

to be the caretakers of the American Dream—any child can be anything they want—if they receive the education that will give them the necessary tools to achieve their dream. Our schools are stronger because each of them embrace the challenge.

On behalf of the Twenty-Second Congressional District of Texas, thank you again to Clear Creek ISD for being Super-Heroes in developing our leaders of tomorrow.

AMERICAN HEART MONTH

HON. CHRISTOPHER H. SMITH

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 9, 2016

Mr. SMITH of New Jersey. Mr. Speaker, I rise today to recognize American Heart Month and to acknowledge the tireless advocacy of the staff and volunteers of the American Heart Association, and the organizations in my home state of New Jersey and across the country. They work this month, and year round, in the effort to raise awareness of heart disease, stroke, and other cardiovascular diseases. The Association is leading the charge in increasing visibility of American Heart Month through coordinated campaigns, such as National Wear Red Day on February 5, Go Red For Women, and a congressional briefing on February 24.

American Heart Month provides a critical platform to promote public awareness and heart-healthy lifestyles. The American Heart Association focuses on seven health factors and behaviors that increase the risk of cardiovascular disease, or CVD. These areas of prevention include smoking cessation, physical activity, healthy diet and body weight, as well as managing cholesterol, blood pressure, and blood sugar. According to the Center for Disease Control and Prevention, the leading cause of heart disease and stroke is uncontrolled high blood pressure. Outlining these areas gives us the knowledge to focus our prevention efforts in the fight against CVD.

The statistics speak for themselves. CVD is the leading cause of death nationally and globally. One in three American deaths is caused by CVD, a disease which claims the life of an American every forty seconds. To fully understand what that means, in 2013, the most recent year for which data is available, CVD killed over 800,000 people in America. In addition to the lives it claims, over eighty-five million Americans are currently living with CVD and its effects. CVD also has a real impact on our national economy. Annually, the economic cost of CVD is over \$316 billion. \$1 of every \$6 spent on health care in this country is spent treating CVD.

That said, there is good news. The efforts of the advocates are working. The mortality rate from heart disease has fallen by 38 percent. This is encouraging, but there remains so much more to be done.

I would be remiss if I did not mention the good work being done in my home state in the fight against CVD. The American Heart Association and the American Stroke Association are funding nineteen Founders Affiliate research awards in the state of New Jersey.

In my own Congressional district, the Meridian Health Foundation's "Women's Heart Fund"—focused on promoting heart health in Monmouth and Ocean Counties—has worked

to promote heart health awareness and raise funds for heart health at the Meridian Health System including the Jersey Shore University Medical Center, Riverview Medical Center, K. Hovnanian Children's Hospital, and Bayshore Community Hospital.

Each year, the Fund selects and supports a cardiac initiative. In 2015, the Fund supported the Community of LifeSavers program. Working together with the American Heart Association, Community of LifeSavers equips everyday people with the skills to perform CPR. Over 5,000 students from seventeen schools have been trained, at no cost to the schools or students, since the program's inception.

I am honored to have served as co-chair of the Congressional Heart and Stroke Coalition since the 113th Congress. This year marks the twentieth anniversary of the Coalition's establishment and our numbers have grown to over one hundred members of Congress. Over the past twenty years our bi-cameral, bi-partisan Coalition has served as a resource for all members of Congress and worked to advance federal policies that raise the quality of life for individuals with heart disease.

The American Heart Association and the Coalition work in partnership to raise awareness of CVD and provide those of us making funding and policy decisions with the tools and information to address the problems most critical to those affected by CVD.

Heart and stroke patients, as well as their loved ones and caregivers, need vocal advocates on Capitol Hill to ensure access to quality care and treatments. We have a duty to see that programs aimed at combating CVD, as well as medical research for prevention and treatment of stroke and heart attacks are supported appropriately at the federal level.

As we look forward to promoting awareness during American Heart Month, it is important to remember that the work continues year round. Finally, I would like to acknowledge my colleagues who are fellow members of the Congressional Heart and Stroke Coalition and thank them for their efforts. I encourage those members who have not yet joined the Coalition to do so. The Coalition will continue to work with the Association throughout the year in the fight against America's number one killer.

IN RECOGNITION OF OUR STELLAR SCHOOL BOARD MEMBERS

HON. PETE OLSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 9, 2016

Mr. OLSON. Mr. Speaker, I rise today to recognize the hard-working School Board members of Needville Independent School District.

Our school board members of Needville ISD in the 22nd Congressional District of Texas play a critical role in the success of our schools. Our district is the most diverse and fastest growing congressional district in America, due largely in part to the hard-working and caring educators and school board members that dedicate their time and energy on our schools; ensuring that our children can achieve whatever they set their mind to. Our school board members were elected or hired to be the caretakers of the American Dream—

any child can be anything they want—if they receive the education that will give them the necessary tools to achieve their dream. Our schools are stronger because each of them embrace the challenge.

