(B) EXCLUSIONS.—An article shall not be treated as the growth, product, or manufacture of Nepal for purposes of subparagraph (A)(i)(I) by virtue of having merely undergone—

(i) simple combining or packaging operations; or

(ii) mere dilution with water or mere dilution with another substance that does not materially alter the characteristics of the article.

(C) LIMITATION ON UNITED STATES COST.—For purposes of subparagraph (A)(v), the cost or value of materials produced in, and the direct costs of processing operations performed in, the customs territory of the United States and attributed to the 35-percent requirement under that subparagraph may not exceed 15 percent of

the appraised value of the article at the time it is entered.

(3) **VERIFICATION WITH RESPECT TO TRANSHIPMENT FOR TEXTILE AND APPAREL ARTICLES.**—

(A) **IN GENERAL.**—Not later than January 1, April 1, July 1, and October 1 of each calendar year, the Commissioner shall verify that textile and apparel articles imported from Nepal to which preferential treatment is extended under this section are not being unlawfully transshipped into the United States.

(B) **REPORT TO PRESIDENT.**—If the Commissioner determines under subparagraph (A) that textile and apparel articles imported from Nepal to which preferential treatment is extended under this section are being unlawfully transshipped into the United States, the Commissioner shall report that determination to the President.

(d) **TRADE FACILITATION AND CAPACITY BUILDING.**—

(1) **FINDINGS.**—Congress makes the following findings:

(A) As a land-locked least-developed country, Nepal has severe challenges reaching markets and developing capacity to export goods. As of 2015, exports from Nepal are approximately \$800,000,000 per year, with India the major market at \$450,000,000 annually. The United States imports about \$80,000,000 worth of goods from Nepal, or 10 percent of the total goods exported from Nepal.

(B) The World Bank has found evidence that the overall export competitiveness of Nepal has been declining since 2005. Indices compiled by the World Bank and the Organization for Economic Co-operation and Development found that export costs in Nepal are high with respect to both air cargo and container shipments relative to other low-income countries. Such indices also identify particular weaknesses in Nepal with respect to automation of customs and other trade functions, involvement of local exporters and importers in preparing regulations and trade rules, and export finance.

(C) Implementation by Nepal of the Agreement on Trade Facilitation of the World Trade Organization could directly address some of the weaknesses described in subparagraph (B).

(2) **ESTABLISHMENT OF TRADE FACILITATION AND CAPACITY BUILDING PROGRAM.**—Not later than 180 days after the date of the enactment of this Act, the President shall, in consultation with the Government of Nepal, establish a trade facilitation and capacity building program for Nepal—

(A) to enhance the central export promotion agency of Nepal to support successful exporters and to build awareness among potential exporters in Nepal about opportunities abroad and ways to manage trade documentation and regulations in the United States and other countries;

(B) to provide export finance training for financial institutions in Nepal and the Government of Nepal;

(C) to assist the Government of Nepal in maintaining publication on the Internet of all trade regulations, forms for exporters and importers, tax and tariff rates, and other documentation relating to exporting goods and developing a robust public-private dialogue, through its National Trade Facilitation Committee, for Nepal to identify timelines for implementation of key reforms and solutions, as provided for under the Agreement on Trade Facilitation of the World Trade Organization; and

(D) to increase access to guides for importers and exporters, through publication of such guides on the Internet, including rules and documentation for United States tariff preference programs.

(e) **REPORTING REQUIREMENT.**—Not later than one year after the date of the enactment of this Act, and annually thereafter, the President shall monitor, review, and report to Congress on the implementation of this section, the compliance of Nepal with subsection (b)(1), and the

trade and investment policy of the United States with respect to Nepal.

(f) **TERMINATION OF PREFERENTIAL TREATMENT.**—No preferential treatment extended under this section shall remain in effect after December 31, 2025.

(g) **EFFECTIVE DATE.**—The provisions of this section shall take effect on the date that is 30 days after the date of the enactment of this Act.

**SEC. 916. AGREEMENT BY ASIA-PACIFIC ECONOMIC COOPERATION MEMBERS TO REDUCE RATES OF DUTY ON CERTAIN ENVIRONMENTAL GOODS.**

Section 107 of the Bipartisan Congressional Trade Priorities and Accountability Act of 2015 (Public Law 114–26; 19 U.S.C. 4206) is amended by adding at the end the following:

“(c) **AGREEMENT BY ASIA-PACIFIC ECONOMIC COOPERATION MEMBERS TO REDUCE RATES OF DUTY ON CERTAIN ENVIRONMENTAL GOODS.**—Notwithstanding the notification requirement described in section 103(a)(2), the President may exercise the proclamation authority provided for in section 103(a)(1)(B) to implement an agreement by members of the Asia-Pacific Economic Cooperation (APEC) to reduce any rate of duty on certain environmental goods included in Annex C of the APEC Leaders Declaration issued on September 9, 2012, if (and only if) the President, as soon as feasible after the date of the enactment of the Trade Facilitation and Trade Enforcement Act of 2015, and before exercising proclamation authority under section 103(a)(1)(B), notifies Congress of the negotiations relating to the agreement and the specific United States objectives in the negotiations.”.

**SEC. 917. AMENDMENT TO TARIFF ACT OF 1930 TO REQUIRE COUNTRY OF ORIGIN MARKING OF CERTAIN CASTINGS.**

(a) **IN GENERAL.**—Section 304(e) of the Tariff Act of 1930 (19 U.S.C. 1304(e)) is amended—

(1) in the subsection heading, by striking “MANHOLE RINGS OR FRAMES, COVERS, AND ASSEMBLIES THEREOF” and inserting “CASTINGS”;

(2) by inserting “inlet frames, tree and trench grates, lampposts, lamppost bases, cast utility poles, bollards, hydrants, utility boxes,” before “manhole rings.”; and

(3) by adding at the end before the period the following: “in a location such that it will remain visible after installation”.

(b) **EFFECTIVE DATE.**—The amendments made by subsection (a) take effect on the date of the enactment of this Act and apply with respect to the importation of castings described in such amendments on or after the date that is 180 days after such date of enactment.

**SEC. 918. INCLUSION OF CERTAIN INFORMATION IN SUBMISSION OF NOMINATION FOR APPOINTMENT AS DEPUTY UNITED STATES TRADE REPRESENTATIVE.**

Section 141(b) of the Trade Act of 1974 (19 U.S.C. 2171(b)) is amended by adding at the end the following:

“(5)(A) When the President submits to the Senate for its advice and consent a nomination of an individual for appointment as a Deputy United States Trade Representative under paragraph (2), the President shall include in that submission information on the country, regional offices, and functions of the Office of the United States Trade Representative with respect to which that individual will have responsibility.

“(B) The President shall notify the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate not less than 30 days prior to making any change to the responsibilities of any Deputy United States Trade Representative included in a submission under subparagraph (A), including the reason for that change.”.

**SEC. 919. SENSE OF CONGRESS ON THE NEED FOR A MISCELLANEOUS TARIFF BILL PROCESS.**

(a) **FINDINGS.**—Congress makes the following findings:

(1) As of the date of the enactment of this Act, the Harmonized Tariff Schedule of the United

States imposes duties on imported goods for which there is no domestic availability or insufficient domestic availability.

(2) The imposition of duties on such goods creates artificial distortions in the economy of the United States that negatively affect United States manufacturers and consumers.

(3) It would be in the interests of the United States if the Harmonized Tariff Schedule were updated regularly and predictably to eliminate such artificial distortions by suspending or reducing duties on such goods.

(4) The manufacturing competitiveness of the United States around the world would be enhanced if the Harmonized Tariff Schedule were updated regularly and predictably to suspend or reduce duties on such goods.

(b) **SENSE OF CONGRESS.**—It is the sense of Congress that, to remove the competitive disadvantage to United States manufacturers and consumers resulting from the imposition of such duties and to promote the competitiveness of United States manufacturers, the Committee on Finance of the Senate and the Committee on Ways and Means of the House of Representatives are urged to advance, as soon as possible, after consultation with the public and Members of the Senate and the House of Representatives, a regular and predictable legislative process for the temporary suspension and reduction of duties that is consistent with the rules of the Senate and the House.

**SEC. 920. CUSTOMS USER FEES.**

(a) **IN GENERAL.**—Section 13031(j)(3) of the Consolidated Omnibus Budget Reconciliation Act of 1985 (19 U.S.C. 58c(j)(3)) is amended—

(2) by striking subsection (c).

(a) **IN GENERAL.**—Section 6651(a) of the Internal Revenue Code of 1986 is amended by striking “\$135” in the last sentence and inserting “\$205”.

(b) **CONFORMING AMENDMENT.**—Section 6651(i) of such Code is amended by striking “\$135” and inserting “\$205”.

(c) **EFFECTIVE DATE.**—The amendments made by this section shall apply to returns required to be filed in calendar years after 2015.

**SEC. 922. PERMANENT MORATORIUM ON INTERNET ACCESS TAXES AND ON MULTIPLE AND DISCRIMINATORY TAXES ON ELECTRONIC COMMERCE.**

(a) **PERMANENT MORATORIUM.**—Section 1101(a) of the Internet Tax Freedom Act (47 U.S.C. 151 note) is amended by striking “during the period beginning November 1, 2003, and ending October 1, 2015”.

**DIVISION A—TRADE FACILITATION AND  
TRADE ENFORCEMENT ACT OF 2015**

**TITLE I—TRADE FACILITATION AND TRADE  
ENFORCEMENT**

**SECTION 101. IMPROVING PARTNERSHIP  
PROGRAMS**

*Present Law*

The Customs-Trade Partnership Against Terrorism (C-TPAT), codified in the Security and Accountability for Every Port Act (SAFE Port Act) of 2006 (6 U.S.C. 961 et seq.), is a voluntary trade partnership program in which Customs and Border Protection (CBP) and members of the trade community work together to secure and facilitate the movement of legitimate trade. Companies that are members of C-TPAT are considered low-risk, which expedites cargo clearance based on the company's security profile and compliance history.

