

as the recipient of a donated instrument. To ensure his program was a success, Quinn recruited a group of volunteers, arranged and advertised an instrument drive, and coordinated necessary repair assistance with a local music store. There is no doubt Quinn's selfless efforts brought immeasurable joy and lasting benefits to the young people who benefited from An Instrument in Every Hand.

Mr. Speaker, it is with great pride that I recognize and applaud Mr. Wilson for his sincere dedication to positively impacting the lives of others in his community. Quinn's commitment to a cause greater than himself is a testament to the high-quality character and unwavering work ethic instilled in Iowans both young and old. Our future is bright with young people like Quinn, and it is an honor to represent him and his family in the United States Congress. I invite my colleagues in the House to join me in congratulating Quinn, thanking his supportive family, and thanking all of those involved in this wonderful project for their life-changing efforts.

HON. JOE COURTNEY

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 26, 2014

Mr. COURTNEY. Mr. Speaker, I rise with great solemnity to share with you the recent death of the Honorable Elaine O'Brien. Elaine O'Brien was a respected lawmaker and long-term resident of Suffield, Connecticut, where she served for the last 20 years as a community volunteer and a member of local government.

Originally from Medford, Massachusetts, Elaine's focus and tenacity saw her become the youngest female graduate from the Beverly Airport flight school in 1972 before going on to be a pilot and instructor.

Moving with her family of three sons to Suffield, Connecticut, Elaine became an active part of the town in posts including President of the Parent Teacher Association; a 13-year elected member of the School Committee; and President of the Suffield Rotary Club. Recognized as a respected advocate for local issues, Elaine was elected to the Planning and Zoning Commission in 1991 followed by the Board of Education in 1993. Serving for 12 years on the Board of Education, Elaine led infrastructure projects as chairman of the Facilities and Transportation Committee and played an important role in school program development as representative to the Capitol Region Education Council.

Widely supported by her local constituents in Suffield, East Granby, and Windsor, Elaine was elected to the Connecticut General Assembly in 2010 as the Representative for the 61st District. Elaine served on the House Appropriations, Commerce, and Transportation Committees. Garnering bipartisan support to form a manufacturing caucus in the Commerce Committee, Elaine has been credited by her colleagues for her promotion of job growth in Connecticut manufacturing. Working tirelessly to improve local infrastructure, Elaine won key grants for projects such as the extension of utilities near Bradley International Airport in Suffield, and the construction of an

education and conference center for the New England Air Museum.

Re-elected to the District in 2012, Elaine continued as on as a passionate legislator for issues including worker safety, health care and gun control despite her diagnosis of cancer. Elaine also remained on as Suffield Town Clerk, a position she had held since 1998.

On February 21, 2014, Elaine lost her courageous battle with brain cancer at the age of 58, and will be sorely missed by her family and Connecticut community. Elaine is succeeded by her husband, three sons, and seven stepchildren.

Mr. Speaker, I ask all my colleagues to join me in honoring the life and extraordinary service of Elaine O'Brien, and offering our condolences to the family and friends she leaves behind.

HONORING THE LIFE AND LEGACY OF REGGIE MOORE

HON. JERRY MCNERNEY

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 26, 2014

Mr. MCNERNEY. Mr. Speaker, I ask my colleagues to join me in honoring the life and legacy of Antioch's first African-American city council member, Reggie Moore.

Reggie's tireless commitment to serving others is an inspiration to me and the residents of my district. First elected to the Antioch City Council in 2006, Reggie quickly made his mark by championing causes that would benefit the city and its residents. He also started Antioch's annual Martin Luther King Day celebration, which honors Dr. King's work by promoting volunteerism and by providing scholarships for Antioch students.

Reggie worked tirelessly to improve the lives of others, and he was a strong advocate for labor and workers' rights. Under his leadership as President of the American Federation of State, County and Municipal Employees Local 444 from 2003 to 2007, Reggie fought to improve working conditions and benefits for the union's employees.

IN RECOGNITION OF THE BROTHERHOOD OF CHEFS FOR THEIR COMMUNITY SERVICE TO THE WYOMING VALLEY CHILDREN'S ASSOCIATION

HON. MATT CARTWRIGHT

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 26, 2014

Mr. CARTWRIGHT. Mr. Speaker, I rise today to honor the Brotherhood of Chefs of Northeastern Pennsylvania, who volunteered their time and expertise to host the third annual "Cooking for a Cause" event on February 24, 2014.

For the third year the Brotherhood of Chefs has donated their culinary skills to help a number of nonprofit agencies whose mission is to benefit children in need. Many of these organizations rely on events, like "Cooking for a Cause," to support their daily programming costs and without their support might find the need to scale back basic services to children with special needs. An event like this offers an opportunity for the entire community to come together to celebrate and support many worthy childhood development agencies. "Cooking for

a Cause" under the able leadership of Tom Malloy, President, Nello Allegrucci, Vice President, Ed Ancas, Secretary and Carmen Allegrucci, Treasurer, along with an extremely talented team of 20 chefs has made significant contributions in its brief history.

I join with other members of my local community in congratulating the Brotherhood of Chefs of Northeastern Pennsylvania for donating their time and unique talent to making our community a better place and for focusing their efforts on children in need in our community. I believe this effort reveals the American spirit of generosity and selfless giving that is one of our greatest virtues.

HON. CHERI BUSTOS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 26, 2014

Mrs. BUSTOS. Mr. Speaker, I rise today to congratulate Flachtemeier Monument Company in Freeport, Illinois, on the occasion of their 140th anniversary.

