COOPORTUNITY HEALTH INSURANCE FACING LIQUIDATION

(Mr. SMITH of Nebraska asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Nebraska. Mr. Speaker, I rise today to draw your attention to CoOpportunity Health, one of 23 insurance co-ops created by ObamaCare. These plans have been awarded approximately \$2 billion in taxpayer dollars. CoOpportunity specifically received \$146 million in Federal loans.

On December 23, 2014, the Iowa insurance commissioner submitted a petition for an order of rehabilitation of CoOpportunity Health. The company now faces liquidation.

Approximately 120,000 of CoOpportunity's customers, most of whom live in Nebraska, have been told they need to find a new insurance carrier. I am extremely concerned about this situation for Nebraskans needing health coverage and for the taxpayers who have seen millions of dollars lost and millions more put at risk. This is one more example of ObamaCare's failure.

Last month, I sent a letter to HHS Secretary Burwell seeking more information about these concerns. Americans were promised they could keep the insurance they had and liked, and now we are seeing they cannot even keep the insurance this very law created.

This is one more reason I look forward to voting tomorrow to repeal this harmful law.

WELL WISHES FOR MAYOR COLLINS OF TOLEDO, OHIO

(Ms. KAPTUR asked and was given permission to address the House for 1 minute.)

Ms. KAPTUR. Mr. Speaker, I rise to give reassurance and hope to Sandy Collins and the family of the mayor of Toledo, Mike Collins, who, yesterday, was involved in a very serious automotive accident. He apparently had a heart attack while he was driving after trying to prepare the city crews for the level 3 snowfall that was about to come.

Then there was the heroic act that has saved his life, though he is in critical condition at the University of Toledo Medical Center. A woman named Evelyn Johnson—mother of eight children and grandmother of five—saw his SUV that had crashed into this telephone pole. She stopped her car on her way to work, and she and another man, a good Samaritan who came along, had to pry him out of the car. It was still running. He still had his foot on the gas, but he was completely unconscious. She and the other gentleman administered CPR at the direction of the 911 crew in the city of Toledo.

I am so proud of my hometown and the love and the care and the preparedness that they demonstrated to care for our mayor. We pray to God that he will fully recover and that his injuries will be healed. We give comfort to his wife, Sandy. We know she is at his side. Our entire community reaches out to them. And we congratulate Mrs. Johnson for her incredible heroism in helping our mayor.

CHASKA STUDENT COUNCIL TAKING ACTION TO END TRAFFICKING

(Mr. PAULSEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAULSEN. Mr. Speaker, last week, the House passed 12 different bills combating the growing crime of sex trafficking by protecting victims and bringing traffickers to justice.

In addition to the action that Congress is taking, however, it takes people on the ground, in our communities, stepping up to deal with this issue. I would like to highlight some of the efforts that are being done by some students in Chaska, Minnesota, who are making efforts to put an end to this horrible problem.

The Chaska High School Student Council, led by senior Luke Standbrook, is helping fight sex trafficking by organizing assemblies to help fellow students know the signs of trafficking in their community. They are also organizing fundraisers to help raise money for organizations that help victims of human trafficking.

Mr. Speaker, it is rewarding and energizing to know that there are young leaders like Luke in the senior student council who are working to have such a strong impact in putting an end to this horrific crime, and I am proud of their efforts.

THE MEASLES OUTBREAK

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Today, Mr. Speaker, I sent a letter to the Food and Drug Administration and the Centers for Disease Control requesting an alert to the public that highlights the importance of our children becoming vaccinated for this outbreak of measles, particularly the MMR.

The United States is experiencing a large multistate measles outbreak that started in California in December of 2014 and has spread to six additional States and Mexico. From December 28, Mr. Speaker, through January 21, 2015, 51 confirmed cases linked to this outbreak have been reported to the CDC: 42 from California and nine from six other States—three in Utah, two in Washington, one in Oregon, one in Colorado, one in Nebraska, and one in Arizona.

But the spread of this is enormous. The most disturbing aspect of this outbreak is that 86 percent of the patients who have contracted the disease had either been unvaccinated or had an unknown vaccination status. The outbreak is aggravated by the large number of children whose parents have chosen not to get the MMR vaccine.

What I want to focus on, Mr. Speaker, is for us to be cautious and for us to be able to do the right thing. The saddest case was an 8-month-old baby in