*House Amendment*

Section 101 requires the Commissioner of CBP to work with the private sector and other Federal agencies to ensure that all CBP partnership programs provide trade benefits to participants. This would apply to partnership programs established before enactment of this bill, and any programs established after enactment. It establishes elements for the development and operation of any such partnership programs, which require the Commissioner to: 1) consult with private sector entities, the public, and other Federal agencies when appropriate, to ensure that participants receive commercially significant and measurable trade benefits; 2) ensure an integrated and transparent system of trade benefits and compliance requirements for all CBP partnership programs; 3) consider consolidating partnership programs in situations in which doing so would support the objectives of such programs, increase participation, enhance trade benefits, and enhance the allocation of resources of CBP; 4) coordinate with the Director of ICE, and other Federal agencies with authority to detain and release merchandise; and 5) ensure that trade benefits are provided to participants in partnership programs.

It further requires the Commissioner to submit to the Committee on Finance and the Committee on Homeland Security and Governmental Affairs of the Senate and the Committee on Ways and Means and the Committee on Homeland Security of the House of

Representatives a report that: 1) identifies each partnership program; 2) for each program, identifies the requirements for participation, benefits provided to participants, the number of participants, and in the case of a program that provides for participation at multiple tiers, the number of participants at each such tier; 3) identifies the number of participants enrolled in more than one program; 4) assesses the effectiveness of each program in advancing the security, trade enforcement, and trade facilitation missions of CBP; 5) summarizes CBP's efforts to work with other Federal agencies to detain and release merchandise entering the United States to ensure that partnership programs of those agencies are compatible with CBP partnership programs; 6) summarizes criteria developed with those agencies for authorizing the release, on an expedited basis, of merchandise for which documentation is required from one or more of those agencies to clear or license the merchandise for entry into the United States; 7) summarizes CBP efforts to work with the private sector and the public to develop partnership programs; 8) describes measures taken by CBP to make the private sector aware of trade benefits available to participants in partnership programs; and 9) summarizes CBP's plans, targets, and goals with respect to partnership programs for the two years following submission of the report.

ADVISORY COMMITTEE*Present Law*

*House Amendment*

Section 109(a) requires the Secretary of the Treasury and the Secretary of Homeland Security to jointly establish a Commercial Customs Operations Advisory Committee (COAC).

Section 109(b) requires that COAC be comprised of 20 appointed individuals from the private sector, appointed without regard to political affiliation; the Commissioner of CBP and the Assistant Secretary of Treasury for Tax Policy, who shall co-chair meetings; and the Assistant Secretary for Policy of the Department of Homeland Security and the ICE Director, who shall serve as deputy co-chairs of meetings. Section 109(b) further requires that appointed private sector individuals be representative of individuals and firms affected by the commercial operations of CBP, and provides that individuals may be appointed to multiple 3-year terms but cannot serve more than two terms sequentially. The Secretaries of the Treasury and Homeland Security are authorized to transfer members to the COAC who are currently serving on the Advisory Committee on Commercial Operations of the United States Customs Service.

Section 109(c) establishes the duties of COAC, which shall be to: 1) advise the Secre-

taries of the Treasury and Homeland Security on all matters involving the commercial operations of CBP and the investigations of ICE; 2) provide recommendations to the Secretaries on improvements that CBP and ICE should make to their commercial operations and investigations; 3) collaborate in developing the agenda for COAC meetings; and 4) perform other functions relating to the commercial operations of CBP and the investigations of ICE as prescribed by law or as directed by the Secretaries.

Section 109(e) requires COAC to submit an annual report to the Senate Committee on Finance and the House Committee on Ways and Means that describes the activities of COAC during the preceding fiscal year and sets forth any recommendations of COAC regarding the commercial operations of CBP.

Section 109(f) establishes that section 14(a)(2) of the Federal Advisory Committee Act (5 U.S.C. App.), relating to the termination of advisory committees, shall not apply to COAC.

*Senate Amendment*

Section 109 of the Senate amendment is the same as section 109 of the House amendment.

*Conference Agreement*

The conference agreement follows the House amendment and the Senate amendment with a modification. The Conferees have agreed to strike Section 109(d)(2). The Conferees believe that COAC meetings should normally be open to the public. The Conferees recognize the need to close COAC meetings, in portion or in whole, when a meeting will include matters the disclosure of which would compromise the development of policies, priorities, or negotiating objectives or positions that could impact the operations of CBP or the operations or investigations of ICE. The Conferees agree, however, that the current procedures in the Federal Advisory Committee Act (5 U.S.C. App.) are sufficient to close COAC meetings, in portion or in whole, when necessary.

SECTION 110. CENTERS FOR EXCELLENCE AND  
EXPERTISE*Present Law*

No provision.

*House Amendment*

SECTION 111. COMMERCIAL RISK ASSESSMENT  
TARGETING AND TRADE ALERTS*Present Law*

No provision.

*House Amendment*

Section 111(a) requires National Targeting Center (NTC) to establish methodologies for assessing the risk that imports may violate U.S. customs and trade laws and to issue trade alerts when the NTC determines cargo may violate such laws; assess the risk of cargo based on all information available to CBP through the Automated Targeting System, ACE, the Automated Entry System, ITDS, and TECS (formerly known as the "Treasury Enforcement Communications System") or any successor systems, publicly available information, and information made available to the NTC by private sector entities; and, provide for the receipt and transmission to appropriate CBP offices of allegations from interested parties in the private sector of violations of the customs and trade laws of the United States relating to the priority trade issues described in section 111(a) of the House amendment (section 117 of the conference report).

Section 111(b) authorizes the Executive Director of the NTC to issue trade alerts to port directors when such person determines cargo may violate U.S. customs and trade laws. The trade alert may direct further inspection or physical examination or testing of specific merchandise by the port personnel. A port director may determine not to carry out the direction of the trade alerts if the port director finds security interests justify such determination, and the port director notifies the Assistant Commissioner of the Office of Field Operations of such determination. The Assistant Commissioner of the Office of Field Operations must compile an annual report of all determinations by port directors to not implement trade alerts and include an evaluation of the utilization of trade alerts. This report must be submitted to Committee on Finance and the

Committee on Homeland Security and Governmental Affairs of the Senate and the Committee on Ways and Means and the Committee on Homeland Security of the House of Representatives not later than December 31 each year. Section 111(b) further defines “inspection” as the comprehensive evaluation process used by CBP, other than physical examination or testing, to permit the entry of merchandise into the United States, or the clearance of merchandise for transportation in bond through the United States for the purposes of assessing duties, identifying restricted or prohibited items, and ensuring compliance with all applicable customs and trade laws and regulations administered by CBP.

Section 111(c) amends section 343(a)(3)(F) of the Trade Act of 2002 to establish that the information collected pursuant to regulations shall be used exclusively for ensuring cargo safety and security, prevent smuggling, and commercial risk assessment targeting, and shall not be used for any commercial enforcement purposes, including for determining merchandise entry.

#### *Senate Amendment*

Section 111(a) of the Senate amendment establishes a Commercial Targeting Division (CTD) at CBP by amending section 2(d) of the Act of March 3, 1927 (19 U.S.C. 2072(d)). The section requires the Secretary of Homeland Security to establish and maintain a Commercial Targeting Division (CTD) within CBP’s Office of International Trade at CBP. The CTD shall be comprised of headquarters staff led by an Executive Director, and individual National Targeting and Analysis Groups (NTAGs) led by Directors reporting to the Executive Director. The CTD shall develop and conduct commercial targeting with respect to cargo destined for the United States and issue trade alerts.

Section 111(a) requires the establishment of an NTAG for, at a minimum, each of the following priority trade issues (PTIs): 1) agricultural programs; 2) antidumping and countervailing duties; 3) import safety; 4) intellectual property rights; 5) revenue; 6) textiles and wearing apparel; and 7) trade agreements and preference programs. The Commissioner may alter the PTIs in consultation with the Committee on Finance of the Senate and the Committee on Ways and Means of the House of Representatives.

The duties of each NTAG include: 1) directing the trade enforcement and compliance assessment activities of CBP as they relate to the each NTAG’s PTI; 2) facilitating, promoting, and coordinating cooperation and the exchange of information between CBP, ICE, and other relevant Federal departments and agencies regarding each NTAG’s PTI; and 3) serving as the primary liaison between CBP and the public regarding United States Government activities related to each NTAG’s PTI.

Section 111(a) also requires the CTD to establish methodologies for assessing the risk that cargo destined for the United States may violate U.S. customs and trade laws and for issuing Trade Alerts. The CTD should assess the risk of cargo based on all information available to CBP through the Automated Targeting System, ACE, the Automated Commercial System, the Automated Export System, ITDS, and TECS (formerly known as the “Treasury Enforcement Communications System”), the case management system of ICE or any successor systems, and publicly available information. The CTD should also use information provided by private sector entities and coordinate targeting efforts with other Federal agencies.

The section authorizes the CTD Executive Director and NTAG Directors to issue Trade

Alerts to port directors to ensure compliance with U.S. customs and trade laws. The Trade Alert may direct further inspection or physical examination or testing of merchandise by port personnel if certain risk-assessment thresholds are met. A port director may determine not to carry out the direction of the Trade Alerts if the port director finds such a determination is justified by security interests and the port director notifies the Assistant Commissioners of the Office of Field Operations and the Office of International Trade of such a determination. The Assistant Commissioner of the Office of Field Operations must compile an annual report of all determinations by port directors to override Trade Alerts and evaluate the utilization of Trade Alerts.