Flachtemeier Monument was founded in 1874 when Frederick Flachtemeier began his stone carving business in Freeport. Over the next 140 years, Flachtemeier Monument Company has supported grieving families and helped them memorialize their loved ones. Ric Knox, the current branch manager, loves that his job allows him to connect with the community, explaining that "total strangers come into my life and invite me into their life."

In honor of its 140th anniversary, Flachtemeier Monument Company is partnering with the Freeport Chamber of Commerce for a community event later this year. Additionally, the company plans to donate a portion of its sales to United Way of Northwest Illinois whenever a customer mentions one of their affiliated charities.

Mr. Speaker, I want to again congratulate Flachtemeier for reaching this impressive milestone. Ric Knox says of the people he memorializes that "their legacy lives on, if I do my job right." Through Knox and his entire company, Frederick Flachtemeier's legacy has lived on for 140 years and will hopefully continue to thrive and support our community for many more.

TREE ACT

HON. BRUCE L. BRALEY

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 26, 2014

Mr. BRALEY of Iowa. Mr. Speaker, today I introduced the Temporary Assistance for Emergency Eradication (TREE) Act to provide communities in my home state of Iowa, and across the nation, with assistance to deal with the emerald ash borer. The emerald ash borer, first found in Michigan by way of shipping crates from China, is an invasive beetle that is thriving in America as it decimates our ash tree populations in more than twenty states. In my state alone, it will cost approximately \$3 to remove these trees that now pose a public safety hazard.

The intent of the funding in this legislation is to address the emerald ash borer problem. The TREE Act will provide critical assistance to communities by restoring funding to the US Department of Agriculture's office of Animal and Plant Health Inspection Services (APHIS) back to its previous level of \$37 million to continue to ramp up their work to find a means to control and eradicate the emerald ash borer. Further, it will increase funding for grant programs that directly assist local and state governments dealing with this issue as they coordinate with their communities and private property owners impacted by the infestation of the emerald ash borer.

To do so, the TREE Act would provide an additional \$15 million to the Forest Health Management Cooperative Land program to be used to help communities address emerald ash borer infestations. As well, an additional \$5 million would be provided to the Urban and Community Forestry program to increase grants available for combating the ash borer infestation, and "re-greening" efforts as communities diversify their tree populations and replenish shade where ash trees have been lost.

REMEMBERING DOUG MOHNS

HON. MIKE QUIGLEY

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 26, 2014

Mr. QUIGLEY. Mr. Speaker, this month the city of Chicago lost a hockey legend, Doug Mohns. Doug was a member of the Chicago Blackhawks from 1964 to 1971, where he played left wing on one of the greatest lines in NHL history—the "Scooter Line"—with Kenny Wharram and Stan Mikita.

Doug was a stalwart player in the NHL at a time when there were only six franchises. Rivalries were intense, no one wore helmets and players were intimately acquainted with the strengths and weaknesses of every opponent they faced.

Mohns earned the nickname "Dougie the Diesel" because his piston-like legs dug into the ice and propelled him like a locomotive. He enjoyed his best season with the Blackhawks in 1967, when he tallied 25 goals and 35 assists in just 61 games. His impact on the ice was instrumental to the Blackhawks' first ever regular season title. Mohns went on to have four 20-goal seasons with the Blackhawks.

Mohns' durability and versatility as a skater contributed to his remarkable longevity. During a span of 22 seasons in the NHL, he played in 1,390 games and seven all-star games, while amassing 248 goals and 462 assists.

I join the city of Chicago in remembering one of the greatest hockey players to ever step on the ice, Doug "Dougie the Diesel" Mohns.

**RENEW THE WIND PRODUCTION
TAX CREDIT**

HON. JARED POLIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, February 26, 2014

Mr. POLIS. Mr. Speaker, I rise today as a member of the House Sustainable Energy and

Environment Coalition to call on Congress to renew the wind production tax credit.

The wind production tax credit incentivizes clean, domestic energy generation, and has been critical to enhancing America's renewable energy renaissance. Wind energy creates jobs, saves consumers money on their utility bills, and reduces carbon emissions.

Wind energy, and the industry it supports, is important to Colorado. Wind power supplies over 800,000 Colorado homes and employs approximately 5,000 Coloradans. In addition, a thriving wind industry has brought over \$4.2 billion in capital investments and provided land owners and communities with millions in land lease payments.

Most Americans support renewable energy. In fact, thirty states and the District of Columbia already have renewable generation standards and seven states have voluntary goals. Colorado has capitalized on its tremendous wind potential by enacting one of the highest Renewable Portfolio Standards in the nation—30 percent renewable energy generation by 2020. Colorado utilities are ahead of schedule in achieving this goal and in doing so they are discovering that wind energy makes economic sense for their ratepayers and their investors.

Last year I introduced the Renewable Electricity Standard Act with Representatives BEN RAY LUJAN and ANN KUSTER. This legislation would build on the success of state-based renewable energy standards by implementing a 25 percent renewable energy goal by 2025. Providing tax credits for renewable energy development is not just important for meeting these goals, but is also important to level the playing field with our energy industries that receive a myriad of tax credits and incentives.

The wind production tax credit has fueled a thriving U.S. wind energy market. This tax incentive drives increased investments and stimulates the economy. As a former entrepreneur, I know that uncertainty about the production tax credit will slow wind energy deployment, put good quality jobs at risk, and cause capital investments to dwindle. That is why we must renew a long-term wind production tax credit.

The wind production tax credit is essential to American jobs, economic growth, and the success of the wind energy industry. We must renew the wind production tax credit.
