

My Sudden Unexpected Death Data Enhancement and Awareness Act would fill in the gap in how infant deaths are tracked by the Federal Government so that we can better understand and prevent these tragedies.

We can begin to address the disparities facing our communities—and our economies—by working together on the local, State, and federal levels. Ohio is fortunate to have organizations like The Center for Closing the Health Gap working to make sure that all Ohioans have a chance to lead healthy, successful lives.●

SA-TECH'S 25TH ANNIVERSARY

● Mr. CARDIN. Mr. President, I wish to congratulate Mr. Timothy J. Adams, the President and Chief Executive Officer of Systems Application & Technologies, Inc., SA-TECH, and all SA-TECH employees on the firm's 25th anniversary. Since 1994, SA-TECH has been based in Maryland and has grown to be one of the largest privately held, minority-owned businesses in the Nation. Mr. Adams and each of the more than 400 full-time employees at SA-TECH deserve recognition for their valuable contributions supporting Department of Defense missions and the Maryland community.

Twenty-five years ago, Mr. Adams founded SA-TECH in Oxnard, CA and then moved the headquarters to Largo, MD in 1994. SA-TECH's services originally focused on the high technology and technical support domain for the Department of Defense, but have since evolved into other areas including program management, operations & maintenance, security, and logistics support services. The company has grown from two employees at one California location to more than 400 full time employees in more than 20 domestic and international locations. SA-TECH is an example of a successful minority-owned business and has been rightfully recognized as one of Maryland's Top 50 Diversity Owned Businesses and a Top 100 Black Enterprise Industrial/Services Black Businesses in the Nation, and has received many other recognitions including the Prince George's Black Chamber of Commerce Exemplary Business Recognition Award.

Over the past few years, I have toured my home State on a "Made in Maryland Tour" to visit Maryland businesses and highlight the diverse products and services being produced in our great State. The tour is also designed to celebrate the hardworking Marylanders who make these products and provide the services, and the companies who provide those jobs in our local communities. One common thread running throughout all of these successful businesses has been the business and business leaders' willingness to give back to their local community. SA-TECH is no exception. Under Mr. Adam's leadership, SA-TECH has grown to be a true community partner, supporting Department of Defense facilities and the Maryland community at large. SA-TECH has worked with

other partners to renovate the Maryland Room at Joint Base Andrews Malcolm Grow Medical Center for wounded servicemembers returning from deployment, build a Family Room at Joint Base Andrews' passenger terminal, and provide academic scholarships to the top graduates of the United States Air Force's Airman Leadership School for enlisted personnel. In Mr. Adams' personal life as the former Chairman of the Board of the Bowie State University Foundation, he worked with the board to increase the endowment of the student scholarship fund to surpass \$5,000,000. These scholarships play a key role in retaining economically disadvantaged Bowie State students and ensuring that Bowie State maintains the highest retention rate among Maryland's Historically Black Colleges and Universities.

In closing, I am proud of this Maryland company, which provides good paying, full time work in service of our Nation's military mission and the Maryland community. I offer my best wishes for the continued success of SA-TECH, Mr. Adams, and all of SA-TECH's employees.●

TRIBUTE TO MAJOR LEWIS G. SORVILLO

● Mr. CHAMBLISS. Mr. President, I wish to pay tribute to Maj. Lewis Sorvillo for his exemplary dedication to duty and service to the U.S. Air Force and to the United States of America. Major Sorvillo spent the last year serving in my office as a congressional defense fellow, and it is my distinct pleasure to congratulate him as he concludes an exemplary tour of duty in the Senate.

Major Sorvillo was born in Youngstown, OH. He enlisted in the Air Force in 1994 as a motor vehicle operator, ultimately advancing as a noncommissioned officer and aide on the Vice President's military staff. After his White House service across two presidential administrations, Major Sorvillo earned his commission in 2002 as a distinguished graduate of the Air Force Officer Training School at Maxwell Air Force Base, AL. For his superior performance at OTS, Major Sorvillo was awarded the Top Hawk Award as his squadron's No. 1 graduate.

Major Sorvillo subsequently qualified as a communications officer and was assigned to Patrick Air Force Base, FL, in support of the 45th Space Wing's mission of delivering assured space launch for the Nation. While at Patrick AFB, Major Sorvillo again distinguished himself by leading the Air Force Space Command's top information assurance unit of the year. He subsequently served at Goodfellow Air Force Base, TX, where he was responsible for the critical communication infrastructure necessary to train the Air Force's next generation of intelligence, surveillance, and reconnaissance professionals.

From Goodfellow AFB Major Sorvillo joined the command staff of the U.S. Air Forces in Europe. As a senior offi-

cer in the USAFE communications directorate's plans and policy branch and subsequently force management branch, he played an instrumental role in the manpower, training, utilization, and readiness of 130 cyber operations officers at 42 locations throughout 10 countries.

Across his two decades of service, Major Sorvillo has deployed to Bosnia, Saudi Arabia, South Korea, and just concluded his second tour to Afghanistan in support of Operation Enduring Freedom prior to joining my Senate staff. From June 2012 to May 2013, Major Sorvillo served as the principal adviser to the Afghan Ministry of Interior, Deputy Director of Information, Communication, and Technology, and led a team of military, civilian, and contract advisers in the development of enduring, nationwide systems and processes critical to the long-term sustainment of communication capabilities for the Afghan National Police. For his meritorious service, Major Sorvillo was awarded a Bronze Star Medal.

Over the past year, Major Sorvillo has distinguished himself among his fellowship peers as a leader in the Senate. From his legislative contributions supporting my role on the Senate Armed Services Committee to his dedication to constituent services, Major Sorvillo deftly applied his military expertise to elevate the performance of my personal office. He exemplifies the Air Force core values of integrity, service, and excellence, and I am deeply grateful for his significant contributions this year.

It is my great pleasure to congratulate Major Sorvillo, his wife Amy, and their three children, Jessica, Brandon, and Ivy, as they leave the Senate and continue to serve our great Nation. I wish them the very best of luck.●
