

EXTENSIONS OF REMARKS

CONGRATULATING GOV. TERRY BRANSTAD ON BECOMING THE LONGEST-SERVING GOVERNOR IN AMERICAN HISTORY

HON. PAUL D. RYAN

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 15, 2015

Mr. RYAN of Wisconsin. Mr. Speaker, on behalf of the whole House, I extend heartfelt congratulations to Governor Terry Branstad on his 7,642nd day in office. He is now the longest-serving governor in American history. And this day of recognition comes not a moment too soon because his principled leadership is a model for us all.

Over the course of his 21 years in office, he has helped the people of Iowa overcome enormous challenges. He inherited a budget deficit; he now presides over a large surplus. When he came in, the state economy had gone bust; now it is booming. And through good times and bad, he has always stood four-square behind his values.

People say he is good at retail politics, and that is certainly true. But his success is more than a testament to his skill. It is a testament to his devotion. Governor Branstad knows that a true public servant lives among the people. He visits all 99 counties of Iowa every year. He can tell you the ins and outs of everything in Iowa—from soybeans to livestock to insurance. He goes to every small event in every small town because he wants to be there. He listens because he cares.

Asked what he wants his legacy to be, Governor Branstad has said he wants Iowa to be a place where young people want to stay—where there is opportunity for all. I could think of no better goal for every governor in the country.

I also think it is fitting that the long-serving governor whose record he has surpassed was George Clinton, a man who left his state to become vice president. For Governor Branstad, national office would have been a step down. He knows his state. He loves his state. The people of Iowa are grateful for his service. I'm grateful for his friendship. And all of us in the House are grateful for his example.

Mr. WESTMORELAND. Mr. Speaker, on December 11, 2015, the House of Representatives considered the Conference Report to Accompany H.R. 644, the Trade Facilitation and Trade Enforcement Act of 2015. IN SUPPORT OF OUR CLOSE PARTNER TAIWAN

HON. SCOTT DESJARLAIS

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 15, 2015

Mr. DESJARLAIS. Mr. Speaker, I rise today to highlight the positive steps that our close partner and friend Taiwan has taken in the South China Sea.

On December 12, 2015, the Taiwanese government inaugurated a newly constructed lighthouse and renovated wharf on the Taiping Island, which is the largest natural island of the Spratly Islands in the South China Sea and has been administered by Taiwan since 1946. This infrastructure project will help support free and safe passage of ships through the surrounding waters, further enabling Taiwan to offer humanitarian assistance, disaster relief, and provide emergency rescue support to passing vessels.

Like the United States, Taiwan is a firm believer in freedom of navigation rights and has actively worked to promote peace and prosperity throughout the South China Sea region. Earlier this year, Taiwan President Ma Ying-jeou proposed the South China Sea Peace Initiative, reiterating their government's longstanding position of shelving disputes and promoting joint resource development in these contested waters.

Over the years, Taiwan has continued to play a responsible and peaceful role in the region and as such, I urge my colleagues to join

me in working with our Taiwanese partners to promote our common interests and uphold international law.

CONGRATULATING LOCAL
LEADERS IN COCHISE COUNTY

HON. MARTHA MCSALLY

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 15, 2015

Ms. MCSALLY. Mr. Speaker, I rise to congratulate local leaders in Cochise County, KE&G construction, and Cemex for their outstanding work on the Palominas Flood Protection and Groundwater Recharge project. This project is the first-ever aquifer protection and recharge effort of its kind implemented at a regional scale, and aims to protect flows of a desert river and its lush streamside habitat while also replenishing the water supplies of local residents. The Palominas project embodies the values of the residents of Cochise County who not only want to ensure protection of our waterways and natural resources, but are looking for solutions to provide more economic opportunity. One-size-fits-all requirements from Washington fail to take into account Arizona's unique landscapes, but the formation of local partnerships allowed the community to come together to create a solution to benefit all, including the citizens, businesses, and native plants and animals.

This project received top state and local honors in Arizona and was recognized internationally for offering a long-term solution to the recurring problem of sheet flow flooding at a local elementary school and the need for aquifer recharge. The project includes a 17 million gallon detention basin that holds storm water runoff, as well as dry wells and infiltration trenches covering 290 acres. These dry wells and infiltration trenches provide additional storage capacity during storms, reduce the loss of water through evaporation, and increase the amount of water recharged into the nearby San Pedro River.

Dennis Donovan, a civil engineer overseeing the project for Cochise County told the Arizona Republic that the project includes the large detention basin with berms to slowly steer the water into a wide channel before spilling over four foot walls that "slow down the storm water to where, to the best it can, it (sinks and) recharges." The water control mechanisms in the basin keep storm water from washing through in a day leaving the basin dry again the next.

The Sierra Vista Herald noted that, "CEMEX's Sierra Vista Plant joined forces

with KE&G Construction to complete the project within a three-month time frame. Working through more than two inches of rainfall, these dynamic teams beat the heaviest rains of the summer monsoon season."

The health of the San Pedro River is important to Fort Huachuca and the vitality of the surrounding community. Projects like these help to protect the future of the San Pedro River and demonstrate the commitment of the Army and the community to preserving their natural environment.

