

When the BP/Deepwater Horizon oil spill hit Alabama's Gulf Coast, Matt helped Congressman Bonner advocate for our coastal communities. Matt played an important role in crafting the RESTORE Act, which was intended to keep oil spill settlement money under control of the coastal counties.

I am especially grateful for Matt's service to our nation's service members and veterans. Matt did tremendous work supporting our nation's Navy and the thousands of Alabamians who work at the Austal USA shipyard in Mobile, Alabama. Matt has also assisted countless veterans with various issues related to the Department of Veterans Affairs and has supported my efforts to give veterans greater access to private care.

Mr. Speaker, I asked former Congressman Jo Bonner to share his gratitude with Matt as well. Congressman Bonner said, "Matt is one of the most talented and dedicated young men I know. He thinks strategically, always looking for ways to build consensus and get the job done. He was invaluable to the people of South Alabama during the aerial refueling tanker war, but he was equally helpful in getting those early contracts for Austal and during those difficult months following the BP/Deepwater Horizon explosion. I can't say enough good things about Matt Weinstein; he is truly one in a million."

A native of Mobile, Alabama, Matt has served his hometown with dedication, passion, and steady leadership. I wish him and his wife, Paige, all the best in their future endeavors. Alabama's First Congressional District will be forever grateful for his service.

HONORING HO FENG-SHAN

**HON. STEVE ISRAEL**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Monday, October 26, 2015*

Mr. ISRAEL. Mr. Speaker, I rise today to honor the bravery and heroism of Ho Feng-Shan, the Chinese Consul-General stationed in Vienna during World War II.

At great risk to his personal safety, Mr. Ho issued Chinese visas to thousands of Austrian Jews, allowing them to flee the country and escape the atrocities of Nazi concentration camps. Despite strict orders from his superiors to stop issuing visas on such a large scale, he refused to abide by these instructions and undoubtedly saved thousands of lives.

On August 7, 2000, Mr. Ho was recognized by Yad Vashem with the title, "Righteous among the Nations" for his selfless and courageous actions.

Please join me in honoring Ho Feng-Shan for his sacrifice and brave display of noble humanitarianism.

---

IN HONOR OF THE ACHIEVEMENTS  
OF MEDICAL RESEARCH IN  
GEORGIA

**HON. DAVID SCOTT**

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, October 26, 2015*

Mr. DAVID SCOTT of Georgia. Mr. Speaker, I rise today to discuss a disease that is impor-

tant to my family, breast cancer. This devastating disease strikes 1 in 8 women, affecting our mothers, wives, daughters, sisters, and loved ones. In Georgia, breast cancer is a particularly serious problem as it is the most common type of cancer and the second most deadly type of cancer among women in the state. According to the nonprofit Sisters by Choice, 6000 women will be diagnosed with breast cancer, and 1000 will die from breast cancer in Georgia each year. This epidemic is made worse by the fact that 19 percent of Georgians do not have health insurance, 33 percent of Georgia counties do not have mammography machines, and 75 percent of Georgia counties are medically underserved. Due to slow detection caused by these facts, 30 percent of breast cancers will have metastasized and be present in other places throughout the body by the time they are found.

Despite the disheartening statistics about cancer, I know that there is still hope. Detection and treatment advances found in the past few years will help to both lessen the risk of cancer and win the fight to eradicate cancer. I am pleased that Georgia is a hub for medical innovation in the fight against cancer, utilizing public and private partnerships to research the disease. Moreover, the CDC and the internationally regarded cancer centers at Emory University, Georgia Regents University, the University of Georgia, Northside Hospital, and other centers throughout the state have pioneered effective, yet minimally invasive ways to treat this disease.

Additionally, the CDC has contributed to this effort through public outreach programs aimed at improving surveillance so that cancers can be caught early. In addition, the internationally-renowned Winship Cancer Institute at Emory University has tested 75 percent of FDA-approved new cancer treatments in the past seven years. At another renowned institution, researchers at the University of Georgia have discovered a vaccine that attacks a previously unassailable protein. This vaccine is vitally important because this protein is found in the majority of killing cancers and in the "triple-negative" tumors common in a particularly dangerous variant of breast cancer.

In addition to the work done by the professional research institutions in Georgia, I am proud that the Georgia community has come together to support those who are suffering from not just breast cancer, but cancers of all types. For instance, Sisters by Choice, a nonprofit organization centered around helping underinsured and underserved women to find and treat breast cancer, is working on creating a mobile clinic that will provide screenings, diagnostic services, access to clinical trials, and other resources to these disadvantaged populations. In addition, wonderful nonprofit organizations working with cancer centers, such as the Cancer Support Community Atlanta and the Treehouse Gang, an organization based around supporting children with a parent suffering from cancer, provide vital assistance and hope to cancer sufferers and their families. Finally, the Atlanta 2-Day Walk has raised \$11 million in just 13 years to help find new ways to treat and prevent breast cancer. Through these initiatives, and the hard work of the cancer centers in Georgia, I know that definite progress has been and will continue to be made to treat and eradicate this deadly disease.

