundation's Distinguished Service Award for his contributions to tax policy. In announcing the award, the President of the Tax Foundation said, "John's leadership in facilitating a rational debate on international tax policy is without peer."

While John is retiring from GE, he is not retiring from the world of tax policy. I know his leadership in "facilitating a rational debate on international tax policy" will carry on. I am confident his contributions will continue in the next chapter of his distinguished career. And I know that my colleagues who will push forward in Congress on the extremely important work we started in reforming our tax code will turn to John Samuels again and again for advice, ideas, and wise counsel.

SOLUTIONS TO DAILY STRESS

HON. STEVE STOCKMAN

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 11, 2014

Mr. STOCKMAN. Mr. Speaker, hypnosis may be a useful tool in the field of mental and physical health as well as combatting against those who wish to kick the habit of smoking and substance abuse.
