“This title may be cited as the ‘Fair Value Accounting Act of 2014’.

#### “SEC. 501. PURPOSES.

“The purposes of this title are to—

“(1) measure more accurately the costs of Federal credit programs by accounting for them on a fair value basis;

“(2) place the cost of credit programs on a budgetary basis equivalent to other Federal spending;

“(3) encourage the delivery of benefits in the form most appropriate to the needs of beneficiaries; and

“(4) improve the allocation of resources among Federal programs.

#### “SEC. 502. DEFINITIONS.

“For purposes of this title:

“(1) The term ‘direct loan’ means a disbursement of funds by the Government to a non-Federal borrower under a contract that requires the repayment of such funds with or without interest. The term includes the purchase of, or participation in, a loan made by another lender and financing arrangements that defer payment for more than 90 days, including the sale of a Government asset on credit terms. The term does not include the acquisition of a federally guaranteed loan in satisfaction of default claims or the price support loans of the Commodity Credit Corporation.

“(2) The term ‘direct loan obligation’ means a binding agreement by a Federal agency to make a direct loan when specified conditions are fulfilled by the borrower.

“(3) The term ‘loan guarantee’ means any guarantee, insurance, or other pledge with respect to the payment of all or a part of the principal or interest on any debt obligation of a non-Federal borrower to a non-Federal lender, but does not include the insurance of deposits, shares, or other withdrawable accounts in financial institutions.

“(4) The term ‘loan guarantee commitment’ means a binding agreement by a Federal agency to make a loan guarantee when specified conditions are fulfilled by the borrower, the lender, or any other party to the guarantee agreement.

“(5)(A) The term ‘cost’ means the sum of the Treasury discounting component and the risk component of a direct loan or loan guarantee, or a modification thereof.

“(B) The Treasury discounting component shall be the estimated long-term cost to the Government of a direct loan or loan guarantee, or modification thereof, calculated on a net present value basis, excluding administrative costs and any incidental effects on governmental receipts or outlays.

“(C) The risk component shall be an amount equal to the difference between—

“(i) the estimated long-term cost to the Government of a direct loan or loan guarantee, or modification thereof, estimated on a fair value basis, applying the guidelines set forth by the Financial Accounting Standards Board in Financial Accounting Standards #157, or a successor thereto, excluding administrative costs and any incidental effects on governmental receipts or outlays; and

“(ii) the Treasury discounting component of such direct loan or loan guarantee, or modification thereof.

“(D) The Treasury discounting component of a direct loan shall be the net present value, at the time when the direct loan is disbursed, of the following estimated cash flows:

“(i) Loan disbursements.

“(ii) Repayments of principal.

“(iii) Essential preservation expenses, payments of interest and other payments by or to the Government over the life of the loan after adjusting for estimated defaults, prepayments, fees, penalties, and other recoveries, including the effects of changes in loan terms resulting from the exercise by the borrower of an option included in the loan contract.

“(E) The Treasury discounting component of a loan guarantee shall be the net present value, at the time when the guaranteed loan is disbursed, of the following estimated cash flows:

“(i) Payments by the Government to cover defaults and delinquencies, interest subsidies, essential preservation expenses, or other payments.

“(ii) Payments to the Government including origination and other fees, penalties, and recoveries, including the effects of changes in loan terms resulting from the exercise by the guaranteed lender of an option included in the loan guarantee contract, or by the borrower of an option included in the guaranteed loan contract.

“(F) The cost of a modification is the sum of—

“(i) the difference between the current estimate of the Treasury discounting component of the remaining cash flows under the terms of a direct loan or loan guarantee and the current estimate of the Treasury discounting component of the remaining cash flows under the terms of the contract, as modified; and

“(ii) the difference between the current estimate of the risk component of the remaining cash flows under the terms of a direct loan or loan guarantee and the current estimate of the risk component of the remaining

cash flows under the terms of the contract as modified.

