#### STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. MCCAIN:

S. 2111. A bill to reauthorize the Yuma Crossing National Heritage Area; to the Committee on Energy and Natural Resources.

Mr. MCCAIN. Mr. President, I am pleased to introduce legislation that would reauthorize the Yuma Crossing National Heritage Area located in Yuma, AZ. A companion bill is being introduced in the House of Representatives by Congressman RAÚL GRIJALVA and Congressman ED PASTOR from Arizona.

The Yuma Crossing National Heritage Area is a unique success story in the National Heritage Areas, NHA, system. It was first authorized in 2000 under legislation sponsored by myself and former Senator Jon Kyl, P.L. 106-319. Yuma Crossing NHA has proven to be a central component in a collaborative effort by local, tribal and federal partners to transform the City of Yuma downtown riverfront area and restore riparian habitat along the banks of the Colorado River. Like many other NHAs, it was established as a means of encouraging historic preservation at a local level without assigning large federal resources for the management of land as a National Park. The Yuma Crossing NHA model continues to involve a broad coalition of local businesses, farmers, and the Quechan Tribe of the Fort Yuma Indian Reservation among others.

Yuma Crossing NHA was the first NHA to be established west of the Mississippi River. Its purpose is to preserve and share the history of the Yuma Crossing, which is a narrow granite outcropping on the Colorado River that for centuries served as the only transportation gateway for those traveling west to California, including Spanish missionaries, American pioneers, and gold rush prospectors. Prior to the completion of the transcontinental railroad in the 1860's, if you wanted to trade or travel to California, you had to go through Yuma Crossing.

The NHA designation has enabled the City of Yuma to develop plans to leverage about \$80 million in private investments, not Federal funding, for the revitalization of downtown Yuma and the historic landmark. The Yuma Crossing NHA also played a critical role in saving a former Arizona State Park unit, the historic Yuma Quartermaster Depot, which had closed and fallen into

disrepair due to state budget cuts. Moreover, the Yuma Crossing NHA has led the way in a remarkable environmental project along the Colorado River known as the Yuma East Wetlands project, which aims to remove 1,400 acres of non-native, water-guzzling salt cedar thickets and re-vegetate the area with native willows, cottonwood, and mesquite trees. The 400 acres completed thus far has aided in the initial recovery of a number of endangered and migratory bird species, including the Yuma clapper rail, the yellow-billed cuckoo, and the southwestern willow flycatcher.

As a testament to its successes, the National Park Service has downgraded the Yuma Crossing historic landmark from Threatened to Watch status. However, more work remains to be done. For example, the Yuma East Wetlands project has secured a funding commitment from non-federal parties for the next fifty years. Because NHA's have an authorization period of 15 years, it's critical that Congress reauthorize the Yuma Crossing NHA before the end of Fiscal Year 2015 so that this effort continues uninterrupted. I understand there may be a need to offset the federal spending that's authorized by this legislation, and I hope to address this concern as the bill advances through the legislative process. I encourage my colleagues to support the passage of this bill.

By Mr. DURBIN (for himself, Mr. REED, Ms. HIRONO, Mr. BROWN, Mrs. FEINSTEIN, Mr. MARKEY, Mr. CASEY, Mr. CARDIN, Mrs. BOXER, and Mrs. HAGAN):
