REMEMBERING LAUREN HILL

(Mr. WENSTRUP asked and was given permission to address the House for 1 minute.)

Mr. WENSTRUP. Mr. Speaker, I rise today to honor the life of a young woman and brave college athlete taken from us too soon. Her name is Lauren Hill.

Many in Cincinnati know Lauren Hill's story of strength and resolve. Lauren stood as an inspiration to us all. Her dream was to play college basketball, and she committed to the Mount St. Joseph's women's team. Then cancer struck.

Lauren was diagnosed with an inoperable brain tumor. Too many of us know the devastating feeling when a loved one receives a cancer diagnosis. Knowing that her days were limited, Lauren didn't let it stand in her way. She took her fight to the court. She played with a purpose. Her purpose was for others, not for herself.

Although she passed away last Friday at the age of 19, she has left a legacy of hope for a cure. As thousands came to see Lauren play and to support her mission, she raised over \$1 million through her nonprofit, a nonprofit to find cures for those that follow in her footsteps.

Lauren Hill, you are an inspiration to the world. Number 22, God bless you.

REMEMBERING OFFICER MICHAEL JOHNSON

(Ms. LOFGREN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. LOFGREN. Mr. Speaker, I rise to offer condolences to the family and friends of Officer Michael Johnson of the San Jose Police Department, who was killed in the line of duty on March 24, 2015, when he responded to a 911 call and was shot by a disturbed man armed with a rifle.

Mike graduated from the San Jose Police Academy on June 15, 2001. Over his 14-year career, Mike served as a patrolman, court liaison, prescription drug fraud specialist, and, most recently, a field training officer in charge of mentoring young cadets.

Like other officers, Mike recognized the inherent danger in wearing his badge and responding to calls, but he accepted these risks and ultimately gave his life serving his community.

He is survived by his wife, Nikki; parents, Daniel Johnson and Katherine Decker; step-parents, Dann Decker and Penny Johnson; sister, Jamie Radack; a niece and nephew; his grandmother; and his in-laws. I hope they take solace in knowing that our entire community is in mourning with them. The San Jose PD is in mourning. The city of San Jose is in mourning. This Congress is in mourning.

IN HONOR OF OFFICER MICHAEL JOHNSON

Mr. Speaker, I rise today with my colleagues, Congresswoman ANNA ESHOO, Congressman MIKE HONDA, and Congressman ERIC SWALLWELL, to offer our deepest condolences to the family and friends of Officer Michael Johnson, a courageous and dedicated officer of the San Jose Police Department who was killed in the line of duty on March 24, 2015, when he responded to a 911 call and was shot by a suicidal man armed with a rifle.

Mike, a 14-year veteran of the department, was known in the community for his kindness and compassion. He grew up in San Jose, graduating from Gunderson High School in 1995. His siblings knew before he did that he was bound to follow in the footsteps of his father, Daniel Johnson, who was a military police officer for the United States Army and who later joined the Calaveras County Sheriff's Department. Mike graduated from the San Jose Police Academy on June 15, 2001.

He saw himself as a protector. At Mike's memorial service, San Jose Police Department Chief Larry Esquivel said Mike was everything he looks for in an officer: a warrior and a guardian when needed, but also empathetic and eager to engage the community. His easy-going, mild-mannered demeanor and exemplary career made him an effective officer.

Over his 14-year career, Mike served as a patrolman, court liaison, prescription drug fraud specialist, and, most recently, a field training officer in charge of mentoring young cadets. He was also assigned to the covert response unit because of his skill as an expert marksman and his reputation as a model officer. He was known as one of the most skilled marksmen on the force; he medaled often at the Police and Fire Games and was set to be inducted in the competition's hall of fame. He specifically volunteered to be a field-training officer for the department, which was his assignment when he responded to the fateful 911 call.

Mike was active in San Jose, as is his family. He and his wife Nikki planned to raise a

family there. His mother, Katherine Decker, became active in making their neighborhood a better place and now serves on the executive board of the VEP Community Association, a neighborhood group that represents more than 2,000 families in Blossom Valley. Outside of work, Mike enjoyed practicing and teaching jujitsu. He had earned his black belt in 2008, served as an instructor at his dojo, and particularly enjoyed teaching jujitsu to kids.

