□ 1924

So the bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

REPORT ON RESOLUTION PROVIDING FOR CONSIDERATION OF H.R. 4800, AGRICULTURE, RURAL DEVELOPMENT, FOOD AND DRUG ADMINISTRATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2015; PROVIDING FOR CONSIDERATION OF H.R. 4457, AMERICA'S SMALL BUSINESS TAX RELIEF ACT OF 2014; AND PROVIDING FOR CONSIDERATION OF H.R. 4453, S CORPORATION PERMANENT TAX RELIEF ACT OF 2014

Mr. BURGESS, from the Committee on Rules, submitted a privileged report (Rept. No. 113-472) on the resolution (H. Res. 616) providing for consideration of the bill (H.R. 4800) making appropriations for Agriculture, Rural Development, Food and Drug Administration, and Related Agencies programs for the fiscal year ending September 30, 2015, and for other purposes; providing for consideration of the bill (H.R. 4457) to amend the Internal Revenue Code of 1986 to permanently extend increased expensing limitations, and for other purposes; and providing for consideration of the bill (H.R. 4453) to amend the Internal Revenue Code of 1986 to make permanent the reduced recognition period for built-in gains of S corporations, which was referred to the House Calendar and ordered to be printed.

PERSONAL EXPLANATION

Ms. JACKSON LEE. Mr. Speaker, on rollcall vote No. 286, I voted "yes" inadvertently. I would like the RECORD to reflect that my vote would have been "no."

CPI'S 100 PERCENT JOB
PLACEMENT

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to applaud the faculty, staff, and students of the Central Pennsylvania Institute of Science and Technology, referred to as "CPI," in Centre County, Pennsylvania's Fifth Congressional District.

On April 30, CPI's Heating, Ventilation, and Air Conditioning class graduated with a 100 percent job placement rate.

The HVAC class included over 900 hours of technical training in order to prepare students for careers in repairing basic residential and commercial heating, ventilation, air conditioning, refrigeration, and pipe fitting. Students also learn plumbing, mechanical, building codes, design schematics, blueprints, and hazardous materials and gas handling techniques.

As the cochair of the bipartisan House Career and Technical Education Caucus, I am very proud to have a great model of career and technical education right in Pennsylvania's Fifth District.

Despite unemployment remaining above average levels, many industries face challenges finding qualified employees to fill job vacancies. The skills gap between those seeking jobs and those businesses requiring highly qualified and skilled workers can adequately be addressed with the rigorous, high-quality career and technical education programs, such as those offered at CPI.

Mr. Speaker, congratulations to the recent CPI graduates. I wish them the best in their new jobs.

THE SILENCE IS DEAFENING

(Mr. COHEN asked and was given permission to address the House for 1 minute.)

Mr. COHEN. Mr. Speaker, today, sadly, the House asked for a moment of silence for a student who was killed in Oregon. Yesterday, sadly, we had a moment of silence for deaths in Nevada. We didn't have a moment of silence for the death of a student at Seattle Pacific University in Washington 3 or 4 days earlier.

Sadly, it is becoming a regular occurrence of moments of silence for children who are killed in schools. We had Santa Barbara. We have had others. There have been 74 since Newtown.

The silence is deafening that the House has not acted. Whether it is mental health, whether it is gun laws, the House needs to act and not continue to be silent.

IT IS TIME FOR CONGRESS TO
STAND UP AGAINST GUN VIO-
LENCE IN SCHOOLS

(Ms. SHEA-PORTER asked and was given permission to address the House for 1 minute.)

Ms. SHEA-PORTER. Mr. Speaker, today we stood up again for a moment of silence because there was violence in schools, and we know this has happened repeatedly since Newtown.

These families are waiting for us to do something. They are waiting for Congress to do something. They don't want us to keep standing up for a moment of silence. They want us to stand up for a vote.

I call on Speaker BOEHNER to bring some legislation to the floor. We have legislation, good legislation that can help prevent some of this terrible tragedy. So let's work together and start addressing this terrible program that is impacting so many people in our country.

CONTINUATION OF THE NATIONAL
EMERGENCY WITH RESPECT TO
THE ACTIONS AND POLICIES OF
CERTAIN MEMBERS OF THE GOV-
ERNMENT OF BELARUS AND
OTHER PERSONS TO UNDERMINE
BELARUS'S DEMOCRATIC PROC-
ESSES OR INSTITUTIONS—MES-
SAGE FROM THE PRESIDENT OF
THE UNITED STATES (H. DOC.
NO. 113-118)

The SPEAKER pro tempore (Mr. BRIDENSTINE) laid before the House the following message from the President of the United States; which was read and, together with the accompanying papers, referred to the Committee on Foreign Affairs and ordered to be printed:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to the actions and policies of certain members of the Government of Belarus and other persons to undermine Belarus's democratic processes or institutions that was declared in Executive Order 13405 of June 16, 2006, is to continue in effect beyond June 16, 2014.

The actions and policies of certain members of the Government of Belarus and other persons to undermine Belarus's democratic processes or institutions, to commit human rights abuses related to political repression, and to engage in public corruption continue to pose an unusual and extraor-

dinary threat to the national security and foreign policy of the United States. For this reason, I have determined that it is necessary to continue the national emergency declared in Executive Order 13405 with respect to Belarus.

BARACK OBAMA.
THE WHITE HOUSE, June 10, 2014.

MAKE IT IN AMERICA

The SPEAKER pro tempore. Under the Speaker's announced policy of January 3, 2013, the gentleman from California (Mr. GARAMENDI) is recognized for 60 minutes as the designee of the minority leader.

Mr. GARAMENDI. Mr. Speaker, I don't think we will take a full hour here, but there are a couple of things that we need to talk about.

I always like to start these hour sessions with why we are here; what are the values that we want to put forth.

Why do we spend these hours in the Chamber?

What is our job here?

I often find myself going back to FDR. He said back in the thirties something that has always been with me. He said: "The test of our progress is not whether we add more to the abundance of those who have much. It is whether we provide enough for those who have too little."

The test of our progress: Do we provide more to those who have much, or to those who have too little?

How can we meet this test?

What can we do?

Today is one of those days that I guess comes from "A Tale of Two Cities"; the best of times and the worst of times.

I am going to put up this photo of a levee break in California. I represent 200 miles of the Sacramento River Valley and probably have over 1,100 miles of levees. Today, actually is the best of times. The levees are not breaking. Actually, we are in the middle of a drought.

But today, at the White House, the President signed the Water Resources and Reform Development Act, an extremely important piece of legislation for my district, and for America, because this legislation provides for the protection of our cities. It provides for the flood control programs that are absolutely essential in my part of California and all across America.

So, Mr. President, thank you very much for signing that legislation.

And for the Members of this House and for the Senate that decided that it was time to put aside all the partisanship and to do something right for the people of America, we actually made progress today and the Water Resources Reform and Development Act is now the law of the land.

For California, Hamilton City will see their levees, after 15 years of effort, they will see their levees under construction in the coming year. And God willing, there won't be a flood this winter. And also an end to the drought, thank you.
