HOUSE RESOLUTION NO. 395

Whereas, Created more than a hundred years ago, the Federal Reserve is an independent federal agency. As leaders of the central bank of the United States, the Federal Reserve's board of governors have enacted monetary policy that influences our nation's money and credit conditions, supervised and regulated banks and other financial institutions, and provided financial services to the U.S. and foreign governments. Through these powers, and with the help of the federal reserve banks, this agency has considerable influence on the well-being of our nation's economy, the economy of the world, and the day-to-day lives of people everywhere; and

Whereas, American citizens have entrusted the Congress of the United States with overseeing all federal agencies, and Congress must hold the Federal Reserve accountable. However, under the current law, the Comptroller General may audit the Federal Reserve only if written consent has been given,
