

With the significant challenges already before farmers, ranchers, foresters, and landowners, there is too much on the line to continue down the path of nonsensical overregulation. The Corps of Engineers and the EPA must withdraw this rule, and go back to the drawing board.

HOLD THE VOTE

(Mr. HECK of Washington asked and was given permission to address the House for 1 minute.)

Mr. HECK of Washington. Mr. Speaker, next week we will be out of session and back in our districts, and many of us will be visiting small businesses, appropriately because it is National Small Business Week. We should visit small businesses; we should, frankly, whenever we are home.

Meanwhile, only 25 legislative days remain before a tool used and cherished by America's small businesses disappears. Only 25 more legislative days before this business tool for small businesses vanishes altogether. Only 25 more legislative days, and the Export-Import Bank will shut its doors to our Nation's small businesses unless we hold the vote.

Mr. Speaker, hold the vote. Hold the vote today. Hold the vote if you champion America's small businesses succeeding in global competition. The votes are here. Mr. Speaker, hold the vote.

HELPING GRANITE STATE FISHERMEN

(Mr. GUINTA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GUINTA. Mr. Speaker, I rise today on behalf of New Hampshire's most historically important enterprise: our fishing industry. For nearly 400 years, our fishermen have provided the Granite State with a steady source of jobs and revenue. Their passion and livelihood is woven into the fabric of New England's rich heritage.

Today our fishermen face a host of challenges, most of which are due to the heavy hand of government intervention and regulation. Our government must help—not hinder—our State's fishermen.

That is why this week I join my colleague, Congressman BILL KEATING, from Cape Cod, to introduce H.R. 2106, a bipartisan bill to redirect more than \$100 million in existing funds to programs of crucial importance to our fisheries, our fishermen, and the region at large.

Granite State fishermen deserve the resources and tools necessary to assist with their jobs, cope with government mandates, and increase their ability to put food on the table for millions of Americans around the United States. This bipartisan legislation represents one step we can take to ensure this industry that is so important to the his-

tory of our State and our region and our country can last for another 400 years.

RECOGNIZING 2015 AS THE YEAR OF THE MILITARY DIVER

(Ms. GRAHAM asked and was given permission to address the House for 1 minute.)

Ms. GRAHAM. Mr. Speaker, today I rise to recognize 2015 as the Year of the Military Diver, to honor the hard work and sacrifice of divers from all of our Nation's service branches.

Within north Florida's Second Congressional District is Naval Support Activity Panama City, the home of military diving in the United States. Today, led by Commanding Officer Hung Cao, the Naval Diving and Salvage Training Center at NSA PC is training the world's most advanced divers. I have seen firsthand how hard the men and women of our Armed Forces train at the diving center to keep our Nation safe, and today I would like to thank them for their service and officially recognize 2015 as the Year of the Military Diver.

ENERGY AND WATER DEVELOPMENT AND RELATED AGENCIES APPROPRIATIONS ACT, 2016

GENERAL LEAVE

Mr. SIMPSON. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and to include extraneous material on the further consideration of H.R. 2028.

The SPEAKER pro tempore (Mr. THOMPSON of Pennsylvania). Is there objection to the request of the gentleman from Idaho?

There was no objection.

The SPEAKER pro tempore. Pursuant to House Resolution 223 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the state of the Union for the further consideration of the bill, H.R. 2028.

Will the gentleman from Texas (Mr. POE) kindly take the chair.

□ 0910

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the state of the Union for the further consideration of the bill (H.R. 2028) making appropriations for energy and water development and related agencies for the fiscal year ending September 30, 2016, and for other purposes, with Mr. POE of Texas (Acting Chair) in the chair.

The Clerk read the title of the bill.

The Acting CHAIR. When the Committee of the Whole House rose earlier today, a request for a recorded vote on an amendment offered by the gentleman from California (Mr. LAMALFA) had been postponed, and the bill had been read through page 57, line 11.

