

RECOGNITION OF THE 25TH ANNI-
VERSARY OF LA COMUNIDAD
NEWS

HON. MARK POCAN

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Monday, November 14, 2016

Mr. POCAN. Mr. Speaker, I rise today to recognize La Comunidad News and its founder and publisher, Rafael Viscarra on the occasion of the 25th anniversary of the Latino newspaper's publication. In the 2nd Congressional District of Wisconsin, we are fortunate to have such a longstanding newspaper focused on "helping, empowering and serving the Latino community," as its mission states.

The newspaper began when Rafael Viscarra and his son, Dante Viscarra, sought a way to keep our growing Latino community informed and participating in the community and the democratic system.

The newspaper was Madison's first Spanish-language newspaper, beginning publication under the name Spanish News/La Nación. Today it continues to celebrate Latino holidays and culture. It honors the achievements of community members, as well as connecting people within the Latino community and informing our broader community.

In its 25 years of publication, La Comunidad has been an important voice as the Latino population has grown from several thousand people to more than 30,000 residents from diverse nationalities in the newspaper's Dane County readership area.

Mr. Speaker, I am honored to recognize La Comunidad News for its service and contributions to our community.

PERSONAL EXPLANATION

HON. EARL BLUMENAUER

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Monday, November 14, 2016

Mr. BLUMENAUER. Mr. Speaker, due to unavoidable travel delays, I missed two roll call votes. Had I been present for the vote on H.R. 985, the Concrete Masonry Products Research, Education, and Promotion Act of 2015, as amended (Roll Call No. 575), I would have voted "aye." This bill will allow concrete masonry producers to establish a "check-off" program at the Department of Commerce. This coordinated program will fund research, education and promotion to improve, maintain and develop markets for concrete masonry products.

Had I been present for the vote on H.R. 2669, the Anti-Spoofing Act (Roll Call No. 576), I would have voted "aye." This bill will extend the prohibition on transmitting inaccurate caller ID information to anyone located in the United States—including through Voice-over-Internet (VoIP) calls or text messages sent to mobile phones. Current law only covers voice calls.

PASSING MENTAL HEALTH
REFORM

HON. EDDIE BERNICE JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, November 14, 2016

Ms. EDDIE BERNICE JOHNSON of Texas. Mr. Speaker, I rise today in support of passing mental health reform in the Senate prior to the end of the 114th Congress. As the original lead democratic cosponsor of H.R. 2646, the Helping Families in Mental Health Crisis Act, I was proud to work on the legislation for three years as to see it pass the House in July.

As the days remaining in the 114th Congress dwindle, there is still a long list of unfinished business that Republicans in the House and the Senate must make a priority. Since the Helping Families in Mental Health Crisis Act was bipartisan and passed the House with a vote of 422–2, mental health reform is something we can all agree on right now.

We can all agree that the severely mentally ill are largely untreated and undiagnosed in this country. We can all agree that the homeless and prison population are particularly vulnerable to mental illness, and that these are the individuals that get the least amount of attention and access to mental health services. We can all agree that unnecessary barriers exist between physicians and caregivers who only want to help their loved ones. We can all agree that there are not enough psychiatric hospital beds available for individuals experiencing a crisis. We can all agree that additional federal coordination is necessary to change and elevate these issues.

The need for change to how we operate our federal mental health system and how we treat patients with severe mental illness is now. Patients, families, and physicians cannot wait any longer. I urge my colleagues in the Senate to consider and pass mental health reform before the end of the 114th Congress. Our individuals with mental illness cannot afford to start over again.

INAUGURATION OF REBECCA
KOENIG ROLOFF AS THE 11TH
PRESIDENT OF ST. CATHERINE
UNIVERSITY

HON. BETTY MCCOLLUM

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Monday, November 14, 2016

Ms. MCCOLLUM. Mr. Speaker, I rise today to honor and congratulate Ms. ReBecca Koenig Roloff, who was inaugurated as the 11th President of St. Catherine University in Saint Paul, Minnesota on October 11, 2016. Throughout her career, Ms. Roloff has earned the respect of her peers and colleagues by her extraordinary leadership abilities, quickly rising through the ranks of every organization she has been a part of, and leaving legacies of success along the way.

The first time that ReBecca Roloff set foot on the campus of St. Catherine University, she was a teenage prospective student. Growing up in Dickinson, North Dakota, she had never met a female doctor, engineer, or lawyer. However, when she arrived at St. Kate's as it is known, she was astounded to see that the entire institution, from the administration to the professors, was led by highly educated professional women. The impact on Ms. Roloff was both immediate, and long lasting. She went on to graduate cum laude from St. Catherine University in 1976 and later earn a Master's of Business Administration with distinction from Harvard Business School in 1982.

Beginning her career as a grain merchant for Cargill, Ms. Roloff moved up to senior management positions at Pillsbury and later became senior vice president of Global Financial Advice and Systems at American Express Financial Advisors in Minneapolis. In this role she oversaw the \$90 million core business and transformed the sales systems used by over 10,000 advisors.

Ms. Roloff's success in business was coupled with a growing desire to serve in a position with a broader mission to impact the community. She was named Chief Executive Officer of the Minneapolis YWCA, a role where she would directly work to empower women and girls and achieve success by breaking down barriers of class and race.

Ms. Roloff's sharp business acumen, passion for social justice, and impressive credentials were qualities that put her at the top of a national search by the University of St. Catherine Board of Trustees when they were seeking the candidate to be named the 11th president. As an alumna of St. Kate's, Ms. Roloff deeply understands and embodies the institution's foundational principles of advancing women's education through the Catholic traditions of intellectual inquiry, social justice, and liberal arts. As a fellow alumna myself, I have no doubt that she will bring her deep passion, intelligence and leadership to this position. The faculty, staff, and especially students of St. Catherine University will benefit from her caring guidance and stewardship of the institution that thrust her on to the path that would eventually lead her back home.

Mr. Speaker, please join me in congratulating Ms. ReBecca Koenig Roloff, the 11th President of St. Catherine University in Saint Paul, Minnesota.

A TRIBUTE TO ERNIE SMITH IN
THE SECOND SESSION OF THE
114TH CONGRESS

HON. DAVID YOUNG

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Monday, November 14, 2016

Mr. YOUNG of Iowa. Mr. Speaker, I rise today to recognize and congratulate Ernie Smith of Red Oak, Iowa, for being named by the Guinness Book of World Records as the oldest active pilot in the world.

Ernie has been a licensed pilot since September 15, 1942. For the past 74 years, local friends have known that, if you cannot find Ernie nearby, he is probably up in the sky. In January 2016, Red Oak Airport Manager Kevin McGrew and other community leaders nominated him for the distinction of "oldest active pilot in the world." Later this spring, they videotaped a flight to authenticate his activity in the air. The official pronouncement from the Guinness Book of World Records came recently, confirming that Ernie Smith, 98, is officially "the oldest active pilot in the world," soaring beyond the previous record by five years.

Ernie told Omaha, Nebraska-based KMTV-TV last December why he likes to fly: "I say,

well, I don't know how to tell you, but you come out some morning before daylight and go out and watch that sun come up over the horizon and you'll have your answer." Ernie still flies in a rented plane, usually two times a week. He even braved foggy weather conditions to celebrate his 98th birthday in the sky last December.

Mr. Speaker, it is because of Iowans like Ernie that I'm proud to represent our great state in the United States Congress. I ask that my colleagues in the United States House of Representatives join me in congratulating him for this outstanding accomplishment and in wishing him nothing but continued success.
