STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. REED:

S. 2802. A bill to amend the Education Sciences Reform Act of 2002 and the Educational Technical Assistance Act of 2002 to strengthen research in adult education; to the Committee on Health, Education, Labor, and Pensions.

Mr. REED. Mr. President, I am pleased to introduce the Strengthening Research in Adult Education Act. The recently enacted Workforce Innovation and Opportunity Act recognized that the adult education field has evolved from a literacy skills program to a more comprehensive college and career readiness initiative to ensure that adult learners have the foundational skills to fully participate in the community and compete for jobs that provide family sustaining wages. We need to ensure that there is a strong research base to support this vital transition.

For 2012, data from the Program for the International Assessment of Adult Competencies show that an estimated 52 percent of adults ages 16–65 in the United States lack the literacy skills necessary to identify, interpret, or evaluate one or more pieces of information. These are essential skills for postsecondary education and the workplace. Beyond their value in the labor market, these skills are also correlated with health and civic participation. Clearly, improving adult education is critically important to the health and well-being of our people, our economy, and our democracy.

In Rhode Island, it is estimated that nearly 130,000 adults have less than a high school education. Over 45,000 have limited English proficiency. Yet, we are reaching less than 6,000 through the current adult education program.