AMENDMENT OFFERED BY MR. DUNCAN OF SOUTH CAROLINA

Mr. DUNCAN of South Carolina. Mr. Chair, I have an amendment at the desk.

The Acting CHAIR. The Clerk will report the amendment.

The Clerk read as follows:

At the end of the bill (before the short title), insert the following:

SEC. ____ For an additional amount for "Corps of Engineers—Civil—Department of the Army—Investigations", there is hereby appropriated, and the amount otherwise provided by this Act for "Department of Energy—Energy Programs—Departmental Administration" is hereby reduced by, \$2,500,000.

The Acting CHAIR. Pursuant to House Resolution 223, the gentleman from South Carolina and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from South Carolina.

Mr. DUNCAN of South Carolina. Mr. Chair, before I start, I just want to thank the gentleman from Idaho, the chairman of the Subcommittee on Energy and Water Development, and Related Agencies appropriations for all his exemplary work on this and allowing the open process to actually work. I know that my colleagues that have offered amendments appreciate the time that they have been able to do that, and I want to thank him for that.

Mr. Chair, I rise today to offer an amendment to the Energy and Water Appropriations bill. This amendment takes dollars out of the bureaucracy in Washington, D.C., and puts it to work for the American people, helping ports and harbors like the Charleston Port in my home State of South Carolina do the important work necessary to begin the deepening of those harbors.

Last month, I had the pleasure of visiting the Panama Canal when I led a House delegation to the Summit of the Americas. The lock and dam system in that canal is being upgraded, and it was very interesting to see the work that they are doing there. Once that work is complete, larger ships will be able to come through the canal and deliver goods to and from Atlantic and Gulf ports along the eastern seaboard. This will be one of the key economic drivers in the 21st century.

If America is going to compete on the global stage, we need to be ready for this transformation. My amendment seeks to speed that readiness, helping to transform critical ports like Charleston's to the depth that will allow these bigger ships to navigate those harbors more often.

This amendment is about this House setting our government's spending priorities, just like every family does at home. We are rapidly approaching a \$20 trillion debt, and we have a moral responsibility to use every tax dollar wisely.

I am grateful that my colleagues on the Committee on Appropriations were able to negotiate this amendment to

increase funding for vital infrastructure projects like the Port of Charleston and pay for it by forcing bureaucratic agencies to operate more efficiently. I urge the passage of the amendment.

I yield back the balance of my time. The Acting CHAIR. The question is on the amendment offered by the gentleman from South Carolina (Mr. DUNCAN).

The amendment was agreed to.

ANNOUNCEMENT BY THE ACTING CHAIR

The Acting CHAIR (during the vote). There is 1 minute remaining.

□ 1018

So the amendment was agreed to.

The result of the vote was announced as above recorded.

PERSONAL EXPLANATION

Mr. CULBERSON. Mr. Chair, I was unavoidably detained this morning and unable to vote on rollcalls 208, 209, 210, 211, 212, and 213. Had I been present, I would have voted "aye" on rollcalls 208, 209, 211, 212, and 213. I would have voted "no" on rollcall 210.

The Acting CHAIR. The Clerk will read.

The Clerk read as follows:

This Act may be cited as the "Energy and Water Development and Related Agencies Appropriations Act, 2016".

Mr. SIMPSON. Mr. Chairman, I move that the Committee do now rise and report the bill back to the House with sundry amendments, with the recommendation that the amendments be agreed to and that the bill, as amended, do pass.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. DOLD) having assumed the chair, Mr. POE of Texas, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 2028) making appropriations for energy and water development and related agencies for the fiscal year ending September 30, 2016, and for other purposes, directed him to report the bill back to the House with sundry amendments adopted in the Committee of the Whole, with the recommendation that the amendments be agreed to and that the bill, as amended, do pass.

The SPEAKER pro tempore. Under the rule, the previous question is ordered.

