

residents of Sac County to build a legacy of a stronger local economy, better schools and educational opportunities, and a healthier, safer community.

Between 2001 and 2013, the creative leadership in your community has worked with me to successfully acquire financial assistance from programs I have fought hard to support, which have provided more than \$5.6 million to the local economy.

Of course my favorite memory of working together has to be Sac County's excellent work to secure funding for firefighting equipment through Federal Emergency Management Agency, FEMA, fire grants. I look forward to seeing how Fremont County has implemented this important funding in their community.

Among the highlights:

Investing in Iowa's economic development through targeted community projects: In Northwest Iowa, we have worked together to grow the economy by making targeted investments in important economic development projects including improved roads and bridges, modernized sewer and water systems, and better housing options for residents of Sac County. In many cases, I have secured Federal funding that has leveraged local investments and served as a catalyst for a whole ripple effect of positive, creative changes. For example, working with mayors, city council members, and local economic development officials in Sac County, I have fought for funding for small airport funding at the Federal Aviation Administration, which allowed community leaders to successfully acquire over \$1.5 million in airport improvements, helping to create jobs and expand economic opportunities.

School grants: Every child in Iowa deserves to be educated in a classroom that is safe, accessible, and modern. That is why, for the past decade and a half, I have secured funding for the innovative Iowa Demonstration Construction Grant Program—better known among educators in Iowa as Harkin grants for public schools construction and renovation. Across 15 years, Harkin grants worth more than \$132 million have helped school districts to fund a range of renovation and repair efforts—everything from updating fire safety systems to building new schools. In many cases, these Federal dollars have served as the needed incentive to leverage local public and private dollars, so it often has a tremendous multiplier effect within a school district. Over the years, Sac County has received \$158,167 in Harkin grants. Similarly, schools in Sac County have received funds that I designated for Iowa Star Schools for technology totaling \$99,430.

Agricultural and rural development: Because I grew up in a small town in rural Iowa, I have always been a loyal friend and fierce advocate for family farmers and rural communities. I have been a member of the House or Senate Agriculture Committee for 40 years—

including more than 10 years as chairman of the Senate Agriculture Committee. Across the decades, I have championed farm policies for Iowans that include effective farm income protection and commodity programs; strong, progressive conservation assistance for agricultural producers; renewable energy opportunities; and robust economic development in our rural communities. Since 1991, through various programs authorized through the farm bill, Sac County has received more than \$3.1 million from a variety of farm bill programs.

Keeping Iowa communities safe: I also firmly believe that our first responders need to be appropriately trained and equipped, able to respond to both local emergencies and to statewide challenges such as, for instance, the methamphetamine epidemic. Since 2001, Sac County's fire departments have received over \$585,000 for firefighter safety and operations equipment.

Disability Rights: Growing up, I loved and admired my brother Frank, who was deaf. But I was deeply disturbed by the discrimination and obstacles he faced every day. That is why I have always been a passionate advocate for full equality for people with disabilities. As the primary author of the Americans with Disabilities Act, ADA, and the ADA Amendments Act, I have had four guiding goals for our fellow citizens with disabilities: equal opportunity, full participation, independent living, and economic self-sufficiency. Nearly a quarter century since passage of the ADA, I see remarkable changes in communities everywhere I go in Iowa—not just in curb cuts or closed captioned television but in the full participation of people with disabilities in our society and economy, folks who at long last have the opportunity to contribute their talents and to be fully included. These changes have increased economic opportunities for all citizens of Sac County, both those with and without disabilities. And they make us proud to be a part of a community and country that respects the worth and civil rights of all of our citizens.

This is at least a partial accounting of my work on behalf of Iowa, and specifically Sac County, during my time in Congress. In every case, this work has been about partnerships, cooperation, and empowering folks at the State and local level, including in Sac County, to fulfill their own dreams and initiatives. And, of course, this work is never complete. Even after I retire from the Senate, I have no intention of retiring from the fight for a better, fairer, richer Iowa. I will always be profoundly grateful for the opportunity to serve the people of Iowa as their Senator.●

REMEMBERING JOE DINI

● Mr. HELLER. Mr. President, I rise in remembrance of Joe Dini, a true Ne-

vada statesman and dedicated public servant.

Joe found his calling leading Nevada's citizens in the legislature through more than 20 years of public service. Elected for an unprecedented eight sessions, he is remembered as a friend and a gentleman by both his colleagues and me. His leadership and exemplary contributions to the State of Nevada are, and continue to remain, unmatched.

A quiet and humble man with an aptitude for compromise, Joe unquestionably sustained our State throughout his long tenure. Supporting Nevada's economic backbone through his involvement in the gaming industry, Joe expanded Nevada's economy and presence among the Nation. As a legislator, his focus was not only on issues of importance in his rural district, such as agriculture and water policy, but also on issues of necessity in the entire State regarding education, health care, and, of course, his legacy, the bistate Tahoe Regional Planning Agency.

Moreover, his loyalty and dedication to his community civics was exceptional. Knowing and fighting for his constituency's concerns, all while searching for what was best for Nevada, despite rifts in political ideologies, are two things Nevadans will never forget about Joe.

Born in 1929, rising from modest beginnings, Joe, the son of an Italian immigrant saloonkeeper, was raised in Yerington, a very small, rural community in Nevada. Yet through achievement of self and service, he became one of the most influential Nevadans in our State's rich history. His motivation and selflessness embodies the "Battle Born" State. With his passing, Nevada lost a great man who is immortalized for encouraging respect among his community and fellow assemblymen.

My entire family extends our thoughts and condolences to Joe's loved ones, and we thank them for their service as well.

I ask my colleagues to join me in remembering Assemblyman Dini for his unwavering loyalty and dedication to Nevada.●
