For over 18 years, Butch Morris served as the Howard County sheriff and collector, winning nine straight elections, including eight of them in which he ran unopposed. During the course of that time, Sheriff Morris also worked to advance law enforcement best practices as a member of Arkansas Sheriffs' Association board of directors and the Commission on Arkansas Law Enforcement Standards and Training.

30TH ANNIVERSARY OF CHELBI

● Mr. MENENDEZ. Mr. President, I wish to speak about a New Jersey company, Louis Berger, and to draw the Senate's attention to the 30th anniversary of CHELBI, Louis Berger's successful engineering, design and infrastructure partnership in the People's Republic of China.

Louis Berger was established in 1953 and has in the years since developed into a multidisciplinary global consulting firm founded on its dedication to engineering excellence.

Today it has partnerships in major infrastructure projects spanning the globe, including in North America, Asia, Africa, Europe, Latin America, and the Middle East.

More than just undertaking projects, though, one of Louis Berger's founding principles is to transfer knowledge to people in the local countries and communities in which it operates to ensure the long-term sustainability of its projects.

For example, in 1984, Louis Berger undertook a groundbreaking partnership known as CHELBI—a joint venture between Louis Berger International and China Highway Planning and Design Institute, HPDI, Consultants.

This partnership created a new pathway for knowledge sharing in engineering design between the United States and China, and to millions of dollars for the U.S.—and New Jersey—economy.

Over the past 30 years, CHELBI has provided international and domestic consulting services for more than 600 highways, bridges, and other projects in over 30 provinces and cities in China, totaling more than 10,000 kilometers, including the 36 kilometer long Hangzhou Bridge, one of the longest ocean-crossing bridges in the world.

CHELBI also fosters international communications and cooperation between the Chinese consulting engineering field and counterparts in Western countries and projects beyond China.

In fact, it is my understanding that the partners in CHELBI have agreed to extend their historic venture for another 10 years beginning in 2014.

So today I would like to recognize the cooperation in engineering design between the United States and China since 1984, as encompassed by CHELBI's work, including its partners at Louis Berger and China Highway Planning and Design Institute, HPDI, Consultants.

The continued exchange of knowledge and coordination of work in large scale infrastructure projects in China and around the globe help to better connect people within and between countries and is of tremendous benefit, both for the countries where these infrastructure projects take place but also for U.S. global leadership in engineering consultation and design.

CHELBI is to be commended for 30 years of productive work—and I would like to express my continued support for initiatives undertaken by the venture and the benefits that such cooperation and coordination provides to both the United States and China.●