HONORING LAW ENFORCEMENT
OFFICERS IN VIRGINIA'S 10TH
DISTRICT

HON. BARBARA COMSTOCK

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 15, 2015

Mrs. COMSTOCK. Mr. Speaker, I rise today to recognize the following law enforcement personnel who have recently been honored at the 11th Annual Law Enforcement Appreciation Dinner in my district for their invaluable service and commitment to our communities. I submit the following excerpts from a speech delivered by Mr. Jim Wink, who spoke at this event in the fall. This year's honorees are Officer Dustin Bowers of the Mount Weather Police Department, Officer William McCann of the Northwestern Regional Adult Detention Center, Deputy Shane Jewell of the Clarke County Sheriff's Office, Deputy Mackenzie Carter of the Winchester City Sheriff's Office, Deputy Aaron Jeter of the Frederick County Sheriff's Office, Laura Patten of the Berryville Police Department, Corporal Richie Lewis O'Connor of Winchester Police Department, Trooper Terry Hilliker of the Virginia Department of State Police, and DEA Special Agent Thomas Hickey of the Northwest Virginia Regional Drug Task Force.

Officer Dustin Bowers has continually displayed the highest degree of competence, esprit de corps, and dedication to the mission at Mount Weather. He routinely goes above and beyond to perform his duties as a police officer, and in doing so, improves the Mount Weather department. Officer Bowers, without hesitation, took on the responsibility of serving as the field training officer for new officers. This year, Officer Bowers was selected to attend the federal law enforcement training center's active shooter instructor course. Since completing the course, Officer Bowers has worked to improve the department's capability to respond to an active shooter incident. He is currently developing an active shooter training program for Mount Weather emergency operation center employees focused on teaching them how to react to shooting incidents in the work place and other public locations. Officer Bowers also, through his own initiative, researched and proposed new equipment that the department purchased, which improved police officer readiness at all levels. Mount Weather Police Department can think of no finer officer more deserving of recognition.

Officer William McCann is the head of the field training officer program, a CPR instructor, training officer, and constant mentor at the detention center in Winchester. He has been nominated and will be the recipient of two life-saving awards. In addition to these two critical incidents, Officer McCann's impact is present on a daily basis. He is one of the most respected and influen-

tial staff members in the detention center which accounts for nearly 200 employees. Officer McCann's wealth of knowledge comes from over 20 years of experience in the Maryland department of corrections where he served as a lieutenant.

Deputy Shane Jewell joined the Clarke County Sheriff's Office in 2009. He is a respected instructor at the Rappahannock Regional Criminal Justice Academy, where he teaches defensive tactics. Deputy Jewell supports the mission of this office and is the epitome of a team player. Deputy Jewell's hard work and dedication to the Clarke County community is valuable.

Deputy Mackenzie Carter joined the Winchester City Sheriff's Office only a year ago; however, in a short time, she has displayed her dedication to the office and her team. She exerts a strong ability to assist others and volunteers for extra duties at the sheriff's office. Deputy Carter has the willingness to take on difficult projects and see them to a successful completion, which has repeatedly impressed the sheriff over the past year. Deputy Carter has also shown that she is dedicated to going above and beyond in serving her community. She has participated in and started several community-based fundraising events and community service incentives, such as the CCAP food drive, Evans Home for Children food drive, the Winchester Literacy Foundation summer reading program.

While on patrol one evening, Deputy Aaron Jeter, observed a speeding violator. He made the decision to stop the vehicle for the violation. With the assistance from other deputies, Deputy Jeter was able to recover a large amount of heroin from under the vehicle. The total amount seized from the traffic stop was 261 individual packets of heroin and over \$400.00 in cash. Following this seizure, Deputy Jeter continued his increased effort to combat the local heroin epidemic, which plagues our community. Deputy Jeter's work against the local heroin problem is truly noteworthy. The efforts of deputies, like Aaron Jeter, will help curb the amount of heroin related overdoses and deaths, which our community has recently faced. Deputy Jeter's outstanding work with these cases makes him a worthy and deserving candidate for this year's HSCBA award.

Laura Patten serves the Berryville Police Department as the sole civilian employee in the capacity of administrative assistant. She began working for the department in August of 1989 and is looking forward to her upcoming retirement in 2016. Early in her career she served as a crossing guard making sure the children of the community made their way safely to school and back home. In the office, Laura keeps the flow of communication working between the community and officers in the field. Indeed, she is the face and voice of the department working the front desk and answering the phones. It is often an under-appreciated function that Laura provides to the department. Berryville PD Chief Neal White states he is very thankful that she is getting the credit she truly deserves.

Corporal Richie Lewis of Winchester responded to a violent kidnapping last year that involved a male holding a knife to the throat of a female. Lewis helped to neutralize the situation with the help of his team. Upon seeing the officers the suspect became agitated, so the officers withdrew from the building out of fear the suspect would harm the female. When the suspect shut the hall door Cpl. Lewis reentered the building and snuck up to the landing on the third floor. While Cpl. Lewis was approaching the landing, with gun drawn, the suspect reopened the door. Out of fear of shooting the female Cpl. Lewis transitioned from his pistol to his Taser. When the suspect gave
