

the board, we cannot write a bill that addresses our country's crumbling roads and bridges, that brings our rail system up to first-world standards, or that provides shelter for America's elderly, disabled, and other vulnerable populations.

In fact, we cannot make any of the investments that we simply have to make to continue as the greatest country in the world. So I implore my colleagues to vote "no" on this shortsighted, irresponsible bill, but beyond that, to consider the long-term consequences of the fiscal course we are on. We simply have to make a correction for our country's sake.

I yield back the balance of my time.

Mr. DIAZ-BALART. Madam Chair, I move to strike the last word.

The Acting CHAIR. The gentleman from Florida is recognized for 5 minutes.

Mr. DIAZ-BALART. Madam Chair, I want to thank the ranking member, first, for his kind words towards me right now but, more importantly, for his willingness to work with me, to spend the time, the effort. Both he and his staff, the committee staff, have, frankly, worked awfully hard on making sure we do the best job that we can, and I am grateful for that.

I just very briefly want to just mention that this bill, this is a bill that prioritizes funding and funds our country's priorities. It is a balanced bill.

And very important, Madam Chair, this is a bill, that, yes, it does not raise taxes.

Now, I know that a lot of folks have talked about the President's requests and the President's requests. And the President's requests for this area are much higher in many areas than what this bill is funding.

But let's remember a couple of things. The President has massive taxes, tax increases in his proposals, number one. And also, that this bill adheres to not only the budget that was passed by Congress, House and Senate, but this bill adheres to the law, the law that was passed by Congress and signed by the President of the United States, the so-called "sequester" law.

So if we go above and beyond that level, which some people, I guess, don't remember, it is fake. It gets sequestered.

So, Madam Chair, again, I thank the ranking member for his hard work.

This is a balanced bill. It is a good bill. It is a responsible bill. It pays and funds the priorities of this great country. And I am going to ask for our colleagues to give us a favorable vote on this fine bill.

I yield back the balance of my time.

ANNOUNCEMENT BY THE ACTING CHAIR
The Acting CHAIR (during the vote).
There is 1 minute remaining.

□ 2309

Mr. LOWENTHAL changed his vote
from “aye” to “no.”

Mrs. DINGELL changed her vote
from “no” to “aye.”
So the amendment was agreed to.

The result of the vote was announced
as above recorded.

The Acting CHAIR. The Clerk will
read.

The Clerk read as follows:

This Act may be cited as the “Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, 2016”.

Mr. DIAZ-BALART. Madam Chair, I
move that the Committee do now rise
and report the bill back to the House
with sundry amendments, with the rec-
ommendation that the amendments be
agreed to and that the bill, as amend-
ed, do pass.

The motion was agreed to.

Accordingly, the Committee rose;
and the Speaker pro tempore (Ms.
FOXX) having assumed the chair, Ms.
ROS-LEHTINEN, Acting Chair of the
Committee of the Whole House on the
state of the Union, reported that that
Committee, having had under consider-
ation the bill (H.R. 2577) making appro-
priations for the Departments of
Transportation, and Housing and
Urban Development, and related agen-
cies for the fiscal year ending Sep-
tember 30, 2016, and for other purposes,
directed her to report the bill back to
the House with sundry amendments
adopted in the Committee of the
Whole, with the recommendation that
the amendments be agreed to and that
the bill, as amended, do pass.

The SPEAKER pro tempore. Under
the rule, the previous question is or-
dered.

Is a separate vote demanded on any
amendment reported from the Com-
mittee of the Whole? If not, the Chair
will put them en gros.

The amendments were agreed to.

The SPEAKER pro tempore. The
question is on the engrossment and
third reading of the bill.

The bill was ordered to be engrossed
and read a third time, and was read the
third time.

MOTION TO RECOMMIT

Mr. DELANEY. Madam Speaker, I
have a motion to recommit at the
desk.

The SPEAKER pro tempore. Is the
gentleman opposed to the bill?

Mr. DELANEY. I am opposed.

The SPEAKER pro tempore. The
Clerk will report the motion to recom-
mit.

The Clerk read as follows:

Mr. Delaney moves to recommit the bill
H.R. 2577 to the Committee on Appropriations
with instructions to report the same
back to the House forthwith with the fol-
lowing amendment:

In the “Capital and Debt Service Grants to
the National Railroad Passenger Corpora-
tion” account, on page 47, line 11, after the
dollar amount relating to capital invest-
ments, insert “(increased by \$6,000,000)”.

Page 116, line 12, after the dollar amount,
insert “(reduced by \$6,000,000)”.

Mr. DELANEY (during the reading).
Madam Speaker, I ask unanimous con-
sent to dispense with the reading.

The SPEAKER pro tempore. Is there
objection to the request of the gen-
tleman from Maryland?

There was no objection.

The SPEAKER pro tempore. The gentle-
man is recognized for 5 minutes in
support of his motion.

Mr. DELANEY. Madam Speaker, this
is a final amendment to the bill, which
will not kill the bill or send it back to
committee. If adopted, the bill will im-
mediately proceed to final passage, as
amended.

Madam Speaker, imagine if this Con-
gress were focused on how the forces of
innovation and globalization were
changing our economy and making it
harder for our businesses to compete,
large and small.

Madam Speaker, imagine if this Con-
gress were focused on the fact that,
while we are creating jobs, we are in-
creasingly creating two types of jobs—
high-skilled jobs, which are reserved
for those people with the best edu-
cations, and low-skilled, low-paid jobs.
Increasingly, we are not creating mid-
dle-skilled jobs—the kind of jobs that
have supported middle class families
for decades.

Madam Speaker, imagine if this Con-
gress were focused on the fact that,
while the standard of living of average
Americans is going down, the friction
in their lives is going up, including the
fact that so many of them have longer
commutes—overbearing commutes—
because of inadequate transportation,
commutes that are taking time away
from their families and from their
communities.

