

years as the Associate Superintendent for Finance for Birdville ISD, he joined Lewisville ISD as the Chief Financial Officer.

As Dr. Burnett retires, his leadership within the education field and dedication to students and teachers will continue to positively impact Lewisville ISD and Denton County. Best wishes to Dr. Burnett as he enters a well-deserved retirement. It is a privilege to serve such an outstanding public servant in the U.S. House of Representatives.

NATIONAL FOREST FOUNDATION
REAUTHORIZATION ACT OF 2015

SPEECH OF

HON. BRENDA L. LAWRENCE

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 9, 2015

Mrs. LAWRENCE. Mr. Speaker, as we vote on the bipartisan bill, H.R. 2394, in the House today, I would like to acknowledge the positive impact that our National Forest System has had in my home state of Michigan and throughout our great nation. Comprised of the United States Forest Service and the non-profit National Forest Foundation, our National Forest system encompasses 193 million acres of wilderness. These forests nourish a variety of animal and plant species, provide a wide array of recreational opportunities, and pump \$13.5 billion annually into the U.S. economy.

I am encouraged to see the bipartisan consensus around preserving our forests. In Michigan, the work done by the National Forest System has helped preserve two different habitats. In the Hiawatha National Forest on Michigan's Upper Peninsula, workers helped plant more than 96,000 White Pine, Northern Red Oak and Hemlock trees to replenish the disappearing forest in 2012. Additionally, the national forest system helped lead a coalition to repair the disappearing habitat of the Kirtland's Warbler. In 2011, Forest workers planted 180,000 Jack Pine seedlings to help re-populate that species of tree, which is required for the Warbler to produce its offspring. Now, thanks to their efforts, the Kirtland's Warbler population is much more robust within the Huron and Manistee National Forests.

The important contributions made by the National Forest Foundation must not be overlooked, and I wholeheartedly support the program's reauthorization. Our forests are an incredible economic, environmental, and recreational resource for our country. We must remain steadfast and continue the work of preserving these forests and all of the majestic wonders contained within them for not only those alive today, but for all future generations of Americans.

PERSONAL EXPLANATION

HON. ROBERT HURT

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 10, 2015

Mr. HURT of Virginia. Mr. Speaker, I was not present for Rollcall No. 319. Had I been present, I would have voted "aye."

CELEBRATING THE ROTARY CLUB
OF HILLSBOROUGH

HON. LEONARD LANCE

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 10, 2015

Mr. LANCE. Mr. Speaker, I rise today to celebrate the Rotary Club of Hillsborough for 60 years of tremendous humanitarian service. Rotary has been a major part of community life in Hillsborough.

Rotary International is a global network of community volunteers with reach and influence across many spheres of interest, from service and volunteerism to promoting public health education. Rotary is one of the largest and most influential international service organizations worldwide. Rotary members, from New Jersey to the developing world, conduct projects to address today's humanitarian challenges, including illiteracy, disease, hunger, poverty and lack of clean water while encouraging high standards in all vocations. Rotary members strive to build goodwill and the members of the Rotary Club of Hillsborough are known ambassadors for dedicated public service.

The Rotary Club of Hillsborough has accomplished numerous projects to improve the lives of individuals needing assistance. Through annual fundraising events and community building activities, Rotary outings have assisted the Hillsborough Food Pantry, Homes For Hope, veterans services, families, those with special needs and projects in the public schools. Rotary has played a role in making Hillsborough what it is today—a wonderful place to build a life, raise a family and retire.

Service above self is vital to Rotary and the members of the Rotary Club of Hillsborough have for 60 years been a pillar of community spirit in Hillsborough.

CONGRATULATING MARY
KUPIRANCZYK

HON. MIKE QUIGLEY

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 10, 2015

Mr. QUIGLEY. Mr. Speaker, I rise today to congratulate Cadet Captain Mary Kuprianczyk on earning the Amelia Earhart Award.

The Amelia Earhart Award is presented to individuals upon completion of the first 11 achievements of the Civil Air Patrol Cadet Program. These achievements show personal growth in five program areas: aerospace education, leadership, special activities, physical fitness, and moral and ethical values. Once each of these achievements has been satisfied, the cadet must pass a comprehensive 100 question examination covering aerospace topics, leadership theory, and staff duties. To illustrate how prestigious this honor is, only 5 percent of all cadets earn this distinction.

At the young age of 16, Mary Kuprianczyk has proven to be a role model we can all look up to. While working hard to fulfill these requirements, she has been an exemplary honor roll student at Rockover Naval Academy in Chicago. All of these accomplishments have been earned while being the first female Cadet Captain at the Palwaukee Squadron.

After completing her education at Rockover, Mary plans to continue serving her country by pursuing an appointment to a military academy.

