

On Leland's sixth visit to Africa on August 7, 1989, his plane crashed near Gambela, Ethiopia on a mountainside on his way to visit the Fugnido refugee camp on the Sudan-Ethiopian border. The camp held more than 300,000 Sudanese escaping famine and war in their adjacent country.

The plane, carrying sixteen people, was found after a six day search in southwestern Ethiopia.

Congressman Leland was joined on that fateful flight by: Hugh Anderson Johnson Jr.; Patrice Yvonne Johnson, both his Congressional aides; Joyce Francine Williams, an aide to fellow Congressman Ronald V. Dellums, who served as an expert on child nutrition; Y. Ivan Tillen, a New York businessman and friend of Congressman Leland's; Robert Woods, a political and economic officer at the American Embassy in Addis Ababa; Gladys Gilbert, a special projects officer for the mission of the U.S. Agency for International Development attached to the embassy; Thomas Worrick, the acting AID representative in Ethiopia, and Worrick's wife, Roberta.

Also seven Ethiopians were killed including Debebo Agonofer, an Ethiopian agricultural economist with the AID mission, and six other Ethiopians, including the plane's crew of three.

Mickey Leland's dedication and service were honored at services throughout the State of Texas and in Washington, DC. The U.S. Congress named the Mickey Leland Harris County Courthouse Annex located in the city of Houston in his name. TSU honored Mickey Leland and Barbara Jordon by dedicating the School of Public Affairs as the "Barbara Jordan and Mickey Leland School of Public Affairs."

Mickey Leland was laid to rest in accordance to his wishes in a plain pine coffin, under an oak tree in Houston's Golden Gate Cemetery located in his former neighborhood.

Mickey Leland we stand on this floor among the shadows of yesterday and the dreams of tomorrow to honor you for what you have done in far too short a lifetime

There is much more to the life of Mickey Leland that I want to share with my colleagues who will be voting on this bill to name a Post Office in his name. His life's work to end famine, hunger, and provide access to health care to the poor are tremendous in and of themselves, but he contributed much more to the lives of people he touched.

Mickey Leland was a person who loved people and found great joy in gatherings where he could meet new people or share moments with family and friends. He had a great sense of humor and would soon have others laughing at one of his stories or an account of a personal experience.

He accomplished a great deal and still had time to encourage young people to pursue careers in public service. In 1980, Mickey Leland and his close friends J. Kent Friedman and Vic Samuels founded the Mickey Leland Kibbutzim Internship. Mickey Leland was so deeply moved by his visit to Israel in 1979 that he wanted other young people to share that experience. His admiration for the Kibbutzim Movement, and his own childhood experiences of growing up in poverty inspired him to create a program to fund urban youths' travel to the Holy Land.

The Mickey Leland Kibbutzim Internship has benefited outstanding high school students from the fifth Congressional District who dem-

onstrated leadership skills allowing them to have travel to Israel.

To honor his legacy and commitment to youth, the Leland Fellowship Program at the University of Houston was initiated and launched.

The Leland Fellowship Program supports historically, economically disadvantaged students who may want to pursue employment opportunities as congressional staff members.

Leland Fellows are provided with a monthly stipend and round-trip airfare, as well as paid housing. Upon successful completion of the program, interns earn 3-12 upper level hours in political science.

Mickey Leland as Chair of the House Post Office and Civil Service Subcommittee on Postal Operations and Services championed the United States Postal Service—which remains one of the world's most efficient low cost national postal systems.

In 1987, when the Postal service considered closing a 52-year-old post office in Philadelphia he raised questions about the buildings future after the announcement to abolish 87 jobs.

Mickey Leland championed the cause of our men and women of the Postal Service by acknowledging that they were then and remain the most productive and efficient in the entire world. He chaired the committee at a time when the Postal Service was undergoing change and renovations that spoke to its age and the demand for its services by the American public.

It is the one agency that touches every home and business in the United States 6 days a week. The Post Office for roughly a hundred million Americans is the face of the Federal government.

Mickey Leland reminded us that life is made by those who take the hard road and tough challenges. Your mission to change how America viewed famine and hunger was monumental because it saved the lives of millions through domestic and international food programs that you created or inspired.

First Corinthians Chapter 12 verse 11 through 13 reads "When I was a child, I spoke as a child, I understood as a child, I thought as a child; but when I became a man, I put away childish things. For now we see through a glass, darkly; but then face to face: now I know in part; but then shall I know even as also I am known. And now abideth faith, hope, charity, these three; but the greatest of these is charity."