At the memorial service, Mike's sister, Jamie Radack, said that Mike always lived life to the fullest, and took a "go big or go home" attitude to everything he did. He didn't just play chess in high school, she said; he captained the chess team. He didn't just scuba dive; he dove with great white sharks at the Farallon Islands. This passion extended to the love he showed to his family, and also to the dedication with which he served the police department. Like other officers, Mike recognized the inherent danger in wearing his badge and responding to calls. But he accepted these risks.

At approximately 6:48 p.m. on March 24, Officer Michael Johnson was among the first on scene responding to an apartment complex on Senter Road. The police had received a 911 call regarding an unstable man who was armed and threatening to harm himself and his family. Mike and three other officers carefully approached the home, knowing that each step placed them closer to danger, but also closer to protecting a family and a community. The officers were met with gunfire by the man, and Mike was fatally wounded.

Michael Johnson was 38 years old. He had married his wife Nikki in a civil ceremony on August 3, 2013, and was planning a formal wedding ceremony on August 29, 2015. Mike is survived by his wife Nikki, parents Daniel Johnson and Katherine Decker, step-parents Dann Decker and Penny Johnson, sister Jamie Radack, a niece and nephew, his grandmother and his in-laws. I hope they take solace in knowing that the entire community is mourning with them. We are heartbroken by Mike's passing, but inspired by the way he lived his life and protected others. We will remember his dedication, and strive to contribute as fully to our community as he did through his service.

SUICIDE DRONES—IRAN

(Mr. POE of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POE of Texas. Mr. Speaker, while Iran pretends to want peace, it continues to prepare for war. While the administration was negotiating a deal regarding Iran's nuclear weapons, Iran was developing new war technology.

Iranian news sources indicate that since 2014, Iran has been developing combat suicide drones. This technology uses drones as suicide weapons to destroy jet aircraft, helicopters, and even warships. The drone development includes drones that elude radar, have tracking devices, and fly for hours with a long range.

The Iranian Supreme Leader even stated while the nuclear weapon negotiations were taking place that he wants to destroy the United States.

Suicide drones are yet one more example that Iran is determined to have military dominance in the Middle East. Iran wants to annihilate Israel and the United States. The United States should not be disillusioned by the Iranian ruse claiming it wants peace.

The best hope for the world is for the people of Iran to rid themselves of the warlord mullahs and replace them with a rational, nonaggressive government.

And that is just the way it is.

EQUAL PAY DAY

(Mr. LANGEVIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANGEVIN. Mr. Speaker, I rise today in honor of Equal Pay Day.

It is an absolute shame that, in the United States, women earn, on average, 78 cents of every dollar that a man makes. For women of color, this gap is even worse: 64 cents for African American women and 56 cents for Latinas.

Mr. Speaker, the pay gap is harming working families in every State, but it is particularly harmful in the two-thirds of families where women are the primary breadwinners. Lower paychecks mean less money for groceries, rent, child care, and other family necessities.

Mr. Speaker, I am proud to be an original cosponsor of the Paycheck Fairness Act, which will make it easier for women to win pay discrimination cases and harder for companies to justify unequal salaries. Mr. Speaker, I urge all of my colleagues to cosponsor this bill with me.

DEVEREUX'S AUTISM ASSESSMENT CENTER

(Mr. COSTELLO of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. COSTELLO of Pennsylvania. Mr. Speaker, I rise today to congratulate Devereux, a national nonprofit behavioral health care organization, on the opening of their new Autism Assessment Center in Downingtown.

The center is designed to help families get access to an autism spectrum disorder assessment and diagnostic services. It will help families facing the uncertainties of an autism diagnosis and will also help individuals from birth live with the challenges that autism can bring.

With more children than ever now being diagnosed, experts agree that early diagnosis and intervention for autism is critically important. Currently, receiving access to diagnostic testing can involve waiting lists up to 18 months. That is why facilities, such as Devereux, can provide an important service to Chester County and the greater Delaware Valley region.

I am excited to soon be taking a tour of the facilities and want to thank
