HON. MARCY KAPTUR

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 17, 2016

Ms. KAPTUR. Mr. Speaker, I rise today to recognize the 125th Anniversary of the International Brotherhood of Electrical Workers (IBEW) Local 8 of Toledo, Ohio. This is an incredibly significant milestone of labor history in Northwest Ohio.

Since 1891, IBEW Local 8 has served northwest Ohio with distinction, providing the highest quality of electrical work and providing power to the residents of Northwest Ohio. Its members continue to dedicate their careers to the advancement of wages, benefits and working conditions for all electrical workers.

IBEW Local 8's skilled technicians are committed to building our communities forward. The deep history of IBEW Local 8 shows that the Toledo Chapter was one of the first-ever locals chartered in the United States, established at the founding of the International Brotherhood of Electrical Workers nationally.

The skilled men and women of IBEW Local 8 have contributed their time and talents to many notable projects in Northwest Ohio. Committed to quality workmanship, their skills have been critical to the development of industry throughout our region.

IBEW founder Henry Miller envisioned a union of electrical workers banded together toward the goal of improved safety, wages and working conditions for the brotherhood. A century later, his legacy stands tall through the brothers and sisters of Local 8. We offer our heartiest congratulations to IBEW Local 8 in celebration of its rich history and thank you for working to illuminate our world over the last 125 years.

**IRON COUNTY'S NEW AMTRAK
STATION**

HON. JASON SMITH

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 17, 2016

Mr. SMITH of Missouri. Mr. Speaker, I rise today to mark a historic day in the Arcadia Valley. Today, Iron County opens its new Amtrak Station and welcomes the Texas Eagle to begin regular service from Arcadia to the USA.

Led by the group "Our Town Tomorrow," the communities of Arcadia, Ironton and Pilot Knob have worked since 2011 to revive the old train stop and resurrect rail service. They've navigated a complicated process.

The members of "Our Town Tomorrow"—September Bennett, Joan Duncan, Carol Kelsheimer, Pam Sherrill, and Judy Schaaf-Wheeler—have worked with other community leaders to establish a vision for the Arcadia Valley and to bring the train to town. I applaud them for their community spirit and determination to improve the quality of life in the place they call home.

Starting today, Arcadia joins St. Louis and Poplar Bluff as the only three stops the Texas Eagle makes in Missouri.

It is my hope the Amtrak Station will signal a new era of prosperity for Iron County. It is my great honor to represent the good folks of the Arcadia Valley and join them in celebration as I recognize their accomplishment today before the United States House of Representatives.

Thursday, November 17, 2016

Mrs. DINGELL. Mr. Speaker, I rise today to recognize the work of the Michigan Tech Research Institute on the date of its 10th anniversary celebration. Located in Ann Arbor as a division of Michigan Technological University, MTRI has driven advancements in sensor and information technology to help solve critical problems in a variety of fields.

Today, MTRI supports 64 researchers in over 17,000 square feet of space and has drawn support from federal, industry and universities across North America.

MTRI has served as a model of collaboration between the public, private and non-profit sectors. By bringing key stakeholders and experts together to tackle environmental, infrastructure and national security challenges, the institute has created breakthroughs in a variety of fields while supporting basic and applied research initiatives. This multidisciplinary approach will continue to be useful for addressing problems at the cross-section of different fields and disciplines, and MTRI's consistent revenue and sponsorship growth is a testament to the success of its organizational model.

Thursday, November 17, 2016

Mr. PERLMUTTER. Mr. Speaker, I rise today to recognize and applaud Betty & Harold Payte for receiving the Golden Mayor's Award for Excellence.

RECOGNIZING THE MAINE MARINE
TRADES ASSOCIATION'S 50
YEARS OF SERVICE

HON. CHELLIE PINGREE

OF MAINE

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 17, 2016

Ms. PINGREE. Mr. Speaker, it gives me great pleasure to acknowledge and honor the important work of the Maine Marine Trades Association. For five decades, this organization has educated boat builders and marine businesses in best practices, with particular focus on worker safety and the preservation of the natural resources upon which the industry and the people of Maine depend.

Under Executive Director Susan Swanton's able leadership, the Maine Marine Trades Association has promoted growth and cooperation, influencing many aspects of the marine industry through job development and successful partnerships with the Maine Departments of Labor, Environmental Protection, and Marine Resources, as well as the National Oceanic and Atmospheric Administration, and many other state and national organizations.

Originally run completely by volunteers, the Maine Marine Trades Association maintains a strong tradition of volunteer participation. Such is the norm in my state. People pull together to get things done, and Maine's long and rich tradition of boating, fishing, and boat building is part of our rich heritage.

Living on an island 12 miles off the coast of Maine, every ferry trip to or from the mainland takes me past pleasure craft, fishermen, boatyards, and marinas. And, with my District Congressional Office located on Portland Harbor's working waterfront, reminders of the economic and cultural impact of this industry surround me.

I am proud of and grateful for the Maine Marine Trades Association's commitment not only to protecting and enhancing a way of life in Maine, but to promoting an important, time-honored means of making a living.
