

those incidents may constitute genocide. Other incidents may amount to crimes against humanity or war crimes.”;

Whereas the United States Commission on International Religious Freedom (USCIRF) has “called on the U.S. government to designate the Christian, Yazidi, Shi’a, Turkmen, and Shabak communities of Iraq and Syria as victims of genocide by ISIL” and USCIRF Chairman Robert P. George has observed that “ISIL’s intent to destroy religious groups that do not subscribe to its extremist ideology in the areas of Iraq and Syria that it controls, or seeks to control, is evident in, not only its barbarous acts, but also its own propaganda”; and

Whereas members of the International Association of Genocide Scholars, in their Appeal to Congress of September 9, 2015, stated, “ISIS’s mass murders of Chaldean, Assyrian, Melkite Greek, and Coptic Christians, Yazidis, Shi’a Muslims, Sunni Kurds and other religious groups meet even the strictest definition of genocide.”: Now, therefore, be it

Resolved, That the Senate—

(1) finds that ISIS, its affiliated organizations, and supporters are parts of an expanding, worldwide criminal network, the members of which have pledged allegiance to its leaders, support its actions, act in concert with them, claim credit for targeted killings, and are “fully aware that [their] participation” and support will “assist [in] the commission” of its crimes;

(2) finds that ISIS and its affiliated organizations maintain sophisticated publishing and social media networks that seek to attract others to join their efforts and seek to incite the murder of Christians, Shia and Sunni Muslims, Jews, and any religious believers who refuse to convert to their Wahhabi-Salafist jihadist ideology;

(3) declares that ISIS and its leaders should be charged with genocide, crimes against humanity, and war crimes;

(4) calls upon the Attorney General to investigate and prosecute any United States citizens or residents alleged to be perpetrators of or complicit in these crimes and to report back to Congress regarding what steps are being taken to investigate and prosecute those involved;

(5) calls upon the Secretary of the Treasury to investigate and sanction any person, organization, business, or financial institution alleged to be perpetrators of or complicit in these crimes, and to report back to Congress regarding what additional authority, if any, is needed to disrupt ISIS financial support networks;

(6) calls upon the President to authorize the Secretary of State, the Under Secretary of State for Democracy and Global Affairs, and the Ambassador-at-Large for War Crimes Issues to cooperate in the collection of forensic evidence of crimes against humanity, genocide, war crimes, slavery, or other violations of international humanitarian law;

(7) calls on the President, the Secretary of State, and the United States Permanent Representative to the United Nations, working through the United Nations Security Council and its member states as appropriate, to accelerate the implementation of an immediate, coordinated, and sustained response to provide humanitarian assistance, protect civilians, build resilience, and help reestablish livelihoods for displaced and persecuted persons in their communities of origin;

(8) calls upon the contracting parties to the United Nations Convention on the Prevention and Punishment of the Crime of Genocide, signed at Paris December 9, 1948, and other international agreements forbidding war crimes and crimes against humanity, to join with the United States in an ef-

fort to investigate, arrest, and prosecute individual and organizational perpetrators responsible for these crimes;

(9) calls upon the United Nations Secretary-General to urge all United Nations member states to cooperate in an international effort to investigate, try, and prosecute all cases in which prosecutors can prove that the accused have committed crimes against humanity, war crimes, and genocide;

(11) commends the Governments of the Kurdistan Region of Iraq, Jordan, Lebanon, Turkey, and every other country sheltering and protecting individuals fleeing the violence of ISIS.

