A joint resolution adopted by the Legislature of the State of Nevada urging the United States Congress to enact legislation allowing individual states to establish daylight saving time as the standard time in their respective states throughout the calendar year; to the Committee on Commerce, Science, and Transportation.

ASSEMBLY JOINT RESOLUTION NO. 4

Whereas, When Congress enacted The Emergency Daylight Saving Time Energy Conservation Act of 1973 (Pub. L. No. 93-182, 87 Stat. 707), it included in its findings and declarations of policy that "various studies of governmental and nongovernmental agencies indicate that year-round daylight saving time would produce an energy saving in electrical power consumption"; and

Whereas, Congress also found and declared that "the use of year-round daylight saving time could have other beneficial effects on the public interest, including the reduction of crime, improved traffic safety, more daylight outdoor playtime for children and youth of our Nation, [and] greater utilization of parks and recreation areas"; and

Whereas, Congress also found and declared that the use of year-round daylight saving time could result in "expanded economic opportunity through extension of daylight hours to peak shopping hours and through extension of domestic office hours to periods of greater overlap with the European Economic Community"; now, therefore, be it

Resolved by the Assembly and Senate of the State of Nevada, Jointly, That the Nevada Legislature urges the members of Congress to enact appropriate legislation to give individual states the option of establishing daylight saving time as the standard time in their respective states throughout the calendar year; and be it further