Section 111(b) amends section 343(a)(3)(F) of the Trade Act of 2002 (19 U.S.C. 2071 note), to indicate that information collected pursuant to the regulations shall be used exclusively for ensuring cargo safety and security, preventing smuggling, and commercial risk assessment targeting, and shall not be used for any commercial enforcement purposes, including for determining merchandise entry.

Enforcement of Trade Remedy Laws

SECTION 411. TRADE REMEDY LAW ENFORCEMENT  
DIVISION

*Present Law*

No provision.

*House Amendment*

Section 411(a) establishes within the Office of International Trade of CBP a Trade Law Remedy Enforcement Division. The Trade Law Remedy Division's duties are to: develop and administer policies to prevent and counter evasion; direct enforcement and compliance assessment activities concerning evasion; develop and conduct commercial risk assessment targeting with respect to potentially evading cargo destined for the United States; issuing Trade Alerts regarding evading imports; and develop policies for the application of single entry and continuous bonds to sufficiently protect the collection of antidumping and countervailing duties.

Section 411(b) establishes the Director of the Trade Law Remedy Enforcement Division responsible for: directing the trade enforcement and compliance assessment activities of CBP regarding evasion; improving cooperation and the exchange of information between CBP, ICE, and other relevant agencies regarding evasion; notifying the Department of Commerce and the International Trade Commission of any findings, determinations, or criminal actions taken by CBP or other Federal agency regarding evasion; and serving as the primary liaison between CBP and the public regarding United States Government activities concerning evasion. The Director's liaison responsibilities include: receiving and transmitting to the appropriate CBP office parties' allegations of evasion; provide information to a party that submitted an allegation of evasion on the status of CBP's consideration of the allegation and decision to pursue or not pursue any administrative inquiries or other actions; request from the party that submitted an allegation of evasion any additional information that may be relevant for CBP determining whether to initiate an administrative inquiry or take any other action regarding the allegation; notify on a timely basis the party that submitted such an allegation of the results of any administrative, civil or criminal actions taken by CBP or other Federal agency regarding evasion as a direct or indirect result of the allegation; provide technical assistance and advice to eligible small businesses to enable such businesses to prepare and submit allegations of evasion; develop guidelines on the types and nature of information that may be provided in allegations of evasion; and regularly consult with relevant parties and organizations regarding the development and implementation of regulations, interpretations, and policies related to countering evasion.

EVASION OF TRADE REMEDY LAWS

Section 412(a) directs CBP to exercise all existing information collection authorities to identify evasion and authorizes CBP to issue questionnaires to collect information on alleged evasion from persons who have information relevant to an allegation of evasion.

If a person fails to cooperate to provide requested information, section 412(b) authorizes CBP to apply an adverse inference against the interests of that party in determining if evasion occurred.

*Senate Amendment*

No provision.

*Conference Agreement*

The conference agreement follows the House amendment, except also clarifying that an adverse inference may be used with respect to a person alleged to have entered covered merchandise through evasion, or a foreign producer or exporter of covered merchandise alleged to have entered through evasion regardless of whether another person involved in the same transaction or transactions has provided requested information.

SECTION 413. ACCESS TO INFORMATION

*Present Law*

verification of such information, allowing officials from the importing country to participate in such verifications, and, if a country refuses to allow officials from an importing country to participate in a verification, allowing the importing country to take such lack of cooperation into account in its trade enforcement and compliance activities.

Section 414(b) allows CBP to take into account whether a country is a party to a bilateral agreement regarding cooperation on evasion and the extent to which that country is cooperating under such an agreement for the purposes of trade enforcement and compliance assessment of that country's exports regarding potential evasion.

Section 414(c) requires an annual report to Congress on the status of ongoing negotiations of bilateral cooperation agreements regarding evasion, the terms of any such completed agreements, and any cooperation and other activities conducted as a result of such agreements.

Subtitle B—Investigation of Evasion of  
Trade Remedy Laws

SECTION 421. PROCEDURES FOR INVESTIGATION  
OF EVASION OF ANTIDUMPING AND COUNTER-  
VAILING DUTY ORDERS

*Present Law*

No provision.

*House Amendment*

Section 421 grants the Department of Commerce the authority to administratively investigate evasion and order CBP to collect or preserve for collection antidumping and countervailing duties owed on evading imports. In addition to defining required terms, section 421(a) excludes from these investigations evasion that is the result of clerical errors unless the errors reflect a pattern of negligent conduct.

Section 421(b) establishes the procedures for evasion investigations. The Department of Commerce may self-initiate an evasion investigation, or may initiate an investigation as a result of an adequate petition from an interested party or a referral from CBP. CBP is required to refer a matter to the Department of Commerce if CBP has information that evasion occurred, but cannot determine if the merchandise is in fact subject to an antidumping or countervailing duty order. The Department of Commerce has 30 days after receiving a petition or referral to determine whether to initiate an investigation. The Department of Commerce is to notify CBP if it initiates an evasion investigation as a result of a petition from an interested party.

CBP is required to provide documents and information requested by the Department of Commerce for an evasion investigation within 10 days after the request and these documents and information will be available to

authorized representatives of interested parties under an administrative protective order. If an authorized representative of an interested party has access to business proprietary information from another Department of Commerce proceeding under an administrative protective order issued in that proceeding and this information is relevant to an evasion investigation, the authorized representative may submit this information on the record of the evasion investigation. The Department of Commerce is authorized to issue questionnaires to interested parties in an evasion investigation and to make an adverse inference against a party that fails to cooperate to the best of its ability.

The Department of Commerce is to issue a preliminary determination of whether there is a reasonable basis to believe or suspect evasion within 90 days after initiation of the investigation and a final determination of evasion within 300 days after initiation. If the Department of Commerce makes an affirmative preliminary determination of evasion, CBP is to suspend liquidation of entries of evading merchandise on or after the preliminary determination and any unliquidated entries before that date. A cash deposit is also required for such entries reflecting the applicable rates previously determined by the Department of Commerce.

If the Department of Commerce makes an affirmative final determination of evasion, CBP is to assess the applicable antidumping and countervailing duties on entries of evading merchandise, including such entries that were already liquidated, and to review and reassess the amount of bond or other security the importer must post for entries of such merchandise on or after the date of the final determination. The Department of Commerce may also instruct CBP to require a cash deposit or bond on entries of such merchandise on or after the date of the final determination in the amount of antidumping and countervailing duties potentially owed on the merchandise. If the Department of Commerce cannot determine the amount of the applicable antidumping and countervailing duty rate or cash deposit because the actual producer or exporter of the merchandise is unknown, then the highest amount for any producer or exporter will be applied. If the Department of Commerce makes a negative final determination of evasion, then any suspension of liquidation is ended and any cash deposits refunded. The preliminary and final determinations in an evasion investigation are to be published in the Federal Register, as well as the notice of initiation of such an investigation.

If the Department of Commerce makes an affirmative preliminary or final determination of evasion, it is required to transmit the administrative record of the investigation to CBP and any other agency that requests the administrative record. After making a final determination, the Department of Commerce may also provide importers information discovered in an investigation that would help educate importers on complying with importing merchandise in accordance with U.S. laws and regulations.

The Department of Commerce and CBP are to establish procedures to maximize cooperation and communication between the two agencies to quickly, efficiently, and accurately investigate allegations of evasion. The Department of Commerce will issue annual reports to Congress on the conduct of evasion investigations.

Section 421(b) makes a technical amendment to the table of contents for title VII of the Trade Act of 1930 to reflect this subtitle.

Section 421(c) establishes that the Department of Commerce's final determination in an evasion investigation is subject to judicial review by the U.S. Court of International Trade.

Section 421(d) instructs the Department of Commerce and CBP to issue regulations to implement this subtitle.

Section 421(e) provides that the amendments in this subtitle are effective 180 days after enactment and applies to merchandise entered on or after the date of enactment.

#### *Senate Amendment*

Section 402 requires that if the Commissioner makes an affirmative determination of evasion, the Commissioner shall: 1) suspend the liquidation of any unliquidated entries of the covered merchandise that is the subject of the allegation entered between the date of initiation and the date of the determination; 2) extend the period for liquidating any unliquidated entries of merchandise that entered before the initiation of the investigation; 3) notify Commerce of the determination and request that Commerce determine the appropriate duty rates for such covered merchandise; 4) require importers of such covered merchandise to post cash deposits and assess duties on the covered merchandise as directed by Commerce; and 5) take such additional enforcement measures as the Commissioner deems appropriate, including initiating proceedings for related violations of law, modifying CBP's procedures for identifying future evasion, requiring a deposit of estimated duties on future entries, and referring the matter to ICE for civil or criminal investigation. The section also requires the Department of Commerce to promptly provide the Commissioner with cash deposit rates and antidumping and countervailing duty rates, and establishes a special rule for cases in which the producer or exporter is unknown.

Under section 402, the Commissioner must determine within 90 calendar days of initiation of an evasion investigation whether there is a reasonable suspicion that entries of covered merchandise that are the subject of the allegation were entered through evasion. If the Commissioner decides there is a reasonable suspicion, the Commissioner shall: 1) suspend the liquidation of any unliquidated entries of the covered merchandise entered after the date of initiation; 2) extend the period for liquidating any unliquidated entries of merchandise that entered before the initiation of the investigation; and 3) take any additional measures necessary to protect the ability to collect appropriate duties, which may include requiring a single transaction bond or posting cash deposits with respect to entries of covered merchandise.

