A TRIBUTE TO TRESSA MYRTLE
EPPS

HON. DAVID YOUNG

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 25, 2015

Mr. YOUNG of Iowa. Mr. Speaker, I rise today to recognize and congratulate Tressa Myrtle Epps on the up-coming celebration of her 110th birthday on March 30th, 2015.

Our world has changed a great deal during the course of Tressa's life. Since her birth, we have revolutionized air travel and walked on the moon. We have invented the television, cellular phones and the internet. We have fought in wars overseas, seen the rise and fall of Soviet communism and witnessed the birth of new democracies. Tressa has lived through eighteen United States Presidents and twenty-four Governors of Iowa. In her lifetime, the population of the United States has more than tripled.

Mr. Speaker, it is an honor to represent Tressa in the United States Congress and it is my pleasure to wish her a very happy 110th birthday. I invite my colleagues in the House to join me in congratulating Ms. Epps on reaching this incredible milestone, and wishing her continued health and happiness in the years to come.

CONGRATULATING THE CARMEL
HIGH SCHOOL GIRLS SWIM TEAM
ON THEIR HISTORIC STATE
CHAMPIONSHIP WIN

HON. SUSAN W. BROOKS

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 25, 2015

Mrs. BROOKS of Indiana. Mr. Speaker, I rise today to congratulate the Carmel High School Girls Swim team for winning the 2014–2015 Girls Swimming State Championship title. This state title is a momentous win for the Lady Greyhounds, as it marks their 29th consecutive state championship title, which ties the national record for the most consecutive state championship wins in any sport.

While their 29th consecutive state title is momentous on its own, what the Lady Greyhound swim team accomplished during the state championship was even more extraordinary than that. The Lady Greyhounds broke thirteen state records at the state championship meet, four of which also broke national records.

To recap their record breaking state title, six individual records were broken, four records were broken by relay teams—all four of which also broke national records—and the team as a whole broke 3 records. The team won 9 out of 11 events, breaking the state record for most first place event wins. They also broke records for most points scored, scoring 445 out of 544 points possible, and widest margin of victory, beating the second place team by 266 points. These extraordinary achievements at the state championship speak for themselves, and have led many to refer to this

team as the best team ever in high school girls swimming.

The Lady Greyhounds, under the leadership of Coach Chris Plumb, have put forth an incredible amount of hard work and dedication. The team trains year-round, puts in countless hours in the pool and weight room, and have supportive parents who are just as dedicated to helping achieve great success.

Coach Plumb has been head coach of the Lady Greyhounds since 2006, leading them to 9 of their last 29 consecutive titles. Coach Plumb leads by example and inspires his swimmers with his coaching and character. He works tirelessly to motivate, train, and push his swimmers to dream big and reach their goals. High school sports are a special experience. They teach discipline, build character, and allow young men and women to have an experience they will remember for a lifetime. This team exemplifies the wonderful attributes that high school sports teach, and I am proud to represent such a hardworking and highly regarded group of young women and coaches.

Once again, congratulations to the Carmel High School Girls Swim team. I look forward to cheering the team on through another great season next year and send my best wishes as the Lady Greyhounds work toward breaking the national record for most consecutive wins. Go Greyhounds!

TRIBUTE TO KATHRYN CARRABINE

HON. PETE OLSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 25, 2015

Mr. OLSON. Mr. Speaker, I am privileged to interact with some of the brightest students in the 22nd Congressional District who serve on my Congressional Youth Advisory Council. I have gained much by listening to the high school students who are the future of this great nation. They provide important insight into the concerns of our younger constituents and hopefully get a better sense of the importance of being an active participant in the political process. Many of the students have written short essays on a variety of topics and I am pleased to share them with my House colleagues.

Kathryn Carrabine attends Dulles High School in Sugar Land, Texas. The essay topic is: select an important event that has occurred in the past 15 years and explain how that event has changed our country.

Changes occur in our country for many reasons and sometimes the impact is detrimental. In particular, the Obamacare abortion pill mandate that requires all employers to offer insurance and must include preventive care; which includes numerous birth controls and at least four of which cause abortions. Some companies are morally opposed to this; however, if they choose to not include this provision, they would have to pay \$100 per employee every day. With this act a company is forced to follow this federal law or go bankrupt. As few companies try to go against a federal law, this one stands out to companies owned by devout Christians. As abortion is against what many Christians, as well as other religions, believe, why is this mandate included in a federal law?

One case receiving notable attention, Hobby Lobby vs. Burwell, the Supreme Court voted against Hobby Lobby which could have caused the owners of the company to pay over \$1.4 million a day. They had to contemplate bankruptcy or acting against their moral beliefs. As they were faced with a hard decision, they chose to remain in business and to provide the insurance; but what did this mean for what they believed in? Should they just sit back and hold their tongue on a very important topic to them and many more? Hobby Lobby is not the only ones who are upset with this mandate. Many Catholic hospitals and private schools are also having a hard time facing this mandate. Many have compromised their religious beliefs that abortion is not acceptable, but they are being forced by the government in order to comply with the mandate and to stay in business. How can Christian schools teach their religion that abortion is not acceptable, when they have to provide insurance that condones preventative care resulting in abortion? Many suggest that this is going against the 1st Amendment regarding freedom of religion. Every American has the freedom to believe in what they chose to believe regarding religion. Unfortunately, freedom of religion and compliance with government mandates are causing conflict for many Americans.