Mr. Speaker, I ask my colleagues to join me in recognizing Cadet Captain Mary Kuprianczyk and her exceptional accomplishments through the Civil Air Patrol Cadet Program.

HONORING THE 2015 AMHERST
CHAMBER OF COMMERCE SMALL
BUSINESS AWARD RECIPIENTS

HON. BRIAN HIGGINS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 10, 2015

Mr. HIGGINS. Mr. Speaker, it is my honor to recognize the honorees of the 2015 Amherst Chamber of Commerce's Small Business Awards Luncheon here today. Each business and business leader has done their part to lead by example, demonstrating leadership in the business community and a shared dedication to improving the economic conditions of Western New York.

Marketing Technologies of Western New York is dedicated to provide the best technology and services to fellow businesses. In recent years the company has been rapidly growing, in result Marketing Tech has been expanding its services and improving quality of support to businesses across Western New York. I commend this year's Trailblazer Award recipient, Don Papaj, The President and CEO of Marketing Technologies of WNY.

Allen Dembski from Buffalo First Wealth Management, LLC has utilized his expertise to better serve his clients and his strong record of accomplishments have led him to being recognized here today. Mr. Dembski's ability to go beyond his role to ensure the small businesses in the community thrive is exemplary. His contributions promote the continued prosperity of other small businesses in the Western New York community. I am pleased to recognize this year's Small Business Advocate of the Year, Allen Dembski of Buffalo First Wealth Management.

Cure the Blue of the Buffalo Bills Alumni Association sets out to raise awareness of prostate cancer in the Western New York Region and beyond. The foundation has devoted superior dedication to research, awareness and early detection of prostate cancer. It is my honor to recognize Booker Edgerson of the Cure the Blue, Buffalo Bills Alumni Association as this year's Presidents Award recipient.

O'Connell and Company functions as a theatre company, although it exceeds that title by having an expansive impact on the community. O'Connell and Company's mission is to give back to the community which it entertains, by organizing fundraisers to aid women and children's charities. O'Connell and Company invests deeply in its community and strives to make Western New York a better place to work and live. I commend this year's Award of Excellence recipient, Mary Kate O'Connell founder of O'Connell and Company.

Empire Genomics is on the precipitous of genomic research and technology. They strive to utilize the best in genomic technologies to advance research in their field. Empire Genomics is a global leader in the field of personalized medicine and assists clinicians, drug

developers and researchers to answer key questions in disease diagnostics, prognosis and disease therapy. I applaud the work of founder Dr. Norma Nowak, and all those at Empire Genomics and congratulate them on their Sponsor's Award presented by First Niagara Bank.

Tony Martin Awards, Inc. provides high quality services for all customers throughout Western New York. Tony Martin Awards has been serving the Western New York community for over 50 years with extraordinary contributions to the regional economy and professional expertise. I am pleased to recognize Tony Martin Awards, Inc. as the recipient of the Small Business of the Year Award.

Santora's Pizza Pub and Grill has been a staple in Western New York, since 1927. They have been dedicated members of the community since their inception and it is my honor to commend this year's Family Owned Business Award recipient, Paul Santora of Santora's Pizza Pub & Grill.

This impressive list of Small Businesses being honored at this year's Luncheon and Showcase deserve the extra recognition and I thank the Amherst Chamber of Commerce for bringing these distinguished business leaders together. I ask my colleagues to join me and wish the award recipients continued success in the years to come.

RECOGNIZING THE 30TH ANNIVERSARY OF ALPHA KAPPA ALPHA SORORITY, INC. OMICRON CHI OMEGA CHAPTER

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 10, 2015

Mr. CONNOLLY. Mr. Speaker, I rise to recognize the 30th anniversary of Alpha Kappa Alpha Sorority, Inc. Omicron Chi Omega Chapter.

Alpha Kappa Alpha Sorority was founded on the campus of Howard University January 15, 1908, as the first Greek-letter organization established by collegiate black women. Inaugurated with the founding principle, "To be supreme in service to all mankind," Chapters today continue to be conscientious members of their communities, sensitive to the needs and struggles of underserved populations.

Prince William County's Omicron Chi Omega Chapter was founded August 26, 1984, and chartered May 19, 1985, by five exceptional women: Roslyn Dunn, Venus Miller, Jannette Smithson, Alice Taylor and Mary Williams. During its 30-year history, the Chapter has received many local community awards and recognition from the Commonwealth of Virginia and Alpha Kappa Alpha for its involvement in the Back to School/Stay in School Program, its support of SAVAS (Sexual Assault Victim's Advocacy Services), and its contributions to ACTS and the American Heart Association.

