

goes toward creating American jobs, rebuilding and revitalizing our neighborhoods, and bringing new money to our local economies. EB-5 participants, as required by the federal statute, must directly create or retain at least ten domestic jobs within two years, jobs that otherwise may have never come to the United States; and

Whereas, EB-5 regional centers serve as a mechanism for coordinating and attracting potential investor-immigrants as well as offering investor-immigrants enhanced services. Public regional centers can serve as international marketers for the area in which they represent. Public regional centers also serve as concentrators of economic development, compounding investment after investment into their local economies. Investor-immigrants using regional centers also benefit from a broader interpretation of the EB-5 job creation requirement. While the minimum investment requirements remain the same, immigrant-investors going through an EB-5 regional center may count indirect job creation as well; and

Whereas, The establishment of a state of Michigan EB-5 regional center would be a crucial component in the ongoing effort to rebuild our economy. State-sponsored regional centers provide an unparalleled ability to attract and retain potential investors. States like Michigan can bring investor-immigrants to the table in ways private regional centers cannot and develop solid, lasting relationships. Statewide regional centers can also develop and deploy an estimable portfolio of statewide resources like industrial site searches, facilitate connections with local suppliers, laborers, and other businesses, and provide a general orientation of the government and economic environment to business owners; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the President and Congress of the United States to support Michigan's application for a state-sponsored EB-5 regional center; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, President of the United States Senate, the Speaker of the United States House of Representatives, Chairman and Ranking Member of the United States Senate Committee on the Judiciary, Chairman and Ranking Member of the United States House Committee on the Judiciary, Director of the United States Citizenship and Immigration Services, and the members of the Michigan congressional delegation.

POM-217. A resolution adopted by the House of Representatives of the State of Michigan memorializing the President and Congress of the United States to support Michigan's request for 50,000 EB-5 visas to assist in the economic recovery of the city of Detroit; to the Committee on the Judiciary.

HOUSE RESOLUTION NO. 316

Whereas, Professionals with advanced skills in science, technology, engineering, or mathematics (STEM) are crucial to the continued development of our economy. However, Michigan continues to suffer from a shortage of workers with advanced training in STEM-related skills, and this shortage is expected to worsen over the coming years with STEM-related occupations growing 1.7 times the rate of non-STEM-related occupations. By 2018, Michigan is estimated to have 274,000 more STEM-related positions available than professionals to fill them. While we are committed to increasing STEM proficiency in our own students, Michigan must also seek out and retain professionals with advanced degrees to help build our economy now; and

Whereas, The city of Detroit has a special need for skilled professionals to help rebuild,

revitalize, and reinvigorate the city. In recent years, Detroit, an iconic American city, has seen an unprecedented decline in population, and the loss of local revenue has made it difficult for the city to meet its financial obligations. Recruiting skilled professionals is one step toward achieving economic recovery and relieving the city's acute unemployment. In addition to adding a valuable new dynamic to the local economy, with their employment comes new consumers, increasing demand, and job growth in other sectors; and

Whereas, Allowing immigrants to fill vacant STEM positions would provide an economic boost to the state of Michigan and the city of Detroit. Through the recruitment and retention of foreign-born professionals, targeted immigration can help quench the unmet demands of Michigan's labor market—avoiding the suppression of economic production and growth that results—and help fortify the long-term health of its economy. Immigrants working in the United States also leverage their skills to contribute to the American economy rather than increasing the productivity and value of another nation's economy; and

Whereas, Federal employment-based visa programs, particularly the EB-2 program, grant foreign-born professionals legal working status in the United States. Designed for individuals with advanced degrees or its equivalent, the EB-2 program permits foreign-born professionals with STEM-related or business skills to be employed with domestic businesses, businesses otherwise unable to fill these jobs with the existing labor market. This program also encourages immigrants with exceptional abilities—abilities in science, art, or business that are significantly above those of ordinary workers in the field—to obtain an EB-2 visa; and

Whereas, The state of Michigan has requested a pilot program be instituted to reallocate 50,000 EB-2 visas over the next five years for use in the city of Detroit. As proposed, 5,000 visas would be made available to foreign-born professionals the first year, 10,000 visas for the next three years, and 15,000 visas would be available in the fifth year. Rather than taking from the national pool of annually-available EB-2 visas, the administration would reallocate any unused EB-1, EB-2, EB-3, and family-based preference visas into the EB-2 pilot program, making them available for employment opportunities in the city of Detroit; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the President and Congress of the United States to support Michigan's request for 50,000 EB-2 visas to assist in the economic recovery of the city of Detroit; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, President of the United States Senate, the Speaker of the United States House of Representatives, Chairman and Ranking Member of the United States Senate Committee on the Judiciary, Chairman and Ranking Member of the United States House Committee on the Judiciary, Director of the United States Citizenship and Immigration Services, and the members of the Michigan congressional delegation.

POM-218. A joint resolution adopted by the General Assembly of the Commonwealth of Virginia rescinding and withdrawing all past resolutions by the General Assembly applying to the Congress of the United States to call a convention for the purpose of amending the Constitution of the United States; to the Committee on the Judiciary.

HOUSE JOINT RESOLUTION NO. 194

Whereas, there has been no convention convened to amend the Constitution of the

United States, and all amendments adopted to date have been initiated by two-thirds of the members of both houses of Congress and ratified by three-fourths of the states; and

Whereas, the operations of a convention are unknown and the apportionment and selection of delegates, method of voting in convention, and other essential procedural details are not specified in Article V of the Constitution of the United States; and

Whereas, the General Assembly of Virginia has not called for a convention to amend the Constitution of the United States in the recent past, but in the more distant past has called for a convention (i) by House Joint Resolution No. 168 in 1977 concerning a presidential item veto, (ii) by the second resolved clause of Senate joint Resolution No. 36 in 1976 concerning a balanced budget, and (iii) by other resolutions applying to the Congress to call a convention; and

Whereas, the status of these past resolutions is unclear and the prudent course requires the General Assembly to rescind and withdraw all past applications for a convention to amend the Constitution of the United States lest a convention be convened without current and careful consideration; now, therefore, be it

Resolved by the House of Delegates, the Senate concurring, That the General Assembly of Virginia rescinds and withdraws all past resolutions by the General Assembly applying to the Congress of the United States to call a convention for the purpose of amending the Constitution of the United States including HJR No. 168 (1977), SJR No. 36 (1976), and all other resolutions calling for a convention; and, be it

Resolved Further, That the Clerk of the House of Delegates transmit certified copies of this joint resolution to the Archivist of the United States at the National Archives and Records Administration of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Virginia delegation to the United States Senate and House of Representatives.