The Obamacare abortion pill mandate has changed the country in a way that people are thinking for themselves and standing up for what they deem to be morally appropriate. As Americans contend with government requirements, one can only hope that government decision makers will seek to understand and respect the religious beliefs of all constituents. As younger people are growing up, isn't this what we want in the world? As Americans, we strive to do our best and respect the government, but is the government respecting everyone else? As many things run through our head, such as this controversial topic, it changes the way we think, which changes the world little by little, day by day.

CONGRESSIONAL BLACK CAUCUS
AND CONGRESSIONAL PROGRESSIVE
CAUCUS BUDGET ALTERNATIVES

HON. CHRIS VAN HOLLEN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 25, 2015

Mr. VAN HOLLEN. Mr. Speaker, in developing the Democratic alternative budget, we sought and received input from all parts of our Democratic Caucus. The result is a budget that I believe reflects the values and priorities of our Democratic Caucus, and the values and priorities of the American public. While no budget offers each and every idea we might include as individuals, the final product is a powerful vision of how to reward Americans who are working hard to get ahead and to promote economic opportunity for all Americans.

Both the Congressional Black Caucus (CBC) and the Congressional Progressive Caucus (CPC) budgets contain some important ideas and initiatives that are not included in the Democratic alternative budget. I believe that both are far superior to the Republican budgets on the Floor today.

The CBC budget contains additional investments in education and other areas that I support and believe are important to our future. While the plan includes somewhat higher revenues and spending than in the Democratic alternative and the President's request, I support the increased investment and revenue levels it provides.

The Progressive budget also contains many initiatives and policy changes I support that are not included in the Democratic alternative budget, including a 4 percent cost-of-living pay increase for federal employees to help compensate for years of pay freezes. I also support adding a public option to the ACA exchanges, a proposal that is included in the CBC plan. In addition, I support a financial market trading fee, and have put forward an "Action Plan to Grow the Paychecks of All, Not Just the Wealthy Few" that would use the revenue to provide more tax relief to the middle class and those working to join the middle class. The tax relief includes paycheck tax credits for American workers, as well as a number of incentives for apprenticeships and training programs and for employee profit-sharing and retirement savings. One of those incentives would use tax policy to leverage higher pay for hard working employees. Specifically, the CEO-Employee Paycheck Fairness Act, which I introduced, prevents corporations from claiming tax deductions for

CEO and executive bonuses and other compensation over \$1 million, unless their workers are getting paycheck increases that reflect increases in worker productivity and the cost of living. The action plan also includes a modernized and expanded Child and Dependent Care Tax Credit that goes beyond the President's proposal in important ways, including by making it refundable.

Similarly, I strongly support putting a price on carbon, and have introduced legislation—the Healthy Climate and Family Security Act—to create a cap and dividend program to reliably lower carbon emissions and auction off permits to the first-sellers of fossil fuels. I believe it is important, however, to offset potential increases in energy costs for American homeowners, so my bill provides a dividend to every American. Professor James Boyce of the University of Massachusetts—Amherst has calculated that this approach will leave about 80 percent of American families with more money in their pocket at the end of the day. This legislation has been endorsed by Bill McKibben and key organizations including the Sierra Club, the Chesapeake Climate Action Network, and Communities United (Maryland).

In the case of both of these policies, the Progressive Caucus budget spends the proceeds on other program priorities. It has \$2.7 trillion more spending than in the President's budget and the Democratic alternative, and \$2 trillion more the CBC budget. The Progressive Caucus budget has \$5 trillion more revenue over ten years than both the President's budget and the Democratic alternative budget, and almost \$4 trillion more than the CBC budget. This is in part because the CPC budget does not rebate all of the carbon tax and does not use revenue from the financial market trading fee to provide tax benefits for low- and middle-income Americans.

While I support many of the initiatives in the Progressive Caucus budget, I believe we should use the revenue generated by a financial market trading fee and a price on carbon to more directly boost family incomes and assist those struggling to find work. Like Leader PELOSI and others who share many CPC priorities, I differ on some of the details of their policy changes. But most of all I am very grateful to the CPC for their significant contribution in the development of the Democratic Alternative and for their vision—which I share—of a growing economy with more shared prosperity.

HONORING BELLE FLOWER
CHURCH

HON. BENNIE G. THOMPSON

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 25, 2015

Mr. THOMPSON of Mississippi. Mr. Speaker, I rise today to honor a remarkable historical church, Belle Flower Church of Grenada, Mississippi and the great leadership it is under.

In the year of our Lord, eighteen hundred sixty-eight (1868), the first Black Baptist Church was established in Grenada—then a part of Yalobusha County.

The newly organized church was known as the Colored Baptist Church. Members were led by Rev. Larry Patterson, who served as pastor for a number of years.

In September 1872, Lot #119 was deeded to the church by George W. Ragsdale. The lot was situated in the West Ward of Grenada. Ragsdale said that members of the Colored Baptist Church could continue to possess the land as long as the site was used exclusively for church purposes, if members conducted themselves with good behavior and if they paid taxes. If they misbehaved in an unbecoming manner or failed to pay taxes, the land would be seized.

In 1876, the church was pregnant with many possibilities. Due to the severe labor pains of an unknown dispute among church members, Belle Flower gave birth to a daughter. She was named First New Hope Missionary Baptist Church.

A.H. Stevens was encouraged to open a high school at the church in 1888. He planned to offer the basic courses of study, as well as instrumental music.

Since its establishment in 1868, the Belle Flower flock has been led by nineteen shepherds. They are Reverends: Larry Patterson, George Wright, S.P. Martin, Jerry Weathers, Augustus Nabors, D. Higgins, A.L. Hills, Joseph Peterson, Willis Varnado, Robert Varnado, J.B. Webb, W.H. Turner, A.D. Banks, H.L. Barnes, S.T. Cunningham,