SENATE RESOLUTION 341—DESIGNATING JANUARY 2016 AS “NATIONAL CARBON MONOXIDE POISONING AWARENESS MONTH”

Mr. SCHUMER (for himself and Ms. KLOBUCHAR) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 341

Whereas carbon monoxide is an odorless, colorless gas that is produced whenever any fuel, such as natural gas, propane, gasoline, oil, kerosene, wood, or charcoal, is burned;

Whereas devices that produce carbon monoxide include cars, boats, gasoline engines, stoves, and heating systems, and carbon monoxide produced from these sources can build up in enclosed or semi-enclosed spaces;

Whereas carbon monoxide is often referred to as the “silent killer” because it is colorless, odorless, tasteless, and nonirritating, and ignoring early stages of carbon monoxide poisoning may cause unconsciousness and continual exposure to danger;

Whereas according to the Centers for Disease Control and Prevention, each year in the United States, carbon monoxide poisoning kills more than 400 individuals and sends approximately 20,000 individuals to emergency rooms;

Whereas when people breathe in carbon monoxide, the poisonous gas enters the bloodstream and prevents adequate intake of oxygen, which can damage tissues and result in death;

Whereas individuals older than the age of 65, given common preexisting medical conditions, are particularly vulnerable to carbon monoxide poisoning;

Whereas for most individuals who suffer from carbon monoxide poisoning, the early signs of exposure to low concentrations of carbon monoxide include mild headaches and breathlessness after moderate exercise;

Whereas sustained or increased exposure to carbon monoxide can lead to flu-like symptoms, including severe headaches, dizziness, tiredness, nausea, confusion, irritability, and impaired judgment, memory, and coordination;

Whereas breathing in low concentrations of carbon monoxide can cause long-term health damage, even after exposure to the gas ends;

Whereas most cases of carbon monoxide exposure occur during the winter months of December, January, and February when oil and gas heaters are more heavily in use;

Whereas on January 5, 1996, the Burt family of Kimball, Minnesota, was poisoned by carbon monoxide from a malfunctioning furnace in the home of the Burt family, resulting in—

(1) the deaths of 15-month-old Zachary Todd Burt and 4-year-old Nicholas Todd Burt; and

(2) the hospitalization of Ryan Todd Burt; Whereas Cheryl Burt, the mother of Zachary, Nicholas, and Ryan Burt, has worked to educate the public about the dangers of carbon monoxide poisoning, including by testifying in December 2009 before the Committee on Commerce, Science, and Transportation of the Senate;

Whereas Cheryl Burt has advocated for the Nicholas and Zachary Burt Memorial Carbon Monoxide Poisoning Prevention Act, which would establish a Federal grant program for State and tribal carbon monoxide poisoning prevention activities;

Whereas on January 17, 2009, Amanda J. Hansen, a junior and member of the swim team at West Seneca West High School, in West Seneca, New York, passed away from carbon monoxide poisoning while sleeping near a faulty basement boiler during a sleepover party;

Whereas Amanda J. Hansen loved Spanish, was a member of the Spanish Honor Society at West Seneca West High School, and wanted to eventually teach Spanish;

Whereas Amanda J. Hansen hoped to attend college at the University of North Carolina;

Whereas responding to tragedy, Ken and Kim Hansen established the Amanda Hansen Foundation to honor their daughter by raising money for a scholarship fund and spreading awareness about the dangers of carbon monoxide and the importance of taking safety measures, such as using carbon monoxide detectors in residences;

Whereas the Amanda Hansen Foundation works with lawmakers and local communities to educate the public on the dangers of carbon monoxide poisoning;

Whereas the Amanda Hansen Foundation raises money to purchase carbon monoxide detectors for individuals who cannot afford the detectors and has given away 17,000 carbon monoxide detectors;

Whereas the Amanda Hansen Foundation and Ken and Kim Hansen through their work with the Foundation collaborate with other national organizations to ensure that carbon monoxide detectors are as ubiquitous as possible;

Whereas the Hansen family fought in 2010 for the passage of “Amanda’s Law”, a law that mandates the installation of carbon monoxide detectors in new and existing residences with fuel-burning appliances and the replacement of carbon monoxide detectors every 5 years;

Whereas the Amanda Hansen Foundation has paid to replace furnaces in the Buffalo, New York area with furnaces that are safer and more energy efficient; and

Whereas in memory of their daughter, the Hansen family has worked tirelessly to make New York and the rest of the United States a safer place: Now, therefore, be it

Resolved, That the Senate designates January 2016 as “National Carbon Monoxide Poisoning Awareness Month”.
