

Mr. Speaker, I am not anti-immigration. The Constitution of the United States is clear: immigration and naturalization are issues for Congress and the American people to decide, not a self-declared king sitting in the White House.

Lawlessness breeds lawlessness. Last week, Texas and the Fifth Circuit secured the rule of law, and I thank them for it.

#### HIGHWAY TRUST FUND AND T-HUD

(Mrs. BEATTY asked and was given permission to address the House for 1 minute.)

Mrs. BEATTY. Mr. Speaker, I rise today to share that the Nation is desperate for a long-term, 21st century transportation and infrastructure system that provides sustainable solutions to our Nation's infrastructure crisis. We can't kick the can down the road anymore. Patching our roads and our budgets will not reverse the serious decline in our infrastructure.

In April of this year, I joined elected officials and community leaders in my district at the Central Ohio Transit Authority's new Spring Street Terminal to "Stand Up 4 Transportation" and call for a long-term funding bill.

Short-term patches like the one that was rushed through Congress last month fail to meet the challenge of our Nation's crumbling roads and bridges—even as other nations advance their infrastructure by leaps and bounds.

Mr. Speaker, without meaningful long-term transportation bills that provide forward thinking and predictable investments for our infrastructure, we are slamming the brakes on the economy and jobs.

It is time to act. The clock is ticking.

#### ROME HIGH SCHOOL ON BEST HIGH SCHOOLS LIST

(Mr. GRAVES of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GRAVES of Georgia. Mr. Speaker, I rise today to congratulate Rome High School, which was ranked as one of the "Best High Schools in America" by U.S. News & World Report for the fourth year in a row. It also earned a silver ranking, meaning Rome High is one of the top 10 percent of schools nationwide.

These high achievements are evidence of the commitment, the dedication, and the hard work put forth by Rome High students, their faculty, and the staff. In fact, when the Rome News Tribune asked him about the rankings, Principal Evans noted: "We are striving for a gold rank of course."

Mr. Speaker, this commitment to hard work and doing the best you can embodies the values that make northwest Georgia a great place to live, to work, and to raise a family.

Congratulations to all those involved in the Rome High School community. Enjoy your summer break. You have earned it.

#### BRING BACK OUR GIRLS

(Ms. WILSON of Florida asked and was given permission to address the House for 1 minute.)

Ms. WILSON of Florida. Mr. Speaker, Boko Haram, with the help of ISIS, has made a dangerous comeback. Just yesterday, Boko Haram attacked again, using a suicide bomber to kill 20 more people.

In his inauguration speech last Friday, President Buhari vowed to defeat Boko Haram. I hope and pray that President Buhari remains committed to this vow because we here in Congress will certainly remain committed to holding him accountable.

Mr. Speaker, we will continue to wear red in solidarity with the thousands affected by the evils of Boko Haram. We will continue to tweet, tweet, tweet #bringbackourgirls.

Listen to these headlines: "Kidnapped Nigerian Girls Likely Being Used by Boko Haram as Suicide Bombers"; "U.S. Signals Willingness to Widen the Role in Fighting Boko Haram in Nigeria"; "Boko Haram and ISIS Are the Worst Sexual Abusers"; "How Boko Haram Is Turning Children into Weapons"; "With Help from ISIS, a More Deadly Boko Haram Makes a Comeback"; "Nigerian Girls Kidnapped by Boko Haram May Be Held in Underground Bunkers"; "Boko Haram Militants Raped Hundreds of Female Captives in Nigeria."

Continue to tweet. Tweet #bringbackourgirls.

#### REMEMBERING ARLENE BUSH

(Mr. PAULSEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAULSEN. Mr. Speaker, I rise to remember and celebrate a wonderful public servant from Bloomington, Minnesota, Arlene Bush.

Arlene Bush served on the Bloomington School Board for 33 years and volunteered for many more. But the longevity of Arlene's service is just part of the story. Arlene was known for the kindness she showed to everyone whom she interacted with.

