Mr. TIBERI. Mr. Speaker, I rise today to recognize Micaela DeGenero of Granville High School for winning the Girls 1600 Meter Run at the Division I Ohio High School Track and Field State Championship.

An achievement such as this certainly deserves recognition. The Ohio High School Athletic Association has enabled talented teams and individuals to earn state titles since its founding in 1907. DEAR CHAIRMAN ROYCE: I am writing with respect to S. 2845, the "Venezuela Defense of Human Rights and Civil Society Extension Act of 2016," which was referred to the Committee on Foreign Affairs and in addition to the Committee on the Judiciary. RECOGNIZING THE BEMIS COM-
PANY'S WEST HAZLETON PLANT
UPON THE OCCASION OF THEIR
50TH ANNIVERSARY

HON. LOU BARLETTA

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 6, 2016

Mr. BARLETTA. Mr. Speaker, it's my honor to recognize the employees of the Bemis Company's West Hazleton plant, who, for 50 years, have supplied innovative packing materials that are used to safely transport food. The West Hazleton plant has played an important role in my district over the last five decades, employing over 400 people in the greater Hazleton area. They are an active sponsor of community events and exemplify the strong partnership that can exist between private employers and a local region.

The Hazleton plant has operated under several names throughout the years, becoming Bemis in 1993. The company prides itself on promoting a family-friendly environment, and for several families this has been a multi-generational employer. When you go to the grocery store or bakery, you're seeing the work of Hazleton employees—they make the bags for bread, rolls, buns, and bagels for thousands of products. Their Hazleton employees produce approximately 2.5 billion bread bags annually and use their expertise in polymer chemistry to supply the global food supply chain with reliable packaging.

I am also honored to recognize Mrs. Emily Logan upon the occasion of her 50th anniversary with Bemis. Such a milestone is increasingly rare in today's society, and this milestone speaks both to the talent of the employee and the work environment of the employer. Bemis also understands the importance of engaging with the broader community to create lasting bonds. The company is a member of the Hazleton Chamber of Commerce, participates in local food drives, supports Relay For Life, and participates in career fairs at Hazleton High School. These community initiatives have created lasting partnerships and continue to provide opportunities for my constituents and all residents in Northeastern Pennsylvania.

Mr. Speaker, it is my pleasure to recognize Bemis Hazleton upon 50 years of operation in my district and hometown. Bemis Hazleton has enjoyed continued success because of their unwavering commitment to their employees and the community in which they operate. This productive manufacturing facility continues to bring prosperity and employment opportunities to my constituents, and I look forward to the facility's continued success and innovation in the years to come.

OLDER AMERICANS ACT

HON. JARED POLIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 6, 2016

Mr. POLIS. Mr. Speaker, as a member of the Colorado Delegation of the U.S. House of Representatives, I am highlighting an issue of importance to Colorado and its community of senior citizens. Earlier this year, Congress passed the Older Americans Act Reauthorization Act of 2016 and sent it to the President for his signature. This reauthorization ensures that a wide range of social and nutritional services directed to assist senior citizens is not disrupted. While the reauthorization improves the status quo for the state of Colorado, I still have concerns about the continuing inequity in funding going to our state in comparison to the rest of the country.

In an attempt to protect certain states with shrinking senior populations, in 2006 Congress changed the Older Americans Act funding formula to ensure states received a guaranteed funding level. This is known as the "Hold Harmless Funding Formula." Due to Colorado's growing senior population and this

provision from 2006, Colorado (among other states) saw massive cuts during sequestration when other states did not.

Instead of allowing the funding to go to states with growing senior populations, the hold harmless funding formula in the current reauthorization continues the disproportionate trend by preventing funding in states with lower senior populations from going to states with growing levels of senior citizens. While I am supportive of the services provided by the Older Americans Act, Congress' priority should be ensuring the stability of the programs upon which millions of seniors around the country depend.

I believe that moving forward, it is imperative that steps are taken in future reauthorizations to safeguard services for all seniors regardless of their state of residence. It is my hope that as Congress continues to address issues that are important to all senior citizens we find a path forward to address the issue I've raised today.