On behalf of the Twenty-Second Congressional District of Texas, thank you again to Needville ISD for being Super-Heroes in developing our leaders of tomorrow.

KINGWOOD HIGH SCHOOL AT THE PAN AMERICAN DEBATE CHAMPIONSHIP

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 9, 2016

Mr. POE of Texas. Mr. Speaker, the Kingwood High School Debate team has been invited to compete at the Pan American Schools Debate Championships in Vancouver, Canada on March 16th, 2016. The competition is organized by the Pan-American Debate Organization (PADO) and aims "to promote debate in the Americas, and to encourage high school students to participate in international competitions."

Members of Team Kingwood include Morgan Lee, junior; Reese Grayson, senior; Colette Faulkner, junior—also the designated alternate to Team USA; Connor Smith, junior; Gaurav Gawankar, junior. The team is coached by Audra and Jason Langston. These students will not only be representing their high school, but the state of Texas as well. As they enter the competition, the Texas students will face competitors representing Argentina, Bermuda, Canada, Chile, Mexico, Peru, USA and Venezuela. The Kingwood team will be the only team that will represent a high school, rather than a country.

The principles of open debate have long been a lifeblood to our democracy. Society is shaped every day by open conversation, public opinion and debate. The great debaters, men like Patrick Henry, Daniel Webster, and John C. Calhoun shaped American society, bringing democracy to a new born nation. Debaters like Margaret Thatcher broke barriers, improved economies, and shaped their countries' policies for an entire generation. Great Debaters are leaders who have had an impact on our society.

These students have taken the first step towards becoming future leaders. Debate teaches students how to speak both powerfully and persuasively, fosters critical thinking, and how to defend their point of view. As a former debater, Judge and Congressman, I know that it's important to learn how to make a point.

Congratulations to the Kingwood Debate team. Good luck at the Pan American Championships.

And that is just the way it is.

IN RECOGNITION OF OUR STELLAR SCHOOL BOARD MEMBERS

HON. PETE OLSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 9, 2016

Mr. OLSON. Mr. Speaker, I rise today to recognize the hard working School Board members of Stafford Municipal School District.

Our school board members of Stafford MSD in the 22nd Congressional District of Texas play a critical role in the success of our schools. Our district is the most diverse and fastest growing congressional district in America, due largely in part to the hardworking and caring educators and school board members that dedicate their time and energy on our schools, ensuring that our children can achieve whatever they set their mind to. Our school board members were elected or hired to be the caretakers of the American Dream—any child can be anything they want—if they receive the education that will give them the necessary tools to achieve their dream. Our schools are stronger because each of them embrace the challenge.

On behalf of the Twenty-Second Congressional District of Texas, thank you again to Stafford MSD for being Super-Heroes in developing our leaders of tomorrow.

RESTORE THE VOTE

HON. TERRI A. SEWELL

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 9, 2016

Ms. SEWELL of Alabama. Mr. Speaker, today is both Restoration Tuesday, and the New Hampshire Primary, our nation's first primary of the election season. As Americans head to the polls today, let us all be reminded that today will be the first presidential primary in the past 50 years where Americans will not be afforded the full protections of the Voting Rights Act of 1965.

New Hampshire is one of 16 states with new voting restrictions that have been implemented since the Supreme Court gutted Section 4 of the Voting Rights Act. Unfortunately for voters in New Hampshire, a new voter-ID law will be in full effect for the first time today.

New Hampshire's voter ID law is designed to require those without a photo ID to sign an affidavit and have their picture taken, a motif clearly designed to intimidate and imply suspicion of criminality. The authors and proponents of the law have yet to make the case for the need or intended use of the photos. In addition to intimidation, the law will undoubtedly lead to longer lines at the polls, further inhibiting access for those who have to return to work.

Congress has had two years to answer the Supreme Court's call to develop a modern day formula for preclearance under the Voting Rights Act, and therefore prevent such dangerous laws from being implemented. But here we are, on the day of the New Hampshire Primary, and nothing has been done to restore the vote. Election season has commenced, and Americans cannot wait any longer.

Thousands of our constituents will face new barriers to voting throughout this election cycle. From African American communities in my home state of Alabama, to Native American communities in Alaska, Asian American communities in California and Latino communities in Texas, thousands of minority communities across America will be met with modern-day barriers to the ballot box due to our inaction. Any attempt to restrict a certain portion of our electorate is a threat to our democracy, whether that is through voter ID laws, the closure of driver's license offices, or the scaling back of early voting.