“(G) In estimating Treasury discounting components, the discount rate shall be the average interest rate on marketable Treasury securities of similar duration to the cash flows of the direct loan or loan guarantee for which the estimate is being made.

“(H) When funds are obligated for a direct loan or loan guarantee, the estimated cost shall be based on the current assumptions, adjusted to incorporate the terms of the loan contract, for the fiscal year in which the funds are obligated.

“(6) The term ‘program account’ means the budget account into which an appropriation to cover the cost of a direct loan or loan guarantee program is made and from which such cost is disbursed to the financing account.

“(7) The term ‘financing account’ means the nonbudget account or accounts associated with each program account which holds balances, receives the cost payment from the program account, and also includes all other cash flows to and from the Government resulting from direct loan obligations or loan guarantee commitments made on or after October 1, 1991.

“(9) The term ‘modification’ means any Government action that alters the estimated cost of an outstanding direct loan (or direct loan obligation) or an outstanding loan guarantee (or loan guarantee commitment) from the current estimate of cash flows. This includes the sale of loan assets, with or without recourse, and the purchase of guaranteed loans (or direct loan obligations) or loan guarantees (or loan guarantee commitments) such as a change in collection procedures.

“(10) The term ‘current’ has the same meaning as in section 250(c)(9) of the Balanced Budget and Emergency Deficit Control Act of 1985.

“(11) The term ‘Director’ means the Director of the Office of Management and Budget.

“(12) The term ‘administrative costs’ means costs related to program management activities, but does not include essential preservation expenses.

“(c) COORDINATION WITH THE CONGRESSIONAL BUDGET OFFICE.—In developing estimation guidelines, regulations, or criteria to be used by Federal agencies, the Director shall consult with the Director of the Congressional Budget Office.

“(d) IMPROVING COST ESTIMATES.—The Director and the Director of the Congressional Budget Office shall coordinate the development of more accurate data on historical performance and prospective risk of direct loan and loan guarantee programs. They shall annually review the performance of

outstanding direct loans and loan guarantees to improve estimates of costs. The Office of Management and Budget and the Congressional Budget Office shall have access to all agency data that may facilitate the development and improvement of estimates of costs.

“(e) HISTORICAL CREDIT PROGRAMS COSTS.—The Director shall review, to the extent possible, historical data and develop the best possible estimates of adjustments that would convert aggregate historical budget data to credit reform accounting.

**“SEC. 504. BUDGETARY TREATMENT.**

“(a) PRESIDENT’S BUDGET.—Beginning with fiscal year 2017, the President’s budget shall reflect the costs of direct loan and loan guarantee programs. The budget shall also include the planned level of new direct loan obligations or loan guarantee commitments associated with each appropriations request. For each fiscal year within the five-fiscal year period beginning with fiscal year 2017, such budget shall include, on an agency-by-agency basis, subsidy estimates and costs of direct loan and loan guarantee programs with and without the risk component.

“(b) APPROPRIATIONS REQUIRED.—Notwithstanding any other provision of law, new direct loan obligations may be incurred and new loan guarantee commitments may be made for fiscal year 2017 and thereafter only to the extent that—

“(1) new budget authority to cover their costs is provided in advance in an appropriation Act;

“(d) BUDGET ACCOUNTING.—

“(1) The authority to incur new direct loan obligations, make new loan guarantee commitments, or modify outstanding direct loans (or direct loan obligations) or loan guarantees (or loan guarantee commitments) shall constitute new budget authority in an amount equal to the cost of the direct loan or loan guarantee in the fiscal year in which definite authority becomes available or indefinite authority is used. Such budget authority shall constitute an obligation of the program account to pay to the financing account.

“(2) The outlays resulting from new budget authority for the cost of direct loans or loan guarantees described in paragraph (1) shall be paid from the program account into the financing account and recorded in the fiscal year in which the direct loan or the guaranteed loan is disbursed or its costs altered.

“(3) All collections and payments of the financing accounts shall be a means of financing.

the additional cost has been provided in advance in an appropriation Act.

