

were listed as ‘unknown subjects,’ which is unheard of, according to a Judicial Watch federal law enforcement source. ‘In all my years I’ve never seen that before,’ a veteran federal law enforcement agent told Judicial Watch.”

Anyway, there just continues to be more and more bad news from the border.

When I read the article today, I thought: Nogales, Arizona. I read a story before about Nogales. Obviously, this is indicating—with the Arabic language, with the sketches of the entrance by people from the Middle East—very curious behavior from these Middle Eastern folks. I went back through articles I had, and this is where I had seen the name Nogales, Arizona.

This is an article from December 27, 2013:

“John Dodson, the federal agent who blew the lid off the Justice Department’s ‘Fast and Furious’ gun-walking scandal, claims the FBI had ties to the men who killed U.S. Border Patrol Agent Brian Terry, in 2010, near Nogales, Arizona. In fact, Dodson says the Mexican bandits who gunned down Terry were working for FBI operatives and had been sent to the border to do a ‘drug rip-off’ using intelligence gathered by the DEA. Dodson, a special agent with the Bureau of Alcohol, Tobacco, Firearms and Explosives, said he doesn’t think the FBI was part of the rip-off crew, but the agency was ‘directing the rip crew.’”

The point here, I think, that is important is that we know that this administration was pushing legitimate gun dealers in the United States to sell to people who shouldn’t have been allowed to get guns so that they could end up going to drug cartels, and they could, supposedly, follow the weapons. We know that one of those weapons this administration pushed to be sold ended up in the hands of drug cartels who killed, apparently, U.S. Border Patrol Agent Brian Terry in 2010.

□ 1645

So we know there is violent drug cartel activity in the Nogales, Arizona, area. Now, this interesting report says that apparently there is not just drug cartel activity in that area, there is

also Middle Eastern activity surveilling the entry areas.

I think it is also important to remember what this administration did, as reported by Sharyl Attkisson, at the time with CBS News, before they decided they didn’t want someone working at CBS who was exposing something that was such a big problem as Fast and Furious.

In Sharyl Attkisson’s article of December 7, 2011, she points out communications within this administration, after this administration pushed gun dealers to sell to people they shouldn’t have, so that guns could go to drug cartels in Mexico. They then, according to communications as reported by Sharyl Attkisson, in emails that were gained, to use the fact that long guns were being sold to people that shouldn’t have been and that those were being used in crimes, they wanted to use that to pass more gun control legislation or rules to take law-abiding citizens’ Second Amendment rights away from them. Absolutely astounding.

Also, there is an article yesterday in the National Review entitled, “Increasing the Number of Guest Worker Visas Will Hurt America’s Most Vulnerable Workers,” by Ian Smith. It states: “Pro-labor advocates are criticizing a new addition to the Senate’s omnibus spending bill, a provision they say will quadruple the number of H-2B visas for unskilled guest workers, for a total of more than 250,000.”

Most of the people I know who are Republicans want to bring down the extremely high unemployment level for African Americans and other minorities. Yet, this administration has pushed so hard something they wanted. They want more people coming in and taking jobs, lowering the wages of American citizens and American workers, taking entry-level jobs away from those we should be pushing off welfare into jobs and working. I know an awful lot of people that would love to work and would love to have those jobs.

Here is another article from December 15, 2015, entitled: “White House Opens Door to CAIR Rep. Ignores Muslim Reformers.”

This is the problem, Mr. Speaker, in this administration. This administration is allowing the foxes to set up and

give advice on how to run the henhouse. Unfortunately, the henhouse contains law-abiding American citizens who are put at risk by this administration’s refusal to acknowledge that Islam is pluralistic, just like Christianity is. There are extremes at different ends, but there is a radical Islam that wants to destroy this country. There are others more moderate.

Like, those in the Muslim Brotherhood, they want to take over the United States. But as they have indicated: We are making so much progress in taking over the United States without violence. We will have to use it at some point, but let’s not use violence as long as we are making so much progress. That seems to be the theme of the Muslim Brotherhood right now in America.

This administration continues to be complicit in helping people that were named in the prosecution of support for terrorist activity, which convictions were obtained with the idea that we can go after the rest of these named conspirators later. The trouble is, after the conviction, within a month and a half, this administration takes over; and they not only refused to prosecute the coconspirators, they bring them in as their advisers. Is there any wonder there are not more Americans being killed?

I yield back the balance of my time.
