STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. VITTER (for himself, Mr. LEE, Mr. TILLIS, Mr. PERDUE, Mr. CASSIDY, and Mr. BARASSO):

S. 2284. A bill to suspend the admission and resettlement of aliens seeking

refugee status because of the conflict in Syria until adequate protocols are established to protect the national security of the United States and for other purposes; to the Committee on the Judiciary.

Mr. VITTER. Mr. President, I rise to strongly urge the adoption of my bill, S. 2284, to stop the Syrian refugee resettlement program, unless and until we have complete and adequate safeguards in place for the security of our homeland and all of our States. It is very clear to me that we do not have those safeguards right now.

What my bill would do is stop the program for 270 days, demand a thorough review of all security issues related to the program, demand that changes be made and brought before Congress, and that the program only continue with the consent of Congress after we are assured the homeland and all of our States will be fully protected. Again, it is very clear to me that is not the case now.

I expressed strong concerns and opposition to this program from the very beginning. When I first learned of it in September, I wrote Secretaries Kerry and Johnson regarding the real dangers of taking in thousands upon thousands of refugees from a country and an area of the world where enemies of the United States are all around them, and that clearly it posed a danger of those terrorist enemies infiltrating the refugee resettlement process. Tragically, we saw that happen and we saw the horrible results in Paris last Friday. As we all know now, at least one of those terrorists in Paris got into France under the Syrian refugee resettlement program there, and that is the same danger that is posed to us.

Now, I have looked at this. I have had briefings on this. It is clear to me that we do not have adequate safeguards against this. Let me just cite one example of testimony in this regard. FBI Director James Comey has testified that the Federal Government doesn't have the ability to fully vet 10,000 or more Syrians refugees. Recently, during a hearing before the House Committee on Homeland Security, Mr. Comey stated:

We can only query against that which we have collected. And so if someone has never made a ripple in the pond in Syria in a way that would get their identity or their interest reflected in our database, we can query our database until the cows come home, but there will be nothing show up because we have no record of them.

That puts in simple, straightforward terms the real danger—that we cannot properly vet all of these refugees. And this is not from just any part of the world or any country. This is from a hotbed of anti-American terrorist elements.

There is an additional grave danger with the program as it stands now, and that is our complete inability to track these individuals once they are in our country. Unfortunately, I have an example of this right from my home