The 2014–2018 International Program focuses on five areas of engagement: Educational Enrichment, Health Promotion, Family Strengthening, Environmental Ownership, and Global Impact. Working under the banner of Environmental Ownership, Omicron Chi Omega recently restored the Dumfries Elementary School playground. In addition to the

global program, Omicron Chi Omega provides \$10,000 annually in scholastic scholarships to graduating high school seniors, sponsors food drives for the Hilda Barg Homeless Prevention Center and SERVE Family Shelter, provides school supplies and coats to Prince William County Public Schools students, sponsors programs on physical and mental awareness for senior citizens and their caregivers, and established a drive to deliver black dolls to the Children's National Medical Center in Washington, D.C., to reflect the diverse cultures of children in need. In 2014, I had the honor of participating in the Chapter's Restoration of Voting Rights forum.

One of the Chapter's longest standing initiatives, the Little Miss AKA Scholarship Pageant, is now in its sixteenth year. The pageant highlights the Chapter's dedication to the young women of our community. The six-month long program allows for young girls between the ages of five and seventeen to enhance their personal development, build self-esteem, increase social skills, and meet women of diverse professions and positive role models.

Mr. Speaker, I ask that my colleagues join me in celebrating the 30th anniversary of the founding of Alpha Kappa Alpha Sorority, Inc. Omicron Chi Omega Chapter. The Chapter continues the legacy of Alpha Kappa Alpha's founders and continues to be an invaluable force for good in our community.

DON'T MESS WITH TEXAS ELEMENTARY SCHOOL ART CONTEST WINNER ANNE CHRISTIONO

HON. PETE OLSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 10, 2015

Mr. OLSON. Mr. Speaker, I rise today to congratulate Anne Christiono of Sugar Land's Cornerstone Elementary for being one of only thirteen winning students of the Don't Mess with Texas Elementary School Art Contest.

Anne, who is currently in the third grade, is one of the thirteen winners selected from the 8,228 elementary school students from across Texas who entered the contest. Keep Texas Beautiful and the Texas Department of Transportation selected the contest winners who displayed tremendous artistic talent, dedication, and creativity. Anne's submission will appear in the 2016 Don't Mess with Texas Calendar and will be displayed on the Keep Texas Beautiful and Don't Mess with Texas websites. Her work will even be showcased at the Keep Texas Beautiful's 2015 Annual Conference.

On behalf of the Twenty-Second Congressional District of Texas, congratulations again to Anne for being selected as one of the winners of the Don't Mess with Texas Elementary School Art Contest.

INTRODUCTION OF BREAST CANCER AWARENESS COMMEMORATIVE COIN ACT

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 10, 2015

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, every October Breast Cancer Awareness Month is recognized—acknowledging the toll the disease takes on individuals and families, and the importance of continued research and awareness efforts. Since 1989, thanks to earlier detection, increased understanding, and improved treatment, the death rates for breast cancer have continued to decrease. Yet breast cancer remains the second leading cause of cancer death in women, with one in 36 women dying from the disease. Just this year, it is estimated that 231,840 women will be diagnosed with and 40,290 women will die of cancer of the breast in the United States. In addition, it is estimated that 2,350 men will be diagnosed with invasive breast cancer and 440 men will die from breast cancer in 2015 in the United States.

We need to do more to combat this disease. In 2014 alone it is estimated that \$17.2 billion will be spent on breast cancer care in the United States. While the National Institutes of Health and the Department of Defense Breast Cancer Research Program remain the largest funders of breast cancer research in the United States, the National Cancer Institute funding was reduced by nearly \$66 million from 2011 to 2013. The funding level for the Department of Defense Breast Cancer Research Program has remained consistent since 2012; however this amount represents a 20 percent decrease from 2011 funding levels.

Additional private sector support will help us find cures for breast cancer even faster. That is why my colleague Representative PETE SESSIONS and I are introducing the Breast Cancer Awareness Commemorative Coin Act. Proceeds from the sale of the coins will benefit the Breast Cancer Research Foundation and Susan G. Komen for the Cure. These two organizations have raised more than \$500 million and \$847 million, respectively, for research funding. By leveraging the proceeds of the coins we will be able to increase the much needed support for breast cancer research and awareness.

Clearly, more needs to be done to find better treatments and cures for breast cancer. Our mothers, our sisters, our daughters, cannot afford to wait. I encourage you to support this bipartisan legislation.

TRIBUTE TO IOWA WATER ENVIRONMENT ASSOCIATION

HON. DAVID YOUNG

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 10, 2015

Mr. YOUNG of Iowa. Mr. Speaker, I rise today to congratulate the Iowa Water Environment Association (IAWEA) on their 100th year anniversary. This is an important milestone in their history of service to the state of Iowa through their efforts to advance water quality and water pollution control techniques.
