

Americanism. The corpses are all over the globe.

Rouhani chaired Iran's National Security Council from 1989 to 2005—the years when Iran plotted the 1994 bombing of the AMIA Jewish cultural center, which killed 85 people in Buenos Aires. The 1996 attack on the Khobar Towers was also under his tenure—this one killed 19 U.S. servicemen in Saudi Arabia. He continues to support the global terrorism of Hezbollah.

Likewise, Rouhani's defense minister, Hossein Dehghan, participated in plotting the 1983 U.S. Marine barracks bombing in Beirut—this crime took the lives of 241 Americans, including Paul Innocenzi from my district. His Justice Minister, Mostafa Pour-Mohammadi, played a role in 1988 and 1998 in the summary executions of Iranian political prisoners and killings of intellectuals, as well as assassinations abroad.

Mr. Speaker, this is the man that our government and Prime Minister Netanyahu are dealing with. For 16 years Rouhani ran Iran's nuclear program. He has boasted openly of his success in using negotiations as a tool to buy time to advance his program.

The question before us is whether the agreement President Obama is trying to close with Rouhani is yet another deal favorable to the Iranian government, allowing it to move the hand on the nuclear clock yet closer to midnight.

There are many signs that this is the case. Most reports on the negotiations are that the administration is not trying to prevent a nuclear Iran, but only to preserve some "break-out time"—yet will not require the kind of transparency to make even that a remotely reliable measure. Even worse, it seems the administration is prepared to accept a "sunset clause"—a date after which Iranian nuclear arms would be completely legitimated. And the deal being crafted reportedly ignores Iran's ballistic missile program.

All this amounts to a potential catastrophe. Unfortunately, the administration seems to have telegraphed its determination to get a deal with Rouhani—almost any deal—and to shut Congress out. This is why I am concerned, and why we in Congress and the American people need to hear all the more from Prime Minister Netanyahu.

Let's let the Prime Minister know that Congress and the American people stand with Israel, without any 'ifs,' or 'buts,' or 'so long as,' or any other qualifiers, and without any illusions about the murderous and manipulative intentions of Rouhani. I'd like to close by thanking Speaker BOEHNER for inviting Prime Minister Netanyahu.

COMMEMORATING THE 100TH ANNIVERSARY OF BROWNSVILLE INDEPENDENT SCHOOL DISTRICT

HON. FILEMON VELA

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, March 2, 2015

Mr. VELA. Mr. Speaker, I rise today to commemorate the 100th Anniversary of Brownsville Independent School District (BISD).

In March 1915, the Texas House of Representatives and Senate both approved a measure transferring control of the city's public education to the newly created BISD. Prior to the establishment of a school board, the City of Brownsville maintained control of the school system. The Brownsville Board of Trustees met for the first time on March 25, 1915, and was presided by Board President Dr. J.L. Wortman.

The newly established Brownsville Independent School District included Brownsville High School, City Grammar School, the Blalack School, the Las Matanzas School, the Media Luna School, the Nopalita School, the Linero School, and the West Brownsville School. Superintendent of Schools Lizzie M. Bardour and several trustees continued their service as the schools transitioned from city to board control, and the board instituted a new curriculum that included the creation of a department of domestic economy and an improved science department complete with a full skeleton.

Today, BISD is made up of 58 schools serving 50,000 students and employing 7,200—making the school district the largest employer within a 95-mile radius in the Rio Grande Valley. Of the 58 schools, there are 7 high schools, 11 middle schools, 37 elementary schools, and 3 alternative schools. One of the schools, Filemon B. Vela Middle School, was named after my father who was a Brownsville native and served as a U.S. District Court Judge for the Southern District of Texas. The school district maintains a rich cultural heritage and prepares graduates to pursue higher education and careers including medicine, engineering, science, technology, mathematics, and law enforcement.

BISD is also an active member of the U.S. Chess Federation, and is nationally recognized as one of the top chess programs in the nation. Several years ago, BISD students were featured on HBO's "Real Sports" with Bryant Gumbel showcasing the program. The school district is a powerhouse, taking stu-

dents of all grade levels to compete in tournaments around the nation.

Through rigorous academic programs such as early college high school, extracurricular activities ranging from band to estudiantina to actors guild, and highly competitive sports—whether football, soccer or swimming—BISD is leading its students, faculty and staff to new heights. BISD is a trailblazer in its own right and worthy of recognition as it reaches this important milestone.

The continued growth in the student population and number of schools has not changed the original mission of BISD, which is to help students become better stewards of society. Mr. Speaker, this month Brownsville Independent School District celebrates its 100th Anniversary and prepares for the next 100 years with continued dedication to providing all students with a high quality education.

CELEBRATING THE 2015 PANAMA- PACIFIC INTERNATIONAL EXPO- SITION CENTENNIAL

HON. NANCY PELOSI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, March 2, 2015

Ms. PELOSI. Mr. Speaker, with great pride I join my constituents and all San Francisco Bay Area residents in celebration of the 2015 Panama-Pacific International Exposition Cen-

tennial—our yearlong civic celebration to commemorate the Exposition's historic significance and reflect on its legacy.

One hundred years ago San Francisco welcomed nearly 20 million visitors from across the nation and around the world to witness its rebirth after the devastating 1906 Earthquake and fire and its emergence as a global city.

Six hundred acres along the western waterfront of the Marina District became the site for the "Jewel City". Eleven Beaux-Arts Palaces were built that contained 21 international pavilions. Beyond the impressive architecture were exhibitions of the new technologies of the day—cars, airplanes, telephones, motion pictures.

Most beloved of the surviving structures is the Palace of Fine Arts—an exquisite and sublime Greco-Romanesque rotunda designed by celebrated architect Bernard Maybeck. Other surviving landmarks include a Municipal Auditorium, known today as the Bill Graham Civic Auditorium that instilled great civic pride and optimism in a dispirited population.

The Panama-Pacific International Exhibition established our City as an economic and cultural powerhouse, illustrating our leadership in science, industry and innovation. It was a grand showcase of human achievement in the sciences, engineering, architecture and the arts. It was a monumental display of, not only San Francisco's vision, imagination and innovation, but its confidence and faith in the future.

San Francisco today is still regarded as an optimistic and audacious city, a city of dreamers and innovators, much like the pioneers and visionaries of 1915. And as we celebrate the centennial of this great moment in our city's history, we are overjoyed that more than thirty-five Bay Area cultural, civic and business organizations will participate in the centennial's events, exhibitions and activities.

Congratulations and our deepest gratitude to The California Historical Society, the San Francisco Recreation and Parks Department, the Maybeck Foundation, Innovation Hangar, and all the other contributing partners and sponsors for this historic commemoration and extravaganza.