George Thomas "Mickey" Leland once was a child, but he grew into a man and knew in part the wages of hunger and famine and it was enough to set his course in life to relieve the suffering of people no matter where they were or who they were. He demonstrated charity in the truest sense of the word.

I was proud to call you a friend and mentor—and I am honored to stand before our colleagues in the United States House of Representatives to affirm your impact on the city of Houston, this nation and the world.

I thank my colleagues who join me in honoring former Congressman Mickey Leland by naming the Post Office located at 4110 Alameda Road in Houston, Texas, as the "George Thomas 'Mickey' Leland Post Office Building."

This post office will be a living memorial to a dedicated public servant. It has been over 25 years since we lost the Honorable George Thomas "Mickey" Leland.

I ask that my colleagues in the House of Representatives honor the life and legacy of Honorable George Thomas "Mickey" Leland by passing H.R. 78.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Georgia (Mr. COLLINS) that the House suspend the rules and pass the bill, H.R. 78.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

CORPORAL CHRISTIAN A. GUZMAN RIVERA POST OFFICE BUILDING

Mr. COLLINS of Georgia. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 5030) to designate the facility of the United States Postal Service located at 13500 SW 250 Street in Princeton, Florida, as the "Corporal Christian A. Guzman Rivera Post Office Building".

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 5030

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. CORPORAL CHRISTIAN A. GUZMAN RIVERA POST OFFICE BUILDING.

(a) DESIGNATION.—The facility of the United States Postal Service located at 13500 SW 250 Street in Princeton, Florida, shall be known and designated as the "Corporal Christian A. Guzman Rivera Post Office Building".

(b) REFERENCES.—Any references in a law, map, regulation, document, paper, or other record of the United States to the facility referred to in subsection (a) shall be deemed to be a reference to the "Corporal Christian A. Guzman Rivera Post Office Building".

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Georgia (Mr. COLLINS) and the gentleman from Illinois (Mr. DANNY K. DAVIS) each will control 20 minutes.

The Chair recognizes the gentleman from Georgia.

GENERAL LEAVE

Mr. COLLINS of Georgia. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days within which to revise and extend their remarks and include extraneous materials on the bill which is now under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Georgia?

There was no objection.

Mr. COLLINS of Georgia. Mr. Speaker, I yield such time as she may consume to the gentlewoman from Florida (Ms. ROS-LEHTINEN), and it is with great joy that I look forward to her remarks and her speaking on this important measure.

Ms. ROS-LEHTINEN. Mr. Speaker, I would like to thank Mr. COLLINS and especially Mr. ISSA, the chairman of the Oversight and Government Reform Committee, as well as our ranking member, for approving this bill and for

bringing it one step closer to its full consideration by the House today.

This legislation would name a post office in my congressional district in Princeton, Florida, an area in the southern part of Miami-Dade County, after a local hero, Marine Corporal Christian A. Guzman Rivera, who was killed by an IED, an improvised explosive device, while serving our country in Afghanistan.

Christian was 21 years old, and was killed in the western province of Afghanistan in a place called Farah by the enemies of freedom and democracy.

Christian was born on the tropical island of Puerto Rico on December 3, 1987. Two years later he moved with his family to south Florida, where he attended our public schools and joined the Junior ROTC at Homestead Senior High School.

Previously a shy boy, Christian became a more confident young man through his leadership experience in JROTC.

Upon graduation from Homestead High in 2006, he enrolled in Miami-Dade County's Fire Rescue Academy and graduated from the firefighter program. Christian also became a certified emergency medical technician, an EMT.

But Christian, who was always dedicated to public service, also wanted to serve our country in our Armed Forces. His peers say that for Christian, becoming a Marine was not a spur of the moment decision, it was his destiny. He knew it all along.

As the proud wife of a Vietnam combat veteran who volunteered for service and was severely injured in battle, and as the stepmother of two Marine aviators, I am familiar with this military calling.

During a time when the United States was involved in wars in both Iraq and Afghanistan, Christian volunteered for Active Duty service. He enlisted in the U.S. Marine Corps.

In May 2009, Christian was deployed to Afghanistan as a combat engineer attached to the 2nd Battalion, 3rd Marine Regiment.

In Afghanistan, Christian excelled. He understood his duties and his responsibilities and carried them out to the best of his abilities. He was known to be one of the most dependable combat engineer Marines in the battalion.

When his squad leader was wounded and hospitalized for a month, Christian stepped up and assumed his leadership role. Other Marines sometimes requested him specifically by name to accompany them on dangerous patrols.