Is a separate vote demanded on any amendment reported from the Com-

mittee of the Whole? If not, the Chair will put them en gros.

The amendments were agreed to.

The SPEAKER pro tempore. The question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed and read a third time, and was read the third time.

MOTION TO RECOMMIT

Mr. BERA. Mr. Speaker, I have a motion to recommit at the desk.

The SPEAKER pro tempore. Is the gentleman opposed to the bill?

Mr. BERA. I am opposed in its current form.

The SPEAKER pro tempore. The Clerk will report the motion to recommit.

The Clerk read as follows:

Mr. Bera moves to recommit the bill H.R. 2028 to the Committee on Appropriations with instructions to report the same back to the House forthwith with the following amendment:

(1) "WATER AND RELATED RESOURCES".—Page 13, line 14, after the dollar amount, insert "(increased by \$15,000,000)".

(2) "POLICY AND ADMINISTRATION".—Page 15, line 24, after the dollar amount, insert "(reduced by \$30,000,000)".

(3) "ELECTRICITY DELIVERY AND ENERGY RELIABILITY".—Page 21, line 17, after the dollar amount, insert "(increased by \$15,000,000)".

The SPEAKER pro tempore. The gentleman from California is recognized for 5 minutes.

Mr. BERA. Mr. Speaker, this is the final amendment to the bill. It will not kill the bill or send it back to committee. If adopted, the bill will immediately proceed to final passage as amended.

Mr. Speaker, we are in the midst of the worst drought we have ever experienced in California, in my home State, and across the Western United States. This is the fourth year of unprecedented drought conditions. Two-thirds of California is in extreme or exceptional drought. Almost twice the area as this time last year is experiencing exceptional drought. This is critical.

When I go back to my district and talk to farmers, small-business owners, individuals, they are worried; they are worried about what the summer is going to bring. We are about to enter the driest part of the year.

I have got a picture here. This is the Sierra Nevadas, one of the most beautiful regions in our country. When my wife and I first moved to northern California, we would scrimp and save so we could go on vacation and go skiing up here—beautiful snow. In fact, the 1960 Winter Olympics were held up here.

But it is not a recreational area. What the Sierra Nevadas mean to California, this is our biggest reservoir of water. The snow falls in the winter, and in the springtime you get this melt-off. It fills our reservoirs; it nourishes our farmers; it allows the fishermen to go fish the salmon in the Sacramento River. This is what a normal snowfall would look like.

But let's fast-forward to where we are today. There is no snow. The

snowpack just last month was 5 percent of normal—the worst conditions that we have ever seen.

This is dramatic. What that means is our reservoirs are going to be empty. That means the farmers in central California are going to struggle to feed their crops. California's farms are the breadbasket not just of our Nation, but of the world; some of the most productive farms, incredibly important to our economy. But the water is not there.

Now, what we are asking for is not a lot. We face critical times here. These aren't Republican or Democratic issues, because a farmer or consumer doesn't look at drinking water or the water to nourish their crops as Democrats or Republicans. They are looking at their business, their livelihoods, their very existence. We are just asking for a small amount of emergency drought relief.

Now, in my own district, a large part of my population depends on drinking water from Folsom Lake. Do you want to see what Folsom Lake looked like 1 year ago? Dry. Dry to the bone. This should all be under water. We are not going to fill this reservoir because it depends on the snowmelt.

Now, these families are going to struggle. We are doing what we can to save water. We are doing what we can as consumers to better conserve. I know the farmers are stepping up to do what they can.

We are not asking for a lot, though, here. My colleagues will talk about increasing surge capacity. Great. Let's do that. But that is not going to relieve the impact of this summer. It is going to be devastating.

And it is not just my State. It is affecting Nevada. It is affecting Oregon. It is affecting Washington State. The funding that we are asking for is not just for California. All 50 States could ask for emergency drought relief to help families, to help businesses.

