LEGISLATIVE SESSION

The PRESIDING OFFICER. The Senate will now resume legislative session.

ENERGY AND WATER DEVELOPMENT AND RELATED AGENCIES APPROPRIATIONS ACT, 2016—MOTION TO PROCEED—Continued

The PRESIDING OFFICER. The Senator from Washington.

LAND AND WATER CONSERVATION FUND

Ms. CANTWELL. Mr. President, I ask unanimous consent that Senator WYDEN and Senator MURRAY be added as cosponsors to S. 2165, a bill introduced earlier today to permanently authorize the Land and Water Conservation Fund.

The PRESIDING OFFICER. Without objection, it is so ordered.

UNANIMOUS CONSENT REQUEST—S. 2165

Ms. CANTWELL. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of S. 2165, which is a permanent extension of the Land and Water Conservation Fund; that the bill be read three times and passed, and the motion to reconsider be considered made and laid upon the table with no intervening action or debate.

The PRESIDING OFFICER. Is there objection?

Mr. LANKFORD. Mr. President, reserving the right to object.

The PRESIDING OFFICER. The Senator from Oklahoma.

Mr. LANKFORD. Mr. President, this Land and Water Conservation Fund has been around for 40 years. It has \$20 billion built up in reserve. The authorization, as it is expired at this point, only changes the amount of money coming into it.

We are still doing the same projects. Literally, this fund has 65 years worth of reserve built into it.

What we are trying to find is some way to be able to help protect the lands that we already have. We are adding more lands. We are not doing maintenance on the lands. We have an \$11 billion maintenance backlog just in our national parks.

So I do have a concern that we are continuing to add more lands, and we are not taking care of what we have. There is not an immediate emergency need for this because the fund continues to operate. We are just not adding new dollars into it in the days ahead.

But, again, we have about 65 years of reserve currently in it. So we are not

in a hurry. We do want to be able to get this right, though, on how we actually maintain our lands as well as actually do purchasing or State entities do—whatever it may be—so I do object.

The PRESIDING OFFICER. Objection is heard.

The Senator from Washington.

Ms. CANTWELL. Mr. President, if I could continue, because I am very disappointed that these objections are now proceeding. Just to be clear, the Land and Water Conservation Fund has been around for 51 years, and this is the first time in the history of the Land and Water Conservation Fund that it has expired. So I hope that sportsmen, I hope that fishermen, I hope that everybody who loves the outdoors and participates in the outdoor economy will call their Senators and make sure they understand that these are important bills to pass.

We don't want to become the holdup Senate where you cannot get the Export-Import Bank finally past the finish line, where you cannot get the Land and Water Conservation Fund—things that have worked for decades and decades, that are bipartisan, and that the majority of Members on both sides support—and it is about making sure they can get a vote.

The Land and Water Conservation Fund has supported more than 6 million jobs nationwide as part of outdoor recreation, and it is credited with over \$900 million from, basically, Outer Continental Shelf drilling. So those gas receipts paid for this open space that then generates more to our economy by having outdoor recreation opportunities.

So every State, I am sure, will hear from cities, from counties, from organizations, and sportsmen who will say: Let's get this bipartisan legislation passed; let's continue our efforts as a conservation country to invest in the things that will help grow our outdoor economy.

I hope my colleague from the other side of the aisle will stop coming to the floor and objecting to this. I know there are Members on both sides of the aisle who have tried to get this passed. I hope that when we return in a week, we will find a path forward to say that this is a priority, that after 51 years of this legislation, we haven't lost our mind as it relates to how important outdoor recreation economies are to our country.

I thank the Presiding Officer.

I yield the floor.

The PRESIDING OFFICER. The Senator from Oregon.

TRAGEDY AT UMPQUA COMMUNITY COLLEGE

Mr. MERKLEY. Mr. President, I am on the floor of the Senate with my colleague from Oregon, Senator WYDEN, to share a few thoughts about the tragedy that has occurred in our home State.

One week ago today, a madman turned a quiet fall day in Roseburg, OR, into a day of horror and terror.