Section 402 requires that if the Commissioner makes an affirmative determination of evasion, the Commissioner shall (1) suspend the liquidation of any unliquidated entries of the covered merchandise that is the subject of the allegation entered between the date of initiation and the date of the determination; (2) extend the period for liquidating any unliquidated entries of merchandise that entered before the initiation of the investigation; (3) notify Commerce of the determination and request that Commerce determine the appropriate duty rates for such covered merchandise; (4) require importers of such covered merchandise to post cash deposits and assess duties on the covered merchandise as directed by Commerce; and (5) take such additional enforcement measures as the Commissioner deems appropriate, including initiating proceedings for related violations of law, modifying CBP's procedures for identifying future evasion, requiring a deposit of estimated duties on future entries, and referring the matter to ICE for civil or criminal investigation. The section also requires the Department of Commerce to promptly provide the Commissioner with cash deposit rates and antidumping and

countervailing duty rates, and establishes a special rule for cases in which the producer or exporter is unknown.

Under section 402, the Commissioner must determine within 90 calendar days of initiation of an evasion investigation whether there is a reasonable suspicion that entries of covered merchandise that are the subject of the allegation were entered through evasion. If the Commissioner decides there is a reasonable suspicion, the Commissioner shall (1) suspend the liquidation of any unliquidated entries of the covered merchandise entered after the date of initiation; (2) extend the period for liquidating any unliquidated entries of merchandise that entered before the initiation of the investigation; and (3) take any additional measures necessary to protect the ability to collect appropriate duties, which may include requiring a single transaction bond or posting cash deposits with respect to entries of covered merchandise.

Section 402 provides a period of 30 business days for interested party who made the allegation of evasion or the importer of the covered merchandise alleged to have entered the merchandise subject to the evasion determination to request de novo administrative review by the Commissioner after notification of a determination. Section 402 establishes that judicial review shall be available to the interested party alleging evasion or the party found to have entered merchandise subject to the investigation through evasion of any administrative review of the evasion determination by CBP. Section 402 also sets out a rule of construction with respect to other civil and criminal proceedings so that no determination under subsection (c) or action taken by the Commissioner pursuant to the section shall be construed to limit the authority to carry out, or the scope of, any other proceeding or investigation pursuant to any other provision of Federal or State law.

#### *Conference Agreement*

The conference agreement follows the Senate amendment except for the following changes. The definition of the term "interested party" is expanded to include a foreign manufacturer, producer, or exporter, or the United States importer, of covered merchandise, or a trade or business association a majority of the members of which are producers, exporters, or importers of such merchandise.

The Commissioner has 15 business days after receiving an evasion allegation or a referral to determine whether to initiate an investigation.

If the Commissioner is unable to determine whether the merchandise at issue is covered merchandise, the Commissioner shall refer the matter to the Department of Commerce to determine whether the merchandise is covered merchandise. The Department of Commerce is to make this determination pursuant to its applicable statutory and regulatory authority, and the determination shall be subject to judicial review under 19 U.S.C. 1516a(a)(2). The Conferees intend that such determinations include whether the merchandise at issue is subject merchandise under 19 U.S.C. 1677j. The time required for the Department of Commerce to determine whether the merchandise at issue is covered merchandise shall not be counted in calculating any deadlines under the procedures created by this section.

The Commissioner has 300 calendar days after the date on which an evasion investigation was initiated to make a determination as to whether the covered merchandise was entered through evasion. If the Commissioner concludes that the investigation is extraordinarily complicated and additional

time is necessary to make a determination, then the Commission may extend the time to make a determination by no more than 60 calendar days.

It is clarified that an adverse inference may be used with respect to a person alleged to have entered covered merchandise through evasion, or a foreign producer or exporter of covered merchandise alleged to have entered through evasion regardless of whether another person involved in the same transaction or transactions has provided requested information.

The standard of review for judicial review of an investigation is clarified to be whether the Commissioner fully complied with all procedures in making a determination and conducting an administrative review of that determination and whether any determination, finding, or conclusion is arbitrary, capricious, or an abuse of discretion. Other technical changes were made to the judicial review provision.

#### SECTION 422. GOVERNMENT ACCOUNTABILITY OFFICE REPORT

##### *Present Law*

No provision.

##### *House Amendment*

Section 422 directs the Government Accountability Office to submit to Congress a report on the effectiveness of the provisions made by this title and the actions by the Department of Commerce and CBP pursuant to this title.

##### *Senate Amendment*

No provision.

##### *Conference Agreement*

The conference agreement does not contain this section. Under the House amendment, the Department of Commerce would conduct evasion investigations, and the primary purpose of the report was to monitor the co-operation of the Department of Commerce and CBP in the Department of Commerce's conduct of such investigations. This report is not required under the Conference Agreement because the Senate amendment is being followed, which has CBP conduct evasion investigations.

#### Subtitle C—Other Matters

#### SECTION 431. ALLOCATION AND TRAINING OF PERSONNEL

##### *Present Law*

No provision.

##### *House Amendment*

Section 431 requires CBP, to the maximum extent possible, to assign sufficient personnel responsible for preventing and investigating evasion and to provide adequate training for such personnel.

##### *Senate Amendment*

No provision.

##### *Conference Agreement*

The conference agreement follows the House amendment.

#### SECTION 432. ANNUAL REPORT ON PREVENTION OF EVASION OF ANTIDUMPING AND COUNTERVAILING DUTY ORDERS

##### *Present Law*

No provision.

##### *House Amendment*

Section 432(a) directs CBP, in consultation with the Department of Commerce and ICE, to provide Congress with an annual report on efforts to prevent and investigate evasion.

The required contents of the report are described in section 432(b). In addition to metrics on CBP's activities, resource allocation and training regarding evasion, the report must include a description of CBP's policies and practices regarding evasion, any changes in such policies and practices, and

any recommended legislative or other changes to improve the effectiveness of CBP in preventing and identifying evasion.

##### *Senate Amendment*

Section 403 requires the Commissioner to submit to the Committee on Finance of the Senate and the Committee on Ways and Means of the House an annual report on the Commissioner's efforts to prevent and investigate the evasion of antidumping and countervailing duty orders.

##### *Conference Agreement*

The conference agreement follows the Senate amendment, except to clarify that the report is to cover all types of evasion allegations and investigations. The requirement to report the number of investigations not completed within the deadlines provided in section 517 of the Tariff Act of 1930, as added by section 421 of this Act, is removed because the Commissioner is statutorily required to meet these deadlines.

#### SECTION 433. ADDRESSING CIRCUMVENTION BY NEW SHIPPERS

##### *Present Law*

Section 751(a)(2)(B) of the Tariff Act of 1930 (19 U.S.C. 1675(a)(2)(B)) allows new exporters and producers to obtain an individual weighted average dumping margin or individual countervailing duty rate on an expedited basis. While the review to determine the individual margin or duty rate is being conducted, an importer of the new exporter or producer's merchandise may post a bond or security instead of a cash deposit for entries of that merchandise.

##### *House Amendment*

Section 433 strikes the ability of an importer of a new exporter or producer's merchandise to post a bond or security instead of a cash deposit for entries of that merchandise while the Department of Commerce is determining the exporter or producer's individual weighted average dumping margin or individual countervailing duty rate. This section also adds the requirement that the individual weighted average dumping margin or individual countervailing duty rate for a new exporter or producer must be based on bona fide sales in the United States and sets out criteria to be considered in determining if such sales were bona fide.

##### *Senate Amendment*

No provision.

##### *Conference Agreement*

The conference agreement follows the House amendment.

#### SECTION 502. OUTREACH AND INPUT FROM SMALL BUSINESSES TO TRADE PROMOTION AUTHORITY

##### *Present Law*

Per section 203 of Public Law 94-305 (15 U.S.C. 1634c), the Office of Advocacy within the Small Business Administration is statutorily charged with receiving complaints, criticisms, and suggestions concerning federal policies affecting small businesses, transmitting those complaints, criticisms

and suggestions to the relevant federal regulatory agencies, and developing proposals for changes in the policies and activities of federal agencies as those relate to small businesses. However, current law does not specifically provide for engagement by the Office of Advocacy during the negotiation of trade agreements.

##### *Conference Agreement*

The Conferees agree to amend section 203 of Public Law 94-305 (15 U.S.C. 634c) by adding certain provisions and requirements concerning the Office of Advocacy. In particular, the provision requires: 1) the Chief Counsel for Advocacy to convene an Inter-agency Working Group (IWG) not later than 30 days after the date on which the President submits a notification to Congress under section 105(a) of Public Law 114-26; 2) the IWG to include representation from the Office of the United States Trade Representative, the Department of Commerce, the Department of Agriculture, and any other federal agencies deemed relevant with respect to the subject of the trade agreement at issue; 3) the IWG to identify a diverse group of small entities to provide to the IWG the views of small businesses on the potential economic effects of the trade agreement at issue; and 4) the Chief Counsel for Advocacy to submit to relevant Committees of the Senate and the House of Representatives a report on the economic impacts of the trade agreement at issue on small entities. By assigning the Office of Advocacy a role in trade negotiations, the legislation will promote consideration of small business interests throughout trade negotiation processes.

#### SECTION 503. STATE TRADE EXPANSION PROGRAM

##### *Present Law*

Section 1207 of the Small Business Jobs Act of 2010 (Pub. L. 111-240) created a pilot State Trade and Export Promotion Grant Program to make grants to states to carry out export promotion programs for small businesses. These programs include a foreign trade mission, a foreign market sales trip, a subscription to services provided by the Department of Commerce, the payment of website translation fees, the design of international marketing media, a trade show exhibition, and training workshops.

##### *House Amendment*

No provision.