We have got to address this. The climate is changing. We have noticed now for 4 years we haven't had that snow. More of it is coming down as rain, so we have got to capture that rain. We certainly have to store it, and we have got to move that water to where we grow our foods.

But for this summer, in these emergency conditions, our families need relief. I am not asking for us to change the bill. I am asking for a bit of relief for families that are struggling. In fact, this will help them. It will help them get through it. It will help any of the 50 States plan for emergency conditions like this.

In addition, we are asking for a brief bit of funding to help us beef up our cybersecurity for our electrical grid. We are vulnerable here. Can you imagine what would happen if those that want to harm us attacked our electrical grid?

We are not asking for a lot. We are not asking for anything that is unreasonable here. We are Americans. Let's help each other. Let's do what is right.

Let's amend the bill. Let's pass it, and let's provide relief for these families.

Mr. Speaker, I yield back the balance of my time.

Mr. SIMPSON. Mr. Speaker, I rise in opposition to the motion to recommit.

The SPEAKER pro tempore. The gentleman from Idaho is recognized for 5 minutes.

Mr. SIMPSON. Mr. Speaker, I appreciate the remarks that the gentleman just made. It would have been helpful, if he was so concerned about the drought—which I am sure you are. I don't mean to imply that you are not. But it would have been helpful if you would have actually voted for some of the amendments that might have addressed the problem, like the McClintock amendment that just passed that said you can't take water and buy it and flush fish down the river when people need it.

The reality is this motion to recommit will not help with the drought conditions in California at all. There are only two things that will help relieve the drought. One of them we have no control over. It comes from a higher power. It is called rain and snow. We can't legislate that.

□ 1030

The second thing is that maybe we could start listening to some of the people who have been advocating to address this problem for several years—Congressman NUNES, Congressman CALVERT, Congressman VALADAO, Congressman MCCARTHY, Congressman MCCLINTOCK, Congressman LAMALFA. They have made real proposals that would require the operation of the complex California water system so that it considered the lives and jobs and families of people before it did fish.

Mr. Speaker, this amendment doesn't do anything. It won't help the drought conditions in California. We have already put money into the grid issue to try to make sure that we secure the grid so that it is not subject to attacks.

The other thing I would say is that this has been a balanced bill. We have got over 60 amendments we have considered from Members on both sides of the aisle. We have adopted many of them, and some of them have been rejected. It has been an open process. It has been the way Speaker BOEHNER has wanted the appropriations process to work so that all Members could work their will on their appropriations bills.

I don't need to go through the bill. What I would tell you is to reject this MTR and to support the underlying bill. Be happy, smile, and enjoy next week.

Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. Without objection, the previous question is ordered on the motion to recommit.

There was no objection.

The SPEAKER pro tempore. The question is on the motion to recommit.

The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

RECORDED VOTE

Mr. BERA. Mr. Speaker, I demand a recorded vote.

A recorded vote was ordered.

The SPEAKER pro tempore. Pursuant to clause 8 and clause 9 of rule XX, this 5-minute vote on the motion to recommit will be followed by 5-minute votes on passage of the bill and agreeing to the Speaker's approval of the Journal, if ordered.

This is a 5-minute vote.

Ms. ROS-LEHTINEN. Mr. Speaker, today I rise to recognize police officer Shirley Verde on being named the Village of Pinecrest Police Department's Officer of the First Quarter of 2015.

Officer Verde has consistently shown her commitment to her community and her fellow officers through her professionalism and dedicated service. She also has proven herself as an invaluable member of the Pinecrest police DUI enforcement program.

A perfect example: in the early morning hours of March 1 of this year, Officer Verde successfully and safely resolved a situation where an impaired driver was traveling in the wrong direction on heavily trafficked U.S. 1. There is no doubt that her quick and decisive actions saved many lives.

Officer Verde is incredibly worthy of this honor, and I thank her for her dedication and service to the people of my hometown, the Village of Pinecrest.