Superintendent of Bloomington Public Schools Les Fujitake remembered how Arlene always approached decisions that the school board faced by asking, "What is best for the children?" Arlene was a fixture at school events and at the annual Congressional Art Competition in Bloomington. In fact, she often took the time to tag along with me when I visited schools.

Arlene's positive, kind, and supportive spirit was contagious to those around her. Her legacy will be remem-

bered far beyond the Bloomington School Board meeting room and the Minnesota School Boards Association award that bears her name.

My condolences go out to Arlene's family, to the Bloomington Public Schools, and to the entire Bloomington community who mourn the loss of Arlene but who celebrate a wonderful public servant.

#### HIRE A HERO ACT

(Ms. PLASKETT asked and was given permission to address the House for 1 minute.)

Ms. PLASKETT. Mr. Speaker, I rise today to ask my colleagues to support an important initiative.

We celebrate and show honor to our veterans, fallen servicemembers, and those in the Armed Forces during Memorial Day and Veterans Day, and then in some respects we go on about our business.

Those veterans and the men and women in the National Guard and Ready Reserve need our continued support. We do that through health care, educational initiatives, and other ways. We must do it as well to support them economically with jobs.

Too many American servicemembers remain unemployed. Although the overall veteran unemployment rate has dropped in recent years, the rate of unemployment among our post-9/11 veterans is 7.2 percent.

As our economy continues to improve, we must be sure that those who fight to defend this country are not left behind. The men and women who serve in the National Guard and Reserve are highly trained, well-qualified individuals who add tremendous value to our employer's workforce.

Let's make it easier for those employers—and even incentivize them—to bring the men and women who continue to serve in the National Guard and Reserve on their payroll. Through the Hire A Hero Act, H.R. 2457, employers would receive a tax incentive to hire our National Guardsmen and Reservists. This would support small businesses by providing them with highly skilled workers and assist our great men and women.

Please join me in supporting the Hire A Hero Act.

#### ENDING ALZHEIMER'S

(Mr. GUINTA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GUINTA. Mr. Speaker, I rise on behalf of the 5.3 million Americans living with Alzheimer's disease as we observe Alzheimer's Awareness Month.

Families affected by this illness know firsthand Alzheimer's takes more than just memories; it takes the lives of loved ones.

Despite being the sixth-leading cause of death in the United States, Alzheimer's is the only disease in the top

ten causes of death that cannot be slowed, stopped, or prevented.

The time to take action is now. It is our duty as Members to work on behalf of the families who lose their loved ones to this devastating disease and on behalf of those individuals who slowly lose those pieces of themselves that made up who they once were. No one should have to go through such an emotionally tolling process.

As a member of the Congressional Alzheimer's Caucus, I am devoted to raising awareness and devising solutions to once and for all end Alzheimer's.

Together we can, and must, fight this important fight.

#### SECOND ANNIVERSARY OF THE BLUE LIGHTNING INITIATIVE

(Ms. TITUS asked and was given permission to address the House for 1 minute.)

Ms. TITUS. Mr. Speaker, this week marks the second anniversary of the Blue Lightning Initiative, a DHS and DOT program to equip airline personnel with the tools to identify and save victims of human trafficking.

I represent Las Vegas, which attracts more than 42 million visitors every year. As a premier global destination, we are sadly all too familiar with the impact of this heinous crime.

Clearly, we must engage in an all-hands-on-deck approach to identify and apprehend traffickers, which includes our airline personnel who are on the front line.

That is why I am introducing legislation to ensure all our airlines take on this challenge and close off the skies to those engaged in this modern-day slavery.

Human trafficking is not the only issue that is facing our aviation industry, so I will be hosting industry leaders from across the country at an aviation symposium in my district next week to discuss how we can work together to strengthen our Nation's aviation, create new job opportunities, and foster economic growth.

#### CACHE VALLEY TRANSIT

(Mr. BISHOP of Utah asked and was given permission to address the House for 1 minute.)

Mr. BISHOP of Utah. Mr. Speaker, the Cache Valley Transit District in Logan, Utah, has received an Excellence in Motion award by the national Community Transportation Association and has been named as the "Urban Community Transportation System of the Year." Among other criteria, this award is given to a transportation system that demonstrates creative and innovative services that are responsive to community needs and serves an urban area of more than 50,000 people.