While these don't appear to be as egregious as literacy tests and poll taxes, they represent modern-day attempts to achieve the same goal—to restrict the voice of a portion of the electorate.

I respect the differing opinions of my colleagues on issues of economic, energy, education, and foreign policy. However, I cannot comprehend how we can disagree on something as American as protecting the right to vote. Voting Rights is not a partisan issue. It is a pillar of our democracy.

As the primary season begins, I urge my colleagues to co-sponsor the Voting Rights Advancement Act and join me and many others in urging Speaker Ryan to bring this bill to the floor for a vote.

IN RECOGNITION OF OUR STELLAR SCHOOL BOARD MEMBERS

HON. PETE OLSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 9, 2016

Mr. OLSON. Mr. Speaker, I rise today to recognize the hard working School Board members of Alvin Independent School District.

Our school board members of Alvin ISD in the 22nd Congressional District of Texas play a critical role in the success of our schools. Our district is the most diverse and fastest growing congressional district in America, due largely in part to the hard-working and caring educators and school board members that dedicate their time and energy on our schools; ensuring that our children can achieve whatever they set their mind to. Our school board members were elected or hired to be the caretakers of the American Dream—any child can be anything they want—if they receive the education that will give them the necessary tools to achieve their dream. Our schools are stronger because each of them embrace the challenge.

On behalf of the Twenty-Second Congressional District of Texas, thank you again to Alvin ISD for being Super-Heroes in developing our leaders of tomorrow.

TEXAS 4000

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 9, 2016

Mr. POE of Texas. Mr. Speaker, during the summer months of 2016, TEXAS 4000, a University of Texas non-profit organization, will host their annual summer bike ride: the longest charity bicycle ride in the world (as they say, everything's bigger in Texas). The ride starts in Austin, TX and stretches 4,000 miles across the country to Anchorage, Alaska. Participating in this ride are 75, carefully selected, University of Texas college students. These 75 UT students will commit 70 days of their summer to complete the 4,000-mile ride, utilizing each day to raise awareness about cancer prevention, detection, and research in the communities they visit along the way. One of the 75 UT students, Jeffery Saeling, happens to be a constituent of mine.

Jeffery attended Kingwood High School in Texas from 2008 to 2012. During his senior

year, in 2012, he was nominated as the Kingwood High School student of character for exhibiting responsibility, respect, trustworthiness, fairness, caring and citizenship; consequently, I, along with Dr. Guy Sconzo, the superintendent of Humble ISD, and Texas State Representative, Dan Huberty had the pleasure of meeting Jeffery, where we experienced firsthand the quality of his character. Four years later, in 2016, Jeffery's continued display of character is one of the reasons he was selected to participate in the TEXAS 4000's summer ride. However, selection for the ride is only the beginning.

Once selected to participate, each rider is expected to raise \$4,500 and volunteer at least 50 hours in their community. On top of this, riders must commit to dedicate time and effort in the planning, preparation, and execution of the summer ride. These lofty expectations coupled with the physicality of the ride work in tandem to cultivate volunteers and philanthropists dedicated to eradicating cancer. However, this wouldn't be possible without TEXAS 4000, the non-profit organization responsible for the 4000-mile ride.

Their mission: to share "hope, knowledge, and charity through leadership development, grant making, and their 4,000 plus mile bike ride from Austin to Anchorage: They share hope by letting those affected by cancer know that they are riding for them and fighting for a world without cancer; they share knowledge by bringing life-saving information about cancer prevention to communities and providing leadership development training to tomorrow's leaders; and they share charity by contributing to cancer research and cancer support services while developing the next generation of volunteers and philanthropists."

To date, TEXAS 4000 has raised over \$5 million for distribution to various organizations such as M.D. Anderson and the American Cancer Society. Their impact and influence is not contained by the boundaries of the community they operate within, it spans nationwide.

Organizations, like TEXAS 4000, and people, like Jeffery Saeling, represent some of the best my district and Texas has to offer. Their selflessness, dedication, and volunteerism stand as a shining example of the type of quality Americans who call Texas home. Their mission is honorable and their hearts huge.

And that's just the way it is.

HAPPY 25TH ANNIVERSARY TO COLONY ONE

HON. PETE OLSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 9, 2016

Mr. OLSON. Mr. Speaker, I rise today to celebrate Colony One Auto in Stafford, Texas on its upcoming 25th anniversary. Colony One has been open since April 15, 1991.

This quarter century anniversary reflects 25 years of hard work, commendable service and quality relationships built within the community. Colony One's commitment to excellence and their customers has resulted in high praise and positive reviews on Angie's List, among other service review websites. Their dedication to their business and their community has also enabled them to be on track to
