To this end, the Chair insists upon the cooperation of all Members and staff and instructs the Sergeant-at-Arms, pursuant to clause 3(a) of rule II and clause 5 of rule XVII, to enforce this prohibition.

10. Use of Chamber

The Speaker's policy announced on January 6, 2009, with respect to use of the Chamber will continue in the 114th Congress.

The Chair will announce to the House the policy of the Speaker concerning appropriate comportment in the chamber when the House is not in session.

Under clause 3 of rule I, the Speaker is responsible to control the Hall of the House. Under clause 1 of rule IV, the Hall of the House is to be used only for the legislative business of the House, for caucus and conference meetings of its Members, and for such ceremonies as the House might agree to conduct there.

When the House stands adjourned, its chamber remains on static display. It may accommodate visitors in the gallery or on the floor, subject to the needs of those who operate, maintain, and secure the chamber to go about their ordinary business. Because outside "coverage" of the chamber is limited to floor proceedings and is allowed only by accredited journalists, when the chamber is on static display no audio or video recording or transmitting devices are allowed. The long custom of disallowing even still photography in the chamber is based at least in part on the notion that an image having this setting as its backdrop might be taken to carry the imprimatur of the House.

The imprimatur of the House adheres to the Journal of its proceedings, which is kept pursuant to the Constitution. The imprimatur of the House adheres to the Congressional Record, which is kept as a substantially verbatim transcript pursuant to clause 8 of rule XVII. The imprimatur of the House adheres to the audio and visual transmissions and recordings that are made and kept by the television system administered by the Speaker pursuant to rule V. But the imprimatur of the House may not be appropriated to other, ad hoc accounts or compositions of events in its chamber.