IN RECOGNITION OF PATRICIA  
MILJANICH

**HON. JACKIE SPEIER**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, October 26, 2015*

Ms. SPEIER. Mr. Speaker, I rise to honor Patricia Miljanich, a departing member of the Board of Trustees of the San Mateo County Community College District. Ms. Miljanich has served the public in her position since 1995, and she has been part of a board of trustees that has created over 20 years an outstanding college system for residents.

When Trustee Miljanich began her service, the district had decades-old buildings, stagnant enrollment, and curriculum that needed upgrading. She and her fellow trustees went to work hiring new staff, passing several bonds, and overseeing the resurrection of a community gem. In addition to her role as a trustee, Patricia Miljanich has served on the board of the nonprofit corporation overseeing an innovative housing project on the campuses of the community colleges. She has also served as a board member of the foundation supporting the community colleges.

As a result of her leadership and that of her board colleagues, the San Mateo County Community Colleges now have stunning state-of-the-art campuses, classes that offer a broad path to a four year institution, and several shorter programs that prepare students to be job ready through two year degrees and certificates. As a pathway to lifelong learning and prosperity, the college district reflects the vision of Trustee Miljanich that every young person, and many who are in mid-career or retirement, should view the community colleges as their ongoing ticket to a rigorous education.

Ms. Miljanich has another side to her public service beyond her years as a trustee. At one point she served as a field representative for a member of the state assembly, and as a legal advocate for low income children while Director of Legal Services for Children in San Francisco.

Most of all, Ms. Miljanich has distinguished herself as a remarkable leader of the nonprofit Court Appointed Special Advocates (CASA), an organization that pairs caring adults with children who are in the protection of the courts when their parents cannot care for them. There is no question that Patricia Miljanich, in this role, has saved the lives of many children. CASA is an extraordinary organization which brings out the best of caring volunteers and matches it with the most basic need of a child: to have a friend and advocate during times of tremendous insecurity and trauma.

Patricia is a graduate of the University of Virginia and the University of San Francisco School of Law. Her greatest achievements, no doubt, are her four children, Nicolene Mefford, Martine Miljanich, Peter Miljanich, and Sophia Miljanich, and her four grandchildren.

Mr. Speaker and members, Patricia Miljanich is retiring from the Board of Trustees of the San Mateo County Community College District, but she will remain very active in our community. She put in countless hours during her 20 years of service to the district, and offered decades of additional help to children and our most vulnerable residents. As she leaves, the wind at her back is the force of

those praying for her to succeed in her next adventure. As she will experience shortly, this wind will likely be a gale force event, so beloved is Patricia Miljanich in San Mateo County.

20TH ANNIVERSARY OF THE COMPLETION OF THE GATEWAY GEYSER

**HON. MIKE BOST**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Monday, October 26, 2015*

Mr. BOST. Mr. Speaker, I rise today to recognize the 20th Anniversary of the completion of the Gateway Geyser. It is a proud and distinct achievement that the tallest fountain in the United States, and the second tallest in the world, is located in the Metro East region of Southern Illinois.

The vision and drive of Malcom Martin made it possible to undertake this incredible project. In addition to its famous geyser, the park's facilities offer visitors impressive and memorable views of the Arch and City of St. Louis. It is very much a part of the overall Jefferson National Expansion Memorial.

As I toured the park recently, I developed an understanding for the desires that the Metro East Park and Recreation District and the Gateway Center have to make this amazing park a part of the Jefferson National Expansion Memorial. Doing so would be a fitting tribute to Malcom Martin and all of the City of East St. Louis officials who have helped make this anniversary possible.

HONORING DEPUTY CHIEF DAVID E. DOWNING

**HON. BARBARA LEE**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, October 26, 2015*

Ms. LEE. Mr. Speaker, I rise today to honor the exemplary career of Deputy Chief David Downing of the Oakland Police Department.

Deputy Chief Downing began his career in law enforcement with the Oakland Police Department (OPD) in 1988. During his career, he has served in a wide variety of assignments, including Police Academy Director, Internal Affairs Commander, and Special Operations Commander. In 2012, he was promoted to Deputy Chief of Police and is currently the commander of the Bureau of Field Operations for West Oakland. Deputy Chief Downing also served concurrently with OPD's Special Weapons and Tactics team from 1992 to 2011 as an operator, team leader, and tactical commander.

In addition to serving the citizens of Oakland, Deputy Chief Downing served the United States of America as an Air Force Reservist from 1984 to 2014. He retired as a Chief Master Sergeant with the Air Force Office of Special Investigations as the Senior Enlisted Leader for the 4th Field Investigative Region, at Randolph Air Force Base in Texas. In 2001, he was mobilized into active duty and served in Operation Noble Eagle, Enduring Freedom, and Iraqi Freedom until his return to civilian law enforcement in 2003.

