HOUSE CONCURRENT RESOLUTION NUMBER 54

Whereas, Ohio has a strong history of supporting our military; and

Whereas, Our military at Wright-Patterson Air Force Base is leading the way by conducting a significant portion of the testing of the F-35 Joint Strike Fighter's technology; and

Whereas, The members of our military need the latest high-quality technology supporting them as they protect our nation and ensure peace overseas and at home; and

Whereas, The F-35 provides fifth generation technology that is unmatched by any other weapons system in the world and should replace the current aging fleet of United States military aircraft that no longer meets global emerging challenges; and

Whereas, Our military families deserve the peace of mind that we are supplying our military with the most advanced multi-role fighter ever built to protect their family members; and

Whereas, Fifty-six Ohio manufacturers contribute to the production of parts of the F-35 and more than 4,300 skilled, experienced Ohioans have jobs producing this technology directly and indirectly; and

Whereas, The F-35 program has more than \$442 million in economic impact in this state; and

Whereas, Congress is currently considering its commitment to full funding and production of the F-35; and

Whereas, The United States has been investing in the production of the F-35 for more than a decade and will lose the benefits of this investment if full funding and planned production is not continued: Now, therefore, be it

Resolved, That the General Assembly of the State of Ohio urges the Congress of the United States to continue the full funding and production of the F-35 in order to ensure that Ohio and our nation will benefit from the advanced technology that thousands of Ohioans have labored to produce; and be it further