##### *Senate Amendment*

##### *Conference Agreement*

The Conferees agree to rename the "State Trade and Export Promotion Grant Program" authorized by the Small Business Jobs Act of 2010 the "State Trade Expansion Program" (STEP); to insert STEP into section 22 of the Small Business Act (15 U.S.C. 652); and to authorize STEP grants at \$30 million per year through fiscal year 2020. The Conferees also agree to alter STEP to improve coordination between the federal government and the states, to authorize reverse trade missions and procurement of consultancy services, and to require the Inspector General of the Small Business Administration to provide to the Congress a report on STEP within 18 months of the first grant award.

The provision further requires that the Office of International Trade of the Small Business Administration, in coordination with other members of the TPCC, submit a report to the Congress that includes recommendations to improve the Internet website Export.gov.

#### SECTION 505. STATE TRADE COORDINATION

#### *Present law*

Section 2312 of the Export Enhancement Act of 1988 (Public Law 100-418) created the Trade Promotion Coordinating Committee (TPCC), which is charged with developing a plan to carry out Federal export promotion and export financing programs. The TPCC is chaired by the Department of Commerce and comprised of representatives from the Office of the United States Trade Representative, the Small Business Administration, the Agency for International Development, the Trade and Development Program, the Overseas Private Investment Corporation, the Export-Import Bank of the United States, and the Departments of Agriculture, Energy, State, Transportation, and the Treasury. #### *House Amendment*

Section 601 requires the Administration to identify, in close consultation with Congress,

enforcement priorities and to more regularly consult with Congress on the Administration's enforcement strategy. This section also directs the Administration to focus its enforcement actions on addressing practices that, if eliminated, would likely have the most significant potential to increase economic growth of the United States.

#### *Senate Amendment*

Section 601 of the Senate amendment is the same section 601 of the House amendment.

#### *Conference Agreement*

The conference agreement follows the House amendment and the Senate amendment.

#### SECTION 602. EXERCISE OF WTO AUTHORIZATION TO SUSPEND CONCESSIONS OR OTHER OBLIGATIONS UNDER TRADE AGREEMENTS

#### *Present Law*

Under section 307(c) of the Trade Act of 1974, a particular action taken under section 301 of the Trade Act of 1974 automatically terminates after four years if neither the petitioner nor any representative of the domestic industry that benefits from such action has requested its continuation during the last sixty days of the four-year period.

#### *House Amendment*

Section 602 allows the Administration, under certain conditions, to reinstate a retaliatory action if such action has terminated previously. To reinstate such action, the Administration must receive a request from an affected domestic industry and engage in a detailed analysis and robust consultations with Congress and the public.

#### *Senate Amendment*

Section 602 of the Senate amendment is the same section 602 of the House amendment.

#### *Conference Agreement*

The conference agreement follows the House amendment and the Senate amendment.

#### SECTION 603. TRADE MONITORING

#### *Present Law*

No provision.

#### *House Amendment*

Section 603(a) requires the International Trade Commission to make a web-based import monitoring tool available that provides public access to data on the volume and value of goods imports for the purposes of determining if such data has changed over time. The data used will be from the Department of Commerce and any other appropriate government data, and will include data from the most recent quarter for which such data are available, plus previous quarters as practicable.

This provision further requires the Department of Commerce to publish on a website monitoring reports on changes in the volume and value of imports and exports of goods categorized based on the 6-digit subheadings of the Harmonized Tariff Schedule of the United States. The Department of Commerce must also notify Congress when the reports are available. These reports are to be published at least quarterly and have data for the most recent quarter for which such data are available, as well as previous quarters as practicable. The Department of Commerce is required to solicit public comment on the monitoring reports through the Federal Register.

This provision is to terminate seven years after the date of enactment.

Section 603(b) makes the clerical amendment of adding the title of this section to the table of contents for the Trade Act of 1974 (19 U.S.C. 2101 et. seq.).

#### *Senate Amendment*

Section 603 of the Senate amendment is the same section 603 of the House amendment.

#### *House Amendment*

Section 907 requires that, in its Annual Report on Trade Agreements Program and National Trade Policy Agenda to Congress, USTR must submit additional information regarding USTR-led interagency programs, including the Interagency Trade Enforcement Center. Specifically, the section requires that USTR report on the objectives and priorities of all USTR-led interagency programs; the actions proposed, or anticipated, to be undertaken to achieve such objectives and priorities, including actions authorized under the trade laws and negotiations with foreign countries; the role of each Federal agency participating in the interagency program in achieving such objectives and priorities and activities of each agency with respect to their participation in the program; USTR's coordination of each participating Federal agency to more effectively achieve such objectives and priorities; any proposed legislation necessary or appropriate to achieve such objectives or priorities; and prior progress made in achieving such objectives and priorities and coordination activities.

The section also requires that USTR submit a report to Congress, in conjunction with the President's budget, regarding its annual plan to match available agency resources with projected workload and provide a detailed analysis of how the prior year's funds were spent; identify existing and new staff necessary to support the functions and powers of USTR; identify USTR and other Federal agency staff who will be required to be detailed to support USTR-led interagency programs; and provide detailed analysis of the budgetary requirements of USTR-led interagency programs.

In addition, the section requires that USTR submit to Congress a quadrennial plan, in conjunction with agency strategic plans already required under statute, with some additional requirements: analyzing internal quality controls and record management; identifying existing and new staff necessary to support the functions and powers of USTR; identifying existing USTR and other Federal agency staff who will be required to be detailed to support USTR-led interagency programs; providing an outline of budget justifications, including salaries, expenses, and non-personnel administrative costs, required under the strategic plan; providing an outline of budget justifications for USTR-led interagency programs. This quadrennial plan is required in conjunction with the agency strategic plan produced at the beginning of every new Presidential Administration; this section requires USTR to submit the initial report separately, on February 1, 2016.

*Senate Amendment*

Section 604 establishes an Interagency Trade Enforcement Center (ITEC) in the Office of the United States Trade Representative (USTR), and provides that the main functions of the Center are to: 1) serve as the primary forum within the Federal government for the USTR and other agencies to coordinate the enforcement of United States trade rights under international trade agreements and enforcement of United States trade remedy laws; 2) coordinate the exchange of information related to potential violations of international trade agreements; and 3) conduct outreach to United States workers, businesses, and other interested persons.

Section 604 also requires the head of the ITEC to be a Director who shall be appointed from among full-time senior-level officials of USTR, and a Deputy Directory appointed by the Secretary of Commerce from among full-time, senior-level officials of Commerce. Other Federal government agencies that the Center coordinates with may detail or assign employees to the Center. The provision requires that funding and administrative support for the ITEC be provided by USTR. The Director of ITEC is required to submit an annual report to the Committee on Finance of the Senate and the Committee on Ways and Means of the House of Representatives on the actions taken by the Center with respect to the enforcement of U.S. trade rights under trade agreements in the preceding year.

*Conference Agreement*

The conference agreement establishes the Interagency Center on Trade Implementation, Monitoring, and Enforcement (ICTIME) in the office of the United States Trade Representative. The function of ICTIME is to support the USTR in: 1) investigating potential disputes to be brought at the World Trade Organization; 2) investigating potential disputes to be brought under U.S. bilateral and regional trade agreements; 3) monitoring and enforcement activities pursuant to U.S. trade agreements; and 4) monitoring measures taken by parties during implementation of trade agreements with the United States. The director of ICTIME is to be appointed by the USTR, and additional personnel may be detailed or assigned to ICTIME by other Federal agencies. The conference agreement requires the President to annually report to Congress regarding the operations of ICTIME. The conference agreement also adopts the House provision requiring USTR to submit to Congress a quadrennial plan concerning quality controls and records management, staffing, and budgeting, with the first report due June 1, 2016. The commitments subject to ICTIME's monitoring and enforcement shall include those negotiated to address the interests in U.S. trade agreements of domestic manufacturers, services providers, farmers, ranchers, and intellectual property rightholders.

Senate section 609(a) provides that the Secretary of Homeland Security shall deposit all interest in subsection 609(c) into the special account established under section 754(e) of the Tariff Act of 1930 for inclusion in distributions described in subsection 609(b) made on or after the date of the enactment of this Act.

Section 609(b) defines distributions as those made under section 754 of the Tariff Act of 1930 (19 U.S.C. 1675c) (repealed by subtitle F of title VII of the Deficit Reduction Act of 2005 (Public Law 109-171; 120 Stat. 154)) with respect to entries of merchandise made on or before September 30, 2007 and that were unliquidated, not in litigation, and not under an order of liquidation on December 8, 2010.

Section 609(c) defines interest as an amount earned on antidumping duties or countervailing duties distributed in subsection (b) that is realized through application of a payment received on or after October 1, 2014 by CBP or in connection with a customs bond pursuant to a court order or a settlement for any such bond. It further provides that the types of interest include interest accrued under section 778 or 505(d) of the Trade Act of 1930, or equitable interest under common law, or interest under section 963 of the Revised Statutes awarded by a court against a surety under its bond for late payment of antidumping duties, countervailing duties, or other interest.

*Conference Agreement*

The conference agreement follows the Senate amendment with a modification. The Conferees agree to describe interest in section 609(c) as an amount earned on antidumping duties or countervailing duties in subsection (b) that is realized through application of a payment received on or after October 1, 2014 by CBP under, or in connection with, a customs bond pursuant to a court order or judgment, or a settlement with respect to a customs bond, including any payment to CBP with respect to that bond by a surety.

*House Amendment*

No provision.

*Senate Amendment*

Section 606 of the Senate amendment amends section 301(d)(3)(B) of the Trade Act of 1974 to include, among the conduct that is unreasonable for purposes of taking discretionary action under 301(b), a persistent pattern of conduct by a foreign country that: 1) fails to effectively enforce the environmental laws of the foreign country; 2) waives or otherwise derogates from the environmental laws of the foreign country or weakens the protections afforded by such laws; 3) fails to provide for the judicial or administrative proceedings giving access to remedies for violations of the environmental laws of the foreign country; 4) fails to provide appropriate and effective sanctions or remedies for violations of the environmental laws of the foreign country; or 5) fails to effectively enforce environmental commitments under agreements to which the foreign country and the United States are a party.