“(f) REESTIMATES.—When the estimated cost for a group of direct loans or loan guarantees for a given program made in a single fiscal year is re-estimated in a subsequent year, the difference between the reestimated cost and the previous cost estimate shall be displayed as a distinct and separately identified subaccount in the program account as a change in program costs and a change in net interest. There is hereby provided permanent indefinite authority for these re-estimates.

“(g) ADMINISTRATIVE EXPENSES.—All funding for an agency’s administrative costs associated with a direct loan or loan guarantee program shall be displayed as distinct and separately identified subaccounts within the same budget account as the program’s cost.

“(b) TREASURY TRANSACTIONS WITH THE FINANCING ACCOUNTS.—

“(1) IN GENERAL.—The Secretary of the Treasury shall borrow from, receive from, lend to, or pay to the financing accounts such amounts as may be appropriate. “(2) LOANS.—For guaranteed loans financed by the Bank and treated as direct loans by a Federal agency pursuant to section 406(b)(1), any fee or interest surcharge (the amount by which the interest rate charged exceeds the rate determined pursuant to section 502(5)(G)) that the Bank charges to a private borrower pursuant to section 6(c) of the Federal Financing Bank Act of 1973 shall be considered a cash flow to the Government for the purposes of determining the cost of the direct loan pursuant to section 502(5). All such amounts shall be credited to the appropriate financing account.

“(3) REIMBURSEMENT.—The Bank is authorized to require reimbursement from a Federal agency to cover the administrative expenses of the Bank that are attributable to the direct loans financed for that agency. All such payments by an agency shall be considered administrative expenses subject to section 504(g). This subsection shall apply to transactions related to direct loan obligations or loan guarantee commitments made on or after October 1, 1991.

“(4) AUTHORITY.—The authorities provided in this subsection shall not be construed to supersede or override the authority of the head of a Federal agency to administer and operate a direct loan or loan guarantee program.

these funds. The Secretary of the Treasury shall charge (or pay if the amount is negative) financing accounts an amount equal to the risk component for a direct loan or loan guarantee, or modification thereof. Such amount received by the Secretary of the Treasury shall be a means of financing and shall not be considered a cash flow of the Government for the purposes of section 502(5).

“(c) AUTHORIZATION FOR LIQUIDATING ACCOUNTS.—(1) Amounts in liquidating accounts shall be available only for payments resulting from direct loan obligations or loan guarantee commitments made prior to October 1, 1991, for—

“(2) Amounts credited to liquidating accounts in any year shall be available only for payments required in that year. Any unobligated balances in liquidating accounts at the end of a fiscal year shall be transferred to miscellaneous receipts as soon as practicable after the end of the fiscal year.

“(3) If funds in liquidating accounts are insufficient to satisfy obligations and commitments of such accounts, there is hereby provided permanent, indefinite authority to make any payments required to be made on such obligations and commitments.

“(d) REINSURANCE.—Nothing in this title shall be construed as authorizing or requiring the purchase of insurance or reinsurance on a direct loan or loan guarantee from private insurers. If any such reinsurance for a direct loan or loan guarantee is authorized, the cost of such insurance and any recoveries to the Government shall be included in the calculation of the cost.

“(e) ELIGIBILITY AND ASSISTANCE.—Nothing in this title shall be construed to change the authority or the responsibility of a Federal agency to determine the terms and conditions of eligibility for, or the amount of assistance provided by a direct loan or a loan guarantee.

