

School is the United States only K–8 International Baccalaureate program housed on one campus. It is no surprise Berkley High School enjoys a 98 percent graduation rate, with nearly 100 percent of those graduates enrolling in colleges and universities.

In addition to ensuring its students' success in the classroom, the Berkley School District provides an opportunity for students to participate in a wide variety of varsity sports, clubs, and student organizations. From football and softball, to rugby and skiing, students can compete for the Berkley Bears throughout the year. Students also entertain as members of the high school's marching band, symphonic band, concert band, and jazz band, as well as with its three choirs and theater program. I applaud the Berkley School District for providing opportunities for students to explore art, music, and literature.

Berkley had been associated with education for nearly a century when the city was incorporated in 1932. The Berkley School was mentioned as part of the Royal Oak Township School District No. 7 in 1840. It was housed in the Blackmon School, at the corner of Coolidge and Catalpa, from 1840 until a new school building was established in 1901. The new building, named South School, was located at the northeast corner of Coolidge and 11 Mile Road until it was converted into a dormitory for teachers in 1920. The district's growth was swift. In 1921, the district built Angell School, a four-room building, on Bacon Street. Four years later, in 1925, the district added two more schools, Pattengill and Burton, which were occupied before they were even completed.

Despite its success, the Berkley School District was not immune to the hardships of the Great Depression. In January 1930, all pupils were placed on half days, half of the faculty was dismissed, bus service was eliminated, and the gym was closed. The following year, the district was forced to close Burton and Pattengill schools. Fortunately, both schools were reopened in time for the "baby boom" that followed the end of World War II. As the district's population grew, Berkley High School opened in 1949, followed by Tyler and Oxford Schools in 1951; Hamilton School in 1952; and the district's two junior high schools, Anderson and Norup, in 1956 and 1957.

Today, the Berkley School District continues to be a leader in providing excellent public education in the State of Michigan. It serves as an example of how community-driven, quality education can not only enrich the lives of students, but also drive the growth and quality of life in the surrounding community for generations. I am pleased to help celebrate the 175th Anniversary of Berkley Schools and wish it many more decades of successful service to its students and their families.●

RECOGNIZING THE UNIVERSITY OF CENTRAL FLORIDA'S COLLEGIATE CYBER DEFENSE CLUB

● Mr. RUBIO. Mr. President, as October marks Cyber Security Awareness Month, I wish to recognize the University of Central Florida, UCF, Collegiate Cyber Defense Club on winning the 2015 National Collegiate Cyber Defense Competition's Alamo Cup for a second year in a row in April 2015. This achievement not only exemplifies the boundless educational opportunities provided by UCF, but also demonstrates how students in Florida are leading the next generation of growth and development in increasingly vital 21st century industries.

The UCF Collegiate Cyber Defense Club, also known as Hack@UCF, was founded in 2012 and today has 200 members that represent the university in cyber competitions around the Nation. Most notably, Hack@UCF annually competes in the National Collegiate Cyber Defense Competition, CCDC. In partnership with the Center for Infrastructure Assurance and Security, CIAS, at the University of Texas at San Antonio, the CCDC started in 2005 to provide educational institutions with a controlled environment to further educate and assess the future generation's skills in combatting cyber attacks. This year, the competition challenged 2,400 undergraduate and graduate students representing 200 colleges and universities to operate and maintain a mock business, while continuously defending against cyber attacks created by government and industry experts.

I am proud that the talented students of UCF were able to stand out as the best collegiate team during the competition for the past 2 years. As our Nation will continue to face the threat of cyber attacks on our economy, businesses, and national security, it is critical to promote and invest in educational programs that empower students and provide them with the necessary tools to be successful in this industry.

It is an honor to congratulate all members of the UCF Collegiate Cyber Defense Club on this achievement. I hope it will inspire other students in the State of Florida and across the Nation to get involved in the cyber security industry. I wish the group an abundance of success in the future and the best of luck in next year's competition.●

TRIBUTE TO DR. FRANK FIERMONTE

● Mr. SANDERS. Mr. President, I wish to recognize Dr. Frank Fiermonte, a physician from Orleans, VT, who cared for the people of Vermont's North Country with distinction for many years. As Vermont's Northland Journal prepares to publish the final installment of a series on Dr. Fiermonte, I want to join in recognizing his service to Vermont.

Dr. Fiermonte was a true "country doctor" who was willing to travel long distances to see his patients at all hours and in all seasons. I have heard Frank tell many an anecdote about how, after a home visit to a rural area, family and friends of the patient had to help him get his car unstuck during mud season or dug out from a snow bank in the winter.

Like many country doctors, he served a vast area, encompassing not just his hometown of Derby, but also a wide swath of Orleans and Essex Counties and even across the border into Quebec. Yet he intimately knew all of the families he served, which sometimes spanned several generations. The stories from North Country residents in the Northland Journal make it clear that Dr. Fiermonte made a tremendous impact on the community. This quote from a former Derby resident stands out in particular: "Dr. Fiermonte was a godsend to the Derby area. He was always available day or night."

What always strikes me most about Frank is how personal the practice of medicine was for him. In today's modern world, health care can sometimes be a very impersonal experience. In fact, there is much discussion in Vermont and Washington about returning to a more patient-centered system. We would do well to learn from people like Dr. Frank Fiermonte and his contemporaries, who are the embodiment of that ideal. Motivated by the desire to serve his community and deliver the best care possible, for Dr. Fiermonte, it was all about the patient.

Dr. Frank Fiermonte has earned my deepest respect, and I thank him for his years of service to the North Country.●