*Conference Agreement*

The conference agreement includes modifications to amend section 301(d)(3)(B) of the Trade Act of 1974 to include, among the types of conduct that are unreasonable for purposes of taking discretionary action under 301(b), actions that constitute a persistent pattern of conduct by the government of the foreign country under which that government fails to effectively enforce commitments under agreements including with respect to trade in goods, trade in services, trade in agriculture, foreign investment, intellectual property, digital trade in goods and services and cross-border data flows, regulatory practices, state-owned and state-controlled enterprises, localization barriers to trade, labor and the environment, anti-corruption, trade remedy laws, textiles, and commercial partnerships to which the foreign country and the United States are a party.

Section 608(b) requires CBP to compile a database of the individual characteristics of foreign honey to facilitate the verification of country of origin markings, and to seek to work with foreign governments, industry, and the Food and Drug Administration in compiling the database.

Section 608(c) requires the Commissioner to submit a report to Congress within 180 days after enactment of the Act that describes and assesses the limitations in existing analysis capabilities of laboratories with respect to determining the country of origin of honey and includes any recommendation of the Commissioner for improving such capabilities.

Section 608(d) expresses the sense of Congress that the Commissioner of Food and Drugs should promptly establish a honey national identification standard to ensure that honey imports are classified appropriately for duty assessment; and are denied entry to the United States if such imports pose a threat to the health or safety of consumers.

*Conference Agreement*

The conference agreement follows the Senate amendment. The agreement of the conference on establishment of a database pertaining to honey transshipment reflects the

unique geographical characteristics of honey, particularly unique regional pollens, that allow CBP to discern the country of origin of honey imported into the United States through currently available, cost-effective scientific methods, and also the importation of honey in sufficient quantity and with historical patterns of duty evasion to justify establishing and maintaining such a database.

#### SECTION 611. TRADE ENFORCEMENT TRUST FUND

##### *Present Law*

No provision.

##### *House Amendment*

No provision.

##### *Senate Amendment*

Section 607 of the Senate amendment establishes a Trade Enforcement Trust Fund (Trust Fund) in the Treasury of the United States. The provision requires the Treasury to transfer \$15 million each fiscal year to the Trust Fund of receipts from antidumping and countervailing duties, and the aggregate money held in the Trust Fund may not exceed \$30 million at any time. Transfers to the fund are made quarterly. The provision allows the United States Trade Representative to use amounts in the Trust Fund to enforce the provisions of and commitments and obligations under WTO Agreements and free trade agreements to which the United States is a party, monitor the implementation by foreign countries of the provisions and commitments and obligations under free trade agreements, and investigate and respond to petitions under section 302 of the Trade Act of 1974. In addition, identified Federal agencies would also be authorized to also use amounts in the Trust Fund to ensure capacity building efforts undertaken by the United States prioritize the implementation of intellectual property, labor, and environmental commitments, are self-sustaining and promote local ownership, include performance indicators, and monitor and evaluate capacity building efforts.

If a Federal agency uses amounts in the Trust Fund in connection with the entry into force of any free trade agreement, that agency must submit a report to Congress on the actions taken by that agency not later than 18 months after the agreement enters into force. It also requires the Comptroller General to submit a report to Congress within one year of enactment that contains (1) a comprehensive analysis of the trade enforcement expenditures of each Federal agency and (2) recommendations on the additional employees and resources that each Federal agency may need to effectively enforce free trade agreements that the United States is a party to.

##### *Conference Agreement*

The conference agreement follows the Senate amendment with a number of changes. The conference agreement establishes the Trust Fund through 2026 and funds are transferred from the general fund. It allows the United States Trade Representative, on the basis of advice from the Trade Policy Committee, to use amounts in the Trust Fund, only as provided in appropriation acts, to enforce obligations under WTO Agreements and free trade agreements to which the United States is a party, monitor the implementation by foreign countries of the provisions and commitments and obligations under free trade agreements, investigate and respond to petitions under section 302 of the Trade Act of 1974, and to support capacity building efforts, including commitments and obligations related to trade in goods, trade in services, trade in agriculture, foreign investment, intellectual property, digital trade in goods and services and cross-border data flows, regulatory practices, state-owned and state-controlled enterprises, localization

barriers to trade, labor and the environment, currency, foreign currency manipulation, anticorruption, trade remedy laws, textiles, and commercial partnerships. Additional changes are made with respect to reporting and definitions.

The conferees are committed to work diligently and at the earliest opportunity to achieve full appropriation for the fund, including during the annual budget resolution process to assure full appropriations to the fund.

#### TITLE VII—CURRENCY MANIPULATION

#### SECTION 701. ENHANCEMENT OF ENGAGEMENT ON CURRENCY EXCHANGE RATE AND ECONOMIC POLICIES WITH CERTAIN MAJOR TRADING PARTNERS OF THE UNITED STATES

##### *Present Law*

No provision.

##### *House Amendment*

This section strengthens and complements existing requirements by requiring the Secretary of the Treasury to submit to Congress a report on the macroeconomic and currency exchange rate policies of each country that is a major trading partner of the United States and to take specific steps if it finds that a currency is undervalued. The report is to include: 1) an analysis of various economic indicators for each major trading partner and 2) an enhanced analysis of macroeconomic and exchange rate policies for each major trading partner that satisfies certain economic criteria related to its bilateral trade balance, current account balance, and foreign exchange interventions. The new report thus strengthens existing requirements, established in Section 3005 of the Omnibus Trade and Competitiveness Act of 1988, regarding reporting by the Secretary to Congress of international economic and exchange rate policies. The provisions direct the Secretary to conduct enhanced bilateral engagement with each country for which an enhanced analysis of macroeconomic and currency exchange rate policies is included in the report submitted by the Secretary to Congress. The Secretary may determine not to enhance bilateral engagement with a country if the Secretary determines that commencing enhanced bilateral engagement would have an adverse impact on the U.S. economy greater than the benefits of such engagement or would cause serious harm to the national security of the United States. The provision authorizes the President to take certain remedial actions regarding a country that fails to adopt appropriate policies to correct the identified undervaluation and surpluses, including: 1) restrictions on U.S. government financing; 2) restrictions on U.S. government procurement; 3) additional efforts at the International Monetary Fund; or (4) by taking into account such currency policies before initiating or entering into any bilateral or regional trade agreement negotiations.

##### *Senate Amendment*

The Senate Amendment is similar to the House Amendment but contains certain variations, including variations related to the economic criteria associated with an enhanced analysis of a major trading partner, variations related to the objectives of enhanced bilateral engagement, and variations related to a decision by the Secretary not to enhance bilateral engagement with a country.

##### *Conference Agreement*

The conference agreement follows the House amendment with modified criteria in section 701(a)(2)(B), an additional item in the list of actions in section 701(b)(1) from the Senate amendment, and modified reporting requirements.

Section 814(b) requires the Secretary to provide to the appropriate congressional committees not later than 45 days before entering into a preclearance agreement with a foreign country for preclearance operations at an airport, in addition to the information required in section 814(a), the following: 1) an estimate of the date on which CBP intends to establish preclearance operations under such agreement, including any pending caveats that must be resolved before preclearance operations are approved; 2) the anticipated funding sources for preclearance operations under such agreement, and other funding sources considered; 3) a homeland security threat assessment for the country in which such preclearance operations are to be established; 4) information on potential economic, competitive, and job impacts on United States air carriers associated with establishing such preclearance operations; 5) details on information sharing mechanisms to ensure that CBP has current information to prevent terrorist and criminal travel; and 6) other factors that the Secretary determines to be necessary for Congress to comprehensively assess the appropriateness of commencing such preclearance operations.

Section 814(c) requires the Secretary to provide to the appropriate congressional committees not later than 60 days before entering into a preclearance agreement with a foreign country for preclearance operations at an airport, in addition to the information required in sections 814(a) and 814(b), the following: 1) a certification that preclearance operations under such preclearance agreement, after considering alternative options, would provide homeland security benefits to the United States through the most effective means possible; 2) a certification that preclearance operations within such foreign country will be established under such agreement only if at least one United States passenger carrier operates at such airport and the access of all United States passenger carriers to such preclearance operations is the same as the access of any non-United States passenger carrier; 3) a certification that the establishment of preclearance operations in such foreign country will not significantly increase customs processing times at United States airports; 4) a certification that representatives from CBP consulted with stakeholders, including providers of commercial air service in the United States, employees of such providers, security experts, and such other parties as the Secretary determines to be appropriate; and 5) a report detailing the basis for the certifications referred to in 1) through 4).

Section 814(d) requires the Secretary to provide to the appropriate congressional

committees not later than 30 days before entering into a substantially amended preclearance agreement with a foreign country a copy of the proposed agreement, as modified, and the justification for such modification.

Section 814(e) requires the Commissioner to report to the appropriate congressional committees on a quarterly basis the number of CBP officers, by port, assigned from domestic ports of entry to preclearance operations and the number of these positions that have been filled by another hired, trained, and equipped CBP officer. In addition, if the CBP officer positions at domestic ports of entry that were reassigned to preclearance ports of entry have not been backfilled and the Commissioner determines that processing times at those domestic ports of entry have significantly increased, the Commissioner shall submit to the appropriate congressional committees not later than 60 days after such a determination an implementation plan for reducing CBP processing times at those domestic ports of entry. If the Commissioner fails to submit the required implementation plan, the Secretary would be prohibited from establishing additional preclearance locations until such plan is submitted.