**“SEC. 506. TREATMENT OF DEPOSIT INSURANCE AND AGENCIES AND OTHER INSURANCE PROGRAMS.**

“(a) EFFECT ON OTHER LAWS.—This title shall supersede, modify, or repeal any provision of law enacted prior to the date of enactment of this title to the extent such provision is inconsistent with this title. “(b) CREDITING OF COLLECTIONS.—Collections resulting from direct loans obligated or loan guarantees committed prior to October 1, 1991, shall be credited to the liquidating accounts of Federal agencies. Amounts so credited shall be available, to the same extent that they were available prior to the date of enactment of this title, to liquidate obligations arising from such direct loans obligated or loan guarantees committed prior to October 1, 1991, including repayment of any obligations held by the Secretary of the Treasury or the Federal Financing Bank. **SEC. \_\_\_\_ . PREVENTING REGULATORY OVERREACH TO ENHANCE CARE TECHNOLOGY.**

(a) FINDINGS; SENSE OF CONGRESS.—

(1) FINDINGS.—Congress finds as follows:

(A) The mobile health and mobile application economy was created in the United States and is now being exported globally, with the market expected to exceed \$26,000,000,000 by 2017.

(B) The United States mobile application economy is responsible for nearly 500,000 new jobs in the United States.

(C) Consumer health information technologies, including smart phones and tablets, have the potential to transform health care delivery through reduced systemic costs, improved patient safety, and better clinical outcomes.

(D) Clinical and health software innovation cycles evolve and move faster than the existing regulatory approval processes.

(E) Consumers and innovators need a new risk-based framework for the oversight of clinical and health software that improves on the framework of the Food and Drug Administration.

(F) A working group convened jointly by the Food and Drug Administration, the Federal Communications Commission, and the Office of the National Coordinator for Health Information Technology identified in a report that there are several major barriers to the effective regulation of health information technology that cannot be alleviated without changes to existing law.

(2) SENSE OF CONGRESS.—It is the sense of Congress that—

(A) the President and Congress must intervene to facilitate interagency coordination across regulators that focuses agency efforts on fostering health information technology and mobile health innovation while better protecting patient safety, improving health care, and creating jobs in the United States;

(B) the President and the Congress should work together to develop and enact legislation that establishes a risk-based regulatory framework for such clinical software and health software that reduces regulatory burdens, fosters innovation, and, most importantly, improves patient safety;

(C) The National Institute of Standards and Technology should be the Federal agen-

cy that has oversight over technical standards used by clinical software; and

(D) The National Institute of Standards and Technology, in collaboration with the Federal Communications Commission, the National Patient Safety Foundation, and the Office of the National Coordinator for Health Information Technology, should work on next steps, beyond current oversight efforts, regarding health information technology, such as collaborating with nongovernmental entities to develop certification processes and to promote best practice standards.

**(b) CLINICAL SOFTWARE AND HEALTH SOFTWARE.—**

(1) DEFINITIONS.—Section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321) is amended by adding at the end the following:

“(ss)(1) The term ‘clinical software’ means clinical decision support software or other software (including any associated hardware and process dependencies) intended for human or animal use that—

“(A) captures, analyzes, changes, or presents patient or population clinical data or information and may recommend courses of clinical action, but does not directly change the structure or any function of the body of man or other animals; and

“(B) is intended to be marketed for use only by a health care provider in a health care setting.

“(2) The term ‘health software’ means software (including any associated hardware and process dependencies) that is not clinical software and—

“(A) that captures, analyzes, changes, or presents patient or population clinical data or information;

“(B) that supports administrative or operational aspects of health care and is not used in the direct delivery of patient care; or

“(C) whose primary purpose is to act as a platform for a secondary software, to run or act as a mechanism for connectivity, or to store data.

“(3) The terms ‘clinical software’ and ‘health software’ do not include software—

“(A) that is intended to interpret patient-specific device data and directly diagnose a patient or user without the intervention of a health care provider;

“(B) that conducts analysis of radiological or imaging data in order to provide patient-specific diagnostic and treatment advice to a health care provider;

“(C) whose primary purpose is integral to the function of a drug or device; or

“(D) that is a component of a device.”.

(2) PROHIBITION.—Subchapter A of chapter V of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 351 et seq.) is amended by adding at the end the following:

**“SEC. 524B. CLINICAL SOFTWARE AND HEALTH SOFTWARE.**

“Clinical software and health software shall not be subject to regulation under this Act.”.
