

Mr. TAKANO. Mr. Speaker, I rise today to pay tribute to Dorella Alexis Anderson, a resident of Riverside, California, who passed away last month.

For more than 40 years, Dorella worked at the Riverside Community Settlement Association, which provided a number of services for residents in the Eastside area of Riverside.

A lifetime member of the Riverside African American Historical Society, Dorella worked to preserve the rich African American history in Riverside. She worked on numerous charitable endeavors in Riverside, including Toys for Tots, and gave back to the community in countless ways.

Dorella was a wife, a mother, a grandmother, a great-grandmother, a sister, an aunt, and a friend. Her dedication toward our community cements her legacy as one of our greatest residents. She will be missed.

CARRY-ON FREEDOM ACT

(Mr. COHEN asked and was given permission to address the House for 1 minute.)

Mr. COHEN. Mr. Speaker, last week the International Air Transport Association recommended a new guideline that would reduce the size of carry-on luggage. The new carry-on size limit is 21 percent smaller than the size currently permitted by most major domestic airlines.

Eight major international carriers have already adopted the new size limits, and the trade association is suggesting more airlines will be adopting it soon. If implemented by our domestic carriers, this will force consumers to spend more on checked baggage fees and/or purchase new luggage to meet this new guideline.

Enough is enough. Airline passengers are tired of getting squeezed by airlines, both physically and fiscally. The seats are smaller, the legroom is less, the prices are more, and the profits are more.

That is why I introduced the Carry-on Freedom Act. The bill would prohibit airlines who charge for checked baggage from reducing the size of carry-on baggage from the current size standards and would protect consumers from even more cost to travel. I urge my colleagues to stand up for consumers and pass the Carry-on Freedom Act.

PROSTATE CANCER IS A NATIONAL EPIDEMIC

(Mr. BUTTERFIELD asked and was given permission to address the House for 1 minute.)

Mr. BUTTERFIELD. Mr. Speaker, prostate cancer is a national epidemic, the most common cancer in men. One in seven men will be diagnosed, with more than 220,000 new cases each year, and 28,000 men will die from prostate cancer this year. Prostate cancer, Mr. Speaker, disproportionately impacts African American men, who have the

highest prostate cancer rates of any racial or ethnic group. Black men are twice as likely to be diagnosed with prostate cancer, nearly 2½ times as likely to die from that disease.

Last week, I introduced the National Prostate Cancer Plan Act along with Congressmen MIKE MCCAUL, ELIJAH CUMMINGS, and WALTER JONES. The bill would establish the National Prostate Cancer Council and direct them to develop and implement a national strategic plan to accelerate the innovation of diagnostic tools to improve early detection and reduce unnecessary treatment.

Prostate cancer can strike anyone. Many of us have either been personally affected by this disease or have lost a loved one. Enactment of this bill would be a giant step forward in our battle to combat this treatable disease so that men can live longer and healthier.

My bill, Mr. Speaker, has been endorsed by the American Urological Association, American Medical Association, Prostate Cancer Foundation, ZERO, and PCRI.

Mr. Speaker, I urge my colleagues to join me in this effort by cosponsoring H.R. 2730.

WOMAN ON THE TWENTY ACT

(Mrs. BEATTY asked and was given permission to address the House for 1 minute.)

Mrs. BEATTY. Mr. Speaker, the American people have spoken. I join over 1 million Americans who voted in an online poll conducted by Women on 20s, a nonprofit grassroots organization, to put a woman on the \$20 bill.

To celebrate the amazing achievements of women throughout our history, I introduced the legislation to Put a Woman on the Twenty Act, H.R. 2147, which would empower the Secretary of Treasury to put a woman on the face of a \$20 bill as soon as possible.

Since the first general circulation of paper currency in this country, no woman has ever held the honor of being featured on paper money, and I would say to Secretary Lew that you need look no further than the people's choice winner, Harriet Tubman, for inspiration. In her words, "Every great dream begins with a dreamer." In her dreams, she always had a vision. More than ever, my vision is a redesign of the \$20 bill.

Mr. Speaker, I ask my colleagues to join me and support putting a woman on the \$20 bill.

CONGRATULATIONS TO THE GUAM MEN'S NATIONAL SOCCER TEAM

(Ms. BORDALLO asked and was given permission to address the House for 1 minute.)

Ms. BORDALLO. Mr. Speaker, I rise today to congratulate the Guam men's national soccer team, Team Matao, as they lead group D in the second round of the FIFA World Cup Asian qualifiers. It was a David versus Goliath mo-

ment yesterday when Team Matao defeated India with a 2-1 victory. This follows Team Matao's 1-0 victory over Turkmenistan last week.

I congratulate Guam Football Association President Richard Lai, coach Gary White, and all of Team Matao on their great victory. Biba Guam.

HONORING DR. DENNIS GALLON ON HIS RETIREMENT

(Mr. DEUTCH asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DEUTCH. Mr. Speaker, I rise today for myself and on behalf of my colleague Congresswoman LOIS FRANKEL to honor one of south Florida's most respected leaders in higher education.