Section 814(f) allows for the reporting requirement under subsection (c)(5) to be submitted in classified form.

SECTION 906. DRAWBACK AND REFUNDS

*Present Law*

Section 313 of the Tariff Act of 1930 authorizes a refund, known as drawback, of certain duties, internal revenue taxes, and certain fees collected upon the importation of goods. Such refunds are allowed only upon the exportation or destruction of goods under CBP supervision.

*House Amendment*

Section 906(a) amends section 313(a) of the Tariff Act of 1930 by establishing that the amount of drawback claimed must be calculated pursuant to section 313(l) of the Tariff Act of 1930, as amended by this amendment.

Section 906(b) amends section 313(b) of the Tariff Act of 1930 by allowing substitution drawback for imported merchandise or merchandise classifiable under the same 8-digit HTS used in the manufacture or production of articles; establishing that the amount of drawback claimed must be calculated pursuant to section 313(l) of the Tariff Act of 1930, as amended by this amendment; and providing that such claim must be filed within 5 years of the importation of the merchandise. This subsection further allows records kept in the normal course of business to be used to demonstrate the transfer of merchandise, requires a drawback claimant to submit a bill of materials to demonstrate the merchandise was incorporated into an exported article, and provides a special rule for sought chemical elements.

Section 906(c) amends section 313(c) of the Tariff Act of 1930 by extending the filing deadline for drawback claims for merchandise not conforming to sample or specifications to 5 years from the date of importation. This subsection further establishes that the amount of drawback claimed must be calculated pursuant to section 313(l) of the Tariff Act of 1930, as amended by this amendment, and allows records kept in the normal course of business to be used to demonstrate the transfer of merchandise.

Section 906(d) amends section 313(i) of the Tariff Act of 1930 by striking the current text and replacing it with a new provision requiring that a person claiming drawback based on exportation shall provide proof of the exportation of the article, that such proof shall fully establish the date and fact of exportation and identity of the exporter, and may be established either by records kept in the normal course of business or through an electronic export system of the United States Government.

Section 906(e) amends section 313(j) of the Tariff Act of 1930 by allowing unused drawback claims for merchandise classifiable under the same 8-digit HTS subheading number as such imported merchandise. Merchandise may not be substituted for imported merchandise for drawback purposes based on the 8-digit HTS if the article description for the 8-digit HTS begins with the term "other." In these instances, merchandise may be substituted for imported merchandise if such imported merchandise is classifiable under the same 10-digit HTS. If the 10-digit HTS begins with the term "other," then substitution drawback is not permissible and the drawback claimant must use direct identification under section 313(a) of the Tariff Act of 1930, as amended by this Act. For unused merchandise that is either exported or destroyed, the Department of Commerce Schedule B number may be used to demonstrate that an article and merchandise are classifiable under the same 8-digit HTS without regard to whether or not the Schedule B number corresponds to more than one 8-digit HTS number. Furthermore, this subsection amends the filing deadline for drawback claims to be 5 years from the date of importation and establishes that the amount of drawback claimed must be calculated pursuant to section 313(l) of the Tariff Act of 1930, as amended by this amendment.

Section 906(f) amends section 313(k) of the Tariff Act of 1930 by providing that any person making a drawback claim is liable for the full amount of the drawback claimed.

Any person claiming drawback shall be jointly and severally liable with the importer for the lesser of the amount of drawback claimed or the amount the importer authorized the other person to claim.

Section 906(g) amends section 313(l) of the Tariff Act of 1930 to require the Secretary of the Treasury to prescribe regulations for claims with respect to unused merchandise drawback to establish that the calculation of drawback that cannot exceed 99 percent of the lesser of the amount of duties, taxes, and fees paid with respect to the imported merchandise or the amount of duties, taxes, and fees that would apply to the exported article if the exported article were imported. Section 906(g) also requires the Secretary of Treasury to prescribe regulations for claims with respect to manufactured articles into which substitute merchandise is incorporated to establish that the calculation of drawback cannot exceed 99 percent of the lesser of the amount of duties, taxes, and fees paid with respect to the imported merchandise or the amount of duties, taxes, and fees that would apply to the substituted merchandise if the substituted merchandise were imported. This section requires the promulgation of the necessary regulations within 2 years. Additionally, one year after the enactment of this Act, and annually thereafter until the regulations required under this subsection are promulgated, the Secretary shall submit to Congress a report on the status of the regulations.

Section 906(h) amends section 313(p) of the Tariff Act of 1930 to require evidence of transfer to be demonstrated with records kept in the normal course of business.

Section 906(i) amends section 313(q) of the Tariff Act of 1930 to require the amount of drawback shall be calculated pursuant to section 313(l) of the Tariff Act of 1930, as amended by this amendment.

Section 906(j) amends section 313(r) of the Tariff Act of 1930 to establish that a drawback entry shall be filed or applied for, as applicable, no later than 5 years after the date on which merchandise on which drawback is claimed was imported. This section also requires that all drawback claims be filed electronically no later than 2 years after the date of the enactment of this Act.

Section 906(k) amends section 313(s) of the Tariff Act of 1930 by allowing a drawback successor to designate unused imported merchandise, other merchandise classifiable under the same 8-digit HTS subheading number as such imported merchandise, or any combination of such imported merchandise and such other merchandise, that the predecessor received, before the date of succession, from the person who imported and paid any duties, taxes, and fees due on the imported merchandise as the basis for drawback on merchandise possessed by the drawback successor after the date of succession.

Section 906(l) strikes section 313(t) of the Tariff Act of 1930.

Section 906(m) amends section 313(x) of the Tariff Act of 1930 by requiring the amount of drawback claimed pursuant to section 313(l) of the Tariff Act of 1930, as amended by this amendment, to be reduced by the value of any materials reclaimed during the destruction of unused merchandise.

Section 906(n) defines key terms.

Section 906(o) amends section 508(c)(3) of the Tariff Act of 1930 by requiring records for drawback claims to be maintained for 5 years after the date of liquidation.

Section 906(p) requires the Government Accountability Office (GAO) to provide the Senate Committee on Finance and the House Committee on Ways and Means with a report that shall include: 1) an assessment of the modernization of drawback and refunds; 2) a description of drawback claims that were

permissible before the enactment of the bill that are not permissible after, and an identification of industries most affected; and 3) a description of drawback claims that were not permissible before the enactment of this bill that are after, and an identification of industries most affected.

Section 906(q) provides that the amendments made by this section shall take effect upon enactment of this bill and apply to drawback claims filed on or after the date that is 2 years after such enactment. This section also requires the Secretary of the Treasury to submit a report to Congress, no later than two years after enactment of this bill, on the date on which the Automated Commercial Environment (ACE) will be ready to process claims and the date on which the Automated Export System (AES) will be ready to accept proof of exportation. Lastly, this section provides for a one-year transition for filing drawback claims under section 313 as amended by this section, or under section 313 in effect before the enactment of this bill.

*Senate Amendment*

Section 906 of the Senate amendment is the same as section 906 of the House amendment with exception the following: (1) the Senate amendment permits the substitution of a manufactured article that is exported or destroyed with an article that is classifiable under the same 8-digit HTS subheading; (2) the House amendment requires CBP to promulgate separate regulations for calculating drawback for unused merchandise and drawback for articles into which substitute merchandise is incorporated; and (3) the Senate amendment permits a delay in the effective date of this section if the Automated Commercial Environment (ACE) is not ready to process drawback claims within two years after the enactment of this Act.

*Conference Agreement*

The conference agreement follows the House amendment with technical revisions. The Conferees agree that section 906(g) grants CBP the authority, in prescribing regulations for determining the calculation of amounts refunded as drawback, to permit the drawback claim to be based upon the average per unit duties, taxes, and fees as reported on the summary line item. This authority is granted to CBP solely to allow for the simplification of drawback claims. It is not granted to allow claimants to manipulate claims in order to maximize refunds to the detriment of the revenue of the United States. The Conferees grant this authority with the expectation that CBP and the Department of the Treasury will study the potential impact of such line item averaging in drafting regulations and will forego such averaging if it is determined that line item averaging will result in a significant loss to the revenue of the United States.

The Conferees further clarify that the existing treatment of wine under section 313(j)(2) of the Tariff Act of 1930 is preserved, and that the amendments to the statute do not change this treatment. Such preservation, however, does not preclude the filing of drawback claims for wine under the new substitution drawback procedures, subject to the restrictions in such procedures, such as the amount of drawback that may be refunded when such procedures are used.

With respect to claims for unused merchandise under section 906(g) (adding section 313(l)(2)(B) of the Tariff Act of 1930), the Conferees intend that if the exported article was not imported, CBP will determine the amount of duties, taxes, and fees applicable to the exported article by applying the rate of duties, taxes, and fees applicable to the imported merchandise by substituting the value of the imported merchandise for the

value of the exported article. For claims with respect to manufactured articles into which imported or substitute merchandise is incorporated under section 906(g) (adding section 313(1)(2)(C) of the Tariff Act of 1930), the Conferees intend that if the manufactured exported article contains substitute merchandise that was not imported, CBP will determine the amount of duties, taxes, and fees applicable to the imported merchandise by substituting the value of the imported merchandise for the value of the substitute merchandise incorporated into the exported article. The goal of the rules established in section 906(g) (adding sections 313(1)(2)(B) and 313(1)(2)(C) of the Tariff Act of 1930) is to prevent the refund of full duties, taxes, and fees on the importation of higher value goods upon the exportation of lower value goods. The Conferees do not intend a scenario in which the drawback claimant would not receive a refund upon the application of either rule, but rather intend to limit the refund to the lesser of the import and the export.

Lastly, the Conferees agree that section 906(o), amending section 508(c)(3) of the Tariff Act of 1930, shall require records for drawback claims to be maintained for three years after the date of liquidation.