Madam Speaker, if this Congress
were focused on those three things,
then it would quickly conclude that
our top domestic economic priority
should be increasing our investment in
our infrastructure because this Con-
gress would understand that rebuilding
America makes us more competitive.
This Congress would understand that a
national infrastructure program is the
best jobs program we could have be-
cause it creates good jobs, and it is
sound economics.

□ 2315

This Congress would understand that
better infrastructure improves the
quality of life of our constituents; and
because it has been so bipartisan for so
many years, it could be something that
unifies us, and it would understand
that rebuilding America is not an ex-
pense but an investment, and we would
probably score it that way dynamical-
ly.

But unfortunately, Madam Speaker,
that is not the Congress we have here
this evening because we are doing pre-
cisely the opposite this evening, and we
are cutting our investment in infra-
structure. When you look at the facts,
that is a strange conclusion indeed.

But, Madam Speaker, I am optimis-
tic. I am optimistic that one day,
hopefully soon, this Congress can do
something transformative around infra-
structure and rebuild our country. I
believe we can pay for it by fixing our
broken international tax system, where we have trillions of dollars

trapped overseas, and creating pathways for that money to come back to rebuild our country.

While we wait for that day to happen, Madam Speaker, we still should be doing smart and sensible things to improve our infrastructure. My amendment does that.

My amendment increases funding for Amtrak so they can better implement the positive train control system, which is technology that is proven to make commuter rail trains safer. The National Transportation Safety Board has said that, if this system were in place since 2004, we would have had 30 fewer accidents, including preventing that terrible tragedy that we all stood here and mourned about 30 days ago in Pennsylvania.

So I ask my colleagues to support the amendment to increase funding for Amtrak so that they can better implement smart technology, the positive train control system. Like most investments in infrastructure, it is good for our constituents—in this case, public safety—and it is also a good investment for our country. I urge support of the Democratic motion to recommit.

I yield back the balance of my time, Madam Speaker.

Mr. DIAZ-BALART. Madam Speaker, I rise in opposition to the motion to recommit.

The SPEAKER pro tempore. The gentleman from Florida is recognized for 5 minutes.

Mr. DIAZ-BALART. Madam Speaker, this bill that is in front of us funds programs that are the backbone of our economy and the safety net of those who need it. These are issues that we must fund responsibly, adequately, and on time. This bill does precisely just that. It does so after a lengthy, open process. It does so while looking at the individual issues one by one.

I know some people like to criticize this Congress. This is not the Congress—this is not the Congress, however—that made “shovel-ready” a joke phrase. This is a Congress who wants to act responsibly, and this bill does just that. It makes the most of what we have. It makes the most of what we have in our coffers. It acknowledges that we can’t just simply have everything that everybody wants at a time when we do have to pick priorities, when we have to spend responsibly and wisely. This bill in front of us has no tax increases, Madam Speaker.

Now, let’s be very clear: fostering economic growth has always been a top priority in our appropriations bills, and this one is no different. You see, our businesses and communities rely on safe and efficient roads and rails and waterways and airways to facilitate the billions and billions of dollars of commerce that our economy depends on. So we choose to prioritize transportation infrastructure projects that will help improve our Nation as a whole; that will make traveling across the country easier; and, make no mistake, that will also make traveling across country safer, a safer place to travel.

Madam Speaker, from increasing funding for critical agencies like the FAA, the National Highway Traffic Safety Administration, and the Pipeline and Hazardous Materials Safety Administration to providing the Federal Railroad Administration with the resources it needs for its safety and research programs, this bill does not sacrifice safety in any way at all, in any shape or form.

Madam Speaker, the other primary responsibility of this bill is to provide for important housing programs. It ensures that our veterans continue to have access to the VASH program. It takes care of our most vulnerable citizens, such as the elderly and people with disabilities. It does that.

Let me just briefly address the specifics of this motion.

We have already taken action on the floor to add \$9 million to Amtrak for inward-facing cameras to improve the safety of Amtrak’s operation, but let me say something else. We have spent literally hundreds of hours on this bill. We have done so in a bipartisan way, in an open way. We held six public hearings with agency and department heads—six public hearings. We considered amendments in committee, and we have spent, as all of you know, 3 days on the floor now and considered about 80 amendments on this bill after 3 days in an open, transparent process. It has been an open and transparent process. We have taken amendments on this floor from both sides of the aisle.

So despite, obviously, budgetary constraints, this bill accomplishes all of what it should. We have worked hard at what we had to fund, and we got it done in a smart, purposeful, responsible way, yes.

Let me say something else that this Congress is doing. We are making serious progress on our appropriations bills this year. We are moving ahead faster and through an open process faster than we have in many years, getting the necessary work done in a timely and open and responsible fashion.

So now we have this motion to recommit. What is the purpose of this motion to recommit? Why wasn’t it done as an amendment during the 3 days when we were here?

I urge a “no” vote, and let’s get this good bill passed out of the House.

I yield back the balance of my time.

The SPEAKER pro tempore. Without objection, the previous question is ordered on the motion to recommit.

There was no objection.

The SPEAKER pro tempore. The question is on the motion to recommit.

The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

RECORDED VOTE

Mr. DELANEY. Madam Speaker, I demand a recorded vote.

A recorded vote was ordered.

The SPEAKER pro tempore. Pursuant to clause 8 and clause 9 of rule XX, this 5-minute vote on the motion to recommit will be followed by 5-minute

votes on passage of the bill and agreeing to the Speaker’s approval of the Journal, if ordered.

The vote was taken by electronic device, and there were—ayes 181, noes 244, not voting 8, as follows:
