

including more than 10 years as chairman of the Senate Agriculture Committee. Across the decades, I have championed farm policies for Iowans that include effective farm income protection and commodity programs; strong, progressive conservation assistance for agricultural producers; renewable energy opportunities; and robust economic development in our rural communities. Since 1991, through various programs authorized through the farm bill, Wright County has received more than \$22 million from a variety of farm bill loan and grant programs.

Keeping Iowa communities safe: I also firmly believe that our first responders need to be appropriately trained and equipped, able to respond to both local emergencies and to statewide challenges such as, for instance, the methamphetamine epidemic. Since 2001, Wright County's fire departments have received over \$168,000 for firefighter safety and operations equipment.

Disability rights: Growing up, I loved and admired my brother Frank, who was deaf. But I was deeply disturbed by the discrimination and obstacles he faced every day. That is why I have always been a passionate advocate for full equality for people with disabilities. As the primary author of the Americans with Disabilities Act, ADA, and the ADA Amendments Act, I have had four guiding goals for our fellow citizens with disabilities: equal opportunity, full participation, independent living and economic self-sufficiency. Nearly a quarter century since passage of the ADA, I see remarkable changes in communities everywhere I go in Iowa not just in curb cuts or closed captioned television, but in the full participation of people with disabilities in our society and economy, folks who at long last have the opportunity to contribute their talents and to be fully included. These changes have increased economic opportunities for all citizens of Wright County, both those with and without disabilities. And they make us proud to be a part of a community and country that respects the worth and civil rights of all of our citizens.

This is at least a partial accounting of my work on behalf of Iowa, and specifically Wright County, during my time in Congress. In every case, this work has been about partnerships, cooperation, and empowering folks at the State and local level, including in Wright County, to fulfill their own dreams and initiatives. And, of course, this work is never complete. Even after I retire from the Senate, I have no intention of retiring from the fight for a better, fairer, richer Iowa. I will always be profoundly grateful for the opportunity to serve the people of Iowa as their Senator.●

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-317. A resolution adopted by the House of Representatives of the State of Michigan urging the United States Department of Veterans Affairs to follow Federal Housing Administration guidelines as they apply to site condominiums and view them as single-family homes as long as they meet certain criteria; to the Committee on Banking, Housing, and Urban Affairs.

HOUSE RESOLUTION No. 371

Whereas, Financing condominium ownership using government-backed loans is challenging. Traditional condominium units can be riskier for lenders because of the rights afforded to condominium associations, how associations are structured, and deed restrictions. This has made loans backed by the Federal Housing Administration (FHA) and Department of Veterans Affairs (VA) difficult to obtain unless the condominium development meets occupancy requirements and is approved by the agency; and

Whereas, Site condominiums are single-family condominium developments that have the benefit of reducing some lending risks. Here, condominium units are stand-alone structures similar to single-family dwellings where owners are responsible for the upkeep of the entire structure rather than the interior alone and the association is responsible for maintaining the grounds; and

Whereas, In 2009, the FHA began allowing site condominium buyers in certain non-approved condominium developments to receive FHA financing so long as the development met certain criteria. This included requiring each unit to be a detached single-family unit where the entire structure is considered the condominium unit. The unit owner is also responsible for all insurance and maintenance costs of the structure; and

Whereas, The VA has not yet adopted a similar policy. The FHA's site condominium policy has been beneficial to low- and medium-income home buyers and would be beneficial to veterans as well. Allowing VA-backed loans to finance site condominiums ownership without needing condominium developments to be approved by the agency will help connect elderly and disabled veterans unable to perform day-to-day property maintenance with affordable housing in desirable neighborhoods. Now, therefore, be it

Resolved by the House of Representatives, That we urge the U.S. Department of Veterans Affairs to follow Federal Housing Administration guidelines as they apply to site