This section amends the Bipartisan Congressional Trade Priorities and Accountability Act of 2015. Subsection (a) ensures that trade agreements do not require changes to U.S. immigration law or obligate the United States to grant access or expand access to visas issued under 8 U.S.C. 1101(a)(15). Subsection (b) ensures that trade agreements do not establish obligations for the United States regarding greenhouse gas emissions measures. Subsection (c) adds a negotiating objective related to fisheries. Subsection (d) allows the Chair and Ranking Member of the House and Senate Advisory Groups to each send up to three personnel to serve as delegates to negotiating rounds. Subsection (e) perfects the negotiating objective on human trafficking to require countries to take concrete steps to address trafficking. Subsection (f) makes technical amendments. Subsection (g) makes these amendments effective as if included in the enactment of the Bipartisan Congressional Trade Priorities and Accountability Act of 2015.

#### *Senate Amendment*

No provision.

#### *Conference Agreement*

The conference agreement follows the House Amendment, with modifications to the climate change, and fisheries negotiating objectives; the provisions on delegates attending negotiating rounds; and human trafficking.

With regard to section 914(b), this negotiating objective reaffirms that, consistent with current practice, trade agreements are not to establish obligations for the United States regarding greenhouse gas emissions measures, other than those fulfilling the other negotiating objectives in section 102 of the Bipartisan Congressional Trade Priorities and Accountability Act of 2015. This objective is not intended to prevent trade agreements from including generally applicable or horizontal commitments, such as those regarding transparency or non-discrimination, that may also apply to such requirements, nor to prevent trade agreements from including obligations consistent with other negotiating objectives addressed in the Bipartisan Trade Priorities and Accountability Act of 2015, including those relating to the environment, the reduction of tariffs on environmental goods, or fisheries as provided in this Conference Report. Were an agreement to include a provision establishing obligations regarding U.S. greenhouse gas emissions measures as specified in the Conference Report, a bill approving the

agreement should be disqualified from eligibility for trade authorities procedures and should be considered under regular order, just like an agreement that fails to make progress in achieving the negotiating objectives set forth in section 102 of the Bipartisan Congressional Trade Priorities and Accountability Act of 2015.

With regard to Section 914(d), the Conference additionally clarifies that Members of Congress and personnel designated by the Chair and Ranking Member of the House and Senate Advisory Groups shall be delegates and official advisors to any trade agreement negotiating round.

With regard to section 914(e), this provision follows the House Amendment with additional changes to incorporate the sense of Congress that the integrity of the annual trafficking in persons report and report process should be respected and should not be affected by unrelated considerations, to require that the President provide supporting documentation with any letter submitted pursuant to the exception, and to require the President to submit a detailed description of the credible evidence supporting a change in designation from tier 3 to tier 2 watch list.

## SECTION 921. INCREASE IN PENALTY FOR FAILURE TO FILE RETURN OF TAX

*Present Law*

The Federal tax system is one of "self-assessment," i.e., taxpayers are required to declare their income, expenses, and ultimate tax due, while the IRS has the ability to propose subsequent changes. This voluntary system requires that taxpayers comply with deadlines and adhere to the filing requirements. While taxpayers may obtain extensions of time in which to file their returns, the Federal tax system consists of specific due dates of returns. In order to foster compliance in meeting these deadlines, Congress has enacted a penalty for the failure to timely file tax returns.<sup>1</sup>

A taxpayer who fails to file a tax return on or before its due date is subject to a penalty equal to 5 percent of the net amount of tax due for each month that the return is not filed, up to a maximum of 25 percent of the net amount.<sup>2</sup> If the failure to file a return is fraudulent, the taxpayer is subject to a penalty equal to 15 percent of the net amount of tax due for each month the return is not filed, up to a maximum of 75 percent of the net amount.<sup>3</sup> The net amount of tax due is the amount of tax required to be shown on the return reduced by the amount of any part of the tax which is paid on or before the date prescribed for payment of the tax and by the amount of any credits against tax which may be claimed on the return.<sup>4</sup> The penalty will not apply if it is shown that the failure to file was due to reasonable cause and not willful neglect.<sup>5</sup>

If a return is filed more than 60 days after its due date, and unless it is shown that such failure is due to reasonable cause, the failure to file penalty may not be less than the lesser of \$135 (indexed annually for inflation) or 100 percent of the amount required to be shown as tax on the return. If a penalty for failure to file and a penalty for failure to pay tax shown on a return both apply for the same month, the amount of the penalty for failure to file for such month is reduced by the amount of the penalty for failure to pay tax shown on a return.<sup>6</sup> If a return is filed more than 60 days after its due date, the penalty for failure to pay tax shown on a return may not reduce the penalty for failure to file below the lesser of \$135 or 100 percent of the amount required to be shown on the return.<sup>7</sup>

The failure to file penalty applies to all returns required to be filed under subchapter A of Chapter 61 (relating to income tax returns of an individual, fiduciary of an estate or trust, or corporation; self-employment tax returns, and estate and gift tax returns), subchapter A of chapter 51 (relating to distilled spirits, wines, and beer), subchapter A of chapter 52 (relating to tobacco, cigars, cigarettes, and cigarette papers and tubes), and subchapter A of chapter 53 (relating to machine guns and certain other firearms).<sup>8</sup> The failure to file penalty does not apply to any failure to pay estimated tax required to be paid by sections 6654 or 6655.<sup>9</sup>

*House Amendment*

Under the provision, if a return is filed more than 60 days after its due date, then

the failure to file penalty may not be less than the lesser of \$205 or 100 percent of the amount required to be shown as tax on the return.

*Effective date.*—The provision applies to returns required to be filed in calendar years after 2015.

*Senate Amendment*

No provision.

*Conference Agreement*

The conference agreement follows the House amendment provision.

## SECTION 922. PERMANENT MORATORIUM ON INTERNET ACCESS TAXES AND ON MULTIPLE AND DISCRIMINATORY TAXES ON ELECTRONIC COMMERCE

*Present Law*

The temporary moratorium on states and localities taxing Internet access or placing multiple and discriminatory taxes on Internet commerce expires on December 11, 2015.

*House Amendment*

No provision.

*Senate Amendment*

No provision.

*Conference Agreement*

Section 922 makes permanent an existing moratorium on states and localities taxing Internet access or placing multiple and discriminatory taxes on Internet commerce. The existing temporary ban was first put in place in 1998. Since then, Congress has extended it multiple times with enormous bipartisan support. Section 922 converts the moratorium into a permanent ban—on which consumers, innovators and investors can permanently rely—by simply striking the 2015 end date. The original moratorium included a grandfather clause to give States that were then taxing Internet access some time to transition to other sources of revenue. All but six of the originally grandfathered states have discontinued taxing Internet access. Section 922 gives those states additional time by delaying the phase-out of the grandfathers until June 30, 2020 which is the end of the fiscal year for states and the start of a new billing cycle for Internet access providers.

## MINORITY VIEWS

During the Senate's consideration of legislation earlier this year, Finance Committee Ranking Member Ron Wyden, Senator Bill Nelson (D-FL), and Senator Ben Cardin (D-MD), members of the Finance Committee, expressed their support for the establishment of a process whereby Congress would consider the merits of an extension of certain apparel Tariff Preference Levels (TPLs). It is the view of Senator Wyden that these programs can offer benefits to U.S. consumers, workers, and exporters, and Congress should further consider the merits of an extension of the Nicaragua, Bahrain, and Morocco TPLs.

## GENERAL LEAVE

Mr. BISHOP of Utah. Mr. Speaker, I ask unanimous consent that all Mem-

bers may have 5 legislative days in which to revise and extend their remarks and include extraneous materials on the bill, H.R. 2130.

The SPEAKER pro tempore (Mr. FLEISCHMANN). Is there objection to the request of the gentleman from Utah?

There was no objection.

The SPEAKER pro tempore. Pursuant to House Resolution 556 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the state of the Union for the consideration of the bill, H.R. 2130.

The Chair appoints the gentleman from Texas (Mr. POE) to preside over the Committee of the Whole.

□ 1510

## IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the state of the Union for the consideration of the bill (H.R. 2130) to provide legal certainty to property owners along the Red River in Texas, and for other purposes, with Mr. POE of Texas in the chair.

The Clerk read the title of the bill.

The CHAIR. Pursuant to the rule, the bill is considered read the first time.

General debate shall not exceed 1 hour equally divided and controlled by the chair and ranking minority member of the Committee on Natural Resources.

The gentleman from Utah (Mr. BISHOP) and the gentlewoman from Massachusetts (Ms. TSONGAS) each will control 30 minutes.

The Chair recognizes the gentleman from Utah.

Mr. BISHOP of Utah. Mr. Chairman, this is an extremely important bill to the people who live in this particular area of Texas and Oklahoma.

Mr. Chairman, I yield 4 minutes to the gentleman from California (Mr. MCCLINTOCK), the subcommittee chair who heard this bill.

Mr. MCCLINTOCK. Mr. Chairman, every now and then, we have a chance to stop an injustice and restore the fundamental purpose of our government to secure the inalienable rights of the people. In this instance, the Federal Government has become destructive of this end. It is attempting to seize thousands of acres of private land lawfully owned by American citizens along a 116-mile stretch of the Red River between Texas and Oklahoma. Mr. THORNBERRY's bill would stop this injustice, reassert the rule of law, and restore the unclouded title of these lands to their rightful owners.

In 1923, the U.S. Supreme Court established the rules for determining the boundary between Texas and Oklahoma that established the property rights over this land. For nearly a century, the Federal Government recognized and respected the property lines established by this ruling. Property owners purchased and sold this land and, in some cases, passed it down from generation to generation. These property owners, in good faith, dutifully paid