The Cache Valley Transit District has a 19-year legacy of fare-free riding, a precedent for the Nation. They have cultivated close relationships in the

community through traditional and nontraditional partnerships, such as support for a community art program, a new medical voucher program, and Call-A-Ride buses which provide curbside service for the elderly and disabled.

For these and other reasons, they certainly merit the Excellence in Motion award.

#### THE VETERAN WELLNESS ACT

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, right before the Memorial Day holiday, Congressman TIM RYAN of Ohio and I introduced H.R. 2555, the Veteran Wellness Act, a bipartisan bill that will improve Veteran Service Organizations' ability to promote good health among our Nation's veterans. This is critical at a time when an average of 22 veterans take their lives by suicide each and every day.

Mr. Speaker, veterans across the country turn to these organizations to participate in a wide variety of programs to build and cultivate a community of support among fellow veterans. These facilities are a place of comfort and familiarity for thousands of men and women and their families.

The Veteran Wellness Act will expand upon what these organizations are currently doing and create a greater number of opportunities for veterans to access wellness programs and therapies.

Mr. Speaker, it is our responsibility to be there for our Nation's heroes as they begin transitioning back to civilian life.

I ask my colleagues to join me and Congressman RYAN in supporting this bipartisan bill. We owe these brave men and women no less.

#### USA FREEDOM ACT

(Mr. YODER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. YODER. Mr. Speaker, yesterday, the President signed into law the USA Freedom Act. It is a bill I oppose because I believe it continues to allow unwarranted intrusions into the innocent lives of Americans in contradiction to the vision of our Founders and our Constitution.

But what is most important to remember about this debate is that even with the reforms in the USA Freedom Act, a provision of law in the Electronic Communications Privacy Act, on the books since 1986, still allows government investigators to read the emails, texts, and information stored in the cloud or on any server of all Americans, at any time, without a warrant, without probable cause, and without any due process.

Our Federal law gives digital communication little to no protections under

the Fourth Amendment, regardless of the reforms signed into law yesterday.

A lot has changed in email communication since 1986, and that is why we must pass the Email Privacy Act, a broad bipartisan bill with over 270 co-sponsors which would give email, digital communication, the same Fourth Amendment protections as paper mail or letters on our desks.

Mr. Speaker, let's pass this legislation. Let's pass H.R. 699, and let's assure the American people that government has moved into the 21st century and not forgotten the Constitution along the way.

#### REMEMBERING HADIYA PENDELTON

(Mr. DOLD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DOLD. Mr. Speaker, I rise today in remembrance of Hadiya Pendleton, a young woman from my home State of Illinois who was shot tragically in Chicago when she was only 15.

Hadiya would have been 18 years old yesterday. In her memory, her friends asked their classmates to commemorate her life by wearing orange. Yesterday, I joined with my colleagues in the House to honor her memory in the United States House of Representatives.

Mr. Speaker, every single day in the United States, nearly 300 people are victims of handgun violence. Yesterday, gun owners, sportsmen, lawmakers, faith leaders, teachers, students, and more wore orange to bring attention to the issue of handgun violence.

It is my hope that this nonpartisan unifying action will show that victims of gun violence like Hadiya are not forgotten.

Mr. Speaker, we must set aside our partisan differences so that we may honor the victims of this tragic and unnecessary violence and come together to make our homes, our businesses, schools, and communities safer.

#### PROVIDING FOR CONSIDERATION OF H.R. 2289, COMMODITY END-USER RELIEF ACT

Mr. NEWHOUSE. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 288 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

#### H. RES. 288

*Resolved*, That at any time after adoption of this resolution the Speaker may, pursuant to clause 2(b) of rule XVIII, declare the House resolved into the Committee of the Whole House on the state of the Union for consideration of the bill (H.R. 2289) to reauthorize the Commodity Futures Trading Commission, to better protect futures customers, to provide end-users with market certainty, to make basic reforms to ensure transparency and accountability at the Commission, to help farmers, ranchers, and end-
