So the amendment was rejected.

The result of the vote was announced as above recorded.

The CHAIR. The question is on the amendment in the nature of a substitute, as amended.

The amendment was agreed to.

The CHAIR. Under the rule, the Committee rises.

Accordingly, the Committee rose; and the Speaker pro tempore (Ms. ROS-LEHTINEN) having assumed the chair, Mr. YOUNG of Iowa, Chair of the Committee of the Whole House on the state

of the Union, reported that that Committee, having had under consideration the bill (H.R. 1732) to preserve existing rights and responsibilities with respect to waters of the United States, and for other purposes, and, pursuant to House Resolution 231, he reported the bill back to the House with an amendment adopted in the Committee of the Whole.

The SPEAKER pro tempore. Under the rule, the previous question is ordered.

Is a separate vote demanded on the amendment to the amendment reported from the Committee of the Whole? If not, the question is on the adoption of the amendment in the nature of a substitute, as amended.

The amendment was agreed to.

The SPEAKER pro tempore. The question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed and read a third time, and was read the third time.

## MOTION TO RECOMMIT

Mr. AGUILAR. Madam Speaker, I have a motion to recommit at the desk.

The SPEAKER pro tempore. Is the gentleman opposed to the bill?

Mr. AGUILAR. I am, in its current form.

The SPEAKER pro tempore. The Clerk will report the motion to recommit.

The Clerk read as follows:

Mr. Aguilar moves to recommit the bill H.R. 1732 to the Committee on Transportation and Infrastructure with instructions to report the same back to the House forthwith with the following amendment:

At the end of the bill, add the following:

**SEC. 4. PROTECTING THE SUPPLY OF WATER FOR SAFE DRINKING, TO MITIGATE AGAINST WESTERN DROUGHT, FOR AGRICULTURAL USES, AND FOR PROTECTION FROM FLOODING.**

In the process of rulemaking required by this Act, the Secretary of the Army and the Administrator of the Environmental Protection Agency shall protect the quality and integrity of surface waters and wetlands that are available:

(1) For public water supplies, which are a significant source of drinking water for municipalities, including in the Great Lakes where the Lake Erie algal bloom has forced cities such as Toledo, Ohio, to rely on bottled water.

(2) To mitigate against the harmful impact of drought in California and other western States, which has reached historic proportions.

(3) For agricultural uses, including irrigation.

(4) To mitigate against the adverse impacts of flooding and coastal storms, such as the Mississippi River Flood of 2011 and Hurricanes Katrina, Rita, and Sandy.

Mr. AGUILAR (during the reading). Madam Speaker, I ask unanimous consent to dispense with the reading.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

The SPEAKER pro tempore. The gentleman from California is recognized for 5 minutes.

□ 1915

Mr. AGUILAR. Madam Speaker, this is a final amendment to the bill which will not kill the bill or send it back to committee. If adopted, the bill will immediately proceed to final passage, as amended.

This motion is simple. It requires the Army Corps and the EPA to ensure that important surface waters and wetlands are protected during the new rulemaking process this bill starts.

This motion requires that the quality of public water supplies be protected. Around the country, we have seen drinking water sources contaminated, like the algal bloom in Lake Erie that forced Toledo, Ohio, to use bottled water.

In California, the historic drought has reduced many surface waters to stagnant pools of water. Seven million Californians rely on these streams for their drinking water. We need to make sure these drinking water sources are protected to keep families and communities healthy.

The drought in California has reached emergency levels, and this motion ensures that waters and wetlands that help mitigate the drought in the West are protected. These waters need protection under this rule because, if they are contaminated, then we have few other options to ensure communities in southern California have access to water sources.

California is implementing water use restrictions to deal with the drought, but it doesn't make sense to take these steps if we don't make sure the wetlands and waters that recharge them are protected.

Finally, this motion guarantees that water used for agriculture, including for irrigation, are safeguarded. California's agriculture industry depends on clean water, and this motion preserves the exemptions agriculture already gets under regulations.

In short, this is a commonsense amendment to the bill to guarantee protections for water used for the public's drinking supply, for lessening the impact of the drought in California and the West, and for agriculture.

Madam Speaker, I yield back the balance of my time.

Mr. SHUSTER. Madam Speaker, I rise in opposition to the motion to recommit.

The SPEAKER pro tempore. The gentleman from Pennsylvania is recognized for 5 minutes.

Mr. SHUSTER. Madam Speaker, I strongly oppose this motion to recommit.

First of all, it has nothing to do with drought. Second, it is just a backdoor attempt to allow the EPA to take control of all the waters in America. In addition to that, my colleagues from California have tried, time and time again, to work with their colleagues on the other side of the aisle to solve this drought problem in California, but my colleagues on the other side of the aisle have refused to work together. Again, this has nothing to do with drought.

The purpose of H.R. 1732 is to uphold the Federal-State partnership in regulating the Nation's waters by maintaining the balance between the States and the Federal Government in carrying out the Clean Water Act.

H.R. 1732 restricts the administration's current administrative efforts to expand Federal jurisdiction under the Clean Water Act and requires the Agency to engage in federalism consultation with their State and local partners to implement the Clean Water Act.

However, this motion is designed to undermine the legislation by giving the EPA unfettered discretion in making State water quality determinations in order to allow the EPA to continue to implement this flawed rule.

In effect, the amendment says that the underlying bill will not apply virtually anywhere the EPA decides that the bill should not apply. This amendment would further erode the Federal and State partnership that H.R. 1732 seeks to preserve.

Let me remind my colleagues that 32 States have said revise or eliminate this rule. My colleagues, all day, have talked about we haven't seen the final rule, but we have seen the proposed rule, and the proposed rule is going to be very similar to the final rule. We have seen this happen time and time again.

We have to stop this rule. I urge my colleagues, all 435 Members of this body, to take notice. This is another attempt by the executive branch to take Congress' constitutional authority away from us. We should all take this as a serious challenge.

For too long, this body has allowed the executive branch to take our authority granted to us by the constitution. I say, whether it is a Republican or Democrat administration, we have to stop that.

The bill, H.R. 1732, is a step in the right direction. It is a good bill that maintains the balance of regulation and of our Nation's water.

We must preserve the Federal-State partnership that exists under the Clean Water Act, which has been for 40 years, until this administration's attempting to impose an overbearing EPA on our States.

I urge a "no" vote.

Madam Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. Without objection, the previous question is ordered on the motion to recommit.

There was no objection.

The SPEAKER pro tempore. The question is on the motion to recommit. The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

Mr. AGUILAR. Madam Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 and clause 9 of rule XX, this 5-minute vote on the motion to recommit will be followed by 5-minute

votes on passage of the bill, if ordered, and the motion to suspend the rules and pass H.R. 2146.

The vote was taken by electronic device, and there were—yeas 175, nays 241, not voting 16, as follows:
