

world in hostile environments deciding that America can be pushed around, radical Islamists deciding this is the time to move, Iran figuring out that they have an administration that can be duped over and over again until they have the atomic weapons and the ability to carry them, which they have already got. They can do it with ships, enough to take out the Great Satan, which is the United States, according to them, and the Little Satan, Israel.

And this President is going to have a good time out in Las Vegas. Las Vegas can be fun, but not when the President says he is going to sign a law—wouldn't it be ironic if he decided to sign it at Caesars Palace, because the real Caesar's palace used to see that kind of thing on a regular basis, you know, a dictator, or Caesar just signing a law as he saw fit.

But in this case, you would think a Caesar would not sign a law that would provide the ability to displace millions of Americans who have jobs and force them into the eventuality where 92 million Americans are. They have given up hope. They have given up on their dreams.

If you believe the Bible, as I do, it makes clear that the government is here to protect people, to protect against evil, to encourage good conduct. That means following the law. You provide a protected environment in which people can be peacemakers and be meek and loving and kind and turn the other cheek.

But that is not for the government. The government's role is to enforce the law as it is. And may God plant the seeds of wisdom in the right people in this administration so they will quit harming Americans who just want a job.

Mr. Speaker, I yield back the balance of my time.