First Lieutenant Enming Lou, a former Marine Corps officer, said this about Christian A. Guzman Rivera: "Senior explosive technicians thought of Christian as among the best combat engineers in the battalion."

On August 6, 2009, Christian was killed while serving during Operation Enduring Freedom in Farah Province, Afghanistan. Christian made the ultimate sacrifice in the name of liberty

and democracy, the cornerstones of America's ideals.

His military awards include the Navy and Marine Corps Commendation Medal, the Purple Heart Medal, and the Combat Action Ribbon.

Five years have passed, and Christian was and still is deeply missed by close friends in south Florida, by fellow Marines who had the privilege of serving with him, and a close-knit family who could never replace the void left in their lives.

He is survived, loved, and remembered by his mother, Velma, a wonderful lady; by his wonderful stepdad, Felix; his brother, Jonathan; his uncle, Chris, and aunts Rebecca and Vilma; his grandmother, Carmen; and cousins and friends who have endured great pain remembering Christian's sacrifice in the name of country and honor.

Mr. Speaker, Christian's brave service exceeded all measures of selflessness and devotion to our country, and I encourage my colleagues to honor Corporal Christian Guzman's memory and support this bill.

I am proud to name the Corporal Christian A. Guzman Rivera Post Office Building after our local hero who courageously sacrificed his life in the line of duty so that we could enjoy the freedom that makes our wonderful country so special.

Christian is deserving of our continuous praise and gratitude, and I am humbled in presenting this bill to my colleagues, and I pray that our good Lord will continue to give strength to Christian's family.

Mr. DANNY K. DAVIS of Illinois. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I don't think there is any greater service that one can give than to give the gift of their life fighting for their country. Therefore, I am pleased to join my colleagues in the consideration of H.R. 5030, a bill to designate the facility of the United States Postal Service located at 13500 Southwest 250 Street in Princeton, Florida, as the Corporal Christian A. Guzman Rivera Post Office Building.

A native of Homestead, Florida, Christian Guzman Rivera graduated from Homestead Senior High's ROTC program in 2006.

□ 1530

With dreams of becoming a Marine firefighter, Christian graduated from the Miami-Dade Fire Academy, and in 2007, was assigned as a battalion engineer in Okinawa, Japan.

Tragically, on August 6, 2009, after having just received a promotion to corporal, Christian Guzman Rivera was killed while supporting combat operations in Afghanistan. Although he never got the chance to fight fires as he had hoped, Corporal Rivera was named an honorary member of the Miami-Dade Fire Rescue Department, and he still remains a role model to his younger siblings.

Mr. Speaker, we should pass this bill, H.R. 5030, to recognize Corporal Chris-

tian Guzman Rivera's honor, courage, and sacrifice.

I yield back the balance of my time. Mr. COLLINS of Georgia. Mr. Speaker, as has been stated by my friend, Reverend DAVIS, and also by my dear friend from Florida (Ms. ROSLEHTINEN), at this point, you do not have to live many decades to live a full and vibrant life.

This young man proved that you can live a full life if you live each of your days to their fullest. To his credit, we will be proving this, that spirit of living a life that is full and in service to others.

With that, I would ask all of my colleagues to support H.R. 5030, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Georgia (Mr. COLLINS) that the House suspend the rules and pass the bill, H.R. 5030.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

AMERICAN SUPER COMPUTING LEADERSHIP ACT

Mr. SMITH of Texas. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 2495) to amend the Department of Energy High-End Computing Revitalization Act of 2004 to improve the high-end computing research and development program of the Department of Energy, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 2495

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "American Super Computing Leadership Act".

SEC. 2. DEFINITIONS.

Section 2 of the Department of Energy High-End Computing Revitalization Act of 2004 (15 U.S.C. 5541) is amended by striking paragraphs (1) through (5) and inserting the following:

"(1) CO-DESIGN.—The term 'co-design' means the joint development of application algorithms, models, and codes with computer technology architectures and operating systems to maximize effective use of high-end computing systems.

"(2) DEPARTMENT.—The term 'Department' means the Department of Energy.

"(3) EXASCALE.—The term 'exascale' means computing system performance at or near 10 to the 18th power floating point operations per second.

"(4) HIGH-END COMPUTING SYSTEM.—The term 'high-end computing system' means a computing system with performance that substantially exceeds that of systems that are commonly available for advanced scientific and engineering applications.

"(5) INSTITUTION OF HIGHER EDUCATION.—The term 'institution of higher education' has the meaning given the term in section 101(a) of the Higher Education Act of 1965 (20 U.S.C. 1001(a)).