After 18 years of service, our friend Dr. Dennis Gallon is retiring as president of Palm Beach State College. Under his watch, Palm Beach State College has become the eighth-largest producer of associate degree graduates in America. From expanding STEM education programs coveted by local employers to creating an honors college for high-achieving students, Palm Beach State College flourished under Dr. Gallon's leadership.

Just last year, the United States Department of Education reported that Palm Beach State College offers the sixth-lowest tuition rates nationwide. Dr. Dennis Gallon's commitment to high-quality, affordable higher education is truly admirable, and his tenure as president of Palm Beach State College deserves our praise and gratitude.

Congresswoman FRANKEL, and I am sure Congressman HASTINGS, and I proudly thank him for his remarkable service.

RENEW THE EXPORT-IMPORT BANK

(Mrs. CAROLYN B. MALONEY of New York asked and was given permission to address the House for 1 minute.)

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, there are just 6 more working days before the Ex-Im Bank expires, and given the critical importance of this program, I thought it would be useful to provide a quick index of hard numbers showing what this would mean to the United States economy:

Sixty—the number 60. That is the approximate number of Ex-Im credit agencies that are competing with us around the world that are waiting for our Bank to expire so they can grab that American export business.

3,340. That is the number of small businesses that are supported right now by the Ex-Im Bank, helping them to export their goods and provide jobs.

164,000. That is the number of American jobs that are provided right now this year by the Ex-Im Bank that we would lose immediately.

1.3 million. That is the number of private sector jobs that have been created by the Bank since 2009, with no additional cost to the American taxpayer. In fact, it makes money to help us pay down our debt.

And, finally, zero. That is what we gain by killing our Bank. Zero. We don't get the revenue. We don't get the jobs. We don't get to export our goods. Let's renew it.

REMEMBERING DOMENIC D'AMBROSIO

(Mr. MOULTON asked and was given permission to address the House for 1 minute.)

Mr. MOULTON. Mr. Speaker, today I come to the floor of the House with a heavy heart. This past weekend, the city of Lynn lost a dedicated public servant, a tireless local volunteer, and an inspiring advocate for the people of our community. Domenic D'Ambrosio, known by many as Dom, was loved by many for his uncanny ability to connect with people. Whether they were old friends or someone he was meeting for the first time, Dom's compassion for others was contagious, encouraging all of us to be better members of our community.

At a time when public opinion of Congress is at an all-time low, Dom's belief in this institution and the power of the democratic process could not have been stronger. I thank him for bringing a reinvigorating energy to our Nation's political dialogue and for reminding us why we are so fortunate to have a free and democratic government, and why we should all take part in making it better.

My thoughts and prayers are with his wife, Kelly, his family, and friends. The Sixth District of Massachusetts lost a true champion, but I know that his legacy will live on through our shared commitment to public service. Dom, you will be missed.

JUNE IS ALZHEIMER'S AND BRAIN AWARENESS MONTH

(Mr. GENE GREEN of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GENE GREEN of Texas. Mr. Speaker, I rise today to recognize the month of June as Alzheimer's and Brain Awareness Month. Approximately 340,000 Texans and 5.4 million Americans currently have Alzheimer's disease. One in nine Americans over 65 is projected to develop Alzheimer's, and it is the sixth-leading cause of death in the United States.

The rapidly growing number of older Americans will lead to a corresponding rapid growth in the prevalence of Alzheimer's disease. The devastating emotional and financial impact of this debilitating disease is known by too many. My mother-in-law battled this disease, so I know firsthand how difficult it can be for patients and their loved ones.

I strongly support efforts to advocate and raise awareness and robust funding for research to find treatments and cure for this disease. Congress has a real opportunity to dramatically impact the lives of millions of Americans by funding research and outreach programs for Alzheimer's.

I urge my colleagues to join me in recognizing the month of June as Alzheimer's and Brain Awareness Month. Together we can help turn the world purple for Alzheimer's, and by doing so, promote care, support, and research of this terrible disease.

REAUTHORIZE THE EXPORT-IMPORT BANK

(Ms. TITUS asked and was given permission to address the House for 1 minute.)

Ms. TITUS. Mr. Speaker, I rise today to urge Republican leadership to stop blocking the will of the House and immediately call for a vote to reauthorize the Export-Import Bank, set to expire June 30.

This May I hosted Fred Hochberg, chairman of the Ex-Im Bank, in my district to tour Innova Technologies, a leader in civil-structural engineering and one of 32 Nevada companies working with the Bank. At a time when our local economy was fighting to recover from the recession and unemployment was rampant, the Bank provided critical support that allowed Innova not just to survive but nearly double its workforce.

In 2014 alone, the Bank supported 164,000 jobs and reduced the Federal deficit by \$675 million. In Nevada, it helped increase our export value by \$165 million. Now is the time for a long-term reauthorization to renew, reenergize, and reform the Bank so it can continue supporting businesses and creating jobs in Nevada and across the country.

Res. 55 in the House if called up by the chair of the Committee on Foreign Affairs or his designee; that the concurrent resolution be considered as read; and that the previous question be considered as ordered on the concurrent resolution to adoption without intervening motion or demand for division of the question, except for 2 hours of debate equally divided among and controlled by Representative ROYCE of California, Representative ENGEL of New York, and Representative MCGOVERN of Massachusetts or their respective designees.
