

this country, despite the fact that the Islamic State, through their social media, has been declaring their intent to do exactly that.

Why in the world aren't we closing our southern border and every other border and every other port of entry? Why aren't we pulling the passports of Americans who have become terrorists under the Islamic State and who seek to return to the United States?

Why would any sane country choose to take effective, commonsense answers to secure the safety of the American people? That is what a nation that wants to survive would do. That is the better way. That is what I hope the President of the United States will do because, you see, everything is at stake

On this, our Constitution Day, let us recognize the first duty of any nation, especially the greatest Nation, is to secure the safety, sovereignty, and security of the American people. That, we must do, and I am so proud that we have the means to do it.

I believe that we will acquire the judgment to do what needs to be done. It is within the hearts of the American people. It is within our military. Now, it is up to the politicians. Listen to wisdom. Listen to the people, and do what needs to be done.

With that, Mr. Speaker, I yield back the balance of my time.
