

EXTENSIONS OF REMARKS

HONORING COLONEL CHARLES E.
POWELL

HON. K. MICHAEL CONAWAY

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 12, 2015

Mr. CONAWAY. Mr. Speaker, I rise today to recognize a dear friend and constituent, Colonel Charles E. Powell. Charles is being honored this week by the Texas Southwest Council of the Boy Scouts as their Distinguished Citizen of the Year.

Charles was born in Nashville, Arkansas on May 7, 1931. After finishing high school, Charles was accepted into the United States Naval Academy in July of 1950 and graduated with distinction on June 4, 1954. That day, he commissioned into the United States Air Force.

Shortly after his commission, Charles became an Air Force pilot and logged over 7000 flying hours. During the Vietnam War, he logged over 700 combat flying hours as a Rescue C-130 commander and is credited with fourteen combat saves. After the war, Charles served in many different leadership roles throughout the Air Force. In 1980, he was tasked to be the base commander of Goodfellow Air Force Base in San Angelo, TX. At the time, Goodfellow was scheduled to be closed and it was Charles' job to prevent the base from being closed. He began working with local community leaders and assisted in shaping a new military mission for Goodfellow Air Force Base. Today, Charles' impacts can still be felt at Goodfellow Air Force Base, as it serves as a training school for thousands of service members from across all branches to train in cryptology, intelligence, and fire-fighting. Charles' dedication and leadership helped save a community that many veterans have come to love and adopt as their own home.

After his decorated military career, Charles continued to serve San Angelo as a leader. Charles went on to serve as vice president of the Southwest Bank, known today as First Financial Bank. In addition to serving as VP of the Southwest Bank, Charles created and directed the SWB Investment Center Inc. He served as the Chairman, President, and CEO of the Center until he retired in 1995. From there, Charles served on a variety of community service based boards such as the San Angelo Chamber of Commerce, the United Way of Tom Green County and Texas, the Fort Conch Historical Society, the San Angelo City Council, among many more.

Throughout the years, Charles has been supported by his loving wife Joanne. Joanne has assisted my constituents in my San Angelo office during my entire tenure. Joanne is also an instrumental figure in assisting with our annual military service academy nominations, which is a year round process for her. With Joanne's assistance, many of the young men and women in our district go on to serve our nation and attend one of our distinguished

service academies. Charles and Joanne's support and dedication to this effort have made them very special pieces to my team. I am truly grateful for all of their hard work and dedication to the San Angelo community and to Texas' 11th district.

By serving his country and his community, Charles has upheld the Scout Oath: 'To do my duty to God and my country and to obey the Scout Law; To help other people at all times; To keep myself physically strong, mentally awake and morally straight.' His service has set an example for many generations of Boy Scouts. I am honored to have the opportunity to celebrate the achievements of Colonel Powell with the Texas Southwest Council of the Boy Scouts. Again, I offer my congratulations to Charles for being this year's Texas Southwest Council of the Boy Scouts' Distinguished Citizen.

marking a major milestone in its long and important history in the Commonwealth of Kentucky.

Kentucky River Coal Corporation was formed in April 1915, creating a land company with a large ownership of land, timber, coal, oil and gas and other minerals in eastern Kentucky. Congregating larger boundaries of mineral properties made possible the arduous construction and development of the first railroad into eastern Kentucky and resulted in mineral extraction entities employing thousands of people in the region.

As with most American companies and people, Kentucky River Coal Corporation struggled through the Great Depression, but stood strong through the First and Second World Wars, providing the natural resource base that literally helped power America. Timber from its properties was used in the early manufacturing of automobile parts, like wooden spokes, as well as for housing across the country. With the discovery of oil and natural gas, Kentucky River Coal Corporation's lands again produced important resources to power the nation.

Through the decades since its formation, Kentucky River Coal Corporation has been a model corporate citizen in Kentucky, paying millions of dollars in taxes, and donating to various worthwhile causes. Through its charitable outreach, Kentucky River Coal Corporation has consistently funded important educational programs, established scholarships for students, and made donations to many institutions of higher learning across the state. The company has played an instrumental role in supporting local volunteer fire departments, helping them meet regulatory standards with training and equipment. In effort to support tourism in our region, the company partnered with the Kentucky Department of Fish and Wildlife to return the majestic Elk to eastern Kentucky, where the herd now thrives, providing a model for successful reintroduction of wildlife.

Additionally, Kentucky River Coal Corporation joined with Operation UNITE to provide over \$500,000 in much-needed funding to assist with substance abuse treatment and rehabilitation. Hundreds of families across the region, devastated by a loved one suffering from addiction, have expressed gratitude for the opportunity for treatment that they otherwise could not afford.

Over its 100 year history, Kentucky River Coal Corporation's lessees have produced over 580 million tons of high quality central Appalachian coal used for decades in electrical generation and manufacturing across the nation. About one out of every 130 tons of coal produced in the United States over the past 100 years came from Kentucky River Coal Corporation. Over its history, the company has returned millions of dollars in taxes to governments, paid salaries to employees, provided contributions to various charitable and educational institutions, and paid distributions to the shareholders located throughout the United States, generating untold economic benefits to communities and shareholders across the country.

Mr. Speaker, I ask my colleagues to join me in celebrating this great milestone for the Kentucky River Coal Corporation. I believe this company is poised for continued growth and success in the natural resources sector, providing energy for a strong America.

IN RECOGNITION OF THE 50TH ANNIVERSARY OF THE ESTABLISHMENT OF LUZERNE COUNTY HEAD START

HON. LOU BARLETTA

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 12, 2015

Mr. BARLETTA. Mr. Speaker, it is my honor to help commemorate the 50th Anniversary of the establishment of Luzerne County Head Start, which provides my constituents with valuable services in early childhood education and family development. The organization plays a vital role within our community, and I am thankful for its work.

Luzerne County Head Start has offered crucial aid to children and families since its inception in 1965. The program has worked tirelessly to provide 1,162 children in Luzerne and Wyoming Counties with an environment that is favorable to early academic development. Last month, I enjoyed spending time at the Hazleton Head Start Center, and was impressed with the students and faculty I met. The three and four year olds were excited to read and engage in their class science project. They are learning the skills that will help them to suc-

ceed in kindergarten. Additionally, Head Start strives to encourage similar standards in healthy physical development. Members of the Head Start faculty educate their students about comprehensive health and nutrition, supplying them with information that will increase their well-being.

In addition to placing an emphasis on early childhood development, Luzerne County Head Start also focuses on strengthening families. In order to assist them in achieving greater self-sufficiency, the organization provides families with a wide array of services, including housing, employment, and education. Notably, Head Start offers support to parents interested in attaining a high school General Equivalency Diploma as well as other education and employment opportunities, all of which go a long way in ensuring brighter futures for parents and their children.

Mr. Speaker, it is my pleasure to honor Luzerne County Head Start as it celebrates its 50th Anniversary, and I commend the work that its faculty undertakes in order to serve the children and families of Luzerne and Wyoming Counties.
