

this: What happened after that night in Benghazi? Why did Secretary of State Hillary Clinton, why did President Barack Obama continue to force the false fiction that there was a video that no one saw was the cause for a spontaneous outbreak that led to the deaths of these four Americans in Benghazi?

We have listened to people who were on the ground in Benghazi. They stated overwhelmingly that this attack was not spontaneous. It was planned. Yet for weeks afterwards, the President of the United States, as late as September 25, when he went to the United Nations, made a statement—this was after four Americans were killed—the President of the United States said this at the U.N.:

The future does not belong to those who insult the prophet.

Those were his words.

We need to get answers. Again, I encourage the American people, Mr. Speaker, to read this valuable report issued this week on Benghazi by the Committee on Foreign Affairs in the House of Representatives.

I yield back the balance of my time.