Deputy Chief Downing received his Bachelor's Degree in Administration of Justice from San Jose State University in 1989, and went on to graduate from Indiana State University in 2008 with a Master's Degree in Criminology. He is also the graduate of several senior management programs, including the Federal Bureau of Investigation's National Academy, the Police Executive Research Forum's Senior Management Institute for Police, and the California Peace Officer Standards and Training Executive Development Course.

Throughout his career, Deputy Chief Downing has maintained a special interest in and relationship with Oakland's Chinatown. He serves the Oakland and Chinatown communities as a member of the Board of Directors of the Oakland Chinatown Chamber of Commerce, the President of the Oakland Police Foundation, President of the Oakland Police Managers Association, Chairman of the Asian Advisory Committee on Crime, Chairman of the Asian Youth Services Committee (AYSC), Chairperson of the AYSC Scholarship Dinner, and has raised funds and manpower to send low-income youth to various camps and seminars across the nation.

On behalf of the residents of California's 13th Congressional District, Deputy Chief David E. Downing, I salute him. I thank him for a lifetime of service and congratulate him on his achievements. I wish him and his loved ones the very best as he enjoys his well-deserved retirement.

IN RECOGNITION OF THE 25TH ANNIVERSARY OF THE WHITE HOUSE INITIATIVE ON EDUCATIONAL EXCELLENCE FOR HISPANICS

**HON. JUAN VARGAS**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, October 26, 2015*

Mr. VARGAS. Mr. Speaker, I rise today to recognize and commend the 25th anniversary of the White House Initiative on Educational Excellence for Hispanics. The initiative, established in 1990, has sought to address the educational disparities faced by the Hispanic community. This year, the White House launched the Bright Spots catalog to commemorate the initiative's success. This newly created resource honors organizations around the country significantly furthering the educational attainment of the Hispanic community.

While there are 230 programs included in the catalog, I would like to honor three organizations in California's 51 District: Barrio Logan College Institute, Reality Changers, and the San Ysidro Vanguard Education Foundation.

Barrio Logan College Institute, established in 2007, is a nonprofit working to provide disadvantaged students with the opportunity to attend college. The organization begins working with students in third grade and continues providing support and guidance throughout high school. Since its creation, 100 percent of its graduates have gone on to college.

Reality Changers was founded in 2001 in an attempt to better prepare disadvantaged Hispanic youth for college. By establishing various support systems and college readiness programs, the organization has seen 97 percent of its students become first generation college students.

San Ysidro Vanguard Education Foundation was created in 2012 to address the racial and ethnic disparities within the San Ysidro School District. The organization focuses on early learning, college access, Latino teacher recruitment, and STEM education.

Again, I would like to extend my admiration and sincere appreciation for all the work that these groups continue to do for our community.

IN RECOGNITION OF RONN OWENS

**HON. JACKIE SPEIER**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, October 26, 2015*

Ms. SPEIER. Mr. Speaker, I rise to honor a broadcast legend who is celebrating his 40th anniversary at KGO Newstalk 810 today and who will be inducted into the National Radio Hall of Fame in November. Ronn Owens is a household name in the Bay Area and beyond, a master in his field, and a remarkably talented, opinionated and intellectually curious man whom I am proud to call a good friend. I have spent many hours on the air with Ronn and he is always tough, thoughtful, informed and unpredictable.

He has honed his skills in thousands of interviews with guests in the hot seat, including President Barack Obama, Democratic Leader NANCY PELOSI, actor Steve Martin, Israeli Prime Minister Benjamin Netanyahu, 49er quarterback Joe Montana, singer Tony Bennett and a long list of Secretaries of State, CIA Directors, mayors and community leaders.

His longevity and style on the air have earned him many prestigious awards: The Bay Area Radio Hall of Fame, the National Association of Broadcaster's Marconi Award twice, Talkers Magazine's Top 25 Greatest Radio Talk Show Host of All Time, and now the National Radio Hall of Fame where he will be joining the likes of Edward R. Murrow, Bob Hope and Terry Gross.

Ronn was born Ronald Lowenstein on October 17, 1945 in New York City. He graduated from Temple University in Philadelphia in 1968 and launched his broadcast career hosting radio programs in Atlanta, Miami, Cleveland and Philadelphia. In 1975 he moved to San Francisco and began his four decade run at KGO radio. Today, he remains the only weekday talk radio host on the station and has a regular audience of half a million listeners.

While Ronn is very vocal about his opinions—he also wrote a book titled *Voice of Reason: Why the Left and Right Are Wrong*—he is the first to admit when he is wrong. Facts matter and he is dedicated to seeking the truth. Last year, Ronn revealed a challenging personal truth to his listeners. He was diagnosed with Parkinson's disease over a decade ago. He decided to go public after the tragic death of Robin Williams who was diagnosed with Parkinson's. Ronn hasn't let his symptoms get in the way of doing his job.

Recently he joked before surgery, "If I come out and say, 'you know, that Sarah Palin would make a heckuva president,' we'll know something went wrong." He meets the challenges of his disease with great courage and humor.

Ronn started his radio career when analog reel-to-reel tape recorders, cartridges and
